What Is the #1 Benefit the Chamber Provides?

The # 1 benefit for being a member of the Chamber is “access” to other marketing channels for your business. The Chamber is a trusted, credible source for reference and information about businesses in our community. Our marketing reach, as a three town Chamber serving Branford, Guilford and North Branford, is to over 26,000 households and 2,500 employers. As a member, you have access to this market space for your business through using Chamber marketing vehicles that are available.

One of the main vehicles for marketing your business is our online Member Directory. **Last year our website received 185,000 visits, of which 55,000 clicked through to individual business pages.** Be sure that what is listed on the online directory is up to date! We also **distribute an annual printed member directory** to 14,000 households. You can market your business by **sharing news releases, special deals to members and to the public, and your events.** This information can be shared in our newsletter, which is emailed every two weeks to over 3,000 people. We also have our **Chamber Connection e-magazine** that is emailed, shared to over 12,000 people on social media, and featured on the home page of our website for one month.

The Shoreline Chamber is the 3rd largest Chamber in CT, made up of members for our members. We continue to have the same goal that dates to the first Chamber that was formed in 1599 in Marseille, France: **Members joined together to create awareness about each other and to maintain a supportive business environment.**

Registration is open for the Spring BAsH at
Bishop's Little Red Barn on June 6th, 5:30 – 8:30 PM

Eat, drink and welcome the unofficial start of summer 2023 with live music from Johnny and the Nolftones (members from the group Take Two and Call Me in the Morning). Come with your colleagues, spouses and friends: \$25/member or member guest and \$35/ non-member.

Centrality Physical Therapy & Wellness

Just because pelvic health issues are *common*, does not mean it has to be your **destiny**.

Centrality Physical Therapy & Wellness treats the things that are *“too taboo for the dinner table”* and the conditions that are *“common”* but most certainly not best health.

Our Services

Pelvic Health Physical Therapy

Focuses on the rehabilitation of the pelvis / pelvic floor and the functions that this area of the body is responsible for: bladder health, bowel health, sexual health & function, pregnancy & postpartum healing, and even pelvic dysfunction as noted by pain.

Conditions we treat: Urinary Incontinence, Bed Wetting, Urgency, Constipation, Adult & pediatric pelvic pain, pelvic organ prolapse, hip and low back pain, Pregnancy Related Pain, Postpartum Recovery

Recovery Sessions

Sessions focused on recovery that combine multiple modalities to keep you feeling your best and most supported as you hit your health, fitness, or professional goals.

Virtual Visits

Wellness-based service that allows us to discuss your story, generate an action plan & provide clarity around your pelvic health.

You work with our pelvic health experts who are doctors of physical therapy with specialized training in pelvic health conditions.
