# PLAYERS WANT TITAN

Great feel & fit. Got this for my rising 9th grade son and he loves it! It's literally the only protective neck guard shirt he will wear! Definitely going to get another!

RAVI G.

This is easily the best product on the market for motion, dexterity, protection and feel that I have seen.

MATT J.

Comfortable. This neck guard shirt is **teen approved!** He says it's comfortable and not too heavy. Getting him to wear a neck guard has been a challenge. The wrist protection is a bonus!

EJ L.

My daughter switched from a velcro shirt to Titan's stretch collar and said it was the **most comfortable shirt** she's ever worn under her gear. She won't wear anything else to practice or her games.

TODD W.

# AVAILABILITY & ORDERING

For the first time, Titan BattleGear is offering select retail partners the opportunity to carry their growing line of products ranging from cut-resistant baselayer, lifestyle and performance rinkwear, as well as custom team battlegear.

Due to overwhelming demand through our D2C/ECOMM channel, product availability via at-once ordering is extremely limited, which may result in size gaps on the rack. Therefore placing a booking order is highly recommended to ensure a complete product assortment.
