Why Turtle?

Turtle is a global leader in industrial and electrical distribution, industrial automation, supply chain management, energy management, and infrastructure modernization, providing the industry a comprehensive range of distribution, technology, and sustainability solutions with locations throughout the U.S., Mexico, Puerto Rico, EMEA, and Canada.

As a fourth-generation, family-owned Certified Women's Business Enterprise (WBE) with over 100 years of history, Turtle stands at the intersection of technology and sustainability. Our project teams bring together experienced industry, operations, engineering and technical solutions specialists that go beyond transactional customer relationships to deliver mission critical projects and solutions your business needs today, while preparing you to meet the high-stakes challenges of tomorrow.
