

A wide-angle landscape photograph of a desert canyon. The foreground is dominated by a large, flat rock surface with distinct horizontal sedimentary layers in shades of red and orange. In the background, steep, jagged cliffs rise, also showing similar layering. The sky is filled with large, billowing clouds that are illuminated from below by the setting or rising sun, creating a palette of pinks, purples, blues, and oranges. The overall scene is one of natural grandeur and geological beauty.

EXPERIENCE

THE LA PAREA CLUB

Set against the hill-tops, red cliffs and sheer sandstone walls of the high desert, the Solenté community master plan is thoughtful, functional, sustainable, connected, in balance with nature, and a work of art that will enable residents and guests to experience nature's unrealized ends.

In the La Parea Club, all things come together in simple, convenient, and elegant ways resulting in a premium experience of personal comfort and exceptional performance.

THE ART OF OUTDOOR LIVING

You will experience nature's unrealized ends when you walk through the "step-over" gate into the Red Cliffs Desert Preserve—69,000 acres of rare plants and animals and the intersection of three ecosystems: the Mojave Desert, the Great Basin and the Colorado Plateau.
