

# PRODUCT CATALOGUE

# PREMIUM NATURAL TOOTHPASTE

100% NATURAL PREMIUM TOOTHPASTE WITH A FRESH TASTE OF SAGE AND MINT. PERFECTION IN YOUR MOUTH FROM THE FIRST USE.

- ✓ **Omyadent®** supports effective remineralization, helps restore tooth enamel, and naturally whitens teeth.
- ✓ **NeoActine® Irident** is a substance developed based on a Czech research project. **It contains extracts from antibiofilm substances from the root of iris**, which help regenerate the oral cavity and promote healthy gums.
- ✓ **Neoactine® Dental** is a substance developed based on a Czech research project. **It contains substances from the flower of blue chamomile, the leaf of medical sage, the sprout of yarrow, and the flower and leaf of mallow.** It promotes the health of teeth and gums.
- ✓ **Xylitol has antibacterial properties and helps prevent the formation of dental cavities.** It is derived from natural sources, primarily from white birch.

The original active ingredient **NeoActine® Irident** was developed as part of a research project on bioactive substances led by **Doc. Ing. Petr Kaštánek Ph.D.**

**The Botanical Institute of the Academy of Sciences boasts one of the largest collections of irises,** comprising hundreds of species. These rare irises served as an indispensable source for scientific research, which led to the creation of **NeoActine® Irident.**

Petr Kaštánek leads several large **state-supported grant projects.** Thanks to his work, numerous unique patents have been created in the field of cosmetics.

**He is an expert in the use of unique natural bioactive substances** from microalgae and medicinal plants to support health and beauty.

**For his activities, he has been awarded the VISIONARY OF THE YEAR award.**
