IMAGINE

THE ICEBERG

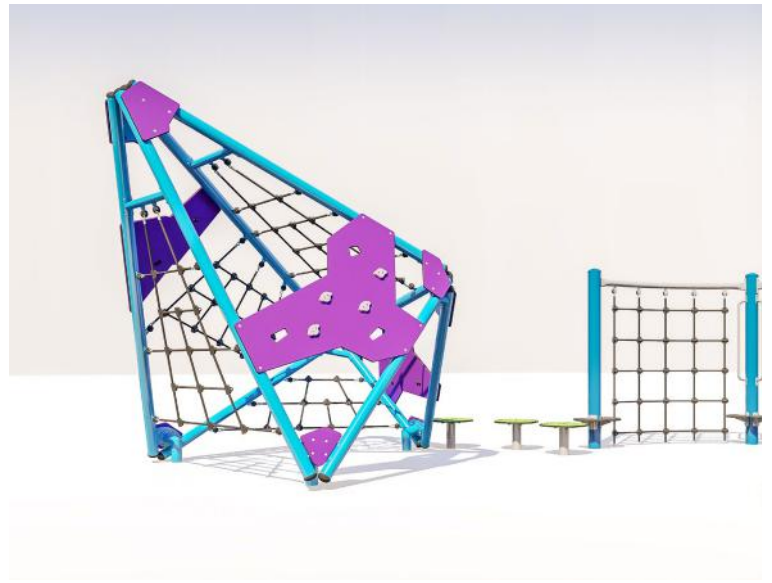

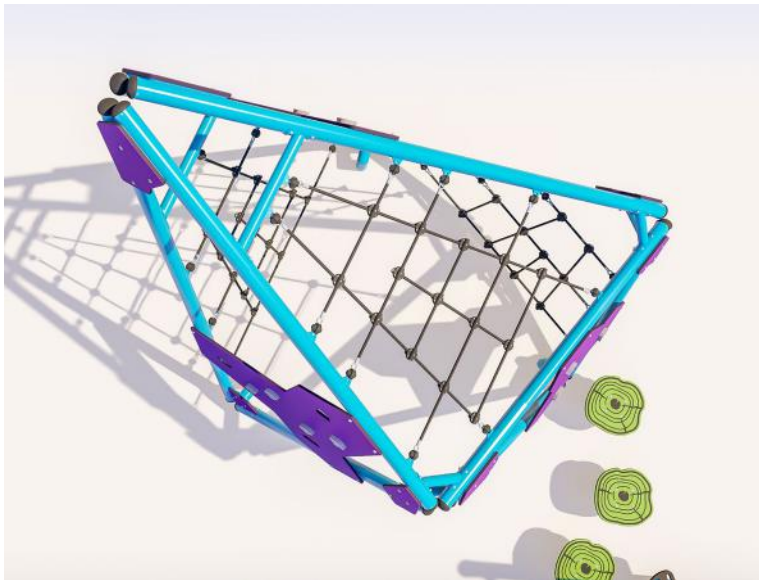

Introducing the newest addition to our line of super climbers—the Iceberg.

Reminiscent of the splendid and stunning glaciers of the North with its shape and rather imposing size. A unique portrayal of nature's angular grandeur, now easier than ever to bring right to your park.

Set off on an adventure and climb its summit, using the interior cable play structure supported by aluminium tube frame and available in a wide variety of colours. Create your iceberg and match it with other Jambette products for an extraordinary play module.
