## **(ii) Course Curriculum Evaluation**

S.No.	Description
1.	The curriculum meets the present day requirement of the industry.
2.	The curriculum can be recommended to continue without change.
3.	The Project work provides sufficient experience to students for developing skills in problem solving and communication.
4.	The training/internship component in the curriculum exposes the student to industrial environment and its associate challenges.
5.	The elective courses offered are giving ample opportunities to create rich mix of courses based on the liking and aptitude of the students (CBCS).
6.	The Department Core Courses (DCC) ensure the basic domain knowledge necessary in the respective discipline.
7.	The specializations provide a great deal of flexibility in developing skills in specific sub-domain area.
8.	The relative grading based CGPA system with more weightage to continuous evaluation has helped students to grow throughout the semester and relieve the pressure at the terminal end.
9.	Is it desired to introduce credit transfer through Massive Online Courseed (MOOCs) through platforms such as NPTEL, SWAYAM, Courses etc to help students to learn and rate themselves at the national/global level.
10.	The courses are simulating & broadening and help in improving overall skills.
11.	The courses offered in the curriculum are helping students to inculcate ethical, moral and human values and gender sensitization.
12.	The courses encourage students to take up entrepreneurial activities /start-ups

## Suggestions From Students

S.No.	Description
1.	Choice of department electives could be made a bit more diverse, that is, it would be more beneficial if students are allowed to choose their electives considering the M.Tech Coursework.
2.	More practical oriented courses are the requirement of the day to compete with huge competition and upcoming opportunities
3.	Regarding Curriculum, there should be electives regarding new technologies which is emerging in the field of software engineering such as Blockchain, Deep Learning, virtual and augmented reality etc.
