(5-9)

Rectory  
SCHOOL

Rectory School is an Independent, Coed, Junior Boarding (5-9) and Day School (Early Childhood-9)

# AT RECTORY SCHOOL, WE BELIEVE IN OUR STUDENTS

Rectory's Middle School welcomes students to a vibrant community where understanding your child is our priority. We embrace the uniqueness of every student but also set high expectations, understanding that challenges are growth opportunities. Our faculty is dedicated to cultivating an environment where each student is encouraged to push their boundaries, surpassing their expectations while receiving the support they need to thrive.

At Rectory, we empower students to step outside their comfort zones and explore new horizons. While this journey may include moments of uncertainty or stumbling blocks, it ultimately leads to developing essential life skills.

**The outcome:** Students who understand themselves and the world around them. Students who can speak frankly about their strengths and their weaknesses. Students who aren't just ready for their next school...they are prepared for life.

# ...EVERY STEP OF THE WAY.

## ACADEMICS

# ACADEMICS

The cornerstone of Rectory's school experience, academics equip students with knowledge and skills essential for their intellectual and personal development. Students gain confidence and character, learn to advocate for themselves, and employ strategies that support their individual learning styles.

## NURTURING GROWTH BEYOND ACADEMICS

Rectory provides diverse opportunities alongside core classes to foster academic and social development. These include advisory, electives, enrichment, and health and wellness, complemented by dedicated time for art, music, and athletics. Such offerings empower students to explore their interests, cultivate a well-rounded skill set, and hone essential social skills, preparing them for success in today's diverse and interconnected world.

### ADVISORY

Advisors serve as our students' primary advocates and are the first point of contact for parents. Through frequent in-school meetings, advisors develop strong relationships with their advisees and gain a comprehensive understanding of their students' strengths, support needs, and social-emotional development. By integrating social-emotional learning into their guidance, advisors help students build essential skills such as self-awareness, empathy, and resilience. Best of all, students know they can consult their advisors about all areas of school life, fostering a supportive and holistic educational experience.

### ENRICHMENT

Enrichment is an opportunity tailored to students' unique learning journeys where students practice and learn to advocate for themselves. All students connect one-on-one with a faculty member. This personalized support allows students to address their individual needs, challenges, and interests, ensuring increased self-confidence and academic growth.

### ELECTIVES

Electives provide students with an exploratory experience in a variety of disciplines such as robotics, sports media, aquaponics, yearbook, and debate. We encourage our students to explore their interests and passions through our elective program.

### HEALTH AND WELLNESS

Health and Wellness addresses the topics of healthy habits (technology use, nutrition, relationships, and substances), equity, and responsibility. Students develop self-awareness and personal management skills through goal setting, teamwork, and peer communication exercises. Courses are designed to give students the tools to understand the importance of making decisions that reflect mental, emotional, and physical health and social balance. Coursework integrates current events and social media through reflective discussions with students. We encourage students to make informed decisions about the challenges and choices they face as they develop into young adults.

## LEARNING SERVICES

**ACROSS OUR SMITH LEARNING CENTER PROGRAMS, STUDENTS RECEIVE TAILORED SUPPORT WHILE FULLY ENGAGING IN OUR RIGOROUS ACADEMIC CURRICULUM AND EXTRACURRICULAR ACTIVITIES.**

At Rectory, our Learning Services go beyond academics to empower students with essential life skills. From organization and study techniques to self-advocacy and self-awareness, we foster a supportive environment where every learner can thrive. Our primary goal is to help students understand their unique learning styles and actively participate in their educational journey, preparing them not only for secondary school but for success in all

aspects of life. Both individual and small group methods of instruction are available, ensuring that each student receives personalized attention and support. Whether it's executive functioning skills, ADHD support, dyslexia, specialized learning, SSAT preparation, individualized enrichment, or English Language Learning (ELL), we provide comprehensive resources to meet the diverse needs of our students and propel them toward a bright future.

## ACCELERATED MATH PROGRAM

Our math program offers classes from the fundamentals of math through Algebra and extends to Pre-Calculus. Our students develop their mathematical thinking and problem-solving strategies, while critical-thinking skills are developed and reinforced through problem-solving exercises. Students are challenged and have opportunities to take accelerated courses, which focus on understanding the “why,” and solving real-life problems.

## HONORS COURSES

Rectory offers 9th-grade honors courses in English and physics. These courses provide additional opportunities for students who consistently demonstrate high academic achievement. With an added emphasis on mathematics and writing, more group work, and less teacher support, students in these advanced classes are gaining the knowledge and resources they need to succeed in all of their high school subjects.

### MEET JACKSON

**JACKSON STARTED IN THE EARLY CHILDHOOD PROGRAM (CARE). HE HAS TAKEN ADVANTAGE OF RECTORY'S LEARNING SERVICES PROGRAM SINCE ELEMENTARY SCHOOL. AS HE ENTERS HIS NINTH-GRADE YEAR AT RECTORY, HE HAS OVERCOME THE CHALLENGES OF DYSLEXIA AND IS NOW READING ABOVE GRADE LEVEL.**

First grade was tough. I struggled to keep up with my classmates because I couldn't understand books the way my classmates did. I was diagnosed with dyslexia in the second grade. It was tough to accept—I felt like I wasn't the same as everyone else, like everyone was above me; it was definitely a shot to take. When I was paired with my learning specialist in second grade, it felt like a step in the right direction. We clicked immediately. That connection helped me start making progress. We continued working during the summer program, and I caught up with my classmates in reading.

Transitioning from Rectory's Individualized Instructional Program (IIP) to small group this year felt like a natural progression. I focused on my time management and organizational skills. I've done so well that I no longer need the extra support from the Learning Services Program.

I've come a long way. Graduating from the Learning Services Program was a big deal for me. It showed how much progress I've made. Today, I'm not just keeping up; I'm surpassing expectations. I'm reading comfortably above my grade level. None of this would have been possible without the support of my teachers and the learning specialists who helped me every step of the way. I've come a long way and am so glad about it.

# SIGNATURE PROGRAMS

## TWO-YEAR GLOBAL STUDIES

Students in grades 8 and 9 study history, civics and government, and geography through a global lens. Exploring the interaction between and among history, the social sciences, and the humanities, students learn to apply their knowledge and understanding as responsible global citizens.

## BIGELOW HONORS PROGRAM

Students who demonstrate exceptional achievement across all disciplines are invited to join this academic honors program as Bigelow Scholars. Participation allows students to advance their development in critical thinking, problem-solving, design thinking, creativity, evaluation, communication, resilience in learning, self-advocacy, and empathy. They can access specific courses such as global journeys, business entrepreneurship, French, Latin, Chinese, and more.

## STUDENT DEVELOPMENT AND LEADERSHIP

Students embark on a journey of self-discovery and leadership at Rectory School through our dynamic Student Development and Leadership program. Students explore important topics like personal accountability, responsible technology use, and overcoming challenges with engaging guest speakers. In grade breakouts, they tackle problems and engage in discussions aimed at honing essential skills such as communication, problem-solving, and empathy. Our program encourages critical thinking, collaboration, and the cultivation of confidence and a positive mindset, empowering students to become the competent and trustworthy leaders of tomorrow.

## MAY EXPERIENTIAL LEARNING PROGRAM

Rectory's signature May Experiential Learning Program (MELP) provides alternative learning through creativity and problem-solving. A myriad of different programs take place during one week of the spring term and offer students an opportunity to explore creative, hands-on learning outside of the classroom. Community service forms part of each MELP experience; students volunteer at charter schools, food pantries, soup kitchens, and participate in beach cleanups.

## GREAT MELP ADVENTURES HAVE INCLUDED: WESTWARD BOUND!

**SUNDAY:** GETTING AN EARLY START TO THE WEEK AS WE TRAVEL TO UTAH AND CHECK INTO THE HOTEL.

**MONDAY:** RENTING OUR E-BIKES IN ST. GEORGE TO EXPLORE SNOW CANYON STATE PARK BEFORE EXPLORING THE FRONTIER MUSEUM.

**TUESDAY:** BRYCE CANYON NATIONAL PARK: HIKING TO INSPIRATION POINT AND THEN JOINING A RANGER-LED GEOLOGY PROGRAM AT SUNSET POINT!

**WEDNESDAY:** HORSEBACK RIDE THROUGH ZION NATIONAL PARK BEFORE HIKING EMERALD POOLS, KAYENTA TRAIL, AND RIVERSIDE WALK.

**THURSDAY:** UTV CANYON RIDE TO RAPPEL INTO THE SLOT CANYONS, LUNCHING AT CORAL PINK SAND DUNES STATE PARK, THEN OFF TO SAND BOARDING AND SAND SLEDDING.

**FRIDAY:** AFTER AN AMAZING ADVENTURE, WE'RE ON OUR WAY BACK TO RECTORY!

# THE ARTS

## ARTISTIC EXPLORATION IN PERFORMING ARTS AND STUDIO ARTS

Rectory's diverse art programs offer invaluable opportunities for creative expression and personal growth. Imagination and innovation, fostered by immersion in the arts, spill into the classroom and enhance our students' academic skill development.

### PERFORMING ARTS

We believe students don't know what they will enjoy until they give it a try. Because of this, all students are required to enroll in a performing arts class each year. As students progress through the grade levels we offer a more comprehensive range of performing arts choice.

### STUDIO ARTS

Creative expression in studio arts provides opportunities for self-expression and learning to work independently on projects. Through studio arts, students build confidence, develop their passions, and connect hands-on creativity with practical knowledge and learning. They experience personal growth and discover new ways to express themselves.

# THE ARTS

# ATHLETICS

## BUILDING SKILLS, CONFIDENCE, AND CAMARADERIE

Students experience the thrill of competition and the camaraderie of teamwork with Rectory's dynamic athletics program! More than just a way to stay fit, our athletics instill lifelong determination, self-confidence, and sportsmanship values. While inter-school competition is a key component, our focus remains on individual success, skill development, and the joy of playing as a team. With multiple levels of sports available, students can find their perfect match regardless of age or experience. Whether joining a highly competitive varsity team or honing fundamental skills in developmental teams, every student can grow, succeed, and thrive. With mandatory participation in all three seasons, Rectory ensures that every student can find their place on the field, court, or track, where they can flourish and reach their full athletic potential.

# STUDENT LIFE

A group of five diverse students, three boys and two girls, are smiling and laughing together outdoors. They are wearing school uniforms in various colors: dark blue, light blue, and green. The background is a bright, sunlit area with green foliage. The students are arranged in a circle, looking towards the camera.

## RESIDENTIAL LIFE

Experience a world of opportunities at Rectory School! If you're seeking more than what local schools can offer—whether it's academic support or enrichment, a wider variety of arts, or athletics—we provide the perfect environment for your child to flourish.

# BUILDING RELATIONSHIPS AND LONG-LASTING FRIENDSHIPS

At Rectory School, students thrive in a supportive and challenging environment that fosters self-awareness, confidence, and a passion for learning. Rectory School provides a home away from home for both boarding and day students, ensuring that each individual's needs are met and encouraging them to contribute their unique talents to the Rectory family.

# STUDENT LIFE

## WHY BOARDING AT RECTORY?

Our boarding environment provides a supportive “home away from home,” where dormitory parents offer guidance and support throughout the middle school years. Faculty-student connections are formed naturally, creating a nurturing atmosphere filled with academic growth, delicious meals, athletic pursuits, and enjoyable activities. Parents and dormitory parents work hand-in-hand to ensure a positive residential experience for our boarding students, making Rectory the ideal place to thrive and grow.

## WEEKENDS AT RECTORY

Weekends at Rectory School are filled with fun activities and opportunities for relaxation. Students eagerly sign up for weekend trips and events, choosing from a variety of options including structured athletic contests like Basketball Tournaments and World Cup Soccer matches, as well as individualized fitness activities such as gym games, hiking, and mountain biking. Additionally, weekends include Sunday morning study hall and dorm activities to foster a warm and homely atmosphere for all students. With a range of activities both on and off campus, students have the chance to suggest and participate in activities they’re passionate about, ensuring an enjoyable junior boarding school experience for everyone.

# READY FOR LIFE

PREPARING STRONG LEADERS AND  
CONFIDENT INDIVIDUALS FOR 9TH-GRADE,  
GRADUATION, AND BEYOND.

**THE NINTH-GRADE YEAR** instills the attributes critical for success at the secondary level: leadership, confidence, and perseverance. Leadership and service opportunities, such as dorm proctor, athletic team captain, or running for student council, enable our 9th graders to examine who they are and what they can accomplish as young adults, while a rigorous and dynamic curriculum prepares them for secondary schools that are among the most recognized in the nation.

**THE NINTH-GRADE CAPSTONE PROJECT** provides an opportunity for our students to explore and consider solutions to issues that are present in today's society. Ninth graders work with their history, English, science, and related arts teachers who provide guidance throughout the process of selecting a topic, researching, writing an essay, interviewing an expert, and presenting their informational poster. Culminating with the Capstone Fair, faculty, students, and outside visitors are invited to view and discuss these projects with the students.

## SECONDARY SCHOOL ADVISING

Rectory students matriculate at a wide variety of secondary schools. Students attend both independent (boarding and day) and public secondary schools. No matter which high school environment is right for the student and family, Rectory supports the search process, and students find they are well prepared academically and socially for their secondary school experience.
