# PREFACE

There's a fire that never fades. The kind that starts in the soul and burns its way into every note.

"Hot Love" is a song born from that spark.

It's raw, real and unapologetically alive.

Every riff, every word, carries the pulse of passion — not just for love itself, but for life, freedom and the courage to feel everything deeply.

Villy Kleppe

A woman is shown from the waist down, sitting on a wooden floor. She is wearing black lace lingerie and red high-heeled shoes. The background is a blurred indoor setting.

“Rock 'n' roll is about attitude and rebellion — it's not about being perfect.”

— Slash (Guns N' Roses)
