HIGHLIGHTS VITAFOODS 2025

galenIQ™

SWEET FILLER & BINDER

galenIQ™ is a water-soluble filler binder derived from sugar beet - a sustainable plant source manufactured in Germany according to IPEC GMP Guidelines. galenIQ™ makes your formulation taste better!

GBL-MEMORY¹

PATENTED COMPLEX

Innovative, natural & science proven solution for memory improvement. Patented complex with L-Theanine (from Camellia sinensis) and Oligosaccharide (from Morinda officinalis).

Mineral Solutions

SiO₂ REPLACEMENT

Natural and functionalized calcium carbonate from Omya for a wide range of applications: Calcium supplementation, buffering agent, anticaking, fast disintegration, high liquid absorption capacity, excellent binding, improved compactability, lower ejection forces, Titanium Dioxide coating alternative and Silicon Dioxide replacement. Omya's products will make your formulation easier!

Wowbab®

THE MULTI-FUNCTIONAL FRUIT FULL OF SOLUTIONS

The organic fruit powder from the African "pharmacy tree" is a multi-functional fruit full of solutions for the food and nutraceutical industry. Baobab is a valuable natural ingredient with: 50% fiber content, high in vitamin C, calcium, potassium and magnesium. Its functional benefits include a proven emulsifying effect and an excellent carrier with sustained release effect.

Vitamins & Premixes

CUSTOMIZED INGREDIENTS

The leading expert for fat- and water soluble vitamin A, D2, D3, and E as well as customized premixes and blends with vitamins and minerals aimed in food and nutraceutical applications.

Plant Extracts

DRY & LIQUID

Discover the power of nature through a wide range of liquid extracts from L.E.V. and premium dry extracts from Sanat products. The perfect partners for each dosage form.
