English Action Days 2023

Welcome to English Action Days !

CHAIRPERSON OF ELESP

Veronica Triprihatmini M.Hum., M.A.

Dear English Action Days 2023 participants,
Welcome to the English Action Days (EAD) 2023.
This event is held annually by English Language Education Study Programme (ELESP), Sanata Dharma University (SDU). ELESP of SDU welcomes all high school students throughout Indonesia to take parts in this EAD 2023. EAD is intended to provide opportunities for Senior High School Students to showcase their potentials in English skills.

This year theme is "Time to Shine". We often hear this expression in relation to a person who has found an opportunity to showcase their talents and abilities. It signifies a moment of success and recognition that is well-deserved. Anyhow, what does it mean to have your time to shine? Does it mean that you have to wait for the perfect opportunity to perform? Or is it something that actually you can create for yourself? I believe that having your time to shine is not just about waiting for the one big moment to perform. It is about seizing every opportunity to showcase your talents and make a difference.

We all have unique talents and abilities. Some of us are great writers, some others are great speakers, and others are great leaders. But often times, we may not have the opportunity to showcase the talents and abilities. Every one of you participating in this EAD 2023 has the chance to perform the talents. I hope that EAD 2023 can become a right moment for everyone to shine.

Thank you!

CHAIRPERSON OF PROCESS

Cheers, I am Moses Refaya, the chairperson of PROCESS. I am really grateful for every blessing that is given to us so this event is successfully held. Thank you for joining and registering yourself to this event. I hope this event will help you improve your ability and thinking skills and make your life shine more as English Action Days theme "Time To Shine". Let your light shine brighter and embrace who you are.

CHAIRPERSON OF EAD 2023

Hi fellas, I am Brigitta Sindy as the chairperson of English Action Days (EAD) 2023. This event is held annually by the English Language Education Study Program (ELESP), Sanata Dharma University. English Action Days 2023 is intended for students at the senior high school level to develop skills, especially English-based skills such as speech, essay, storytelling, musical poetry, and songwriting. The theme of this year's English Action Days is "Time to Shine." By becoming a participant in English Action Days 2023, I hope that you can get benefits that help you shine more. Shine your skills because this is the time to shine!!

What is English Action Days ?

English Action Days (EAD) is a competition held annually by the English Language Education Study Program at Sanata Dharma University. The event aims to develop participants' creativity in English and support character education. Following the end of the COVID-19 pandemic last year, EAD 2023 will be held offline from May 6th to May 7th, 2023, with the theme:

☆☆ **Time to Shine!** ☆☆

This theme symbolizes the event to be the light for the younger generation, where they can express their talents and interests, which gives them the opportunity to showcase themselves. The theme "Time to Shine" also provides a new spirit to "rise" in expressing their abilities. English Action Days 2023 participants are expected to overcome a difficult period of expressing themselves by trying various challenges and new things in order to improve themselves.

Moreover, English Action Days 2023 can be a platform for young generations, such as high school students, to advance the nation through their work in the field of English. English Action Days 2023 will feature a variety of competitions and seminar.
