CHARTERS THREE PEAKS CHALLENGE

Today, ten of our intrepid staff hope to complete the Three Peaks Challenge. This is an iconic race-against-time to scale the three highest peaks in England, Scotland and Wales in under 24 hours.

They will experience temperatures as low as -8 as they complete the Ben Nevis leg of the challenge, use around 5000 calories over the climbs, and the lactic acid in their legs will take days to disappear.

They are putting themselves through this with the aim of raising £10,000 for our Unity Fund. This supports students and families who may be experiencing financial difficulties.

Our Summer Fair is taking place on Saturday 29 June so that we can all celebrate the completion of the challenge together, and we would like to thank all the individuals who have supported us to make this event a success; from the local crafts-people in our Artisan Marketplace, our Year 7 students hosting the Games Zone, and our school catering team Cucina with their incredible street food.

To the sponsors, volunteers and visitors, this has been a real show of community spirit.

We began fundraising for the Three Peaks Challenge in February and had raised an astonishing £8841 as the programme was printed on Thursday. Students and staff will be hoping to push the figure a little higher on 13 July when they will be attending the Summer Race Day at Ascot Racecourse, and undertaking the challenge of completing 37km during the event on a treadmill.

If you would like to be part of our Three Peaks Challenge story and could make a donation, please use the QR code below. Thank you.
