Hearts for Heroes Builder's Ball - Event Chair

Thank you for supporting Homes 4 Families and their Mission to build resiliency, economic growth, neighborhoods, and homes for veterans and their families. By supporting this event, you are helping to move 6 more Veteran families into their homes by this summer! Your dedication to Veterans is overwhelming and genuinely appreciated. I want to personally thank you for your generosity and for attending this evening's event.

It was a pleasure having you.

Carlos Gonzalez

Homes 4 Families CEO

Carlos Gonzalez brings over two decades of visionary leadership and expertise in the nonprofit and housing sectors to his role as CEO of Homes 4 Families. With a steadfast commitment to ending homelessness and creating pathways to stable, supportive housing, Carlos has a proven track record of driving innovative solutions and fostering impactful partnerships.

Most recently, Carlos served as Chief Operating Officer at A Community of Friends (ACOF), where he managed a \$14 million annual budget and spearheaded strategic initiatives to develop housing solutions, enhance wrap-around services, and implement tenant-centered property management approaches. This included building and managing nearly 600 Permanently Supportive and Affordable Housing units for formerly homeless Veterans and their families across southern California.

Previously, during his tenure at PATH (People Assisting the Homeless), Carlos played a pivotal role in scaling the organization from 40 to over 800 employees and expanding services statewide. Services expansion included successfully establishing PATH's Veterans Connections department, which assisted and housed over 1,500 veterans and their families—managing a budget of \$8 million per year across Greater Los Angeles and Long Beach.

Carlos's extensive experience includes collaborating with government agencies, foundations, and community stakeholders to secure funding and ensure program sustainability. His dedication to evidence-based practices, diversity, equity, and inclusion has been instrumental in creating dignified environments for vulnerable populations. He worked with the former Mayor of Long Beach, now Congressman Robert Garcia, to develop the City's first Department of Veteran Affairs and was appointed by Mayor Garcia as the inaugural Chair of the Commission for the first two terms.

Carlos holds an Executive MBA from the University of Oklahoma and a Bachelor of Science in Business Management from the University of Phoenix. His service on multiple nonprofit boards reflects his passion for community-driven change.

As CEO of Homes 4 Families, Carlos is poised to lead the organization into its next chapter of growth and impact, continuing its mission to empower families and build resilient communities.

Donna Deutchman

Homes 4 Families - Past CEO

Donna E. Deutchman was the President and Chief Executive Officer (CEO) of Homes 4 Families where she oversees the development of affordable veteran neighborhoods and comprehensive services that empower low-income veterans and their families to enter the middle class. Donna has more than three decades of experience growing nonprofit organizations and creating the public-private partnerships that empower them to better serve their missions. Through her years of compassionate service to the Southern California community, Donna has developed a rich expertise in fundraising, branding, marketing, advocacy, government affairs, and non-profit business model development.

As CEO of Homes 4 Families, Donna pioneered the outcome-proven Enriched Neighborhood® model, an innovative housing and social service model that addresses the distinct needs of the veteran community.

This model was replicated in partnership with the California Department of Veterans Affairs. Donna has overseen the development of more than 144 homes for low-income families in Northern Los Angeles communities including Burbank, Santa Clarita, Pacoima, and Sylmar.

Prior to founding Homes 4 Families, Donna served as the CEO of Habitat for Humanity's San Fernando/Santa Clarita Valleys chapter, which under her leadership became one of only 5% of Habitat chapters internationally to have built or renovated more than 100 homes – a total of 359 homes. She was responsible for the effective financial, operational and administrative management of the affiliate under the direction of the board of directors, as well as advocacy efforts, development, and construction and governmental affairs.

Donna served as the National Director of Model Development at the Leeza Gibbons Memory Foundation where she built partnership models and strategic alliances to support families with members suffering from memory impairment. Donna also served as the President and CEO of ONEgeneration, where she created intergenerational care services and programs for seniors, children, and at-risk youth. This model was nationally recognized as a Congressional Model of Excellence for its success in serving these populations.

Donna has written two pieces of legislation that were passed by the State of California and has helped conduct seminal research for housing and gerontology publications. She is currently a Senior Fellow at the UCLA Luskin School of Public Affairs, a past Chair of the Governor's Interagency Council on Veterans Housing Committee, and past member of the California Department of Housing and Community Development advisory committee. In 2018, she was honored by the San Fernando Valley Business Journal by being named Not-for-Profit Business Woman of the Year.

Suzette Martinez Valladares

California State Senator

Senator Suzette Martinez Valladares is a dedicated small businesswoman with deep roots in the Santa Clarita Valley, who has also worked extensively throughout the Antelope Valley and High Desert. Starting her career at Six Flags Magic Mountain and pursuing higher education at College of the Canyons before transferring to CSU Northridge, Suzette has always been committed to our community.

As the former Executive Director of Southern California Autism Speaks, Suzette's leadership has been recognized with honors such as the "SCV 40 under Forty" by the Santa Clarita Business Journal. Her entrepreneurial spirit shines through her management of an early childcare center founded by her mother, a legacy she continues to honor following her mother's passing in 2018 after a heroic battle with cancer.

Representing California State Senate District 23, she is focused on lowering taxes and the high cost of living in California, supporting law enforcement, strengthening public safety laws, addressing the homelessness and fentanyl crises, and building a community where today's children can thrive. Her deep family roots in the region and the experience of raising her daughter drive her passion to create a more affordable and safer community for everyone.

Community and public service are central to Suzette's ethos. She has served on community boards and led organizations, including the esteemed LAPD Devonshire PALS, a partnership with law enforcement investing in at-risk youth. Elected to the California State Assembly in 2020, Suzette was a founding member of the bipartisan Problem Solvers Caucus. In the State Assembly, she authored landmark legislation to make preschool more accessible and affordable for working parents, co-authored a gas tax reduction, and authored a law providing more resources for crime victims. Suzette also fought successfully to reopen Six Flags and other Southern California businesses and brought local vaccine clinics to the most vulnerable during the pandemic.

Suzette Martinez Valladares has built a reputation for achieving results in small business, charitable organizations, and public service.

Suzette and her husband Shane live in Acton with their daughter Charlotte, where they continue to be active and dedicated parents and members of this community.

March 2025

Dear Friends,

It is with great pride that I offer my heartfelt support and congratulations to this year's Builders Ball Gala as you celebrate your 31st anniversary! This incredible milestone reflects your organization's commitment to supporting the men and women who have served our country.

As you gather here this evening at the 2025 Hearts for Heroes Builders Ball, we not only honor those who have given their time, energy, and resources to improving the lives of military families, but we are also acknowledging the importance of community, dedication, and service. It is because of people like the Los Angeles Dodgers Foundation, Assemblymember Tom Lackey, and retiring CEO, Donna Deutchman, that your mission continues to thrive and impact so many lives.

Tonight's Hammer of Hope Award recipients have displayed an unwavering commitment to veterans and their families. Their support has gone beyond words—they've turned their words into action, helping to create a future filled with opportunity, stability, and hope for our military families. Donna Deutchman, we are all deeply grateful for your years of service to Homes4Families. As you retire, we honor not only the work you've done but the profound impact you've had on the lives of the veterans you've served. Your leadership has shaped this organization and our community for the better, and your legacy will continue to inspire us all.

This year, Homes4Families has made incredible strides in providing affordable homeownership and ongoing support to low-income veterans and military families. Through its partnerships with CalVet, Homes4Families has completed a remarkable 36 homes in Palmdale's Veteran Enriched Neighborhood, with 20 more homes currently under construction. Through your tireless efforts, Homes4Families has broken ground on a 12-home Veteran Enriched Neighborhood in North Hollywood, ensuring that even more families will soon have access to the stability and resources they need to thrive. Your work is more than providing homes—your commitment to offering wraparound services and programming to help these families move up into the middle class and live the lives they deserve.

Congratulations to the Honores and Homes4Families, for your commitment, and tireless efforts in serving our veterans and their communities. We look forward to celebrating with all of you as you continue to build hope and homes for our heroes.

Sincerely,
