2025 USCA SIEGER SHOW

WELCOME

WELCOME all participants, helpers, judges, sponsors, and spectators to the United Schutzhund Clubs of America Sieger Show. This event will showcase some of the very best dogs in the United States as it highlights our beloved breed.

Sincere thanks go to all the USCA members that have worked hard to provide an outstanding event. USCA Office Manager Jody Donaldson, USCA Office Tabitha Gamache, Ivana Karlsen, Don Yelle, Quinebaug Schutzhund Club, Christine Mandela and NBW Heidi Theis have put hundreds of hours into what promises to be one of the best Sieger Shows ever. My words will never be able to adequately convey the respect, admiration, and appreciation for all of your efforts!

Many of our programs and events would not be possible without the support of individual sponsors, advertisers, and corporate sponsorships. **THANK YOU** to all of you who have donated resources to make our events successful.

We are fortunate to have Judge Herr Dirk Scheerer SV, Judge Jose Oves Martinez Real Ceppa, Judge Nathaniel Roque USCA/SV and Judge Heidi Theis USCA/SV, presiding over this event as well as two excellent helpers, Sean Murphy and Dan Heldreth, who were selected to do the Performance Test and Breed Survey as well as Don Yelle as our Breed Survey Helper. We are honored and proud to have you at this event.

I wish the very best of luck to all dog/handler teams. The culmination of your efforts in preparation for this event will hopefully bring you success. Thank you for your support of USCA national events. Regardless of the final placing, your sportsmanship and dedication to our working breed demand respect.

I am proud of this organization, members, accomplishments, and sportsmanship. Let's continue to capitalize on the capabilities of our organization to ensure the long-term success of our breed. None of this would be possible without each of you. Thank you for your dedication and continued support of the United Schutzhund Clubs of America and the German Shepherd Dog.

Let's have a great weekend!

Vadim Plotsker
USCA President

NATIONAL BREED WARDEN'S WELCOME LETTER On behalf of the United Schutzhund Clubs of America, I would like to welcome everyone to our 2025 USCA Sieger Show! I would like to extend a thank you to our USCA sponsors, Quinebaug Schutzhund Club, Ivana Karlsen, and Don Yelle for their assistance in hosting this year's Sieger Show. This event would also not be possible without the help from our USCA office staff led by Jody Donaldson, our USCA database administrator Chris Mandela, our Regional Breed Wardens present, and also our awesome helpers for the weekend, Sean Murphy and Dan Heldreth. We all have volunteered countless hours to make this a great event for our American breeders and owners. Thank you all very much for helping!

Another reminder to everyone that we must remember that our breed remains the leading working dog in the world and this is due to USCA's breed program from trials to conformation shows to breed surveys. It is my opinion as your National Breed Warden, that this breed should remain a universal type of dog with open/social temperament and I strongly encourage breeders to use open/social temperament, working ability, and functional structure within their breeding programs. Please remember that Max von Stephanitz wanted the German Shepherd Dog to be a Golden Middle type of dog who would be loyal and respect its handler.

Thank you all for your continued support of USCA... our vendors, our event sponsors, and most importantly, our exhibitors as the show literally wouldn't happen without all of you! Your support and excellent sportsmanship is always valued and appreciated! Now, let's have a great weekend!

Sincerely, Heidi Theis USCA National Breed Warden

USCA SIEGER SHOW AWARDS

USCA BREED SURVEY MEDALLION

Created in 2023 by National Breed Warden Heidi Theis, this medallion is awarded to dogs competing at the USCA Sieger Show or the USCA IGP National Championship who have passed a USCA Breed Survey.

As USCA continues to promote dogs doing their Breed Surveys under USCA judges, the medallion recognizes these dogs who pass the stricter USCA Breed Survey. This includes stick hits and the jump test. Breed Surveys completed under USCA judges are recognized by all WUSV clubs including at the SV German Sieger Show.

PERFORMANCE AWARD

All dogs entered in the Sieger Show Working Dog Classes must participate in the Performance Test. Our Director of Judges evaluates the Performance Work as described in the USCA Rule Book. Only dogs receiving an overall score of Pronounced with 4/5, 5/4 or 5/5 are awarded Performance Awards. Dogs that do not earn a minimum point rating cannot proceed to the other phases of the show. This scoring system defines the differences in the performance of each exercise; Front Half exercise, Attack on Dog out of motion, and Back Half exercises.

PROGENY GROUP

The goal of the Progeny Group is to provide information to the public for potential breeding(s). The judge critiques the dog's consistency in regards to reproduction of his positive attributes. The judge does not select an actual winner.

YOUTH ACADEMIC AWARD

The Schutzhund USA Youth Committee bestows the Academic Award to those students, grades 1-12, who demonstrate outstanding academic achievements. This award is presented at the Sieger Show and Working Dog Championship.

SPECIAL INFORMATION

Helper Fees

The money collected from entrants for practice times helps offset the helper costs (travel, lodging, meals) and pays the helpers for their work at practice. Absolutely **NO** tipping or payments of any kind may be made to the trial helpers. Participants who do so will be dismissed from the competition immediately.

Hotel Courtesy

As always, securing hotels that will accept dogs for these events is a challenge. Our organization and our dogs are on very public display. We urge everyone to keep their dog(s) on their best behavior. We will provide designated areas for "exercise". Please be certain to clean up after your dog(s) and to help remind people what a tremendous dog a German Shepherd Dog can be.

Dog Rules for the Hotels

- ❖ If dog is left in room unattended it **MUST** be crated
- ❖ Owners are responsible for all damage done to a room by their dog(s)
- ❖ No dogs allowed in hotel bar or restaurant areas
- ❖ Owners are responsible for cleaning up after their dog(s)

Photography

Uzi Photography

Please remember that **ONLY** the official photographer is allowed:

- ❖ To be in the ring
- ❖ To be on the field during performance tests
- ❖ To sell photographs and/or video at or of the event
- ❖ To photograph winners on the podium from the center front position

Anyone appearing to take photos/videos COMMERCIALY without written prior consent will be removed and banned from the site for the duration of the event.

Quote from Nathaniel: "I believe that the United Schutzhund Clubs of America is the Premier German Shepherd Dog and Working Dog Sport Organization in the United States. I'm dedicated to working to maintain the USCA status and leadership in the world of dog sport and I am passionate about preserving the working heritage of the GSD and all breeds of working dogs by using working dog trials / breed surveys / conformation as ways to evaluate our dogs.

I am grateful to be involved with our organization and I value the trust placed in me by the membership for my decisions both as an Executive Board Member as well as a Judge on the trial field. I will always do my best to be correct and fair based on the trial rules while judging working dog teams in competition."

USCA NBW Heidi Theis – Breed Survey

Heidi Theis has been breeding German Shepherd Dogs under the kennel name vom Theishof for 35 years. Heidi is a breeder that places heavy emphasis on correctly balanced temperament, strong nerve, obedience talent, and natural working drives. Most females that Heidi has used or uses for mothers are shown, handled, Breed Surveyed, and titled by Heidi to SchH/IPO/IGP 3 level, with her best female, Hemi 6.4 vom Theishof having achieved with Heidi, IPO 3, IGP 3, FHV, FH1, FH2, & IGP-FH. Heidi's breeding philosophy is to breed a German Shepherd Dog of normal temperament and of middle ground, as the breed was intended.

As the National Breed Warden, Heidi serves USCA as the Chair of the Breed Advisory Committee and is a Line Officer for USCA. In this position, she is committed to preserving the working characteristics and temperament of our great German Shepherd Dog breed. Heidi is also more than willing to help share her well rounded GSD knowledge, particularly of breed rules and standards or helping working line enthusiasts to prepare their dogs for the breed ring and breed survey.

Please enjoy some of Heidi's most notable accomplishments in USCA, she is particularly proud of the IGP-FH (82/91) earned on her BHOT (Breeder, Handler, Owner, Trained) female,

2025 USCA SIEGER SHOW

EXHIBITOR INSTRUCTIONS

The USCA Board and The Show Committee would like to welcome you to the 2025 USCA Sieger Show. We appreciate your entry and invite you to work with us to assure a fun and successful event for all.

When you receive your catalog, please check your dog's catalog entry and report any inaccuracies. If at any time you decide to pull your dog, please let us know as soon as possible. At check in you will receive your exhibitor number. Please make sure that your handler wears the correct number. This assures that the judge and ring workers as well as the spectators can accurately identify your dog. Your number must be returned at the end of your class. **There is a \$100 fee for any unreturned numbers.**

Please note that you are responsible to have your dog available for check-in and again for gaiting when the classes are called. We understand that your handler may be in another ring at the time and we will do our best to accommodate you. You can help us by letting us know that your dog is ready and you are waiting for your handler. It is your responsibility to listen for ring announcements. There will only be three calls for dogs to report to the ring. No dogs will be allowed to enter the ring once gaiting for the class has begun.

TROPHIES WILL BE HANDED OUT IN THE RING FOR ALL CLASSES.

If your dog finishes in one of the following places for their class, please report with your dog to the podium immediately following the class for photographs.

- Baby Puppy 4-6 months (male and female stock coat) 1st place, 2nd place and 3rd place
- Baby Puppy 4-6 months (male and female long coat) 1st place, 2nd place and 3rd place

Remember to return your competitor number (there is a \$100 fee for any unreturned numbers) and pick up your show card and any original paperwork before the end of the event. Show cards will be available as soon as possible after the class has finished.

If you have a Progeny or Kennel Group, please check-in to the office by 8:00 a.m. Sunday morning where you will be given your sign and instructions for the class. If you decide to pull your group, please let us know as soon as possible. **SIGNS MUST BE RETURNED TO THE OFFICE AREA BEFORE THE EVENT ENDS. IF YOU WOULD LIKE TO KEEP YOUR SIGN AS A SOUVENIR; YOU MAY PURCHASE IT FOR \$35.00**

The catalog includes a tentative schedule. We will do our best to follow the schedule as closely as possible. Please note that times are approximate and are subject to additions, deletions and time

changes. We will do our best to communicate changes as quickly as possible. You can help us keep things moving smoothly by being alert for these changes.

We wish you success. If there is anything we can do to make your weekend better, please do not hesitate to ask.

2025 USCA SIEGER SHOW

SHOW RING PROTOCOLS

The catalog includes a tentative schedule. We will do our best to follow the schedule as closely as possible. Please note that times are approximate and are subject to additions, deletions and time changes. We will do our best to communicate changes as quickly as possible. You can help us to keep the schedule moving efficiently by being prepared.

- Females gait before Males in all classes
- Long Coat classes will run before the Stock Coat classes
- Performance Test – done only at the Sieger Show, Working Dog Classes
- Measurement (height) for all dogs 12mo/1yr +
- Gun test – all dogs over 12mo/1yr
- Awards will follow each class

Exhibitor Check In:

- Exhibitors must provide the original registration papers
- Correct exhibitor number should be worn. Your number must be returned at the end of your class
- **There is a \$100 fee for any unreturned numbers**
- Check your dog's catalog entry and report any inaccuracies immediately

THE EXHIBITOR:

- If at any time you decide to pull your dog; please let the Show Secretary, or your ring steward know
- Make sure that your handler wears catalog entry number. This assures the judge and ring stewards can accurately identify your dog
- You are responsible to have your dog available for the ring check-in, and again for the gaiting when the classes are called. If you are at a large show with 2 rings, we understand that your handler may be in the other ring at the time your class is called; we will do our best to accommodate you. You can help us by letting us know that your dog is ready and you are waiting for your handler.

THE RING STEWARDS: are responsible for checking all dogs into the ring in catalog order. The steward will keep records of each class' show placements/results

- Calling for a class participant's number will be called 3 times to the ring (for the Stand for Exam) if after 3 calls the dog is not presented, the participant shall be deemed as NO SHOW – or not present. An exception may be made if the Ring Steward is notified (by the participant) regarding why they will be late
- Enter the ring in catalog order
- Stewards will check tattoo/chip/teeth/testicles. The handler/owner may show the teeth to steward. Any discrepancies are reported to the judge and/or show secretary
- All dogs 12 months old and older will be tested for gun sureness, the handler will stand with the dog on a loose leash for the test
- Stand for Exam in front of Judge. When asked, the handler will walk the dog Up & Back, the Handler will move dog 1x around the ring
- Once the class has completed the Stand, all participants will re-enter the ring in catalog order for gaiting

CLASS PLACEMENTS: *please report with your dog to the podium immediately following your class. If your dog finished in one of the following placements for their class:*

- 4-6 & 6-9 mo. Both Stock coat and Long coat 1st 3 places
- 9-12; 12-18 & 18-24 mos. Both Stock Coat and Long Coat 1st 3 places
- Untitled Class Both Stock Coat and Long Coat 1st place
- Veteran, Male and Female, 1st place
- Working Class Stock Coat: all VA's, and 1st 5 V's. Long coat: all VA's and 1st 5 V's
- **Be sure to pick up your Show Cards and paperwork that we may be holding at the office before you leave the event**

KENNEL GROUPS

Each Kennel Group must have no more and no less than (5) five dogs that possess the name of the kennel. These dogs must come from at least two different mothers and two different fathers. Dogs entered in the kennel group must also be entered and shown in a regular class.

The dogs must be of the same coat variety. Breeders may enter more than one Kennel Group. Stock Coat and Long Stock Coat Kennel Group will be judged separately. The judging will be based on uniformity of the group, quality of the individual animals and the most possible combinations of parents.

PROGENY GROUPS

Each Progeny Group requires a minimum of at least five (5) dogs born from at least three (3) different mothers. Dogs exhibited in the Progeny Class must also be entered and shown in a regular class. There is no entry fee for the Progeny Group class. The judging of the Progeny Group shows the quality of the progeny produced by the often-used stud dogs. It also shows which positive and negative factors may have been inherited by their offspring and what to look for in the future breedings of these dogs. Therefore, it is required to show all dogs belonging to the Progeny Group. It is not necessary that the stud dog be shown in the class. The Kennel Groups and Progeny Groups will be judged before the judging of the gaiting of the Working Dog Classes.

2025 USCA SIEGER SHOW

USCA SIEGER SHOW RULES & REGULATIONS

I. GENERAL

Show rules are based on USCA Breed Show Regulations, which are binding unless otherwise stated herein. Entrants are advised that they must submit the following original documents: pedigree and registration papers from the country of origin upon registration check-in for the dog being entered into the show as well as proof of training titles, breed survey, and hip/elbow certification, if applicable or awarded. Acceptable training titles are IPO, IGP, RH 2a, DPO, HGH, and others deemed acceptable by the Breed Advisory Committee. Dogs brought to the show must provide proof of proper vaccination, this is required by law.

Not acceptable for entry into the show are dogs that seem to be unhealthy or have an unhealthy appearance.

Dogs not entered in the show cannot be brought into/onto the show grounds.

Should a dog entered in classes 12-months and older become sick after the Stand Exam, the dog must be presented to the show veterinarian for examination. A written note from the show veterinarian is required for withdrawal from the show. Without exception, this written note is to be delivered to the presiding judge of the appropriate class. Dogs that are withdrawn from the show without explicit permission of the presiding judge must be given the rating of insufficient.

Participants must be alert to prevent their dogs from coming into contact with other dogs. The show organizer is not responsible for injury/damage to any dogs, damage caused by another dog and/or in the event of the theft of any dog. A judge's decision at a breed show is final. A protest is not permitted. For dogs entered and not presented, the full entry fee is non-refundable. The exhibitor is responsible for sportsmanlike behavior and presentation. The exhibitor is also responsible for truthful statements about his/her dog. Violations lead to disqualification of the dog, expulsion from the show grounds and/or the initiation of a disciplinary procedure.

II. CLASSES AND SCHEDULE

The dogs will be judged in eight classes: These classes will be judged on the first day of the event Baby Puppy Class (4-6 months) – Ratings awarded are: Very Promising (VP), Promising (P), Less Promising (LP) Junior Puppy Class (6-9 months) – Ratings awarded are: Very Promising (VP), Promising (P), Less Promising (LP) Performance Test Working Dog Class (24 months with working title) will be judged prior to the Puppy Classes

Senior Puppy Class (9-12 months) – Ratings awarded are: Very Promising (VP), Promising (P), Less Promising (LP) Youth Dog HGH Class (12-18 months) – Ratings awarded are: Very good (SG), Good (G), Sufficient (A), Insufficient (M) Youth Dog Class (12-18 months) – Ratings awarded are: Very good (SG), Good (G), Sufficient (A), Insufficient (M) Young Dog HGH Class (18-24 months) – Ratings awarded are: Very good (SG), Good (G), Sufficient (A), Insufficient (M) Young Dog Class (18-24 months) – Ratings awarded are: Very good (SG), Good (G), Sufficient (A), Insufficient (M) Adult Untitled Class (24+ months without working title) – Ratings awarded are: Very Good (SG), Good (G), Sufficient (A), Insufficient (M)

RH 1, RH 2a Class (24+ months with RH 1, RH 2a title) – Ratings awarded are: Very Good (SG), Good (G), Sufficient (A), Insufficient (M)

These classes will be judged on the second day of the event Veteran Classes (over the age 6+ years) – Rating is not awarded, just a placing HGH Dog Class (over 24 months with HGH title) – Ratings awarded are: Excellent (V), Very Good (SG), Good (G), Sufficient (A), Insufficient (M) Working Dog Class (over 24 months with working title, including RH 2a) – Ratings awarded are: Excellent-Select (VA) (VA only awarded at Sieger Show), Excellent (V), Very Good (SG), Good (G), Sufficient (A), Insufficient (M). Working Dog Classes will be judged in the Performance on the first day of the event, prior to the puppy classes

These classes will be judged on the third day of the event After the Performance Test, all dogs that receive the evaluation of Pronounced will be judged in the Standing Examination on Saturday morning. Any dog not presented for the stand or gaiting that has passed the performance test, must have the permission of the presiding judge or they will receive a rating of insufficient. Judging will continue on the third day of the event after the judging of the Progeny Groups and Kennel Groups.

The judging in each class starts with the Stand Exam. The judge carefully studies the anatomy, structure, and character of the dog. The character of the dog is tested and the judge will always observe the dog in this respect. There will be a test for Gun sensitivity steadiness in the rings. Puppy Classes are excluded from this test. Once this judging has been completed, the dogs will be required to start gaiting. The function of the bones and muscles, firmness of the ligaments and joints, rhythm of movement, strength and endurance, as well as liveliness are now very carefully evaluated. To be eligible for the rating of V Excellent, dogs must possess the "a" Stamp or OFA Certification for hip & elbows, when over the age of three and one-half years, the dog must have a current Breed Survey. The age of the dog for determining the

proper class placement will be determined by the age of the dog when it is presented before the judge (meaning the day the dog steps into the ring).

Kennel Group

Each Kennel Group must have no more and no less than (5) five dogs that possess the name of the kennel. These dogs must come from at least two different mothers and two different fathers. Dogs entered in the kennel group must also be entered and shown in a regular class. The dogs must be of the same coat variety. Breeders may enter more than one Kennel Group. Stock Coat and Long Stock Coat Kennel Group will be judged separately. The judging will be based on uniformity of the group, quality of the individual animals and the most possible combinations of parents.

Maternal Family Class

The Maternal Family consists of 4 animals (dogs and/or bitches) from one Kennel, which can be attributed to the direct dam line (maternal kennel name), and must bear the same kennel name. For registration purposes at the Show, the entry "Maternal-Family" will be an individual registration form. A minimum of 4 dogs entered from 1 maternal name – male or female – must be presented. The dogs must come directly from the dam's line and must have the maternal kennel name. The Maternal Family may consist of either permitted coat type (SC/LC). The presentation and evaluation of maternal family is a separate competition. 50% of the participating animals do not have to be shown in their respective classes. However, registration applies for all animals entered.

All dogs must have the appropriate qualifications for their age in terms of titles, breeding surveys and HD/ED results. 1. Dogs over 2.5 years of age with no working title are not eligible. 2. Dogs over 3.5 years without a breed survey are not eligible. 3. All dogs entered must be from parents that are titled/breed surveyed. 4. At least one of the dogs must be presented in the working class. If a dog entered in the Maternal Family class becomes ill before the final evaluation, the breeder is free to continue competing or to withdraw the Maternal-Family. If the minimum number cannot be reached due to a dog falling ill, the Maternal Family cannot participate in competition. The evaluation of the Maternal-Family will take place in the ring for Breeders Group Mother-Family Class presentation will immediately precede the performance of the Progeny Group. Participation in the Maternal-Family competition must be recorded in the catalog. All dogs that are part of the presentation must be listed individually, under the maternal name. A breeder may register several Maternal Families in the same event.

Progeny Group

Each Progeny Group requires a minimum of at least five (5) dogs born from at least three (3) different mothers. Dogs exhibited in the Progeny Class must also be entered and shown in a regular class. There is no entry fee for the Progeny Group class. The judging of the Progeny Group shows the quality of the progeny produced by the often-used stud dogs. It also shows which positive and negative factors may have been inherited by their offspring and what to look for in the future breedings of these dogs. Therefore, it is required to show all dogs belonging to the Progeny Group. It is not necessary that the stud dog be shown in the class. The Kennel Groups and Progeny Groups will be judged before the judging of the gaiting of the Working Dog Classes.

EXPLANATION OF CONFORMATION ASSESSMENTS AND RATINGS

3. Assessments

In puppy classes under paragraph 2.8 the following assessments are made:

Very Promising (VP) – Animals conforming fully to the breed standard or have minimal anatomical shortcomings.

Promising (P) – Animals conforming to the standard, but presenting clearly recognizable anatomical and developmental shortcomings.

Less Promising (LP) – Animals who are not outgoing enough or with faults which make them unfit for breeding.

The assessments cannot be interpreted as an evaluation of breeding worth.

4. Ratings

4.1 At breed shows as set forth under I.1 – I.4, the following ratings can be issued:

Excellent Select – VA – Only awarded at the United States Sieger Show – Animals in the Working Classes who, after undergoing a thorough examination, fully conform to the breed standard, who are self-confident, outgoing, and indifferent to gun fire. Must be minimum IGP 2 or IGP 3 if vying for 2nd United States VA title. Must have proof of the "a" stamp normal or fast normal rating from WUSV approved hd/ed certification stamped on the pedigree. OFA not accepted for dogs born after October 1, 2021. Must have a valid breed survey and the first breed survey examination must be with TSB pronounced. DNA is required beginning of 1/1/2023 and it can be SV or AKC DNA. Parents and grandparents must be titled prior to breeding and parents/grandparents must be breed surveyed within the calendar year after the birth of the litter.

Excellent – Animals in the Working Class who, after undergoing a thorough examination, fully conform to the breed standard; who are self-confident, outgoing, and indifferent to gun fire; whose pedigree shows proof of WUSV recognized hd/ed certification; and, when more than

3-1/2 years old, must be breed surveyed. (At a Sieger Show, the dog must have a breed survey to achieve an excellent rating.) Double premolars #1 are allowed. OFA not accepted for dogs born after October 1, 2021.

Very Good – The highest rating in the Youth and Young Dog classes for animals who fully conform to the breed standard. In the Adult Classes, this rating goes to animals which meet the requirements for “excellent”, but show minor anatomical shortcomings. It also applies to anatomically faultless animals who measure up to one centimeter over or under size limits, or have one missing premolar #1 or one incisor.

Good – Applies to animals who conform to the standard, but show clearly recognizable anatomical shortcomings. Missing teeth as follows: two missing premolars #1; or one missing premolar #1 and one missing incisor; or one missing premolar #2; or one missing premolar #3; or two missing incisors; or one missing premolar #2 and one incisor; or one missing premolar #2 and one missing premolar #1, or 2 missing premolars #2.

Sufficient – Applies to animals who are on the day of the show, sensitive to gun fire, do not display the required outgoing behavior or whose overall condition including anatomical factors does not permit award of a higher rating.

Insufficient – Applies to animals who are gun shy, show poor character and/or do not display the required degree of outgoing behavior or have faults which preclude their use for breeding. This ranking applies also to animals that exceed the upper and/or lower measurement limits by more than one centimeter. The rating “insufficient” mandates issuance of a “Unavailable for Progeny Registration” notation which must be requested by the breed judge.

4.2 Extraordinary circumstances which resulted in partial tooth damage or tooth loss do not affect breed ratings. The requirement here is that the previous presence of healthy, strong teeth and a faultless scissor bite without faulty incisor tooth line is established without doubt and this fact must be documented. The original presence of missing teeth can be documented by:

1. A certification of dental completeness by a USCA or SV conformation judge documented in the scorebook or the appropriate window of the pedigree.
2. The presence of the Breed Survey documentation in which the dental completeness has been notified at the breed survey.
3. A dental notification entered by the USCA Office on the pedigree. ([2003 GBM](#))

III. OTHER REGULATIONS

1. Show entry fees must be paid for a dog entered but not shown.
2. Breed Shows shall be open to the public.
3. On all breed events, the mentality in terms of tolerance of the dogs shown has to be taken into consideration. The possibility for appropriate gait exercises has to be guaranteed.
4. The steadiness to gun shot is verified at a distance of approximately 15 steps with a 6mm caliber starter pistol.
5. Dogs who are present for examination (standing) and are then removed from competition without permission from the officiating judge, must receive an “Insufficient” rating. An “Insufficient” rating mandates that this dog’s progeny be barred from registration. This ban takes effect at the same time this rating is issued and is reported to headquarters by the judge.
6. Ratings awarded by a judge during a breed show are final. Protests are not permitted.
7. The exhibitor must give truthful information about his dog. Attempts to mislead result in USCA penalty proceedings.
8. The exhibitor must display good sportsmanship when showing their dog. Offenses may entail disqualification of the dog, removal from the show grounds, and/or initiation of penalty proceedings. Anyone who purposely refuses to answer inquiries, or makes false statements, and anyone who changes the dog’s appearance (including surgical interventions), in order to mislead the judge or permits others to do so, loses any awards already earned at this show and may, depending on the severity of the case, be excluded from further shows or may be fined by USCA.
9. Only judges who are recognized by USCA are authorized to judge breed shows that are subject to the WUSV breeding program.
10. It is not permitted to judge dogs at breed shows who are owned or who are in the possession of the judge officiating that day or whose caretaker he is. The utmost discretion should be practiced with dogs who are owned, are in possession of, or in residence with persons close to the judge. This includes close personal relationships, breeding partnerships, co-ownerships, and persons who share his residence.
11. It is not permitted to use acoustic enhancers (powered by electricity, gas, compressed air) when calling to the dog. It is also prohibited to use pistols, whips, or protection sleeves for double handling. Transgressions may lead to disqualification of the dog, removal from show grounds of the double handler, and the initiation of internal proceedings against the dog’s owner and double handler.

PERFORMANCE TEST GUIDELINES

Heeling to attack on handler.

The start line will be marked with 2 flags 5' apart. The 60' distance will be marked with flags or tape to help direct the handler towards the correct position of attack out of the blind.

The end of the 60' of free heeling will be marked with 2 crossed flags. The helper will be signaled to attack after the handler/Dog team has passed the minimum distance mark (2 crossed flags). The handler should remain in position and not approach the dog until signaled by the judge to approach the dog and heel to the "Attack On Dog Out of Motion (Courage test) position.

Attack on Dog out of Motion (Courage test).

The line will be marked by 2 crossed flags about 5" apart at a distance of 60-70 yards down field from the blind. The dog should be sitting calmly; the handler may hold the collar. The handler MAY NOT "pump up or agitate the dog". After the helper exits the blind and makes the turn toward the Dog/handler the Handler will be signaled to release the dog. The Handler must remain at that position until after the out and signaled to go to pick up the dog.

Pickup and heeling away from the helper after the Attack on Dog out of Motion (Courage test).

If the Handler is unable to free heel the dog away from the Helper it may be leashed and heeled away from the Helper. Any dog that cannot execute a free heel away from the Helper for 5 paces cannot score greater than a 4 (out of 5) "a" rating and will not be eligible for a Performance Award based on this year's criteria for the Performance Awards as approved by the BAC.

PERFORMANCE TEST FIELD LAYOUT

PERFORMANCE AND EVALUATION TEST

All dogs entered into the Working Classes (male and female) at the USCA National Show must participate in the Performance Test prior to proceeding to the other phases of the show (stand and exam, ring work). Dogs that do not earn a rating of Pronounced, "a" (minimum point rating of 3/3 out of possible 5/5) will not proceed to the other phases of the show (stand and exam, ring)

The "Performance test" will be held on the first day of the Show as the first event of the show. The "Performance Test" will use two (2) helpers one (1) for the front half exercise "Attack on handler" and one (1) for the back half exercise "Attack on Dog Out of Motion" (courage test) and will be judged by the USCA Director of Judges or in his/her absence a designee appointed by the Director of Judges and approved by the USCA Breed Advisory Committee.

"Attack on Handler" (front half exercise, "Attack out of the Blind"). The distance from the starting point of free heeling (off leash) to the blind will be 60 feet. The dog will have three (3) attempts to perform the free heeling exercise to the "Attack on Handler" and it must reach the predetermined minimum distance of twenty feet (20) from the blind to pass. The actual attack will commence when the dog has passed the marked distance of twenty (20) feet from blind but before it reaches fifteen (15) feet from the blind. The judge will signal the helper to attack the dog when it is between fifteen (15) and Twenty (20) feet from the blind.

The judge will evaluate performance work as it is described in USCA's Rule Book, "The dog should counter the attack securely and energetically in stopping the attack by the helper." A lack of self confidence in the work shall be evaluated as "sufficient" ("vh") in courage earning a score of less than 3 points in either portions of the 5/5 point evaluation as described below, an unwillingness to engage or leave the helper or continue to work will be evaluated as "insufficient" (ng) with a score of 0 or 1 and be Disqualified (DQ).

The “out” should show the dog clearly off the sleeve and in the guarding phase. The only command permitted is one (1) word for the out such as: out, aus, or any other single command meaning out or release. The handler has up to three (3) attempts using the out command to make the dog out (release the sleeve). The first out command is at the handlers choice within 3-5 seconds after the pressure phase has ended (helper has stopped drive / moving). If the dog requires additional commands to out the handler may give an additional two (2) commands or the judge will indicate to the handler to give additional out commands as needed to show the dog clearly off the sleeve. If the dog is not out after the third (3) out command the dog is disqualified (DQ) “no out”. The commands of sit or down to affect the out are not permitted here and will result in “sufficient” (vh) or “insufficient” (ng) and/or disqualification (DQ) as determined by the judge based on how it influenced the dogs performance. The dog, however, may sit, down or stand upon the out command, but may not bother the helper during the guarding without incurring deductions. As the handler approaches the dog, the sit may be reinforced at a distance of up to 10 (ten) feet from the dog if necessary. Only with a single command of sit, additional commands are faulty. The use of the command “down” or “platz” or similar to keep the dog with the helper are a disqualification (DQ).

The handler may after the attack, leash their dog without physical restraint (such as, grabbing the dog to prevent re-grip) or choose not to leash the dog. The dog may receive an extra command to out in order to put the leash on the dog as long as it does not exceed the total of three (3) out commands with no penalty; however, a dog that must be physically restrained or taken off of the sleeve physically will be disqualified. Once the dog is secured on lead it may be “heeled on leash” or “free heeling off leash” may be displayed to move the dog away from the helper a minimum of five (5) paces. Exercise completed.

The repositioning down field for the “Attack on Dog Out of Motion” will be a minimum of fifty (50) paces or the full field as determined by the judge based on the USCA Rulebook. The dog must remain under the handlers control, a loss of control while repositioning will be reason for disqualification (DQ). Special merit in the Performance Test (5/5) Rating will be placed on dogs that show control and wait in the “watch position” in a calm manner.

“Attack on Dog Out of Motion” (back half exercise, “long grip, courage test”). With the dog and handler in “basic position” at the predetermined distance for the exercise, the dog may be held by the collar (dog remaining on handlers left side in “basic position”) but not verbally or physically encouraged / stimulated. The dog should be in the basic position as the helper runs from the “blind” and proceeds to the middle of the field and turns towards the dog / handler to start the exercise. The helper will be verbal and physically threatening as he/she turns towards the dog. The handler will release the dog upon a signal from the judge, a dog that is released or breaks away before the helper has made the turn towards the handler will be disqualified (DQ), a dog that is released or breaks away from the handler after the helper makes the turn towards the handler but before the judges signal will be considered faulty and be evaluated at a lower Performance rating.

The performance work and the out will be evaluated the same as described above in the attack on handler exercise.

The handler may not move down field towards the dog until the dog has clearly shown the out and the judge signals the handler to pick up the dog. The handler must walk at a normal pace to his dog (running to pick up the dog is faulty and will cause a lower Performance rating). During the guarding phase (as described above in “Attack on Handler”) the handler may reinforce the dogs’ position with an additional sit command as the handler approaches and is within 10 paces of the dog. In this exercise the dog will not initially be placed on leash (lead), the dog/handler must attempt to free heel away from the helper five (5) paces to report out to the judge). The handler will be allowed up to three (3) commands/attempts to free heel (off leash heel) the dog away from the helper without a mandatory Performance Rating (5/5 scoring) deduction. If the handler is unable to free heel the dog away from the helper with three (3) commands / attempts or less the dog may then be placed on leash (lead) and show five (5) paces on leash (lead) heeling away from the helper to the judge. If the leash (lead) is required to heel the dog away from the helper the dog may still be rated “Pronounced” (“a”) based on the dogs’ “TSB” (instinctive behavior, self-confidence, ability to handle stress) behavior shown in the “fighting / guarding” portion of the exercise, but the total “Performance Score” cannot be rated higher than four (4) points and the dog will not be eligible for a Performance Award.

Any handler not following the judge’s directions (example: not waiting to be called in to pick up the dog at the judge’s signal, encouraging the dog), will be evaluated at a lower rating for “handler help / extra commands” to help the dog complete the exercise and this will earn a lower Performance Rating (5/5 scoring). If it affects the dog’s performance this may change the “TSB” rating as well. If the dog is unable to be heeled away from the helper after being placed on leash it will be disqualified (DQ) with no TSB rating and will not proceed to the ring due to DQ out of control.

Loss of control of the dog during any part of the Performance Test is cause for Disqualification (DQ). Evaluation of the Performance Test

Dogs that do not demonstrate a correct performance test cannot receive the rating of Excellent–select (VA).

Dogs that continue to bump or re-grip after the “out” will be faulty and rated at lower ratings.

Dogs that do not perform the “out” exercise, or receive the evaluation of “sufficient” (“vh”) or “insufficient” (“ng”) cannot continue in the Show (Stand and Exam or Ring). No show rating will be given.

Explanation of Performance Test Ratings

In order to improve the Performance Test (TSB) rating system for the Sieger Show the SV implemented a rating scale of 5/5 as described below. USCA will also use this 5/5 rating system for performance to help further clarify the overall performance of dogs in each rating category (insufficient “ng”, sufficient “vh”, pronounced ‘a’) in the Performance Test for the Sieger Show. This 5/5 scoring system better

defines the differences in performance as it applies to each category and will be given in addition to the normal rating of “ng” – “vh”- “a”. This brings more transparency and a more specific description of the performance in each category (Front Half exercise “Attack on Handler” and Back Half exercise “Attack on Dog Out of Motion”).

The following contains a more detailed description about the 5/5 performance rating as it applies to the particular phases of the TSB test.

Pronounced “a” is a rating of 3-4-5. These dogs will proceed to show in the ring Sufficient “vh” is a rating of 2. These dogs will not proceed to the stand and exam or ring Insufficient “ng” is a rating of 1 or a “DQ”. These dogs will not proceed to the stand and exam or ring Only dogs receiving an overall score of 4/5, 5/4 or 5/5 (total of 9 or 10 points) will be awarded USCA Performance Awards at the Sieger Show or National Show.

General Explanation of 5/5 Rating for Performance

Rating: 5

The dog reacts immediately to the attack with behavior to include confidence, directly to the attacker, energetic and convincing manner. It shows an effective, calm, firm and full grip in all phases of the defense exercise (engagement, drive and transition). The dog releases after the allowed command to out and then shows powerful guarding with natural intensity, aggression and willingness to take direction from the handler

Rating: 4

The dog reacts at immediately and convincingly; it shows a good grip but may not be completely full and/or calm it may be somewhat anxious in all phases of the defense exercises. It releases after the allowed command (may be slightly slow out.) and shows good natural intensity in the guarding phases with good intensity, aggression and willingness to take direction from the handler.

Rating: 3

The dog reacts with a slight /a little hesitation in the attack; it should show more speed and commitment in the attack (may slow a little). It shows a shallow grip and/or a hectic active grip which should be clearly fuller and calmer; it may regrip under the pressure from the Helper. The dog must still show sufficient intensity and hardness. It releases after the allowed command (may be slightly slow out) and shows still sufficient natural intensity in the guarding phases.

Rating: 2

The dog reacts with a clear hesitation, is unsure in its commitment to engage, the grip is hesitant, very shallow, ineffective and weak. The dog is anxious and shows weakness during the pressure phase (drive) from the helper. It releases after the allowed command (may be slightly slow out) but it should be much more attentive and powerful in the guarding phases.

Rating: 1

Doesn't react to the helper's threat, engage or guard. Terminate (Discontinue) the Performance Test, TSB = Ng: The dog cannot handle the stress of the defense exercise and does not engage or leaves the field. The dog leaves the helper during the guarding phase before the handler is within 3 meters of the dog and returns to the handler.

Disqualification (DQ):

Unable to show the heeling to the Attack on Handler after three (3) attempts the handler “excites”, pumps up the dog prior to the release after being stopped by the judge one time. The handler intentionally leaves their position and moves closer to the dog prior to the judges' command to pick up the dog The dog doesn't release (out) after three commands. The dog grips anything or part of the helper other than the protective sleeve. Any intentional unsportsmanlike action of the handler.

ADDITIONAL INFORMATION REGARDING DISCUSSION AND PROPOSED CHANGES BY THE BAC FOR 2017 – 2019 SIEGER SHOW PERFORMANCE TEST (Please contact any member of the BAC (RBW, NBW or DOJ) with suggestions regarding future changes or requirements) 2017 – After exercise #2 the “Attack on Dog out of Motion” (long grip, courage test) all dogs will be required to be able to “free heel (off lead) five (5) paces from the helper to report out to the judge. Failure to show free heeling away from the helper will be evaluated as sufficient (vh”) for this portion of the Performance Test and receive a mandatory point score of 2 (vh) out of the 5 points available and will not proceed to the stand and exam or ring. 2018 – After exercise #2 the “Attack on Dog out of Motion” (long grip, courage test) all dogs will be required to be able to “free heel (off lead) five (5) paces from the helper to report out to the judge. Failure to show free heeling away from the helper will be evaluated as insufficient (“ng) and be disqualified (DQ) for the Performance Test 2019 – After exercise #1 the “Attack on Handler” (attack out of the blind) all dogs must be able to free heel from the out down field to the watch position for exercise # 2 the “Attack on Dog out of Motion” 38

USCA Rules and Regulations Manual (7/2024)

(long grip, courage test) after the out they must be able to free heel five (5) paces from the helper. Failure to show free heeling away from the helper will be evaluated as insufficient (“ng) and be disqualified (DQ) for the Performance Test
