

Smart Hybrid Light Cameras

Flexible Lighting & Excellent Night Vision

AcuSense Technology

Pro Series IP Cameras
2xx362-LI2U (2/4/6/8MP)

- 0.005 lux @ F1.6
- 1/2.8" CMOS sensor
- Up to 80m IR&White Light supplemental lighting range
- 120 dB WDR
- Metal
- AcuSense: Motion Detection 2.0 & Perimeter Protection
- Built-in dual microphones

Turbo HD Cameras
DOT-LFS (2 MP), KOT-LFS (3K), UOT-LFS (4K)

- 0.01 lux @ F1.6
- 20 to 40 m supplemental lighting range
- DWDR
- Plastic, metal, or plastic + metal

Motion Detection 2.0

Value Series IP Cameras
1xx3G2-LIUF/SL (2/4/6/8 MP)

- Up to 0.005 lux @ F1.6
- Up to 1/2.4" CMOS sensor
- 30 or 50 m supplemental lighting range
- Up to 120 dB WDR
- Plastic + metal
- Strobe light and audio alarm
- Built-in two-way audio

PT Series IP Cameras
DE2C (2/4 MP)

- Up to 0.01 lux @ F2.0
- Up to 1/3" CMOS sensor
- 30 m supplemental lighting range
- DWDR
- Plastic

Smart Hybrid Light Cameras with ColorVu

Flexible Lighting & Industry-Leading Night Vision

enhanced by **Super Confocal Lens** with **F1.0 Super Aperture**

AcuSense Technology

Pro Series IP Cameras
2xx7G2H-LIU(LISU/SL)

- 0.0005 lux @ F1.0
- 1/1.8" CMOS sensor
- 40 or 60 m supplemental lighting range
- 130 dB WDR
- Metal
- AcuSense: Motion Detection 2.0 & Perimeter Protection
- Strobe light and audio alarm
- Built-in two-way audio

Turbo HD Cameras
DFxT-LFS (2 MP), KFxT-LFS (3K, 16:9), KF3T-L(E) (3K, 16:9)

- Up to 0.0005 lux @ F1.0
- 20 or 40 m supplemental lighting range
- Up to 130 dB WDR
- Plastic, metal, or plastic + metal

Smart Hybrid Light in All

Turbo HD

IP

1/ Industry-leading image performance

With these cameras, every detail is in **Sharper Focus**, whether shot in color or black & white

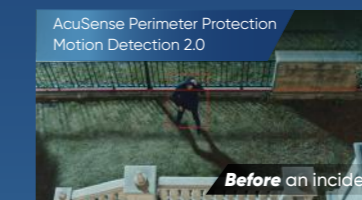

Best-in-class nighttime imaging delivers **Truer Color** in challenging light conditions

2/ AI-powered, full-time protection

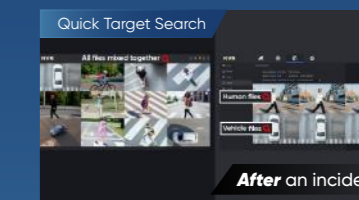

AI Classified Object Detection with high accuracy

Visual and Audible Alerts keep protection proactive

Super Easy Retrieval of all relevant details

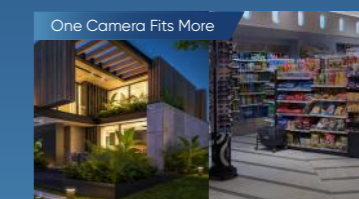

3/ Flexible lighting, easy deployment

Three Supplemental Lighting Modes in one camera

Applicable to **Multiple Nighttime Security Scenarios**
