## Prices

Our price list reflects NET pricing for your convenience. Packing, freight and insurance charges are additional costs which must be added to the order. A 50% deposit is required to initiate orders. Orders must be paid in full, including shipping, handling, packing, storage, applicable taxes and service charges prior to shipment.

**All prices are subject to change with 30 day notice.**

## In Stock Furniture

The HOLLY HUNT Collection (HHC) In Stock Program is an ensemble of select furniture pieces which are available for quick shipment. In Stock items must be paid in full upfront including packing and freight. Please contact your representative showroom for more information on products included, or to check stock availability.

## Cancellation Policy

All goods are made-to-order per customer specifications. Orders can not be canceled after ten (10) working days, from date of order placement. Changes in orders, returns or cancellations require prior written approval from HOLLY HUNT Collection. Such orders will be subject to change, cancellation or restocking fees of 25% to 50% of the net selling price.

## Method of Shipment

Prices are F.O.B. the workroom. HHC will arrange product shipments on behalf of the client unless customer specifies alternative shipping arrangements. Customer pickup directly from our workroom is not permitted; however, some pickups may be made from our Chicago warehouse or a designated warehouse near the workroom city. There will be transfer fees charged for this direct pickup, dependent on the product and workroom location.

## Damage/Freight Claims

In accordance with ICC regulations, delivery of goods to freight carrier shall be deemed delivery to the customer, and thereupon title to such goods, and risk of loss or damage shall be customer's. Any claim by customer against HOLLY HUNT Collection or freight carrier for shortage or damage occurring prior to such delivery must be made in writing within ten (10) days after receipt of shipment and accompanied by original transportation bill signed by the carrier noting that the carrier received the goods from HHC in the conditions claimed. Returns require prior written authorization from our Chicago headquarters.

## Warranty

Except as specified herein, Manufacturer warrants that any goods sold hereunder will be free from defects in workmanship and materials. Product carries a one (1) year warranty. This warranty does not apply to damage or breakage resulting from misuse, accidents, abuse, neglect, mishandling or wear resulting from normal use. Defective products will be repaired or replaced within an expedited production time period required to reorder and manufacture or repair the same product.

Many wood and metal finishes are applied by hand and may vary slightly in color, tone and character. While HHC will make every effort to match a finish, no guarantee can be made of an exact match. HHC does not guarantee against fading and oxidizing. Variations in color and veining are inherent in stone, wood, and some leathers and are considered to be a part of the natural beauty. All HHC furniture is handmade and is therefore subject to slight variation.

## Material Specifications

Dimensions are given to the nearest 1/2 inch. As all pieces are handmade and assembled, measurements may vary slightly from those noted. If precise tolerances are required, please note these on your purchase order.

## Upholstery

- **ALL upholstery orders must be accompanied by the HOLLY HUNT Collection COM/COL Identification Sheet to ensure proper detail.** A sample form is included in this section and additional forms are available through your representative showroom.
- Fabric is applied to an item vertically "off the bolt" unless otherwise specified to "Railroad" laterally. On large chairs and sofas, some fabrics may be railroaded to avoid seams. Please indicate your preference to "railroad" the fabric or to upholster standard which may require additional seaming.
- **Upholstery orders are placed into production schedule upon receipt of COM/COL and complete information including finish specification where applicable.**
- All sofa frames are constructed of kiln-dried hard wood and are doweled, glued and screwed at all key joints. Where appropriate, eight-way hand-tied springs are utilized. Refer to your price list for other specifications. All loose seat cushions, unless otherwise specified, are a 25/75 combination of down and feathers over foam core.
- **Slipcovers:** A "couture" slipcover differs from a standard slipcover in the amount of tailoring required in the upholstery process. The couture slipcover is lined and includes weighted skirts to preserve this formal look. Couture slipcovers are only available on items where specified in the Price List.

# HOLLY HUNT

- **Ship all COM/COL to:**

HOLLY HUNT Warehouse  
Attn: COM/L Receiving  
9450 W Sergo Drive, Unit B  
McCook, IL 60525

- All COM/L must be sidemarked properly to include name of showroom, designer, client and name of specified product.

## **Wood Finishing**

The natural tone and character of woods will vary and will subtly affect the character of each piece. This is not considered a defect. Finish samples are provided for general reference only and finished product may reflect the variations of natural materials.

## **Custom Finishes**

Custom wood finishes are available upon request through our Custom Quote Desk. A sample to match must be provided by designer. Items with custom finishes will require an additional upcharge and may increase the standard lead time by 2-4 weeks, if not more. Custom finishes are not available on metal components.

# HOLLY HUNT

## COM Identification Form

### Note

All silk fabrics must be knit-backed, even for application on pillows. Use of Calf hides and Cow half-hides may require extra seaming and additional square footage. Please contact your Territory Manager for more information on specific items.

### High Pile Fabrics

When using high pile fabrics, please be aware of the fabric “smiling” at the seams or on a welt.

**Plain Seaming:** One can get a “Mohawk” or rough look when the plain seaming catches high pile irregularly, hence a contrast welt or cording is recommended.

**Self Welt:** Self welting of high pile fabrics IS NOT normally recommended. You can take a pencil and wrap a fabric on the bias to understand the look. It is best to use a contrast welt with high pile fabrics.

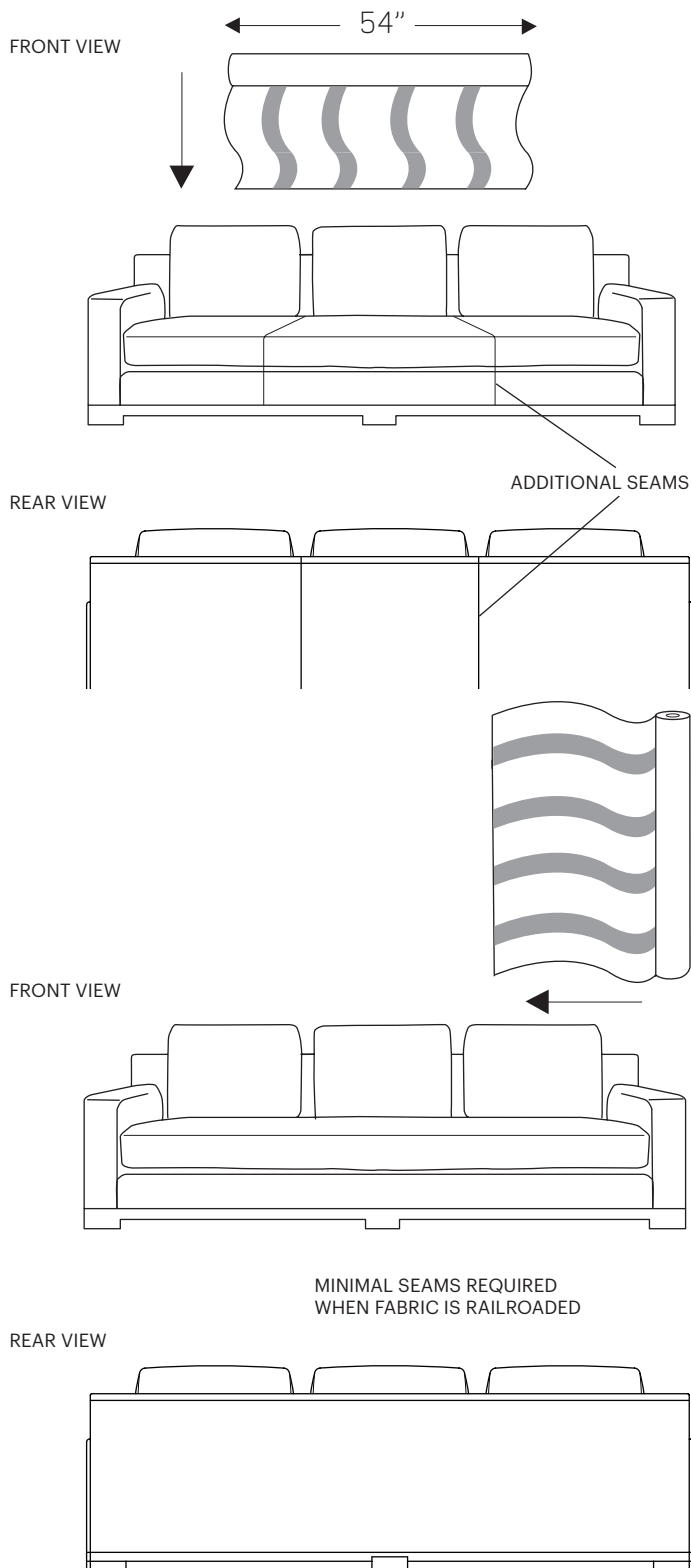

### Please note special instructions for the following item:

**Siena Dining Chairs:** All non-pliable or lightweight fabrics must be knit-backed.

# HOLLY HUNT

## COM/COL Fabrication Guide

Please specify which of the following applications should be applied to your order(s).

**Correct Way, Right Way, or Off the Bolt:** Fabric that runs vertically, over the furniture's front, back and arms.

**Note:** if the fabric must be run vertically on a large piece, additional seams may be required as standard fabric bolts are only 54" wide

**NAP:** The pile or surface texture created by the yarns of a textile. Generally used to refer to a soft or fuzzy characteristic which runs in a particular direction.

The Industry standard is: fabrics with a nap will be run "correct way" unless otherwise specified by client.

**Railroaded:** Fabric that runs horizontally along the width of a piece of furniture. Fabric runs from front to back along the arms.

This usually works well for solid fabrics without nap on large pieces such as sofas with one continuous seat cushion with no seams.

# HOLLY HUNT

## Patterned fabric additional yardage estimate chart

To use this chart, first add the fabric's vertical and horizontal repeats together (for example, a 10" vertical repeat plus its 17" horizontal repeat gives a 27" total). Then find the appropriate entry on the chart, and increase the yardage estimate by the percentage indicated.

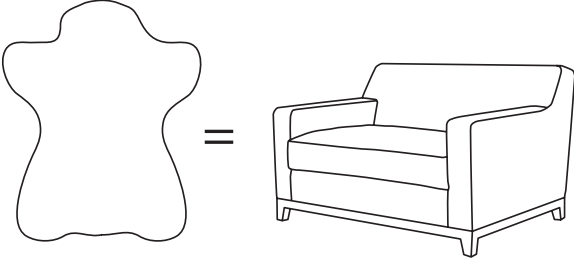

For example: The yardage estimate is 8 yards of 54" wide fabric to cover a chair and the pattern on the fabric repeats horizontally every 17" and vertically every 10". Add up the repeats (17" + 10" = 27") and find the appropriate entry - 20% in this example. Twenty percent more fabric is needed to cover the chair while matching the pattern at the seams: 8 yards plus an extra 20% is 9.6 yards.

FABRIC WIDTH	PLAIN FABRIC	3"-14" REPEAT	15"-19" REPEAT	20"-27" REPEAT	28"-36" REPEAT	37"-45" REPEAT	46"-54" REPEAT	55"-60" REPEAT
53"-54"	+0%	+10%	+15%	+20%	+25%	+30%	+35%	+40%
50"-52"	+10%	+20%	+25%	+30%	+35%	+40%	+45%	+50%
47"-49"	+15%	+25%	+30%	+35%	+40%	+45%	+50%	+55%

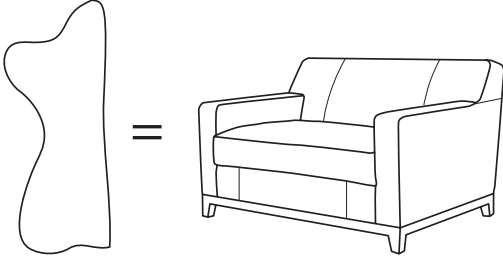

- A swatch of customer's COM/COL on a COM specifications sheet will help identify the fabric and avoid errors in manufacturing due to incorrect fabrics that are sometimes shipped mistakenly.
- **Knit-backing is required for all mid-to-light weight fabrics and all silks for upholstery and when being used on pillows for look and durability.** Only high pile fabrics, heavy weight upholstery and leather should not be backed. Client is responsible for arranging to have their fabrics knit-backed prior to delivery to HOLLY HUNT. Some items require backing because of the product specification; please refer to the individual item in the price list for more specific information. If in doubt, please send a minimum 4" x 4" swatch of your fabric for review to determine if backing is necessary.

## Leather

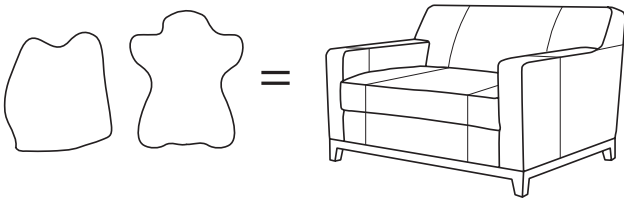

HOLLY HUNT does not upholster using Kidskin, Super Kidskin, Pigskin, or other exotic hides. Use of Calf hides, Cow half-hides, or Cow split suede may require extra seaming and additional square footage, and is not recommended for pieces with large cut sizes unless additional seams are desired. Please contact your Sales Associate for more information on specific items. There is a 10% upcharge for leather on fully-upholstered pieces.

**Full Cow Hides**  
Average 45-55 sq. feet per hide  
Average size 60"W x 72"H

**Half Cow Hides**  
Average 25 sq. feet per hide  
Average size 30"W x 80"H

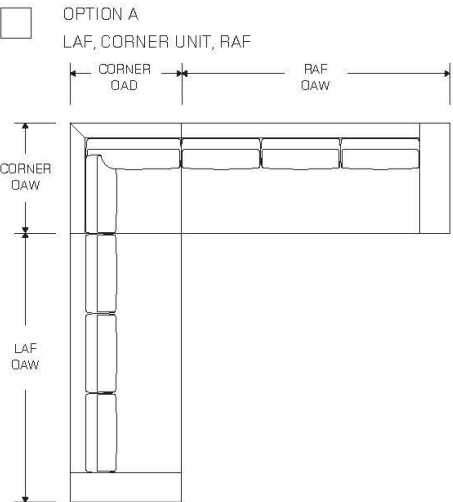

**Cow Split Suede Hides**  
Average 15 sq. feet per hide  
Average size 38"W x 40"H (Square)

**Calfskin Hides**  
Average 19-25 sq. feet per hide  
Average size 42"W x 48"H (Square)

Angelika Bed Detail Sheet

Please attach to sales order.

Quote # \_\_\_\_\_ Date \_\_\_\_\_ Client Name \_\_\_\_\_

- The Angelika bed is designed to be used with a mattress only, resting on the bed platform.
- The standard Angelika bed will not accommodate box springs.
- The Angelika bed will not accommodate mattresses with rigid internal wood frames.
- Platform height is 13 1/4" (34 cm) from the floor. Add platform height to the mattress thickness for the **overall mattress height**.
- Please verify that the difference between the overall mattress height and the headboard height are satisfactory as mattress heights may vary by brand and model.

Client mattress dimensions: \_\_\_\_\_ W \_\_\_\_\_ L \_\_\_\_\_ H

\*Standard dimensions are based on use of a 11" (28 cm) mattress.

Bedding Allowance

If a standard sized mattress is used, the standard bed will allow for approximately 1 1/2" (4 cm) of clearance for bedding between the mattress and bed frame.

STANDARD AMERICAN MATTRESS DIMENSIONS:

Queen: 60w | 80h (152w | 203h cm)  
King: 76w | 80h (193w | 203h cm)  
Cal. King: 72w | 84h (183w | 213h cm)

STANDARD UNITED KINGDOM MATTRESS DIMENSIONS:

Bed sized to fit: 135w | 190h cm (53 1/4w | 75h)  
150w | 200h cm (59 1/4w | 78 3/4h)  
180w | 200h cm (71w | 78 3/4h)

\*Please advise if client specifies a luxury mattress (i.e. Duxiana, Hastens, Hypnos, etc.) or a combo mattress/box spring with an internal wood frame. These can vary from the standard dimensions shown and require additional support or customization.

\*Please advise if client specifies a Continental European mattress as these may vary from standard UK mattress dimensions shown and will require customization of the standard bed.

Pampa Bed Detail Sheet (for both sizes)

Please attach to sales order.

Quote # \_\_\_\_\_ Date \_\_\_\_\_ Client Name \_\_\_\_\_

- The Pampa bed is designed to be used with a mattress resting on the bed platform.
- The standard Pampa bed will not accommodate box springs.
- The standard Spencer bed will not accommodate mattresses with rigid internal wood frames.
- Platform height is 11 3/4" (30 cm) from the floor. Add platform height to the mattress thickness for the **overall height**.
- Please verify that the difference between the overall mattress height and the headboard height are satisfactory as mattress heights may vary by brand and model.

Client mattress dimensions: \_\_\_\_\_ W \_\_\_\_\_ L \_\_\_\_\_ H

\*Standard dimensions are based on use of a 11" (28 cm) mattress.

Bedding Allowance

If a standard sized mattress is used, the standard bed will allow for approximately 3/4" (2 cm) of clearance for bedding between the mattress and bed frame.

STANDARD AMERICAN MATTRESS DIMENSIONS:

Queen: 60w | 80h (152w | 203h cm)  
King: 76w | 80h (193w | 203h cm)  
Cal. King: 72w | 84h (183w | 213h cm)

STANDARD UNITED KINGDOM MATTRESS DIMENSIONS:

Bed sized to fit: 135w | 190h cm (53 1/4w | 75h)  
150w | 200h cm (59 1/4w | 78 3/4h)  
180w | 200h cm (71w | 78 3/4h)

\*Please advise if client specifies a luxury mattress (i.e. Duxiana, Hastens, Hypnos, etc.) or a combo mattress/box spring with an internal wood frame. These can vary from the standard dimensions shown and require additional support or customization.

\*Please advise if client specifies a Continental European mattress as these may vary from standard UK mattress dimensions shown and will require customization of the standard bed.

## Dining Table Capacity Information

Below is a general guide to the number of chairs we suggest for use at any common dining table length. The number of chairs that can fit at any given dining table can significantly vary depending on several factors (such as table leg design and placement), so we recommend you test any setup before purchasing.

TABLE LENGTH	IDEAL CHAIRS PER SIDE	MAX CHAIRS PER SIDE	IDEAL CHAIRS PER TABLE	MAX CHAIRS PER TABLE
59" and under	1	1	4	4
60"-72"	1	2	4	6
73"-83"	2	2	6	6
84"-99"	2	3	6	8
100"-107"	3	3	8	8
108"-126"	3	4	8	10
127"-131"	4	4	10	10
132"-153"	4	5	10	12
154"-155"	5	5	12	12
156"-180"	5	6	12	14
181" and over	6	7	14	16

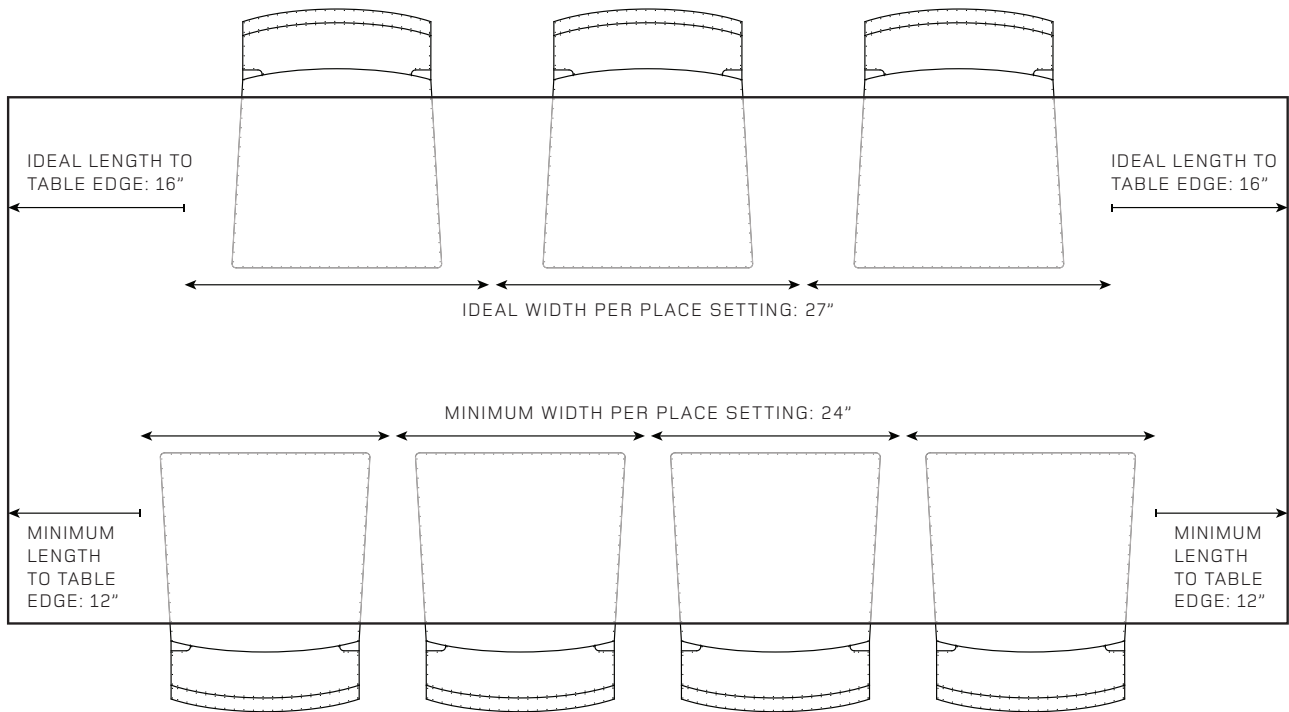

TABLE DIAMETER	20" W SEATS	MAX 20" W CHAIR TUCK IN	PERSONAL PERIMETER SECTION WIDTH	SETTING FEEL
