WE ARE SUSTAINABLE
A PIONEER FOR A GREENER FUTURE.

Dinnerware | Takeaway Package | Cutlery | Drink & Dessert Cup

FOUNDED
IN 2010, WE
HAVE 15+
YEARS OF
MANUFACTURING
EXPERIENCE.

Sustainability is embedded in every step. Our products are made from annually renewable, often agricultural by-product materials, ensuring zero reliance on virgin forests. Fully certified to FSC, BRC, and OK Compost standards, every plate, bowl, and container decomposes naturally back into the earth, closing the loop on a truly circular life cycle. We don't just make tableware - we build a greener future for global dining.

HOT & COLD TO-GO CUPS COLLECTION

Sugarcane TO-GO CUPS - made from sugarcane bagasse fiber, the fibrous by-product of sugar extraction. 100% plastic-free, no petroleum-based lining required, as the fiber forms a naturally water-resistant and oil-proof structure. Thermally stable across -18°C to 220°C, microwave-safe and freezer-safe. Certified compostable under ASTM D6400 and EN 13432. Customizable branding and matching pulp lids available.

100%

SUGARCANE PULP

- Renewable sugarcane pulp. Fully compostable.
- Rapidly renewable. Biodegradable. Hot or cold.
- Reclaimed sugarcane fiber. Compostable cups & lids.
- Fast-growing, biodegradable. Custom sizes & prints.

MVI'S TERMS & CONDITIONS

Sustainable tableware made from renewable materials, with OEM/ODM support and global logistics. Your partner for green dining solutions.

Order Minimums

- MOQ is determined on a per-product basis, tailored to the specific item, production process, and order configuration.

Order Processing

- All confirmed orders are processed within 24 hours of receipt, with a formal order confirmation issued for your records.

Delivery Terms

- We offer flexible delivery solutions, including DDP (Delivered Duty Paid) for key markets, to simplify your supply chain logistics.

Order Acceptance

- A purchase proposal is only considered binding once it has been confirmed in writing by mviecopack. No verbal agreements will be recognized.

Retention of Title

- All goods remain the property of mviecopack until full payment of the invoice has been received and cleared.

Product Tolerances

- The following industry-standard tolerances apply to all orders:
 - a. Quantity: $\pm 10\%$ on ordered volumes
 - b. Physical specifications (weight, dimensions, grammage): $\pm 5\%$ tolerance

Force Majeure

- Mviecopack is not liable for delays or failures to fulfill orders due to events beyond our reasonable control, including but not limited to strikes, lockouts, wars, natural disasters, power outages, and supply chain disruptions.

Claims & Defects

- Any quantity discrepancy must be reported within 14 days of goods arrival. In addition, MVIECOPACK shall bear full liability and supply replacement items as compensation for any manufacturing defects identified during your downstream retail operations.
