## General

- All prices shown are in British Pound Sterling (£) (GBP)
- All prices quoted exclude VAT (charged at the prevailing rate) and are valid for a period of 30 days from the quote date.
- Playground equipment availability is upon request.
- Lead times provided are non-binding and are only an estimation based on current operating conditions. We accept no liability for any delays in delivery or any consequences arising therefrom.

## Payment Terms

1. Payment Terms will be detailed on the Massey & Harris (Engineering) Limited Order Acknowledgement form
2. Orders placed on a Pro Forma basis must be paid in full within 7 days from the date of the Pro Forma invoice.
3. Where credit is given, accounts shall be paid 30 days from date of invoice.

- Prices are submitted on a variable basis and could change if we experience any difficulties in the installation of your equipment that are outside our control. The client will be made aware of any changes that take place within the contract. See Variations section.

- Unless stated otherwise elsewhere in the Contract, Massey & Harris (Engineering) Limited shall, following receipt of the customer Purchase Order, require the Customer to pay a deposit of up to 50% of the value of the Contract before any works commence.

- Interim invoices will be submitted on a monthly basis to the value of playground equipment completed on schemes in excess of £30,000.00

- Prices are subject to change without notice. E&OE.

## Other

- Massey & Harris (Engineering) Limited is not responsible for any planning permission or building regulation approval which may be required in connection with the installation of any playground equipment.

- The customer should at all times maintain a responsible attitude towards the continued management of the playground equipment with respect to the on-going inspection of the equipment in line with recommendations outlined by the British Standards Institute, the HSE, ROSPA, Insurers and any other body who have advised on day to day monitoring of play equipment which has been installed on a permanent basis. Any faults or defects should be reported to the company at once, and equipment should be put out of commission until faults have been rectified by the company. Upon completion of your project, Massey & Harris (Engineering) Limited shall issue Operations and Maintenance Manual which must be read, understood and put into operation to comply with BS:EN 1176 & 1177

The above is an abridged version of our Terms and Conditions. Our full Terms and Conditions are available upon request.
