SIMPLE HOLDER

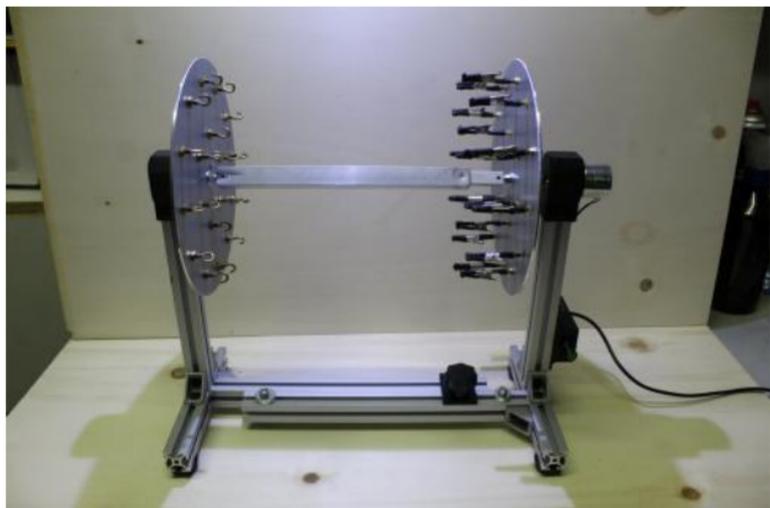

Questo oggetto è nato per essere economico, è costruito con semplicità con materiali di alta qualità, le sue particolarità che lo distinguono da holder lures ,sono diverse, non ha regolazioni, bloccaggi ,portastancil e non ha tutte le funzioni elettroniche, ma comunque a tutte le funzioni base.

This object was born to be cheap, it is built with simplicity with high quality materials, its peculiarities that distinguish it from Holder Lures, they are different, it has no adjustments, blocks, brings and does not have all the electronic functions, but still to all The basic functions.

RESINATOR REGULATOR

Questo oggetto è nato per soddisfare le esigenze del LureBuilder la sua particolarità è quella di poter estendere in larghezza il suo utilizzo per poter resinare esche più lunghe oppure mettere più esche in serie.

This object was born to meet the needs of the lurebuilder its detail is to be able to extend its use in width to be able to resign longer baits or put more baits in series.

SCAN ME

RESIN MIXER

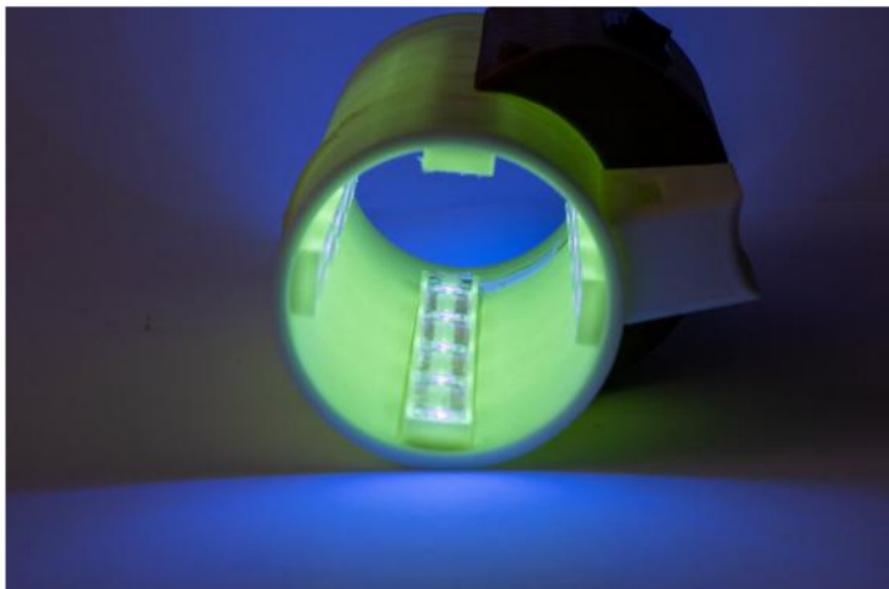

Un accessorio che i piccoli produttori di esche adorano perchè senza bisogno di camere di sottovuoto o altri stratagemmi riescono a miscelare la resina senza bolle e in pochissimo tempo.

An accessory that small bait producers love because without the need for vacuum rooms or other stratagems manage to mix the resin sensible bubbles and in no time.
