

VANCOUVER TO TORONTO BY RAIL

Orbridge

A Nostalgic Journey Aboard VIA Rail's
The Canadian in Premium Class

Vancouver to Toronto by Rail | Itinerary and Highlights

VIA Rail Canada operates on tracks owned by freight companies, like other passenger railways in North America. While VIA Rail strives for on-time departures and arrivals, increased freight traffic on the railway will often cause delays. These delays could result in delayed departure from Vancouver, delayed arrival in Toronto, and shortened / limited time off of the train. The majority of your time on this tour will be spent aboard the train. Simply unplug and embrace the journey. Onboard services are guaranteed. Any changes to the schedule will be communicated and updated throughout the journey.

Day 1: ARRIVE IN VANCOUVER, BRITISH COLUMBIA, CANADA Upon arrival to Vancouver International Airport an Orbridge representative will be waiting to assist with your transfer to the hotel. Activity Level: Guests should be comfortable boarding and disembarking trains without assistance, walking and moving between cars while the train is in motion, and navigating steep, narrow stairs to the upper level of the observation car. All hallways are narrow and have handrails, but train travel can be unpredictable and some unexpected movement may occur. Guests who enjoy the relaxed pace of train travel will delight in spending much of the program's time on the railway. At brief train stop locations, ground may be uneven and covered in loose gravel, with no sidewalks.
