

# iT3

## Dental Implant Torque Wrench

One-Handed Operation

Rapid Treatment

Stable & Accurate

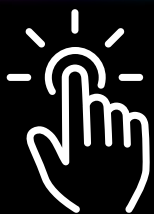

## iT3 Dental Implant Torque Wrench

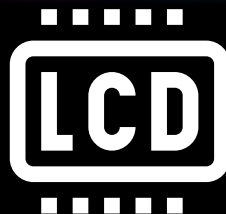

Suitable for the installation and removal of healing abutments and cover screws. All-in-one machine operation, convenient and fast, with no risk of instrument dropping. Constant output for stability.

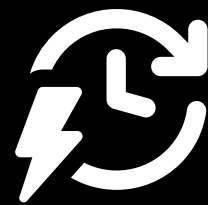

## Advantages

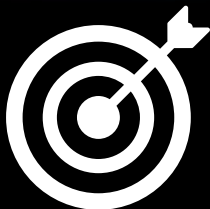

**SECURITY  
INTELLIGENCE**

**LCD DIGITAL  
DISPLAY**

**RAPID  
TREATMENT**

**HIGH  
ACCURACY**

**LONG  
BATTERY LIFE**

**ADJUSTABLE DIRECTION  
OF ROTATION**

## Specifications

Power supply	3.7V 1900mAh + 10%	Operation	Forward & Reverse
Charger power supply	5VA	Operating conditions	In enclosed spaces
Degree of Protection	IPX 0	Ambient temperature	5° C~40° C
Electrical safety class	Class II	Relative humidity	<80%
Applied part	B	Atmospheric pressure	70kPa ~ 106kPa
Torque range	10-50N + cm	Storage conditions	-20° C~+55° C
Speed range	10-50rpm	Relative humidity	20% ~ 80%
Contra Angle 'Ratio	20:1	Atmospheric pressure	70kPa ~ 106kPa
