Foreword KILIFAIR

Dear valued Exhibitors, Travel Agents & Tour Operators,

It's our pleasure to welcome you to the 1st **"MyTanzania Roadshow 2021"** after the unfortunate COVID-19 pandemic and the worldwide lockdowns. Germany, Austria and Switzerland - are bringing important and well appreciated tourists to Tanzania. With approx. 89,000 combined tourists in 2019, these German speaking markets are Tanzania's no. 2, right after the USA. This is reason enough to improve marketing efforts in the mentioned countries by visiting travel agents and tour operators and talking face to face.

Tanzania mainland and its islands of Zanzibar are booming destinations for European travelers. With daily flights from Frankfurt, Zurich, Vienna and other destinations, Tanzania can be reached in just 8 to 9 hours flight time with just 1 hour of time difference.

The 30 Roadshow attending companies including the government organizations (TANAPA, NCAA and TTB) are all trusted, reliable and the most experienced partners to work with. Take your time to study them and make the most out of it.

TANZANIA is certainly unforgettable and world-famous for its landscapes (Mountains, Beaches and Wildlife) and it's diverse cultures. A certified "Safe Travel Destination" to explore it all in one holiday.

Karibu Tanzania!

TANZANIA

Unforgettable!

Unforgettable Tanzania

Tanzania is considered the “cradle of humanity,” and still offers today’s travelers an authentic Africa. The Serengeti, Africa’s largest nature reserve, or the Ngorongoro Crater, often called the “eighth wonder of the world,” are testament to timeless fascination. With 16 + 6 new national parks and just as many nature reserves, Tanzania offers an once-in-a-lifetime safari experience with the single greatest population of large mammals in all of Africa.

The white summit of Kilimanjaro makes Tanzania the country with the highest mountain in Africa, and with a part of Lake Victoria, it also has access to the second largest fresh water lake on earth.

The picturesque Usambara Mountains or the Oldoinyo Lengai volcano to name just two, are natural wonders beyond compare. Tanzania is also a true mosaic of ethnic and historical richness, with unforgettable Cultural adventures. For Sun worshippers the coastal region around Tanga and Dar es Salaam, or the Arabic-influenced Spice Islands Zanzibar and Pemba are ideal recommendations. For more info check www.tanzaniaparks.go.tz.

Unforgettable Safaris

Tanzania is simply Africa’s No. 1 Safari destination. No other country in Africa has named more than 1/3 of its total area (over 300,000 km²) as nature reserves. There are 22 national parks, one nature preserve Ngorongoro Conservation Area, few wildlife reserves (e.g. Selous Wildlife Reserve) and the world-famous Serengeti National Park, known for its annual migration of over 1.5 million white-bearded (or brindled) wildebeest and 250,000 zebras and for its numerous Nile crocodile and honey badger.

All national parks are administered and monitored by TANAPA (Tanzania National Park Authority) with highest priority on conservation of wildlife and the continuing improvement to park infrastructure. Tanzania’s national parks are not fenced, allowing free movement of wildlife and native people at any time. For more info check www.tanzaniatourism.go.tz.

Unforgettable Mountain Trekking

Tanzania offers the highest mountain in Africa - Mt. Kilimanjaro (5,895 m). It's also the tallest freestanding mountain in the world. The second highest Mountain of the country is Mt. Meru, in the heart of Arusha National Park, and with 4,566 meter even the 5th highest peak on the African continent. Many more Trekking options & regions such as in the Ngorongoro Highlands, are under development right now to meet the big demand of active tourism.

Unforgettable Cultural Tourism

Tanzania is a true mosaic of ethnic and historical richness with more than 120 different tribes and languages. Through the mix of centuries-old cultures and colonial occupation there are African, Arabic, Indian, and European influences in every corner of the country. The northern part of Tanzania is home to the "ancient Maasai" people, whose legendary traditions are re-affirmed when meeting them in person. The southern part of the well-known Ngorongoro Nature Preserve is home of the small statured "Hazabe" tribe -also known as "Bushmen". Tanzania provides certainly an "unforgettable" Cultural experience. For more info please check www.tanzaniaculturaltourism.com

Unforgettable Beach Holidays

Zanzibar is one of the most well-known "paradise islands" in the Indian Ocean. It's a small island group that lies about 36 km off the coast of Tanzania. It consists of the main island Zanzibar, called Unguja Island, the island of Pemba in the north, and many smaller atolls. Unguja, the main Zanzibar island, is a real jewel in the Indian Ocean, whose palm tree-lined sandy beaches, timeless fishing villages, spice plantations, and colorful markets contribute to the extreme fast growing tourism over the last trade. Zanzibar in contrast to the Tanzanian mainland, is very strongly influenced by Arab culture, due to the history. Many newly established international standard hotels & direct flights from all over the world make Zanzibar a most "unforgettable" beach destination in Africa.
