That you can only carry a few pens and pencils, perhaps a nice chisel-tipped marker, a Pentel brushpen, a soluble graphite pencil, has helped shape the style of our artwork. And living in Bristol, with its major graffiti and urban art scene, has probably helped a wee bit too. Back in the studio, we take our sketches and refine them into finished pieces."*

# DISCOUNT OR DONATE

This Summer Season, we're delighted to introduce our new 'Discount Or Donate' scheme, designed to help charities offer something special to their audiences while also raising awareness and funds. Each partner charity is given two unique codes to share: one gives customers 10% off their order, and the other donates 10% of the purchase to that charity. It's a flexible way for supporters to either give back or enjoy a discount—while helping spread the word about upcoming events. Multiple charities can take part, making it a simple, shared platform for engagement and fundraising.

**Do you know a charity who might like to participate? Get in touch at [info@bristolfilmfestival.com](mailto:info@bristolfilmfestival.com)**

## **Gympanzees**

Our mission at Gympanzees is to enable every child and young person with a disability to access regular play, exercise and friendship, to improve their physical and mental health and well-being, and to take their families out of isolation.

We are currently fundraising to open the UK's first fully accessible exercise, play, and social centre for disabled children and young people.

## **Brace Dementia Research**

BRACE funds world class clinical and laboratory research into Alzheimer's and other forms of dementia to find better treatments, achieve earlier diagnosis and one day, a cure.

BRACE stands out as an important charity with a unique role. Founded in 1987 by people whose families were affected by the disease, BRACE was drumming up support for dementia research long before the news broadcasts were full of dementia stories and a consensus formed that answers were needed urgently.

## **Linkage (Age UK Bristol)**
