## DRAGONFEST

### LORE & CINEMATIC TRAILER

The introduction of The Necromancer and the Bone Dragon Boss brought new lore and story elements to Voxie Tactics that were well received by the community and players. The intro cinematic trailer for Dragonfest had the "wow factor" the team was aiming for.

### WHAT WE LEARNED

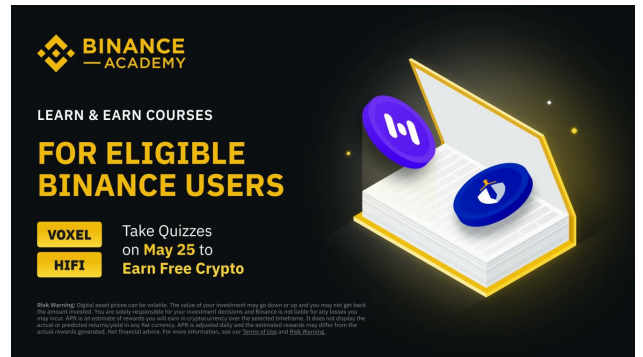

- The mechanics of the Bone Dragon Boss map were successful overall, but additional cheat protection is needed to prevent abuse of the game.
- The expansion of the economy mechanics in Dragonfest (introducing virtual Bone Fragments and Bone Chest conversions) received mixed feedback from players, indicating the need to tone down the changes or focus the reward structure.
- Player rewards and leaderboards were hot topics during the event. Many improvements were applied but the team failed to account for the determination and "farming" aspect of certain play styles. Opportunities like a daily limit or additional safeguards can be explored before the next PvE event. Valuable data was gathered to improve Voxie Tactics before Adventure mode release.

### GAME & MARKETPLACE STATS

Some of the statistics and figures achieved during Dragonfest (as of letter release):

- Total Matches Played: 920,000+
- Total Unique Players: 1,800
- Total Damage Done to The Bone Dragon: 1,516,341,757
- Total Bone Fragments Won: 2,836,754.42
- Total Bone Chests Awarded: 7,678
- Mini Bone Dragon Pets Won: 693
- All top 10 players did over 10 million damage to the Bone Dragon on their own

## THE BINANCE ACADEMY PARTNERSHIP

The Marketing team has worked with The Binance Academy team for a new Learn & Earn campaign which was launched on May 25. Participants in the program were awarded VOXEL tokens which will help grow the token's presence. Considerable marketing efforts have been put into developing new creative and educational content related to the VOXEL token. The campaign includes the launch of an article, video, and academy quiz, which will be promoted through various marketing channels. The VOXEL landing page on the Voxies website was also revamped to showcase the new content.

### TEAM UPDATES

- A **Senior QA Analyst** has joined AlwaysGeeky Games, taking charge of testing the Unity version of the game and improving internal processes for a more seamless user experience in Voxie Tactics.
- A **Senior Frontend Developer** has also joined the team to expand the web offering and develop new features, prioritizing user experience and highest quality frontend solutions.
- A **Game Economy Manager** with extensive experience in designing and delivering games will join to bring the Voxies economy to an even higher level. They will focus on competitiveness within the industry, lead the design, maintenance, and development of the reward system, incentives, and progressions in the game, and work closely with the development team to ensure that the game's economy is optimized for the best possible user experience.

## Double VOXEL Earnings Week

A **DOUBLE VOXEL reward bonus event** for all PvP matches from **May 20, 12PM ET to May 27, 12PM ET** was held as part of the event celebrations for defeating the Bone Dragon Boss.

The event came with rules and guidelines to ensure fair play and a balanced gaming lifestyle:

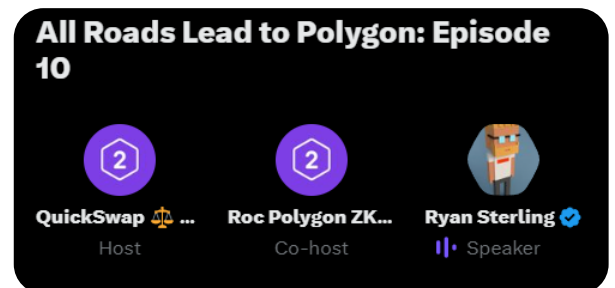

1. A **Playtime Limit of 16 hours** was implemented to prevent excessive play and promote a balanced gaming lifestyle during the Double Earnings Week.
2. Same as during normal gameplay, **Fair Play** was expected and the use of any tools or software to manipulate or bypass the way the game is played was strongly discouraged. Violators would have been temporarily suspended and their earnings forfeited.
3. Emphasizing **Community Spirit**, all players were encouraged to support and respect each other throughout the event, ensuring an enjoyable gaming experience for all.
4. The team highlighted the **Health and Wellbeing** of players, reminding them to take regular breaks, stay hydrated, and get enough sleep, even while enjoying the double VOXEL earnings.
5. The **Game Spirit** of Voxie Tactics is to have fun, build strategies, and play. The event was set up to fit within players' regular scheduled play hours, rather than promoting extended gameplay sessions. This allowed players to enjoy the game in their own way.

## Server Instability Upfront Fee Refund

Steve, AlwaysGeeky Games CEO, announced on May 31 that they have refunded a portion of the rental upfront fees during the weekend of May 12-14, when the Voxie Tactics server had instability that impacted the ability of players to play with their rented Voxies/Items. The exact percentage of the refund was determined by the start and end time of the rental and how much of that time was during May 12-14th. No additional work and claim process was needed on the players' side as the team had identified all players that were impacted. If no refund was received, it meant that a player didn't have an active rental with an upfront fee during the server outage. This was a one-off refund and the team will approach any future outage/instability on a case by case basis.
