The Bathroom Selection

Founded in 1917 near Barcelona, Roca is widely recognised as a global benchmark in the design and manufacture of bathroom products. A family owned business with over 100 years in the sector and three decades of experience already in the UK, we produce long-lasting and desirable products spanning almost every bathroom category and covering all price points. This brochure brings together a selection of our best-selling and most popular products, in one streamlined and easy to use package, designed with trade professionals in mind, but with the inspiration needed for anyone looking for their next bathroom. Handpicked from our wider collection, The Bathroom Selection brings all the essentials you need to enhance your everyday.

Basins with Furniture

Wall-hung furniture

- Optimising space in the bathroom
 - Keeps the bathroom clutter-free
 - Drawer and door options
 - Large drawers that fully extend
- Page 8

Find out more about
Roca's Basin and
Furniture collection
at www.uk.roca.com

Floorstanding furniture

- Hides pipes and other plumbing fixtures
- The full height of storage space can be used

Page 24

En-suite and Cloakroom furniture

- Ideal furniture for bathrooms short on space
- Short projection units with depths as short as 250mm

Page 26

Fitted furniture for back-to-wall WCs and Semi-recessed basins

- Maximises bathroom storage
- WC and semi-recessed basin options
- Conceals pipework for both the basin and WC areas

- Close-coupled
- Back-to-wall
- Wall-hung
- Compact
- Comfort Height options

Rimless Technology

Hygienic solutions for every bathroom

Rimless toilets offer a hygienic solution, the elimination of the rim discourages unwanted germs which can often breed underneath standard toilet rims.

Low water consumption and optimum flushing performance complement the hygienic benefits of a smooth, corner-free design.

Easier to clean

Smooth interior walls and no rims.

Optimal flushing

Rimless technology flushes the water around the pan providing a thorough flush.

Larger clean area

The design of the bowl allows water to flow upwards, cleaning the entire surface.

Hygienic solution

Uniform distribution of water washes the entire surface of the bowl.

Touchless innovation

EM1 / Touchless dual flush universal mechanism

Touchless = Hygiene

The flush activates without contact thanks to an integrated infrared sensor, avoiding the spreading of viruses and the growth of bacteria.

Quick install

Quick assembly and activation.

Compatible WCs

Compatible with most cisterns with a $\varnothing 40\text{mm}$ cistern hole and an external cistern height (with cistern lid) of 360-390mm.

The dual flush valve body has WRAS approval.

Universal

Compatible with most cisterns with a $\varnothing 40\text{mm}$ cistern hole and an external cistern height (with cistern lid) of 360-390mm.

Adjustable dual flush

Full and half flush volumes to be adjusted between 2 and 6 litres.

No electrical installation

It works on 4 AA batteries (not included) that guarantee more than 40,000 flushes. It also works manually if the batteries run out.

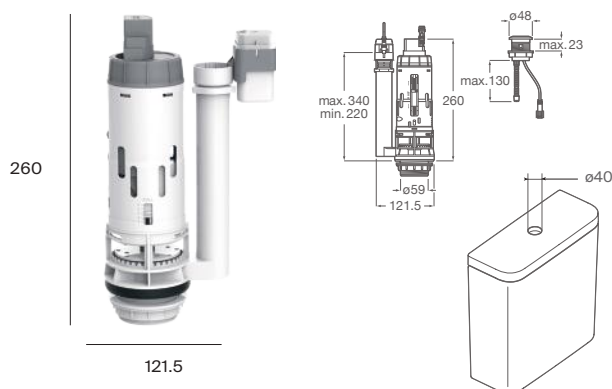

Touchless dual flush valve for close-coupled toilets

The EM1 Touchless dual flush valve Zero contact. Maximum hygiene.

Roca's Touchless dual flush valve provides an extra layer of safety within the bathroom. Featuring an infrared sensor the valve allows users to activate the flush of the toilet using a simple movement without the need for contact, avoiding the spreading of viruses and the growth of bacteria.

EM1
Touchless dual flush universal mechanism

A822599900
Touchless dual flush universal mechanism

£140.44

User friendly

Just a simple wave of the hand. EM1 recognises the required flush (full or half flush volumes).

Duplo S

£376.28

Duplo S is a top-of-the-range installation system with smaller, more refined plates, available in a variety of new finishes and colours, totally compatible with all Roca toilets. This compact, silent and water-saving solution uses cable technology to guarantee a very soft touch and easy plate assembly without the need for tools.

More and varied design possibilities, easier installation and an actuating force below 20N.

Duplo S / Concealed cisterns for back-to-wall toilets N

Over 60 years brassware experience

Roca have been manufacturing brassware for over 60 years with 10 brassware factories worldwide so when you choose a Roca tap, you can be confident that you are investing in a quality product.

Peace of mind guaranteed

A lifetime guarantee on ceramic disc cartridges and a 10 year guarantee on brassware products.

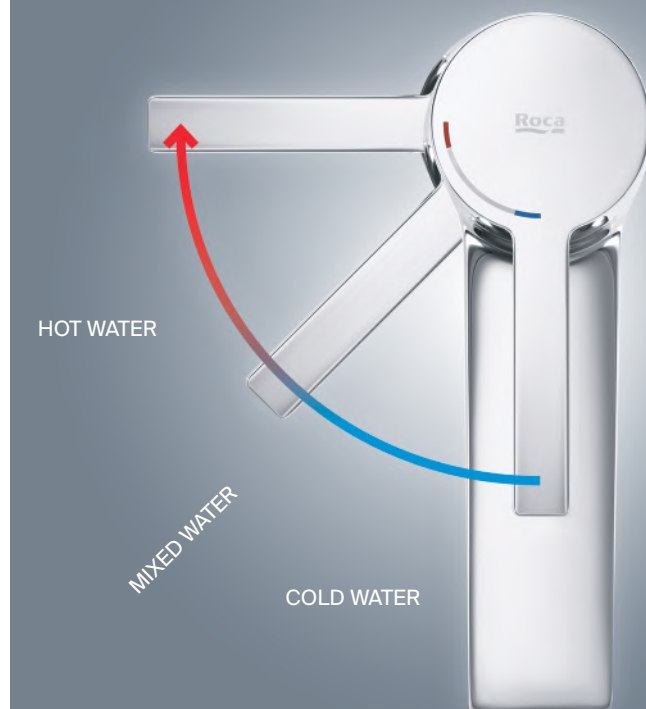

Save Water. Save Energy. Save Money.

With Cold Start - The simple way to save water and energy in the bathroom

Roca's innovative Cold Start system, which prevents unnecessary energy consumption, by only activating the boiler when the handle is turned to hot.

Saving energy and reducing household bills.

Functions

Rain
The fine water droplets are converted into tiny threads, giving the body a sensation of lightness and pleasure.

Tonic
A powerful water spray, divided up into tiny droplets that stimulate the blood vessels and give the body a revitalising massage.

Pulse
Intermittent fine jets of parallel flowing water that give the body a revitalising massage.

See pages 110-111 for alternative showering accessories.

Benefits of Stonex®

Benefits of Stonex®, Roca’s innovative composite resin material that combines safety, hygiene and aesthetics

Anti-slip

The textured surface has been specially engineered to adhere to the highest anti-slip standards (Class C*) increasing safety for all users.

*According to DIN 51097 norm

Adaptable

Easily adaptable to any kind of spaces, thanks to it’s cut-to-size options.

Extra slim

The exclusive formulation of Stonex® enables the production of extra slim pieces that can be installed at floor level, providing seamless integration, removing barriers and allowing easy access to the shower.

Resistant

Stonex® is extremely resistant to wear and tear, discoloration, chemical agents and UV light.

Hygienic

Compliant with the most demanding hygienic standards, impeding the spread of microorganisms on the surface.

*Certified by Applus: UNE-EN ISO 846

Easy cleaning

The surface is designed for stress-free maintenance and can be easily cleaned with soap and water.

Acrylic bath panels

Reinforced standard and tall panels go through a two stage reinforcement process to make them strong, rigid, smooth and glossy.
Superthick panels are made from double thickness, high impact polystyrene.

Panels can also be used with most steel baths
