GINZA

THE STORY OF GINZA

Ginza is where tradition meets innovation, and style meets energy. From a silver mint in the Edo period to a modern hub of design, culture, and luxury, its streets inspire exploration. This timeline highlights Ginza's evolution, celebrating its enduring charm, refined spirit, and creative energy. A timeless source of inspiration for elegant, stylish, and thoughtfully designed spaces.

“Ginza is an architectural treasure trove.”

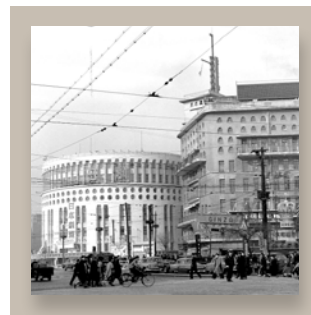

Japan Experience, 2012

SHOPPING CULTURE

1800s

By the 19th century, Ginza was known for charming streets, specialty shops, and fashionable goods. People visited not only to buy, but to wander, socialise, and enjoy the atmosphere.

EDO PERIOD

1600s - 1800s

Ginza takes its name from a historic silver mint established during the Edo period. Built on reclaimed land, it grew into a lively district of artisans, merchants, and everyday city life near the heart of Tokyo.

MEJI MODERNISATION

late 1800s

After a major fire, the district was rebuilt with wide streets and Western-style buildings, becoming a symbol of modern design and forward-thinking city life.

JAPAN

GINZA

LIFESTYLE

early 1900s

Cafés, boutiques, and theatres gave Ginza a relaxed, social energy. Strolling the streets became so popular it earned its own nickname, “Gin-bura,” celebrating the joy of exploring the area.

MODERN GINZA

1990s - today

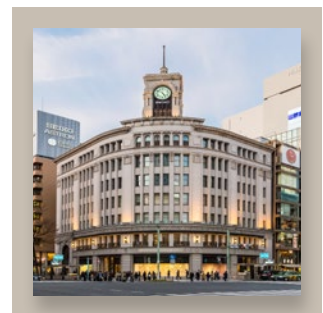

Today, Ginza shines as a vibrant, stylish district where tradition meets modern elegance—a place to explore, be inspired, and experience the art of refined, luxurious living every day.

GROWTH

1920s - 1980s

Department stores, entertainment venues, and post-war rebuilding shaped Ginza into a vibrant centre of creativity, craftsmanship, and everyday luxury.

Seiko House Ginza Clock Tower

GINZA

Channelling the dynamic energy of Tokyo's Ginza district, this collection captures the city's architectural innovation and creative spirit into a cohesive bathroom solution. Taking cues from Japanese boutique hotel interiors, Ginza leads with visual impact for spaces that feel effortlessly cool and expressive.

Mixers are minimal and geometric in a unique palette of finishes including Armour Lip Gloss, Armour Truffle, Brushed Nickel and Chrome—with coordinating accessories and furniture hardware. Showering products, including an outdoor shower, enable seamless indoor and outdoor designs. Designed to pair with freestanding and countertop basins in Tobiko Matt, Imperial Khaki, Madara or Urban Confetti, the collection enables distinctive designs where colour and form become the defining elements.

Natural Oak furniture and stone-effect countertops ground the composition with organic texture, while a compact bathtub in white or matt white evokes the relaxation of Japanese urban spa living.

The range extends to 'Ginza Junior', a playful yet practical edit featuring Armour Baby Pink and Armour Misty Grey mixers and shower products designed for children's bathrooms.

Fun and functional, Ginza reimagines luxury bathrooms for bold, design-conscious living.
