

JOIN US AND MAKE AN IMPACT THAT GOES
BEYOND CLEAN WATER

FROM OUR FOUNDER

Since 2007, Golf Fore Africa has faithfully provided over \$16.5 million in development and clean water for hundreds of thousands of individuals, thanks to the generosity of our donors.

Clean water and sanitation are acknowledged by the UN to be essential to the realization of all human rights. 30% of the planet does not have access to clean water. We have the ability to empower individuals and communities through clean water and our impact will be felt for generations.

If you want to change the world, clean water projects are the best place to invest.

CLEAN WATER CHANGES EVERYTHING.

THIS IS... GOLF FORE AFRICA

Since it was founded in 2007 by LPGA Hall of Famer, Betsy King, Golf Fore Africa has provided assistance to over 350,000 people in 600+ impoverished communities.

GFA has granted over \$17 million toward development and clean water projects in Africa resulting in more than 500 hand pump wells, 60 health center water systems, 99 school water systems and 87 piped water systems

In 2023, we began a new 5 year commitment to fund 10 million dollars of clean water in Africa by the end of 2027.

WHY CLEAN WATER?

CLEAN WATER IS THE FOUNDATION FOR ALL OTHER IMPROVEMENTS AND ADVANCEMENTS IN IMPOVERISHED COMMUNITIES.

BY FUNDING CLEAN WATER, YOU ALSO PROVIDE HEALTH, HYGIENE, EDUCATION, WOMEN AND CHILDREN'S SAFETY, AGRICULTURE, AND ECONOMIC OPPORTUNITY.

THE AVERAGE WOMAN OR GIRL IN RURAL AFRICA WALKS 6 KILOMETERS EACH DAY TO HAUL 40 POUNDS OF WATER.

THEY SACRIFICE PRECIOUS TIME WHICH COULD BE USED WORKING, AT SCHOOL, OR CARING FOR THEIR FAMILIES/
THEY EXPOSE THEMSELVES TO PREDATORS, SIMPLY TO RETRIEVE FILTHY, DISEASE RIDDEN WATER.

WHY CLEAN WATER?

MORE THAN 800 CHILDREN UNDER AGE 5 DIE EVERY DAY FROM DIARRHEA CAUSED BY CONTAMINATED WATER, POOR SANITATION, AND UNSAFE HYGIENE.

THIS IS A CRISIS.
WE HAVE A SOLUTION.
WE NEED YOUR HELP.

**WATER QUENCHES THIRST, BUT MORE IMPORTANTLY,
IT IGNITES AN INDIVIDUAL'S SPIRIT.
CLEAN WATER IS THE CATALYST FOR HOPE AND CHANGE.**

GOOD STEWARDSHIP BY USING AN ESTABLISHED IMPLEMENTATION PARTNER

2024 PROJECTS

\$15,000

HAND PUMP

Enables a team to rig-drill a well and fit it with a hand pump. One well can provide up to 2,800 gallons of clean, life-sustaining water every day for as many as 300 people. Your gift to drill a hand pump well saves lives for years to come.

\$50,000

PIPED WATER SYSTEM FOR A SCHOOL

Funds a team to drill for water, install a pump, provide generator or solar power, lay all necessary piping, and finally, provide taps where students can get sparkling clean water right at school.

\$75,000

SCHOOL WATER SYSTEM PROJECT

Funds implementation of flush toilets, hand washing stations, and the hygiene educational program, WASHup, designed in collaboration with Sesame Street. Students with access to flush toilets and hand washing can follow safe hygiene practices that help them stay well and focus on learning. Without these facilities, kids miss class due to illness or menstruation, and schools struggle to retain qualified teachers.

\$125,000

SCHOOL OR HEALTHCARE FULL WASH

Complete funding for a comprehensive school or healthcare water project including full implementation of a piped water system and Government mandated components including flush toilets, hand-washing stations, and education/training programs.

\$175,000

BABY WASH

A piped water system, sanitation, hygiene, incinerator, and a maternity annex so women giving birth can stay clean and healthy. This water project provides a vast spectrum of facilities that provides a nurturing and hygienic environment for mothers and infants that supports birthing as well as strong physical and mental development.
