Help Us Reach 100 – We're Almost There!

In early February, we reached out to you with a simple request: *share your experience with Capitol View Credit Union by leaving us a Google review.*

At the time, we had just 43 Google reviews. Our goal was to reach 100.

I'm excited to share that we're nearly there!

Thanks to many of you taking a few moments to share your kind words and experiences, we've grown to **87 reviews**—and even more impressive, we're proud to have a **perfect 5.0 star rating**. That's no small feat, and it speaks volumes about the service, trust, and relationships that define Capitol View.

Your reviews do more than make our day—they truly make a difference. When eligible members are searching for a financial institution they can trust, the feedback you've shared helps them feel confident choosing Capitol View. And, most importantly, your words tell our story in a way we never could on our own.

**If you've already left a review, thank you.
Your support means more than you know.**

If you haven't had a chance yet, at time of publication, we're just 13 reviews away from our goal of 100 and we'd love your help getting there.

Simply scan the QR code and share your experience. It only takes a minute, and it makes a lasting impact.

Vote For Your 2026 Board Candidates

A key part of the Annual Membership Meeting is the election of our Board of Directors. This year three positions are open, each serving a three-year term. Incumbents Steve Larson and Matt McCormick are seeking to retain their seats, while Amy McManus and Michael Mertens are running as new candidates. In addition, Tara Washington, who was appointed to fill a vacancy in 2024, will stand for member retention.

Members age 16 and older are eligible to vote. If you're unable to attend, absentee ballots are available by contacting the credit union or completing the request

form on our website. Absentee ballots must be returned in person or postmarked by April 17, 2026. Voting will also take place in person at the meeting from 5:00–6:00 PM. Please note that nominations will not be accepted from the floor.

We encourage you to take part in this important tradition and have a voice in shaping the future of your credit union.

Beware Of Home Improvement Scams

Not every contractor knocking on your door is the real deal. Be cautious if they:

- Show up uninvited
- Pressure you to decide on the spot
- Refuse to put details in writing
- Ask for full payment before work begins

And, even when hiring a legitimate professional, it's important to verify they're licensed in your state. Spring upgrades should improve your home – not drain your savings. Take your time, do your research, get estimates, and protect your finances.

When planning a home project, avoid:

- unlicensed contractors
- high-pressure sales
- cash-only requests
- upfront payments

MEMBER TESTIMONIAL

"Love the personal service. When I banked at another bank, I was just a number and I received very little service/care when I had questions/concerns. That all changed when I switched to Capitol View CU. I appreciate getting my questions/concerns answered on the very first call or visit. Highly recommend Capitol View CU. Keep up the great work!" – Matthew V.
