GLOBAL *Conference*

BANGKOK

16 - 17 MARCH

2026

Editor's Note

I am currently in Bangkok, well ahead of our next Global Conference which will be held on the 16th & 17th of March. We have over 130 attendees currently, so it will surely be a worthwhile networking event for all who join. If you haven't signed up please do so by the end of the month.

I am happy to report that the latest version of the Android and Apple CLC Projects [Mobile App](#) now includes a timestamp for the most recent members directory update and a manual update button.

In network news we are happy to share member movements related to: Australia, China - UAE, Vietnam - Thailand, Honduras, China - Europe, Slovenia, Guatemala - El Salvador, Pan-Africa, Thailand - Malaysia, Latvia, Italy - Scotland, Poland, Germany - Sweden, and Switzerland, plus our Hon. Chairman meeting with members in Chile.

Registration will close soon for our next Global Conference, sign up if you haven't already!

The standard rooms at the Waldorf Astoria Bangkok - are now fully booked. Fortunately, there are many excellent hotels nearby — some just 150 meters away. Please see [this list of nearby hotels](#) sorted by distance from the venue.

The conference fee of 970 USD includes welcome drinks, 2 days of one-to-one meetings, coffee/snack breaks, lunches and a dinner.

REGISTER FOR THE NEXT GLOBAL CONFERENCE

Logistics Plus Thailand Coordinated a Full-charter to Move a Catamaran from Vietnam to Thailand

The LP Thai Yacht Transport team coordinated a full-charter of a gearless vessel to move an unfinished catamaran from Vung Tau to Laem Chabang. Loading in Vung Tau, supervised by LP Vietnam, used a hydraulic trailer and two 200-ton crawler cranes. After a four-day voyage, a 150-ton floating crane discharged the catamaran in Laem Chabang; the next day two tugs towed her at nearly 13 knots to Ocean Marina. A 550-ton crane then lifted her onto a hydraulic trailer and positioned her at the factory for final completion and outfitting.

ICS Central America & Caribbean Delivered a 45m Long Blade Cage Coast to Coast in Honduras

This transport required in-depth road studies to assess its feasibility along the 458km long route and detailed topographies of the last 8 km to reach the site to determine exactly what civil works had to be done for the transport to pass. After providing ICS Central America & Caribbean's client with the required studies and budget calculations, the transport reached its destination without any hiccups.

Freitan Projects Handled a Transport Across Africa

Strong African corridors are built on insight and partnership

From the first conversation to the final delivery, we design African corridor logistics that give you clarity, control, and predictable outcomes.

FREITAN
AEO ACCREDITED

Freitan Projects partners early to understand the customer's priorities, risk profile, and timelines. With that insight, Freitan Projects plan routes, customs, permits, and border transitions across countries and authorities. When African corridor logistics is built on insight and collaboration, execution is controlled, assured, and resilient.

BFS Transported Critical Aircraft-related Equipment by Truck

At first glance this may look like an ordinary cargo by truck, but actually it is an aircraft engine. BFS specializes in Aircraft on Ground (AOG) cargo which typically moves by air. In this case, however, the delivery was completed by truck while ensuring a rapid and reliable transport solution.

Gruber Logistics Delivered Project Cargo from Southern Italy to Scotland

Gruber Logistics recently transported an industrial plant in a custom crate from southern Italy to Scotland! Gruber Logistics also handled the special packing to keep it safe during the transport. The challenges didn't stop there: Gruber Logistics planned a route suitable for an oversized load across 6 countries, over 2,500 km.
