HEADMASTER'S COMMENT

Bryanston High prides itself on being a dynamic institution where there is constant re-assessment of methods, programmes and facility needs. Since the early Eighties the premise that has governed our thinking has been that technology and its accompanying extension of knowledge needs to be recognized and catered for in our educational approach. Pupils need to be put in touch with what their careers and society will require of them. The 'pupil active' learning programme, the computer-competence lessons and this year's introduction of computer-aided education through the Sergio mathematics course represent, in sum, significant steps forward into the future.

The combination of staff initiative and parent support is the foundation of an extremely successful academic venture that produces adaptable young adults capable of meeting the challenges of a changing society. And change, the clarion call of South Africa, is a constant factor in all facets of life today. Are we as a community equipped to cope with change? The answer is, I believe, a clear 'yes'. Model B, a significant step towards social change, was accepted with realism and equanimity. Multi-cultural education is part of our daily routine, accepted with calm pragmatism and a sense of justice done. Model C, with little option on our behalf, was thrust upon us. Realistically there is no alternative if we wish to maintain our cherished standards of education. Resigned to the inevitable, the community has shouldered the financial burden of ensuring a sound education for their children. Just as inevitable is the fact that the process of change in our country is far from complete. Adaptability and progressive thinking must continue to be our credo if we are to ensure that we remain in the forefront of education. At the same time the fundamentals of our present ethos and success as an educational institution must be retained as far as circumstances permit.

Change is a mercurial creature; at one time a source of exciting new vistas and experiences, at another time the cause of uncertainty and discontent. At present we live in volatile times, yet if we do not anticipate a bright, if different, new era, despondency must dominate our lives. In the interests of our children, dependant as they are upon us for a perspective on life, I suggest that we must foster within them a belief that calm, security and opportunity lie somewhere ahead. In the meantime, their focus must be on acquiring the knowledge and life skills that are, by their nature, inalienable possessions, secure within our children's minds.

GOVERNING BODY REPORT

The past year has seen the implementation of considerable change at a national level of schooling structures in South Africa. By far the greater number of schools in the country have felt compelled to adopt the Model C option. This has led to principally three things. First, the erstwhile Management Council has been replaced by a Governing Body tasked with wide ranging responsibilities and some authority. Second, parents have been compelled to pay a great deal more for their children's education and, without the tax benefits of contributing fees to a trust fund, can now be taken to Court for failing to meet their financial commitments to the school. Thirdly, there is an uneasy feeling that even Model C, with its increased financial burden to parents, is only a temporary phase in a multi-stage plan to place the total financial obligations for secondary education squarely in the hands of parents whose children benefit from the service.

At this stage Government is still paying the teachers and making a basic contribution to running costs. We should not be surprised, if in time to come, teachers' salaries also become the responsibility of parents. For 1991 the Governing Body managed to keep school fees at R1 950 per annum for a first child. It is expected that in 1992 this figure will increase to R2 400. By October of this year 303 (45,7%) families had paid in full, 313 (47,2%) had made part payments and 47 (7,1%) had contributed nothing at all. Although a limited number of bursaries will be available to assist in cases of genuine need, far stricter measures for the early collection of fees will have to be instituted early in 1993.

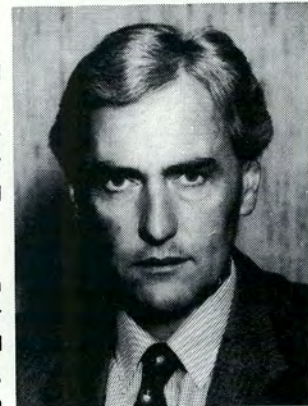

It is hoped to maintain the pupil complement at a level between 850 and 900 since a minimum critical mass is essential to render viable the prescribed levels of school fees. In 1991 the school had 523 families with 1 child at school, 127 families with 2 children and 13 families with 3 or more children, giving a total of 663 families.

At the end of this year four senior and long serving members of staff will accept the retirement package offered by the Education Department in respect of the new dispensation. Consequently, it is with great sadness and an enormous debt of gratitude that the School bids farewell to Jenny Saayman, Ron Chiappini, Horst Heinzen and Blanche Quail. Moira Price, who has served as secretary for twelve years, will also be retiring. Our gratitude and good wishes accompany her to the coast. During the year, Pat Waite took over the position of Estate Manager from Rolf van der Merwe and the School is privileged to have its assets in such diligent, caring hands.

Mr Paige completed post-graduate studies at Randse Afrikaanse Universiteit and accepted a bursary to do further research in education on the Continent and in the UK. The school is proud to have at its helm someone so well qualified, who still has the energy to upgrade further his skills for inspired custodianship of our children's education. The Governing Body wishes to record its gratitude to the senior staff and more particularly to Brian Algie and Shane Cuthbertson for their management of the School during Mr Paige's absence.

In conclusion, I wish to record my gratitude to the parents, the Staff, the Parents' Association and my colleagues on the Governing Body for their confidence and support during the year past. A great deal has been achieved and even more remains to be done. We look forward to the challenges of 1993 and trust that, with the correct levels of funding, we will be able, not only to maintain, but build on the excellent standards of education the school has been able to offer its pupils.

PARENTS' ASSOCIATION REPORT

This has been a watershed year for the Parents' Association, with the need arising to reassess the role of the P.A. in the life and times of Bryanston High School.

In the past, the P.A. was always responsible for generating funds and then allocating the funds to the necessary requirements of the school. Fund-raising formed a vital part of the P.A. function. With the formation of the Trust Fund in 1984, the fund-raising function was removed, and the P.A. simply disbursed funds as and when they were needed. They were the keepers of the purse. This now all falls under the School Fund, and is controlled by the school itself.

Ever increasing running costs, inflation and poor economic circumstances shifted the emphasis once again to the need for extra income. Part of these funds can be levied in the form of school fees, but the call for the P.A. to raise funds came at an Annual General Meeting some two years ago. The parents granted the P.A. a mandate to proceed with fund-raising projects to generate funds.

However, such a step would have limited success if there were no response or commitment from the entire parent body. Hence, for the past while, the P.A. has been trying to generate goodwill amongst the parents and attempting to get them back to the school by means of various "social" functions. These have taken the form of Golf Days, musical entertainers, sporting activities and various others. In the process, some money was raised but the emphasis was on parent involvement. Hopefully the future projects will not only involve parents, but will also raise a lot of money.

During the course of 1992, Bryanston High firstly became a "Model B" school, and then on the 1st August its status changed to that of "Model C".

The latter change has far-reaching consequences for most aspects of school life. The most important change pertaining to the P.A. is that it will now fall directly under the auspices of the newly elected Governing Body. However, its autonomy ought not to be jeopardised. Its specific functions will be clearly outlined and hopefully it will be an efficient, involved body of parents, working concertedly for the betterment of Bryanston High School.

As the year gallops to a close and the Matrics feverishly prepare for their finals, may I wish them every success, not only in the exams, but in their chosen careers as well. I feel especially nostalgic about the departure of these Matrics since my own daughter will be embarking on the exciting journey of life beyond school.

I would like to thank my P.A. Committee members for the fervour and enthusiasm with which they tackled all projects this year. My gratitude to the staff for their unending support and friendliness and a special word of thanks to Mr Paige for his friendship and guidance during my term of office.

May the holidays be restful and safe. May Christmas be a blessed, joyful family time. And may the New Year be a time of peace and prosperity for you all.

LETTER TO SCHOOL MAGAZINE

I would like to pay tribute to the background people - those who play a role in events but are happy never to have the spotlight shining on them:

To those mothers who are always there to serve tea at sports functions - sometimes never thanked - but always willing.

To the fathers who watch all the sport, quietly supporting their children and never missing a game.

To the teachers who give up extra time to help children falling behind in their work, never expecting reward or thanks.

To the children who are given a job to do and just get on with doing it, never making a fuss; always reliable.

To all these quiet people, I thank you.

MOTHERS' COMMITTEE REPORT

Just over a year ago I totally shocked myself by uttering the words, "I think I can Chair the Mothers' Committee next year."

My predecessor, Mrs Stafford, gave me a rather odd look (did she know more than me?) and then simply said, "Yes!" After that I went into "training" for the rest of the year, which stood me in good stead for 1992.

The year started off at a good pace with cocktail parties to welcome new teachers and new parents, the orientation of our bright new Standard Six pupils and our own Mothers' Committee tea to glean as much help as possible from our new mothers.

Swimming was very much to the forefront and the mothers spent a few enjoyable mornings making about 450 shakers, followed by our famous "Swimming Breakfasts" for those swimmers who brave the water at the crack of dawn. The culmination of all this effort was the B-Gala, followed by the A-Gala at Ellis Park.

Our first Drama Society Cultural Evening was a huge success and we were inundated at the interval when tea was served. Meanwhile, Mr Northmore was busy preparing our budding actors and actresses for this year's Major Production, "Seven Brides for Seven Brothers". This was enthusiastically attended by many of our parents and pupils and the Mother's Committee were happy to serve tea, cake and Coke (not chips) at the interval.

The Second Term kept us busy with Rugby and Hockey matches. This proved to be quite a challenge and there was the odd occasion when a team was "missed" and mothers were frantically searching for more packets of Cornchips and Oros! Girls' Hockey teas went off like a dream. Some of those sandwiches looked almost too good to eat. Boys' Hockey was fairly straight forward and I'm sure the boys enjoyed the lovely fresh cake we were able to serve them.

Our grand entry into A-League Athletics proved to be quite a challenge and although the tea was made by standing on a chair to fill the pots and our clothes were all the wrong sizes, the officials who had tea didn't seem to notice!

We are fast approaching our most important event - the Matric Valedictory and this is to be followed by our Tuckshop Mothers' luncheon.

It has been a very full, fun-packed year for the Mothers' Committee and the experience I have gained should hold me in good stead for the future.

Headmaster, **Mr R.E. Paige** has guided us through another eventful year, with the change-over to Model C keeping him busy. He also found time to graduate from RAU with a Bachelor of Education degree. In October he and Mrs Paige left for Europe for a brief holiday, whereupon Mr Paige continued to London, to research multi-cultural education at various schools and universities.

Apart from running the Biology department this year, our Deputy Headmaster, **Mr S. Cuthbertson** has been in charge of Swimming and coached our Junior rugby players. In October he took leave to tie the knot with Miss C. Ravenscroft, an ex-teacher at BHS.

Mr B. Aigle, Deputy Headmaster, took our Standard Sixes through the History archives, managed our Athletics Team and was Acting Headmaster for October.

English Head of Department, **Miss J. Saayman**, controlled the Cultural activities in the school, ran Public Speaking and our Charity collection, organized the Valediction and assisted with the Debutantes' Ball.

Computers were taken under wing by **Mrs V. Chiappini**, Mathematics Head of Department, who was also in charge of our Debutantes' Ball and was a Standard Seven Standard Controller.

Mr J. Breytenbach, Science Head of Department, was in charge of Mercury House, our Golfers and Standard Seven Boys and assisted with Rugby and Athletics. He is also studying for a diploma in Datametrics at UNISA.

Home Economics teacher, Mrs B. Weir is our Head of Department Practical Subjects and took charge of Boys' Squash, Interact, Apollo House and was a Standard Eight Standard Controller.

Head of Department Geography, Mr D. Smith, controlled the Standard Six Boys, Apollo House and assisted with Cricket and Rugby. He was also the co-ordinator of our Sports and estate duties.

Mr I. Morrison, History Head of Department was responsible for Cricket, the Young Historians, the J.S.E. Game, Jupiter House and the Standard Nine Boys. He also assisted with Rugby and the teaching of Business Economics. Not satisfied with his B. Comm. degree, he is studying for a B.A. at UNISA. Apple of his eye, Roxanne, was born in December last year.

Rugby Master, Mr W. Essex-Clark is our Guidance Head of Department and led the Cadets, our Standard Eight Boys and assisted with Swimming. He, too, is studying a BA through UNISA.

An import from Stellenbosch, Mrs C. Schreuder arrived as our Afrikaans Head of Department this year, to take charge of Netball and Mercury House and assist with Athletics.

Mistress-in-charge of Boys' Hockey and Cross Country, **Miss F. Rennie** (l.) taught Mathematics and assisted in Athletics. She also completed a diploma in Manager Development. English and Geography teacher, **Mrs M. Whitfield**, controlled the Standard Six Girls, taught our immigrants English and was involved in School Driver Education and Public Speaking. Another member of the English Department, **Miss C. Traviss** was involved in Girls' Tennis, Hockey, S.C.A., Public Speaking, is busy with her Honours Degree in English at RAU and found time to get engaged this year!

Geography Teacher, **Mrs G. Fulcher**, took time off to devote to Jenna, born in May, but before doing so, organized the Swimming B Team.

Ms E. Pretorius ran the Bible Education Department and the S.C.A., besides assisting with School Driver Education, filing duties and the Magazine. Relief teacher for French and Afrikaans, **Mrs C. Ludik** stayed on to take over from Mr G. Froud (who left us in July) as English teacher and editor of the Magazine. She is busy with her Honours Degree in Psychology at UNISA.

In charge of our Badminton players, Afrikaans Teacher, **Mrs B. van der Colf** was also involved in Netball and Drama.

Indoor-Hockey and Squash Mistress, **Miss C. MacQuillan**, a Biology Teacher, assisted with Hockey, Matric Dance Committee and the Magazine.

An English Teacher, **Mr C. Northmore** was responsible for the Major Production and House Plays, coached Rugby and Cricket, assisted with the Magazine and was Neptune House-Master. We congratulate him on his promotion to Head of Department English at Glen Vista High!

Mrs D. Meikle taught Mathematics and was involved in Squash, Cricket, Netball and Matric Dance Committee.

Shooting Master, **Mr M. Gillespie**, also ran our Industrial Arts Department.

French and Afrikaans Teacher, **Mrs A. Hall** helped with the S.C.A. and was kept busy on accouchement leave, raising Jonathan, who arrived in February.

Rugby and Cricket coach, **Mr J. Skelton** taught Afrikaans and assisted with Athletics.

Miss D. Mace, also in the Afrikaans Department, coached Netball and was involved with the Matric Dance Committee.

Mrs M Snyman (l) relief-taught in a History post, then took over German, Bible Education and Computer Studies. She also assisted in the Media Centre. Mrs H. Von Ludwig (r.) organized Chess and helped with Wildlife and School Driver Education. She taught Afrikaans.

Mathematics Teacher, Miss G. Jooste took charge of the Photographic Club and assisted with Boys' Tennis and the Magazine.

Miss M. De Wet, Geography and Afrikaans Teacher, was involved in Swimming, netball and Drama and will be joining the ranks of the happily married in April next year!

Business Economics Teacher, Mrs J. Foreman (l) was married in February. She assisted with Boys' Squash, J.S.E. Game and the Media Centre, while our Accountancy Teacher, Mrs S. Scruton (r.) joined us during the year and helped in the Media Centre.

Ms L. Wilkinson saw to our girls' Physical Education and taught English. Hockey, Netball, Athletics and Drama enjoyed her support.

Science and Biology Teacher, Miss H. Arderne, coached Tennis, Hockey and Indoor Hockey.

Zulu at BHS is Miss Hayne's department. She was also involved in Girls' Tennis, Drama and the Dance Group.

Mr B. Bibb taught Biology and Geography, ran Boys' Tennis and coached Athletics and Rugby.

Ex-pupil, Miss E. van Nieuwkerk arrived on the staff this year to teach Mathematics and involve herself in Badminton, Tennis, the Major Production and the Photographic Club.

Biology Teacher, Mr M. Bowle managed the Wildlife Society, Drama and First Aid and was involved in Boys' Squash.

Girls' Tennis Mistress, Mrs E. Harris taught Science.

Mrs B. Quall (l.) ran our Media Centre, taught English and was involved in Public Speaking, while Mrs E. Loolj (r.) ran the Art Department and Pottery, and involved herself in Drama.

IN MEMORIUM

When the site of Bryanston High School was hectares of veld, a young Zulu man from Bulwer, in Natal, arrived as a member of the construction team that began laying the foundations of the buildings. Two years later the work was complete. Lucas Dumas bade farewell to his fellow builders and joined the original staff of the school when it opened in 1968.

Lucas continued to build and develop. As Induna of the groundstaff he led, by sweat and example, the work in establishing the fields. Many of the trees and shrubs that grow tall today were planted by him. He supervised the cleaning of classrooms while attending to his own allotment. When the caretaker was on leave he stepped in with quiet efficiency to oversee the fields and buildings. At the close of day his was the lonely figure moving along the passageways checking that all was secure.

In his time off, Lucas could be found in quiet conversation with his co-workers in their favourite corner by the Nicol Highway bridge. Their respect for this natural leader of men was always apparent. He was a fair taskmaster whose abiding concern was the welfare of his men. When the need arose he negotiated on their behalf with the sagacity of a sensible man and the dignity of a proud race. He selected replacements when the need arose and, inevitably, his judgement was sound. In 1991 his son, Prince, joined the staff, a proud moment for the Induna.

On Sunday, 4 October 1992, Lucas Dumas passed away in his sleep, a few months short of 25 years of exemplary service to the school he loved. It is his legacy that he will be mourned deeply by those who had the privilege of knowing him well. He will also be remembered as a familiar and respected figure by the thousands who passed through his school.

Personally, I feel that a special person has left my sphere. I have the profoundest respect for Lucas Dumas whom I regard as a truly noble man, one of proud bearing, compassion and personal worth. I will miss our conversations about life, his dry sense of humour, his sense of belonging and his wise counsel. Lucas Dumas was a simple man in his needs and background, but he was profound in his values, a man of integrity of a depth not often encountered. Bryanston High has lost one of its traditions.

MR R.E. PAIGE

RETIREMENT

It is said, without real validity, that no one is irreplaceable in an organization. Proponents of such a viewpoint ignore the essential individuality of each and every person, the unique relationship of a person with others and the personal feel a person incorporates into his or her work.

Bryanston High bids a reluctant farewell to two special individuals, true ladies, dedicated educationalists and valued colleagues, mentors and friends. At the end of the year the distinguished careers of Jenny Saayman and Veronica Chiappini draw to a close with their retirements. Bryanston will never be quite the same again for the many whose lives have walked alongside theirs.

Appropriately Jenny and Ron share an office. The common bond between them is their love of their respective subjects and young people. When one enters their room one does so in the knowledge that it is a place of human warmth, ready humour, wise counsel, compassion and encouragement. Invariably two heads are bent over piles of work being tackled with characteristic thoroughness, competence and reliability. One's entrance, however, be one a pupil or colleague, elicits an immediate welcome, work is delayed, and one's needs as a person are addressed.

Despite their mutual empathy for people, Jenny and Ron are very much individuals and characters in their own right.

Jenny Saayman is a product of Potchefstroom Girls High. Her love for the English language imbues her life with a cultural richness that she brings with her into her classroom. A champion of the underdog, she is their voice in the school, arousing a social awareness that has brought forth an annual flow of food, warmth and financial support for the needy. Animals are a focal interest in her life as well as her pupils. Sometimes these interests overlap as is evidenced by her affectionate labelling of her liveliest class as 'The Zoo'.

Jenny Saayman

Ron attended Pretoria Girls High. She brings to her Mathematics lessons a patience and sense of humour that provides her pupils with a feeling of security and warm concern as they struggle with the cold logic of abstractions. Her love for life and fun is uplifting for others. The annual July Handicap draw is her domain. An avid reader, she also finds the bush an abiding interest. Conversation with her is a stimulating encounter with a lively, well informed mind, invariably including a chuckle or two.

I owe a great debt of gratitude to Jenny and Ron. Since they joined me as Heads of Department in the early days of my headship, they have given unstintingly of their talent, experience and support, both to me and Bryanston High. Their counsel has assisted me and others on the executive to grow in wisdom. Their positive influence has manifested itself in

people, values and procedures. All I can offer them in return, on behalf of all, past and present, is a profoundly felt 'thank you'.

Ron Chiappini

Blanche Quail

I wish to record my thanks to Blanche for her work in ensuring that the Media Centre fulfilled its purpose as the heart of learning within the school. She can look back on her career with the satisfaction of a job well done. Her three merit awards represent an acknowledgement of professionalism very few teachers achieve. We are fortunate that destiny granted us her contribution in her final years of a long career of service to pupils.

Horst Heinzen takes leave of us at the end of October. A dedicated teacher, devoted to his German pupils, he also stepped in to assist with the teaching of Bible Education and Computer Studies.

What has impressed me about Mr Heinzen has been his willingness to involve himself in a variety of school undertakings. He assisted with the chess team, acquired the knowledge to umpire cricket and also involved himself in tennis, athletics and cross country. His contribution in the extra-curricular programme has been a valued one indeed.

Indicative of his keen interest in his subject, Horst spent many afternoons at Bryanston High, teaching German to pupils from other schools. He holds an Honours Degree from the University of Regina, Canada and a Masters Degree from the University of Western Ontario in the subject.

Mr Heinzen is respected within the school for his dignified demeanour. With his retirement the school has lost a valued employee. His sense of humour, co-operation and wisdom will be missed. I take this opportunity to wish him all the best in his retirement year and every success in his continued studies.

Horst Heinzen

Another great loss to the school will be one of our long standing secretaries, **Moir Price**, who has been with us for 12 years. Moira, with her cheerful smile and enthusiastic approach to life has been invaluable as one of our 'front ladies'.

Our resident counsellor, many staff members benefited from her wise words. I know that my staff valued her extensive knowledge of all departmental matters.

I will be sad to lose such a loyal employee and friend and wish Moira well in her retirement in Port Elizabeth.

MEDIA CENTRE REPORT

In previous years I have sometimes begun this article with the words: "This year has been a very interesting and full year in the Media Centre". However, this year I shall begin with these words: "My career as a teacher for over twenty-five years and particularly during these eight years at Bryanston High, has been very interesting and full; something I wouldn't have missed for the world. I count myself lucky that, almost by chance, I landed in the teaching profession and I can say with complete honesty that I have had a very happy working life. I've taught in some excellent schools under some outstanding principals; Bryanston High coming top of my list. I've made friends of all ages from six to sixty. I've learnt a lot about myself and, most important of all, I've laughed so much! Thank you, all of you out there who, over the years, have touched my life as a teacher - it's been wonderful!

Mrs Quail and her Media Assistants

Our Media Centre is, as always, a busy place. The auditorium is constantly booked solid as the teachers find this facility so useful - the large screen, excellent acoustics, comfortable lecture room atmosphere all help so much to make their lessons interesting and rewarding.

The 'book' section is fairly comprehensive now so that pupils can find information on most subjects they enquire about. And pupils do still read for pleasure, you know, despite all the negative comments about our "illiterate youth" and the fact that they don't read anymore because of television. Of course there is an element of truth in this, but from my daily experience I can assure you that if your child is encouraged to listen to stories at an early age, is provided with books when she can read, is supervised into spending some of her leisure time reading and if she lives at home where books are part of the furniture and are read and talked about by all, then your child will go on reading for the rest of her life. She may never be an avid reader but books will always be important to her.

I wish the pupils, parents and staff of Bryanston High every success for the future. Thank you for eight wonderful years - especially to you, Mr Paige, who always treated me with the utmost kindness, consideration and trust.

Blanche Quail

HOME ECONOMICS REPORT

Like every other year, this one has been no exception and all the pupils have worked hard to produce a huge amount of beautiful work. Sadly, we have not had the opportunity to participate in any major cookery competitions this year as, owing to the poor economy, the sponsors withdrew the competitions.

Our Home Economics Display was the highlight of the year with all girls modelling their outfits to a panel of outside judges. Other work done by the pupils was displayed in the Media Centre and an enjoyable evening was had by all who attended.

The following awards were made to those girls who excelled in the subject this year, together with those who were the top models for the evening:

- Top Std 6 practical work:** Sandra Gardyne
- Overall best Std 6 pupil:** Sandra Gardyne
- Top Std 7 practical work:** Joanne Wakefield
- Overall best Std 7 pupil:** Joanne Wakefield
- Top Std 8 practical work:** Kim Hofmann
- Overall best Std 8 pupil:** Kim Hofmann
- Best modelled outfit Std 8:** Sheree Spurrier
- Top Std 9 practical work:** Collette Blane
- Overall best Std 9 pupil:** Collette Blane
- Best Modelled outfit Std 9:** Robyn Ferrar
- Overall best Std 10 pupil:** Andrea Huggett
- Best Modelled outfit Std 10:** Catherine Giattas

Our sincere thanks go to all parents for the support and co-operation we get in our subject. We hope the girls have learnt and benefitted from their busy year and we look forward to 1993.

ENGLISH OLYMPIAD

Staff Responsible: Miss J. Saayman

Entrants: Tracy Drummond, Bernard Kuc, Samantha Marais, Nicole Nuppenau, Vanessa Olivier, Alison Tetley, Richard Weinmann, Yael Zalk

Even though the results were not as dazzling as those in 1991 - with Sarah Lincoln attaining twelfth position and Melissa Davidson being placed in the first hundred out of approximately three thousand candidates - our pupils achieved average ratings this year, but they broadened their intellectual horizons in their study of Athol Fugard's "My children in Africa". They also experienced the discipline involved in writing a two to three hour Open Book Examination.

Congratulations to all the candidates who made an effort to extend themselves beyond the classroom.

MATHEMATICS OLYMPIAD

Staff Responsible: Mrs V. Chiappini

Entrants: Standards 6 to 10

On March 17th (Referendum Day), Bryanston High School, except for six pupils, was on holiday.

These six pupils all took part in the first round of the Old Mutual Mathematics Olympiad. Bernard Kuc and Andrea Huggett qualified for the second round on the fourth of June. Over 12 000 pupils participated in the first round and only 892 managed to get through to the second round. After the second round Bernard Kuc has now qualified to take part in the third and final round of the Olympiad on the eighth of September.

We are indeed proud of Andrea and Bernard's achievement and wish Bernard good luck in the final round.

AFRIKAANS OLIMPIADE

Staff responsible: Mrs H. von Ludwig

Entrants: Pupils from Standard 6 to Standard 10

Fourteen pupils wrote the exams and did very well. The average percentage was 67,8% and some of the better results were:

- Andrea Huggett: 82%
- Lynne Gordon: 81%
- Nicole Nuppenau: ... 80%
- Claire Houghton: 79%
- Maarten Duiwelshof: 79%
- Bernard Kuc: 76%

We hope to do as well next year!

YOUNG HISTORIAN'S CONFERENCE

Staff Responsible: Mr I. Morrison

Entrants: Louise Slater, Sharon Chapman, Cathy Eaton, Judie van Nieuwkerk

The timing of this year's event was unfortunate, coming only two days after our return from the July holidays. Despite this, Judy van Nieuwkerk managed to progress to the regional finals. Congratulations to her and good luck to next year's contestants.

Mr I. Morrison

Being a Matie beats everything else!

At Matieland we offer you so much more than merely the opportunity to choose those subjects which best suit your aptitude and abilities. There's also the joys of student life – intervarsity, sing-songs, the University choir, carnival, outings with that very special someone ... and a host of other things which make being a student in tradition-steeped Stellenbosch an unforgettable experience.

Academically and socially, Stellenbosch has everything you could ask for:

- A choice of numerous subjects in Arts; Natural Science; Education; Agricultural Sciences; Law; Theology; Commerce and Administration; Engineering; Medicine; Dentistry; as well as Forestry and Military Science (exclusive to the University of Stellenbosch).
- Generous bursaries and study loans.
- Counselling on the choice of study fields and subjects.
 - Accommodation in 27 university residences, as well as private boarding.
- Opportunity for extramural studies.
- Excellent sports facilities and more than 40 student societies.

INTER-CLASS DANCE COMPETITION

Staff Responsible: Ms L. Wilkinson, Mr J. Rautenbach

The inter-class dance competition was held on the 17th June this year. The Standard nine and ten classes were involved in the actual competition and selected groups from the Standards eight, seven and six classes were involved as display groups. A group of Standard six boys performed an enthusiastic gymnastic display to round off the evening.

The dance movements were based on the requirements of the Physical Education syllabus for each standard. The matric girls generally produced excellent sequences based on various cultures with 10D narrowly beating the 10B girls into first place.

The Standard nine girls based their sequences on a poem of choice, establishing a cross-curricular link between Physical Education and English literature. The selected display groups from the Standard eight and seven girls were produced from their class experience and chosen according to their performance.

Ninety Standard six girls participated in the Standard six mass display.

The final results were as follows:

- First Place** 10D
- Second Place**..... 10B
- Third Place**..... 10A
- Fourth Place** 10E
- Fifth Place** 9F

Thank you to all those people involved in the organisation of the evening and well done to the girls who participated. We look forward to next year's Inter-Class competition.

 Fourth row: B. Sucevic, G. Abrahams, J. Knox, D. van Zyl, G. Letcher, M. Chersich, B. Kruise.

Following Bryanston High tradition, twenty-two prefects set off for an exciting and fun-filled Camp at Bushtrails in January, this year. The weekend included physical, mental and "soul-searching" activities. One high-light saw our specialist team managing to break the long-standing Obstacle Course record! On Saturday night, we all got together to decide on our theme song for the year - We'll Be There. Besides getting to know each other, we also discovered various hidden talents.

The year has been one filled with successes. Various prefect socials forged us into a tightly-knit group, helping us to get through the good times and the bad. We had a great deal of fun, too, orientating the Standard Sixes, raising money and helping organise school activities. Our thanks go to the 1992 Prefects for a great year and good luck to all of them, for the future.

Nadine Smith and Andrea Huggett

JUNIOR TOWN COUNCIL

This year has certainly been quite a fruitful one for the Junior Town Council of Sandton. In January, we had an extremely successful and profitable movie premiere to raise funds, followed by the annual Valentine's Ball in February. The choir festival also took place in February. This is held every year at a local school and we raised a record amount at St Stithians. It is a special evening, because it gives the Primary Schools in our vicinity an opportunity to sing with and "against" one another.

In March, the councillors of matric standing finished their term and we said goodbye to Dalein van Zyl from Bryanston, and hello to Amanda Dickson and Christian Abt - our new arrivals from Standard Eight. On the 29th March, we all attended a seminar to get to know one another and elect a new board of executives. Sharon Chapman from Bryanston was elected as Secretary. The induction of the new councillors as well as the newly elected board of executives, occurred on the 31st of March.

On the 16th of May, the council attended the wheelchair relay at the Standard Bank Arena. This proved to be a lot of fun and we felt happy to have contributed towards the raising of funds for a worthwhile cause. A Bryanston High team entered, but unfortunately we only made it through to the semi-finals! On the 7th of June, we held a six-a-side soccer day at St David's Marist Brothers College. This was yet another fun-filled and prosperous day. The Mayoral Church Service and Arbour Day ceremonies proved to be interesting, too.

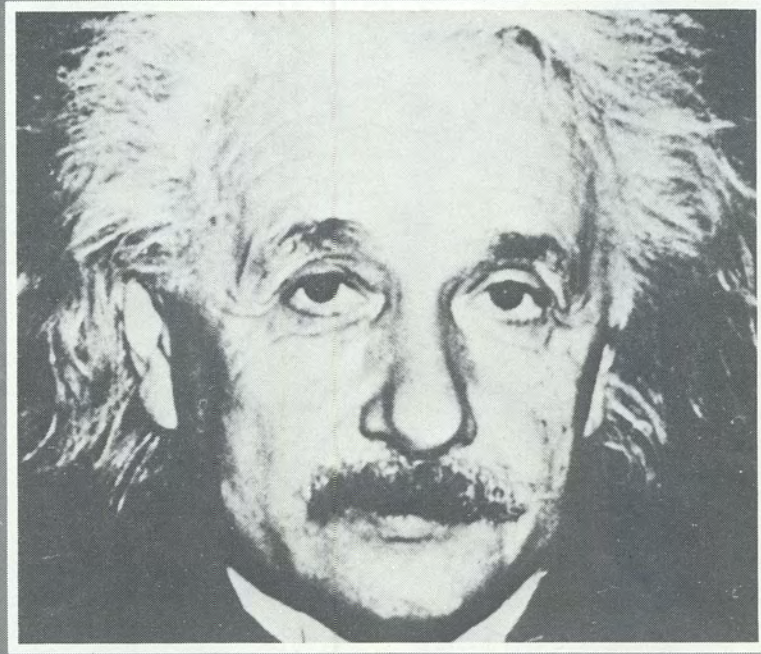

On the 28th of August, the Council visited the Twilight Children's Shelter and took the children out to a movie. This was a very special experience. On the 4th of September, we held our Debutante's Ball at the Sandton Holiday Inn. This has been our biggest fund-raiser yet, bringing in just under R30000 - all of which will be donated to various charities, along with other accumulated funds.

A stay-awake is planned in September as well as a movie premiere for November, along with other fund-raising and community projects. Our aim and purpose is to contribute towards needy organisations and to assist and hold community functions. It has certainly been a full and successful year!

LEADERSHIP CAMP

STANDARD NINE BOYS

This year's camp was different to any of its predecessors. It was more of a "thinking" camp than ever before and this theme was instilled in us from the moment we left.

On Thursday 3rd September, almost fifty Standard Nine boys set off for camp (somewhere in the Magaliesberg) all excited for the experience, but anxious about what was to come. That

night we made camp and each group of boys had to make a war-cry which signified the strength and power of their group.

Friday morning saw us don our Cadet uniforms in preparation for the marching which was to follow. After lunch, we learned the art of bush-camouflage and soon imitations of Rambo abounded, as we ambushed each other along a dry river-bed. That evening we gathered to perform certain plays concerning morals.

Saturday dawned bright, sunny and blustery but we were soon involved in the real "leadership" part of the camp. That day we all learned a very important acronym: LITAM - leadership, initiative, thought, assertiveness and morals. Everyone of us learned much about ourselves and others in the open talks that were given by the staff. The tug-o-war held that afternoon separated the men from the boys, but that evening during 'Stalk the Lantern' many of the boys got their own back and proved that they were men too!

Sunday, the last day of this unforgettable weekend, was spent learning a few more lessons about life. Then, all too soon, it was time to strike camp and go back home.

Leadership camp 1992 was enjoyed by boys and teachers alike. We made new friends and learned that every last one of us has the ability to be a leader. Thanks to all the male staff who came along and helped make this camp a once in a lifetime experience.

Harlen Henderson

LEADERSHIP

STANDARD NINE GIRLS

Neville: You want me to do WHAT, Mr Morrison ?

On Friday 11th September, nearly forty hot, thirsty girls arrived on a farm near Brits. The weekend got off to a successful start, considering that most of us had never set up a tent before, and soon, what looked like a communal village, had been erected on the campsite.

Friday night involved the presentation of some most entertaining drama productions. These included the mimicking of teachers and Melissa Niven's amusing interpretation of a drunk father-presenting us with the challenge of how we would react in various situations.

Early on Saturday morning, some rather frozen girls emerged from their sleeping bags to start breakfast. After a much appreciated warm meal, we started the day's activities. In fact, Mr Paige successfully proved our similarity to sheep when we happily agreed to be led, blindfolded, across a field, through a forest and over a suspended bridge to the far side of the river. Fortunately, this did not happen, but it certainly put our minds to work! We then experienced many informative and enjoyable discussions on subjects ranging from Public Speaking and Leadership to priorities and expectations. We had ample free time, and played Volleyball, swam and lay in the sun, making a meagre attempt to improve our winter "tans".

That night each group set out to stalk the lantern. Although no-one touched the lantern, some people experienced the terror of a yelling Mr Algie or Mr Essex-Clark, rushing out at them from behind a tree or bush. Along with ambushes and kidnappings, it proved to be great fun.

The Camp involved a great deal of self-evaluation and it became clear to us that different people have different skills and that each individual has to find his area of specialization. Many of the problems presented to us could not be solved without sustained group-effort and the theme of co-operation was emphasized.

Along with singing around the campfire, crossing mine-fields and transporting cannibals across the dam, we were kept quite busy for the remainder of the weekend.

Our thanks go to the senior staff for accompanying us and for their contribution in making the Camp fun and educational at the same time.

Dear Friend

(Excerpts of letters from Veldschool)

Veldschools are generally known as punishment the schools are imposing on pupils or places where we go to be tortured by the food or the many hikes we go on. I think people have completely the wrong idea about Veldschool, and only because of the stories they are told.

Veldschool is actually just a normal school, but in the veld. We get up a little earlier and basically we learn things from practicals rather than from theory. It is a place where you "rough it up" a bit and have a great time. Veldschool is also a place where we meet new people and make new friends and face new and different challenges.

When pupils arrive home from Veldschool they have often changed their priorities and values, especially the girls. They come to Veldschool wondering how they'll ever manage without their hair-dryers and make-up kits, but they go home thinking they did survive and that it probably did them a lot of good! Veldschool can change a person's outlook on life. We see the beautiful side of our world and not just the cities and pollution. Here, you have no worries and life seems simpler. You are in the middle of the bush and you are communicating with nature.

Clare de Haas

LEADERSHIP

I just wrote to say HA! You are definitely missing the time of your life! You should have come with us to Glenmore.

All those fears you had about bad food and personality clashes and hard work have proved unfounded in the last two days. I admit that at first communicating was difficult, but now it seems that I've known the Springs boys for ages.

Today was very packed. In the morning, after breakfast we did the Adventure Course, which was very enjoyable; following this the Obstacle Course was completed. If you think this is good, it's only the beginning. We went Shooting and Snorkling in the afternoon, which led us straight to our beds, from where I am now writing this letter.

I really must say that you should have come along with us since this was an experience I will never forget.

Adrian Dickson

I shall always remember Veldschool for the mud, dirt, food and "suffering", but one memory will remain with me forever. I have now learned how to work as a team and how important it is to co-operate with one another. I have made very good, reliable friends who also survived the so-called "Hell-hole" of Veldschool. Teamwork and friends are very important to survive, not only at Veldschool, but in life. These reflections of Veldschool will remain with me forever and have certainly affected my outlook on life and people.

Amanda Dickson

Hiking, not sleeping, making things, getting dirty, having cold showers and having the time of your life - this is what Veldschool is all about.

I am having so much fun at Veldschool. We are at Amsterdam II with Sandown, which is nice because I know many of the pupils who go there. I've made many friends too.

I wish we could stay longer. You'll enjoy Veldschool so much when you go. The food is not bad at all - except for the eggs, which bounce!

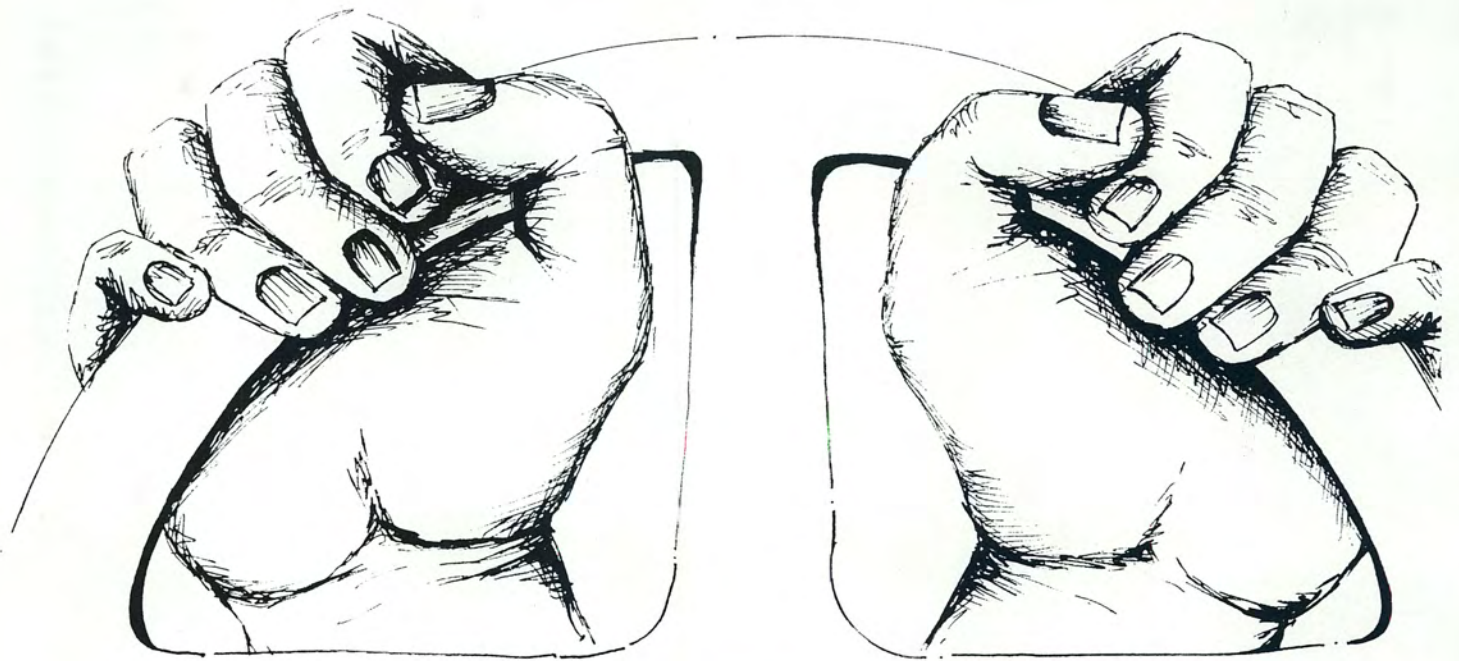

Karen Schwartz

Some people did not come and they are feeling left out because the stories make it sound like such fun - and that's because it was. It is a shame that the N.E.D. don't do it because you Natalians would love it!

This year was a very busy one for Apollo and we proved once again that we really are the house that's "got the SPIRIT".

The year began with the fun-filled Inter-House Gala where, despite coming third, Apollo won the Spirit Award - well done to the "Simpson" clan.

The Second Term followed with a cramped schedule of Inter-House Cricket, Rugby, Netball and Cross Country. In the Third Term we had our Inter-House tennis and 3000m as well as the athletics where all four houses united to form the Olympic emblem. Once again Apollo showed their sunny colour and cheered their way to receiving the Spirit Shield.

On the cultural side, we entered two very successful plays - a Junior and a Senior - in the Inter-House Plays Festival. Our senior play won the award for Best Set and Costumes.

Looking back at the year in perspective, despite our lack of victories, I can honestly say that we can be proud of our achievements, because what we lacked in skill we certainly made up for in enthusiasm. Thank you to all who were willing to participate, no matter how small the contribution; you did make a difference.

Jupiter fought hard in the two major events of the year to ward off Neptune's renaissance. Despite some outstanding individual efforts, we finally had to accept second place in both Athletics and Swimming.

The boys excelled by winning the Rugby section of the competition and placing second in the Cricket, the House Captain, Craig Swanepoel, playing a leading role in both.

The Girls' Open Netball team rounded their season with their fifth successive victory, due largely to the inspiration of Nadine Smith and Tessa Knight. In close parallel to the boys, the girls also placed second in their other major sport - Hockey.

To illustrate Jupiter's outstanding contribution to the House competition Jupiter was again placed

second in the House Plays, Steve Collins winning the Best Actor Award.

My thanks to all staff who assisted, particularly Mrs Deacon who provides such an example to the house.

Green must be the most talked about colour on earth today. Our theme for this year took us back to the roots of the green movement - "Green Peace"

Our "demonstration" at the Gala covered everything from hippies to ozone-friendly aerosol cans (even Sean Strydom blossomed for the cause!). Although we saved the whales, unfortunately we don't swim like fish - and came third overall.

As for the Netball; never was so much done and by so many to so few. With a team that, at one stage, dwindled to four (and had an average height of five foot) we managed to come second!

Our Cricket team had a scream of an afternoon. With Anton von Leeuwen scoring two golden ducks we proved that we could be just as good losers as we are winners!

Our Rugby team had plenty of spirit, fighting their way to second place. We also came second in the Cross Country, with Gary Kruise winning the Senior Boys' race and Robyn Ferrar coming second in the Girls' Senior race.

All the houses banded together in the spirit of the Olympics for Inter-House athletics and Robyn Ferrar and Gary Kruise once again excelled in their events.

We finally came into our own on the stage. Among Mercury's awards were Best Actress (Sharon Chapman), Best Director (Janine Evèrett) and an overall win with the Best Play.

Through all our efforts, Mercury was the messenger, reminding everyone that green is more than just a colour. We trust that Mercury's torch will continue to shine next year. From those of us who won't be here to see it - Good luck!

Greg Abraham and Tracey Robinson Collect the Athletics Trophy

1992 was a good year for Neptune House. We rose from the depths of the ocean to excel in all events comfortably and win the House Cup.

We started off the year with a bang by winning the Inter-House Swimming Trophy for the first time in twenty-two years! Congratulations to Mia Russell and Craig Hart for their outstanding achievements.

We then added the Inter-House Cross Country to our belt, and went on to take the Inter-House Athletics trophy for the second year running. Well done to our senior Victor Laudorum winner, Dion Bate and Victrix Laudorum Winner, Danielle Beardsell, who proved our worth, not to mention our Junior recipients, Petra Spoerk and Hartley Humphreys. Success was also achieved in cricket, and we held our heads high in Netball and Rugby.

A special thank-you to our House Master and Mistress, Mr Northmore and Mrs Caron, who inspired us to great heights and to the House Committee and helping teachers. As captains we were made proud by Neptune's excellent achievements, and we wish our best to the future leaders. Neptune truly is a force to be reckoned with! Stay on Top Neptune!

PILANESBERG CAMPING TRIP

During the last weekend in August the Wildlife Society went on an exhilarating camping trip to the Pilanesberg National Park. We left after school on Friday, the 28th, not knowing that we were about to enter a weekend of fun, sun and more fun. Those three days and two nights were probably some of the most enjoyable that we will ever experience in our entire school careers, if not in our whole lives. The weekend consisted of late nights, early morning game drives, a game walk and lots of fooling around!

Among the many game species we saw were rhino, elephant, kudu, gemsbok and sable antelope, as well as the many other species of buck, birds and animals that are so abundant in the Park. The weekend was a total success. Everybody enjoyed it and we will definitely go again.

GRAHAMSTOWN ENGLISH FESTIVAL

After much planning and organizing, we were finally on our way. Despite "car troubles" outside Bloemfontein we arrived in the early morning to desolate surroundings. Remains from the National Art Festival lay scattered in the road and we were afraid we had arrived a day too late. However, this was just a taste of what was to come.

Thousands of matriculants crawled out of the woodwork from hundreds of schools around South Africa and our cultural shock began! Besides viewing the performances such as Taxi jam, Bloodstream, Women in the Wings and many more, we also took part in various workshops such as African dance; puppet and music-making. We also attended various lectures and speeches and we were especially privileged to be in the audience when Deon Opperman delivered his hilarious speech on "life and love".

"The happening" had been organized for us at the monument while the teachers were supposed to attend a dinner. Mr and Mrs Northmore, however, felt it necessary to "look after us" and showed us just how to do the "time-walk"! It was a wonderful experience. We made new friends and we learned to appreciate Art. We would like to thank Mr and Mrs Northmore for making all of it possible.

STANDARD SEVEN HISTORY TOUR TO THE WAR MUSEUM

Noteably at Bryanston High, a well rounded education is the prime objective. Therefore, the range of compulsory and optional subjects is vast. I feel that History is one of the most important subjects as it teaches values, where one's place in Society is and most importantly, it teaches one to learn from past mistakes. To study History one needs to re-enact each event, with the help of one's imagination. Therefore, it is necessary to have a greater knowledge of the event you are analysing - than what is provided in the textbook - for example what certain artillery looked like, and what each force looked like.

The History tour to the War Museum was of great educational value, as it provided the Standard Seven group with the general knowledge needed to study the World War II section of our syllabus. The knowledge acquired ranged from War-time films of Hitler, Mussolini and Churchill, to the tanks and artillery used by the Allies and the Axis Powers, the way their soldiers were treated, the uniforms they wore and the medals attained by the South African troops for their service.

On the whole, the tour was not only educational but excellent fun, as we got a chance to re-live History. I am certain that every Standard Seven pupil who went on the tour will benefit from it for the rest of their academic and working lives.

MATRIC GEOGRAPHY TOUR TO GOLDEN GATE

Earlier this year a group of matrics went on a thoroughly enjoyable tour to Golden Gate. We were accompanied by Mrs Whitfield, Miss de Wet and Mr Smith who made the tour even more interesting by showing us features applicable to our matric Geography syllabus.

When we arrived we were divided into three groups. Every group was to participate in a particular activity each day. Once the tour was over we had all taken part in an Orienteering Course, which showed some of us that we hope we never get lost in unknown territory! Canoeing came next. It was great fun and ended in a wonderful mud-bath. Lastly and most definitely the best, was the absailing. When the day for my group's absailing turn arrived, I was praying for a miracle to get out of it. My prayer was answered as it began to rain. However, just as I had decided that a Higher Force did not want us to absail, the rain stopped. We were to absail. Contrary to popular belief it was incredible and once we had gone we all wanted to go again. The tour ended with a pleasant hike up Brandwag.

Not only were the activities fun, but we also stayed in comfortable rooms and had first class food from Sherry, our cook. Our thanks go to all the teachers who came along and contributed to it being an exciting tour.

STANDARD NINE HISTORY TOUR TO PRETORIA

In preparation for the upcoming section of South African History, Mr Morrison kindly organised a mini-tour of three museums in Pretoria, which he hoped would shed a little light and background on the subject, as well as provide a well-deserved break from the stressful atmosphere of the classroom. Our group of about forty-five bright, brilliant and often boisterous historians boarded the bus at about 8.20 a.m. accompanied by a rather brave Mr Morrison.

Our first stop was the Old Kruger Residence which didn't look like much from the outside, but which offered a wealth of knowledge once inside. Apart from the actual house, which had been meticulously restored to its original splendour, we also got the opportunity to see Kruger's funeral carriage and the train coach in which he fled from the British to Lorenzo Marques on its original tracks.

Just one kilometre down the road, we parked next to a huge statue of Paul Kruger and proceeded across the street towards an old stone building known as "Die Ou Raadsaal". Despite the historical significance of this building, we were also intrigued by the beautiful architecture, elegant interior, cosy atmosphere and a Vierkleur, which was close on a hundred years old with a remarkable story behind it.

Our final stop was on the outskirts of town at the T.E.D. Museum. Here, the nature of the tour changed somewhat in that it was centred around education (or lack thereof) when Paul Kruger was still a child and this was well demonstrated by Gareth Hewartson who gave a stirring portrayal of "Klein Paultjie". It was also interesting to see photographs of a few of the first schools established in the Johannesburg and Pretoria region and pick up a few hints on cartoon analysis by courtesy of the tour guides.

After a short lunch-break, we were back on the road home, mindful of the day's happenings and with a better understanding of lifestyles during the Nineteenth Century which would no doubt be highly beneficial when the inevitable happens and we are tested on this section.

STANDARD NINE BIOLOGY EXCURSION TO THE TRANSVAAL SNAKEPARK

On Thursday, 13 August, approximately 100 standard nine Biology pupils were contemplating whether it really was worth spending a day at the Snakepark to miss just one day of school. By 8.30 a.m., however, there was no turning back as we all piled onto the bus, grabbing the nearest available seat.

Some twenty five minutes later we reached our destination. After receiving a few brief instructions from our supervising teachers, Mr Bowie, Miss MacQuilkan and Miss Pretorius, we were on our way. Armed with a pen and an unexpected questionnaire, we went our separate ways in search of a number of weird and wonderful reptiles. The Snake Enclosure seemed to attract the most observers, perhaps due to the fact that it was rather chilly outside.

At 11 a.m., questionnaire completed, we gathered around the Snake Pit for a demonstration. Here we learnt some interesting facts about snakes, such as how to react to snakes in the wild, what to do in the case of a snake bite and many other educational tips we picked up. Then came the moment we had all been waiting for - lunch! The adjoining Spur Steakhouse managed to meet our requirements quite nicely and we left the Snakepark feeling very satisfied. We returned to school after a most enjoyable and educational trip. It certainly is more fun to see the animals we study, live, instead of simply observing them in our textbooks!

GIRLS' HOCKEY TOUR TO CAPE TOWN

This year the Girls' Hockey Tour went to Cape Town. Bryanston hockey proved a force to be reckoned with as we eliminated our opposition. In between trips to Hout Bay, Greenmarket Square and Fishoek, we managed to play six exciting matches and even won one of them - in typical Cape conditions! Our success in Cape Town became renowned and we were faced with a challenge to play Klapham Boys (Pretoria) on astroturf. Our success ended here with a 1-3 defeat!

No trip to Cape Town is complete without a trip up Table Mountain and to fulfil this we waited patiently for the perfect day. Our waiting was not in vain and we were rewarded accordingly.

The tour culminated in the traditional concert night. Our acting talents far surpassed our ability on the field; our coaches' attempt to match our performance was futile! All in all it was an excellent learning experience and prepared us thoroughly for the coming season.

CRICKET

I firmly believe that cricket at Bryanston is ready to take off. The coaches this season have worked extremely hard to instil a new discipline and aggressive attitude towards the game that is so necessary to succeed at the highest level. In addition, a new coaching programme has been designed which should produce positive results in the near future.

In terms of our results, I feel that, although satisfactory, many games could have been swung our way by individuals exercising more discretion at critical moments. Our First XI produced a standard of cricket unsurpassed in recent years; their enthusiasm and willingness to work was an example to all. The Second XI continued their winning ways to take the Team of the Year Award for the second successive year. The Under 15 side has great potential and a superb fighting spirit. The Under 14's will improve with age and the Under 13 age group possesses some exciting individuals with a bright future.

I am pleased with the commitment and level of participation. Only Northcliff can match the number of sides we field!

Our season was rounded off with a most enjoyable cricket dinner at which Jimmy Cook gave a memorable speech.

Without doubt, this year's cricket team has been the most balanced team to represent Bryanston for many years. The team could bat up to number nine and call on as many as seven bowlers. The fielding in general was also of a high standard. Three players, namely, Greg Abrahams, Sean Strydom and Dalein van Zyl represented the N.E. districts side and Dalein van Zyl played in the annual Beckwith week. I would like to thank all the first XI players for helping coach the junior players at practices. I am sure they have learned a lot from the experience. To the boys leaving this year, I hope you continue playing this wonderful game and come and support the team in the future. To the players who will still be here next year remember there are still many things to learn. Thank you for a season that holds many interesting memories.

The 1992 Cricket Season was a most memorable one for all those involved in Under 15 cricket. Victories were gained over Randpark, Sandown and Greenside, with a match being drawn against Roosevelt. The most memorable was the victory over Greenside, which was won on the second last ball. This match epitomised the nature of the Under 15 cricket team, in that the victory was based on teamwork, and a tremendous fighting spirit. Throughout the season each member of the team displayed excellent individual talents, each contributing to the team's success. Under the captaincy of Jonathan Hockey, the team improved with each match, and were never without a chance of winning. While good batting performances were delivered by all, Christian Abt, Christian Stonley, Brian Reid and Dax Menton often produced match-winning performances. The bowling attack of Sifiso Mdluli, Brendon Bevan, Brian Reid, Christian Abt, Christian Stonley, Matthew McCreadie and Patrick Rolland produced excellent performances, match after match in turn. The fielding of Justin Blumberg, Christian Abt and Dax Menton stood out while Jonathan Hockey made the bowlers' task easier with his wicket-keeping. A special mention should be made of the two new cricketers in the side, Adrian Wilford and Justin Blumberg who, after very hard work, can now call themselves cricketers. As a result of his all-round performance, Christian Abt was voted Cricketer of the Year at an enjoyable cricket dinner. In the true spirit of this team, the season ended with an Under 15 braai enjoyed by all. May all future cricket seasons be as rewarding as this past one.

Players:M. Clack, G. Davidson, J. Humer, W. Evans, G. Spencer, G. Napier, P. Clark, R. Laubscher, R. Leo, N. Whittal, P. Tomlinson

The Under 14 cricket side had an unlucky season this year. Although they tried very hard, they could only manage a win against Sandown. However, the side has great individual talent, as can be seen in a partnership of Clack and Tomlinson, which produced 147 runs against Sandown; Evans taking 2 wickets for 10 runs and Spencer 3 for 18.

With the discipline and maturity required to mould a team and with more opportunity to play together, this Under 14 team should become a very exciting side next year!

The U13A XI had a very successful season, winning five of the eight games which were played. The team improved throughout the season and finished on a positive note with three successive victories against Sandown, Greenside and Sandringham. The season was punctuated by some fine individual performances, the most impressive of which was the aggressive batting displayed against Hyde Park. Bryanston scored 250 without losing a wicket in only 25 overs with Wade Cawood scoring 180 not out and Kenneth Caw 62 not out. Sean Brogan, the captain of the side, also performed well with both bat and ball and was rewarded at the annual awards dinner by being named most promising U13 cricketer. Andrew Wildman was a mature and consistent batsman and Russell Watkins was a valuable all-rounder. The U13 cricket side undoubtedly has a great deal of potential but must concentrate on being more enthusiastic and aggressive in both their fielding and bowling if they wish to beat the top cricketing schools in Johannesburg. The 13B side played with a great deal of enthusiasm and were unfortunate to lose as many games as they did. The highlight of their season was undoubtedly their victory against the Bryanston U14B side!

ATHLETICS

Staff responsible: Mr Algje (in charge) Mr Cuthbertson, Ms Rennie, Mr Breytenbach, Mrs Schreuder, Mr Bibb, Mr Rautenbach, Ms Wilkinson
Captains: Bryan Kruuse and Janet Tanner

The 1992 Athletics season has certainly been a memorable one. Having reached the A-League, we found ourselves up against some very stiff competition. The season started off well with our athletes beating Sandringham to win the first meeting and we continued to acquit ourselves commendably throughout the season. The only hiccup was losing at Fourways, but it seemed to be a motivating factor as we attained a comeback at Hyde Park and beat an old rival, Roosevelt.

Our athletes improved immensely as the season progressed and presented an excellent performance at the A-League Inter-High at R.A.U. This was evident by the times attained, as 81% of the individual events run and 9 out of every 10 relay events achieved best times of the season.

Some of our athletes, in particular, excelled at the occasion. Danny Beardsell, having an unbeaten season, ran outstanding races, breaking the records for the Senior Girls 800m and 1500m and coming third in the 400m. Hartley Humphreys also broke the record in the U14 800m. Mark McVeigh and Gary Kruuse also won both the 800m and 1500m in their respective age groups. Athletes who were placed in their events, thus earning us crucial points, included Robyn Ferrar, Nick Winstone, Kathy Sims, Petra Spoerk, Leza Kilfoil, Janet Tanner, S. Mdluli, Berndt Muller, Lucy McPhee, Cindy Hofmann, Ryan Cooper, Ian Drummond and Craig Napier. Both our U14 relay teams won their events. And so, while we went down, we went down fighting.

It is also fitting that, in addition to commending our top athletes, we should pay tribute to the body of our athletics team who have exhibited wonderful determination, dedication and spirit. We would like to thank you for your contribution and point out that your personal achievements did not go unnoticed.

A special thank-you as well to those matrics who came to run for us during Prelims.

CROSS COUNTRY

Staff Responsible: Miss F. Rennie (teacher in charge), Mr M. Gillespie

Captains: Andrew Tough, Claire Jackson

Vice-Captains: Bryan Kruuse, Robyn Ferrar

The Team: Hartley Humphreys, Gareth Spencer, Gavin Davidson, Ian Drummond, Mike Stevens, Andrew Blackburn, Tim Ross, Richard Jackson, Craig Watcham, Craig MacLennan, Emrys Aldersley, Andrew Derbidge, Jon Smith, Peter Kempen, Sean Cremen, Gary Kruuse, Vaughan David, Colin Kirkby, Bernard Kuc, Andrew Tough, Bryan Kruuse, Danny Beardsell, Robyn Ferrar, Deanne Dovey, Juliette Philipson, Claire Jackson, Janine Everett

Bryanston competed in the league and was very successful in the Senior Girls and Junior Boys categories. Our Senior Boys did not do very well although we had a good turnout and vast amounts of enthusiasm in that area. We had no Junior Girls this year, because hockey and netball practices take up the entire Monday afternoon. The Junior Boys finished sixth and the Senior Girls finished second - a very fine result. The season was a success for everyone in terms of enjoyment and dedication. The team's efforts were rewarded by the selection of seven runners for the N. District teams:

Senior Boys 'A' - Gary Kruuse (reserve)

Senior Boys 'B' - Vaughan David

Senior Girls 'A' - Danny Beardsell, Robyn Ferrar

Senior Girls 'B' - Deanne Dovey

Junior Boys 'A' - Hartley Humphreys

Junior Boys 'B' - Ian Drummond

Our Senior Girls Taking Off

Held on April 27th, our Inter-House Cross Country enjoyed much more participation than last year and most people took the event as a chance to relax and be social. However, there was some excellent running and very close results, overall.

Results:

Houses: - First - Neptune; Second - Mercury; Third - Jupiter; Fourth - Apollo

Individuals:

Junior Boys: Hartley Humphreys, Paul Siebert, Mark Simmons

Junior Girls: Tracey Habib, Nicey Haskell, Debi Hays

Senior Boys: Gary Kruuse, Vaughan David, Colin Kirkby

Senior Girls: Danny Beardsell, Deanne Dovey, Hester Turner

The Inter-School Relay, an annual event hosted by Bryanston, was a great success. There were thirty-seven teams - twenty five coming from eight other schools and twelve coming from Bryanston! There are three boys and three girls in each team - so there was a running crowd of 222 runners, as well as officials, marshalls and helpers. At least half of the Bryanston runners were not Cross Country members - just volunteers. Their enthusiasm was very welcome!

First row, left to right: G. Kruuse, R. Ferrar, C. Jackson, Miss F. Rennie, A. Tough, B. Kruuse, D. Dovey.
Second row: T. Ross, J. Philipson, J. Everett, D. Beardsell, C. MacLennan.

Fourth row: C. Watcham, I. Drummond, A. Derbidge, C. Kirkby, V. David, P. Kempen, J. Smith.
Absent: H. Humphreys, G. Spencer, G. Davidson.

Results:

Schools: First - Greenside; Second - Rand Park; Third - Bryanston

Individuals:

Boys: Gary Kruuse - fifth

Girls: Danny Beardsell - first and Robyn Ferrar - fourth

On the 9th May Capricorn High arrived, with teams in various sports for an Inter-School "Gala Day" and our boys did very well against them. Unfortunately, they did not bring a girl's team - but we ran anyway! In the Senior Boys race, Gary Kruuse was first and Vaughan David, second. Hartley Humphreys won the Junior Boys race, followed by Ian Drummond. Robyn Ferrar beat Deanne Dovey to win the Senior Girls race.

The 3000m counts as the first event for the Inter-House Athletics and was run two days before Sports Day, at break. I must compliment the houses on the turnout of runners and enthusiastic supporters. In the House results, Neptune came first, followed by Mercury, Jupiter and Apollo, respectively. In the individual results, Gary Kruuse, Rob Blatch and Hartley Humphreys came first, second and third for the Boys' race. The Girls' race was won by Danny Beardsell, followed by Robyn Ferrar, then Deanne Dovey.

RUGBY

From what we have seen the nature of the South African game of Rugby will have to change to meet the challenge of International Rugby. The lesson learned in the international arena must be applied at school level. The game is administered and played on a more scientifically intense level. There is far less of a margin for error on the field and the maintenance of possession of the ball is the key factor in International Rugby. The days of the powerful but overweight lumbering forwards are over; these characteristics have made way for speed and skill. Loose forwards are now chosen for their pace on the field and their ability to rescue possession of the ball. Pre-season conditioning; nutrition and weight training have become important factors in the team's successful performance.

In keeping with the way in which the game has evolved the Bryanston First XV played with five highly mobile loose forwards who were able to maintain ball possession and put considerable pressure on their opponents. Undoubtedly, this year's scrum comprised of the lightest pack in the history of the school and had to spend many hours perfecting their scrumming technique, which worked exceptionally well. Our skillful backs were well-drilled in attack play and combined effectively with their forwards to produce some spectacular tries. Our high 'win' rate made us one of the most successful teams in Johannesburg this year.

Under the firm and capable leadership of Craig Swanepoel the First XV scored a total of 330 points compared to the 106 points of our opponents. We scored 53 tries as opposed to the 8 scored by our opponents. Our success was due to the intense commitment of the boys towards the game. Players prepared themselves months before the season began by keeping themselves fit and spending long hours of sweat and grind in the gym.

approached their sport. The players were always willing to support Team mates during every practice session. The results of the A team speak for themselves and Bryanston can look forward to many attractive games from members of this team in years to come. Even though the B Team was not as successful there are many good players in this team who can represent the school at First Team level in future years.

The U14's had a successful season, but did not realise their full potential due to inconsistent performances. The highlight of the season was undoubtedly the U14A match against St Andrews, Bloemfontein, where we ran in three outstanding tries to win 21-0. This game showed what the side was capable of but more dedication and commitment is required if they wish to perform consistently at this level.

BOYS' HOCKEY

Staff responsible: Miss F. Rennie (teacher in charge), Miss G. Jooste

FIRST SQUAD

Coach: Mr M. Pitman

Captain: R. Blatch

Vice-Captain: D. Mc Murdo

Players: D. Bate, D. McGregor, D. Browne, D. White, D. Roscoe, C. Varcoe, J. Clack, N. Holtzhauzen, N. Johnstone, J. Robinson, G. Kruise

The first team had a very successful season. From thirteen matches, they won nine, drew three, and lost one. Included in these wins was victory against Northcliff and Sandringham and two wins against Benoni. Their games were characterised by determination, a high level of skill and an urge to win. Their high degree of teamwork was rewarded by the selection of six of the team for initial trials: R. Blatch, D. Bate, D. McMurdo, J. Clack, D. Browne and N. Holtzhauzen. This was a great achievement, and well-deserved by those boys - but it also recognized the fact that we had a very strong team of committed players without whom no-one would have been selected. The final team selections for S.Tvl teams were: D. Bate ('B' team), R. Blatch and D. McMurdo ('C' team).

The season began with the prestigious invitation to the Northcliff Invitation tournament. We acquitted ourselves well going down to Northcliff, Rand Park and St Johns, but drawing with St Stithians, Jeppe and K.E.S. This tournament was followed by the usual season opener - Chairman's Festival. Again we drew with Jeppe and St Stithians and lost to Northcliff and to Parktown, but we beat Athlone.

The highlight of the season was the Aitken tournament. The team played extremely well, beating St David's, Linden, Hyde Park and Athlone. In the Athlone game, which we won 6 - 0, Dion Bate scored all six goals. In fact, out of the day's twelve goals, he scored eleven - an outstanding accomplishment! These very good results got the team through to the quarter-finals where we met K.E.S. In the first ten minutes of the match we scored a goal; then determinedly managed to hold K.E.S. off to win the game - an excellent result which even got the team an article in The Star. This win took us through to the semi-finals. We played Westridge, in a very tense game which still had no score at full-time. In the last minute of extra time, we unfortunately let a goal in and lost 0 - 1. Our final result in the Aitken tournament was fourth place, after being beaten into third place by St John's. It was a very successful season! The credit for this goes to Matthew Pitman for his dedication and his expert coaching.

The second team had an outstanding season, only losing one match to St Stithians. The highlight amongst their wins was their 8 - 1 win over Hyde Park. The team characteristic was enthusiasm, and the players had a season of enjoyable, determined and highly successful matches. Very few schools can sport a second team with such a good record and such skilled players. Many members of the team were beginners in March, and devoted, capable players by August. The team's positive attitude and victorious season are a tribute to their dedication, and also the boundless energy and enthusiasm displayed by their coach, Mark Hele.

The U15 squad had an uphill struggle, but persevered, and by the end of the season were playing fine hockey. They finished eighth out of sixteen schools in the U15 Hockey Tournament. Only seven of the group of thirty boys had played hockey before - which meant when teams were chosen, they were usually made up of six or seven more experienced players and five or six beginners. Under the strict and knowledgeable eye of Peter Davey, the beginners soon learned the skills and positioning and became valued members of the team. By the end of the season there were enough players for two teams - which bodes very well for next year.

Trials: Five Junior boys went through to trials - R. Norton, C. Stonley, A. Wilford, W. Cawood and B. Bower. C. Stonley and A. Wilford made it to final trials, but unfortunately didn't make a team.

Trophies:

Junior Player of the year - Chris Stonely

Most Promising Junior - Richard Jackson

Coach's Award (Mr P. Davey) - Andrew Nowell

The First and U15 squads were invited to go with the rugby teams, on tour to Bloemfontein. Although both teams lost, it was a most enjoyable weekend at St Andrews.

GIRLS' HOCKEY

Staff responsible: Mrs P.S. Deacon (teacher in charge), Miss C. Traviss, Miss C. MacQuilkan, Miss H. Arderne, Miss L. Wilkinson, Mrs J. Gorrie and Miss N. Crowther

Captain: Tessa Knight

Vice Captain: Gail de Bruyn

First Team: Tessa Knight, Gail de Bruyn, Melissa Niven, Bronwyn Hughes, Megan McMaster, Petra Bowery, Lauren Irvine-Smith, Alex Selley, Linda Petersen, Nicole Melhuish, Janet Tanner and Leza Kilfoil.

The season started with a tour to Cape Town so as to prepare ourselves for the onslaught from the girls' schools. This was an extremely productive move as we started the season with a tournament and five matches behind us.

The competition in the A-League is extremely tough and for us to maintain our position as the top co-educational school, it takes a tremendous amount of work and dedication from the team members. To be a hockey player of some standard takes lots of practice and many hours of effort and with the incentive of an overseas trip, any player aspiring to this will have to devote much more of her time to the basic skills of the game. As the game has changed over the years so has the need for excellence and top class stick-work skills become more apparent. To be sufficiently motivated to become a great player is the first step and then to be prepared to become a specialist by working at it every day for a couple of hours, is a must. Come on girls, aim for the top and give all you have!

FIRST AND SECOND TEAMS

The girls in the first and second teams were a tremendous group of motivated members. They enjoyed their practices, having fun as well as improving their skills. Their love of the game was obvious and they all gave of their best as their aim was success. Without a doubt they achieved well in matches as they played as a team. Fitness certainly paid a big part in their success as they were able to maintain the pressure until the final whistle blew. Many games were won in the last few minutes when the opposition ran out of legs!

Congratulations go to all the girls who achieved provincial status, either as a player or as an umpire. Petra Bowery was chosen for the Witwatersrand team and played at the Inter-provincial tournament in Mossel Bay most successfully. We were well represented in the Nuggets team by Melissa Niven, Janet Tanner and Tessa Knight (who also very ably captained the side). Monique Bowery was chosen as the goal-keeper for the Witwatersrand U15 team. This was a fine achievement as it was her first year of playing in the goal.

Once again Bryanston showed that we are the top umpiring-school: Lauren Irvine-Smith, Tracey Robinson, and Andrea Huggett were chosen for Southern; Gail de Bruyn and Tessa Knight for Witwatersrand; Janet Tanner, Linda Petersen and Mia Russell umpired for Nuggets and Leza Kilfoil for Colts. Lauren was chosen as the top schoolgirl umpire at the Inter-provincial tournament in Mossel Bay and all received South African Grades.

The first team was captained by Tessa Knight with Gail de Bruyn as the Vice Captain. They led the team in an exceptional way, showing initiative, sensibility and great leadership. At all times they encouraged the girls to greater heights.

FIRST TEAM

First row, left to right: M. Niven, M. McMaster, T. Knight, Mrs P. Deacon, G. de Bruyn, L. Petersen, L. Kilfoil.

Second row: N. Melhuish, P. Bowery, A. Selley, J. Tanner, L. Irvine-Smith, B. Hughes.

THIRD AND FOURTH TEAMS:

These teams were very enthusiastically coached by Miss Arderne and Miss Wilkinson to whom go our grateful thanks. Only losing one game all season, they showed a tremendous desire to do well and really seemed to enjoy playing hockey. They were a superb group of girls to coach as they loved being outside, having a good run, some hard hockey and the odd chat in between.

UNDER 15

Miss Traviss chose to coach this age group and was justly rewarded for her wish to do so. The girls started off the season as a very undisciplined, non-skilled, but enthusiastic, group. The speed at which their skills developed was a pleasure to see. With this came a great love of the game and a serious desire to achieve. The more they improved, the more their enthusiasm grew and the results are a true reflection of a motivated group. To Kirsten Stafford we say well done on being chosen for the Southern Transvaal U15 team and to Petra Spoerk for making the Witwatersrand U15 team.

UNDER 14

This is always a difficult age group to coach as they are no longer beginners but know very little about the actual game, having spent the bulk of their first year of hockey on skills. Miss MacQuilkan met this challenge extremely well and thus the teams achieved some excellent results. There was a tendency in this age group to feel that they knew it all, and they needed to be reminded that their knowledge is like the tip of an ice-berg and that they should try and drain their coach of all knowledge available so as to be prepared to make higher teams the next season. Practice makes perfect and it is essential always to give of one's best at these.

UNDER 13

Once again this age group received excellent grounding from Mrs Gorrie, ably assisted by Nicole Crowther. The first part of the season was devoted to skills and then the girls were introduced to a game. This of course, they loved and decided that all they wanted to do was play! Unfortunately this is not possible as stickwork is the basic essence of the game. Towards the end of the season they played a few matches against neighbouring schools and the enthusiasm was tremendous.

The season was satisfactorily concluded with the hockey dinner held this year at Old Parks Club. Our thanks go to Mrs Knight for all her efforts to make this a special event and to Mrs Stafford for the marvellous flower arrangements on the tables. This is a fun evening for mothers and daughters and it was made more special as the guest speaker was a past pupil, Jean Grendon (nee Williams). The awards this year went to Anne Atkinson and Janet Tanner for the most improved senior players; Alex Selley for the most improved junior player; the best player award went to Petra Bowery with special awards going to Jacqueline Powell and Tessa Knight as captains of the second and first teams respectively. Fun awards went to all the players. Congratulations go to Stacy Strang (beginner); Romy Strang (U14); Jenny Loffel (U15) and Carly Plunkett (Third/Fourth team) for being awarded hockey balls for being the most improved players in those specific age groups.

Colour awards were made to umpires as well as players and we congratulate the following girls for attaining this standard. For umpiring Angela Panzera, Jill Prior and Lara Austin received Team Colours : Bronwyn Hughes, Petra Bowery and Robyn Clement, Half Colours; Andrea Huggett, Lauren Irvine-Smith, Tessa Knight, Tracey Robinson, Gail de Bruyn, Janet Tanner, Mia Russell, Linda Petersen and Leza Kilfoil, Full Colour awards. Team Awards for playing went to Leza Kilfoil, Gail de Bruyn, Linda Petersen, Alex Selley, Nicole Melhuish and Lauren Irvine-Smith with Half Colours going to Megan McMaster and Full Colours to Tessa Knight, Melissa Niven, Petra Bowery, Janet Tanner and Bronwyn Hughes. Kirsten Stafford, Monique Bowery and Petra Spoerk received Merit Awards for excellence in the U15 age group.

Hockey is a great sport which gives one a chance to meet others in all part of South Africa; to learn sportsmanship; to learn to work with others; to be part of a motivated group; to acquire skills; to have exercise and above all for enjoyment. Give of your best, practise hard and have fun and hockey will become your great love.

A-Team: Charmaine Baille, Petra Spoerk, Romy Davis, Alex Selley, Andrea Hugget
Captain: Claire Loomes
Vice Captain: Mary van Heyningen
B-Team: Helen Hays, Cathy Cronje, Anne von Heyningen, Leigh-Ann Freeman, Lara Austin

We started the season with a very successful coaching camp during the holidays for both teachers and Open A and B and Under 16 players. There was a larger turnout of players this year enabling us to field three Open teams, two U 16 teams, four U15 teams, three U 14 teams, and six U 13 teams.

Five Senior players were selected for the second round of the Southern Transvaal Netball trials and Charmaine Baille and Nadine Smith went through to the finals, where Nadine Smith was chosen for the Southern Transvaal team.

Our girls reached the finals of the Open B League. In the finals they played a magnificent game and beat Randburg 20 - 16 to become the League champions.

During the July holidays a combination of Open and U15 teams went on tour to Durban to play in the Gooderson Hotel tournament. Injuries prevented the team from reaching the finals. We did, however, end fourth out of fourteen schools and the B-team drew for fifth place. Lara Austin was the third best shooter and Nadine Smith was mentioned as one of the best defence players. Our girls took honours at the Miss Gooderson Competition. Jenny Acutt took third place and Romy Davis first place.

The season ended with a Netball dinner at which the following trophies were awarded:

- Netball House of the Year** Jupiter
- Player of the Year** Nadine Smith
- Most improved player** Leigh-Ann Freeman
- Most promising player** Alex Selley
- Best Shooter of the year** Lara Austin
- Best team of the year** Open B
- Best Junior player of the year** Yvette Smith

 Overall the U16 netball girls had an enjoyable season. The season started off slowly, but with great enthusiasm and much hard work, the girls developed into formidable teams which beat schools like Sandringham and Roosevelt. Their solid team spirit should carry them through to even more successful encounters next year!

The netball season of 1992 provided a tremendous source of enjoyment for both the players and the coaches. Although the U15 team was plagued by injury and illness, we remained motivated and committed throughout the season, gained valuable experience and showed great improvement. We look forward to a successful season in 1993.

On behalf of the Under 14 netball team of 1992 I would like to thank Mrs Caron and Tracey Spear for their support and inspiration. Unfortunately the team didn't pull off as many wins as wished, but least to say we thoroughly enjoyed all of our matches. The spirit was high and the team managed to play each match with new hope.

We will have to prove ourselves next year by putting in a few more convincing wins.

There was an enormous response from this year's Standard sixes, with respect to Netball. The season started off with the daunting task of selecting two teams out of approximately fifty-five girls. The A and B Teams played well throughout the season and show tremendous potential for the years ahead. Well done girls!

GIRLS' SQUASH

FIRST TEAM

Coach: Mrs D. Meikle
Captain: A. van Heyningen
Vice-Captain: J. Lamparter
Players: L. Irsigler, C. Baillie, T. Weaver

This year was a wonderful, fun-filled season of hard work and good play. Even though there were some defeats this season there were also exciting successes. All the girls put everything they could into their games, sometimes ending in disappointment but more often than not ending in delight, which added to the enjoyment of the Squash season. For many of the Seniors it was their last season and I think they will leave, satisfied. The Juniors definitely have the motivation and ability to develop their talents in the game of Squash. They have the vitality and energy to carry Bryanston High Girls' Squash into the next season.

Congratulations to L. Irsigler who was selected for the S. Tvl U16 A squash team.

Coach: Mrs D. Meikle
Captain: L. Slater
Players: S. Ewing, A. Dickson, T. Masterson

The U16 players faced some strong opposition this season, and acquitted themselves admirably, for an inexperienced team. They were always motivated and played every match to the best of their ability. All of these players show tremendous potential and with further practice and experience should develop into capable open players.

Mrs D. Meikle

UNDER 14

Coach: Miss C. MacQuilkan
Captain: T. Barnard
Players: N. Haskell, R. de Sousa, T. Stead, M. Palma, T. Habib, J. Wakefield, N. Manson, A. Hider

The U14 team consisted mostly of totally inexperienced players, and in view of this, enjoyed a successful season. The experience gained this year should stand them in good stead for their future years in the game.

There was enthusiastic participation in the Senior League in the First Term. Our First and Second teams played in the A Section and the First team did extremely well, winning five of their seven matches. The combined First and Second teams were placed seventh out of the forty-five schools in the league.

The Third and Fourth Teams played in the E Section of the league, and were placed thirty-first out of all eighty-six teams in the league. Some of the Standard six players are showing much promise for the future.

Our top player, Lindsay Blankensee, left during the year to play tennis in the U.S.A., and we wish her success in this endeavour.

The Standard six and seven league is played in the Third Term on a geographical region basis, in order to give the younger players an opportunity to play. Inter-school tennis School championships are also played in the Third Term. The championships were won last year by Taryn Weir-Smith, who has also been playing in the Provincial Squad.

Thank you to Charmaine Baillie who has been a charming and efficient tennis captain this year.

BOYS' TENNIS

Master in charge: Mr B.F. Bibb
Staff: Ms E. van Nieuwkerk, Ms G. Jooste, Ms B. Roetz, Mr H. Heinzen
Captain: P. Guebert

Boys' tennis is played in the first and third terms and while the school only enters five teams in the league we have never been short of enthusiastic replacements when we needed them during the season.

A-team:R. Sellschop, G. Hewartson, P. Guebert, H. Humphries, C. Williams, D. McMurdo, B. Stevens
B-team:N. Holtzhausen, A. Knowles, B. Harris, S. Becker, G. Jeffries, G. Davis, Reserve: C. Knight
C-team:Q. Huggett, M. McVeigh, G. Algie, N. Browner, N. Hayes, S. Smit
D-team:V. Abdinor, A. Wildman, W. Cawood, D. Lin, B. Lin, P. Janovsky
E-team:M. Clack, M. Bonner, J O'Meara, J. MacLean, J. Hunt, C. McLennan

Others players: A. Lowe, K. Holtzhausen, C. Stonley

The A-team had a particularly good first term, losing only one of their matches by one game and ending at the top of their section. In the third term, despite playing teams from the section above them, once again they came out on top.

The B-team were placed second in their section in the first term. Unfortunately, with pupils leaving the school, or being promoted to the A-team, they were a bit outclassed in the Third term. They must, however, be complimented on the good spirit with which they approached each match.

The C, D and E teams were predominantly made up of Juniors, who showed unending enthusiasm for the game and while they didn't fare too well in the sections this year, they will, I'm sure, gain the experience to be a great asset to the school in the years to come.

Well done to the following boys who were given awards for their achievements:

A Team Players: L. Giovannoni, L. Blignaut, N. Nuppenau, J. Deans, A. Kramers, C. Houghton

Due to the performances of last year's Badminton team, the 1992 players were moved up into the highly competitive B League and thus experienced stiff competition this year. Being a relatively inexperienced team, we feel that the girls coped remarkably well with the situation. The season was one of progress and enjoyment and the girls gained valuable experience and displayed a true sense of sportsmanship. All the team members showed an excellent sense of commitment which motivated them to play to the best of their ability at all times. Many thanks to all the girls for your loyalty and hard work and to Miss Wilkinson for helping out with the practices. Good luck for next year!

It was with pride that the Bryanston boys fielded not only one but two competent Badminton teams this year. Both teams approached all their games with enthusiasm and maturity. Matches were both won and lost, and the season was one in which the boys progressed and gained experience. It is to the credit of these boys that the participation level, in this sometimes underrated sport, remained high throughout the season.

The Badminton boys proved themselves to be excellent representatives of the sportsmanship which is so much a part of Bryanston High. Well done boys and good luck for next year!

SHOOTING

Staff responsible: Mr M. Gillespie
Captain: Andrew Wethmar

Senior Team: P. Kempen, S. Murphy, A. Wethmar, M. van der Merwe, N. Johnstone
Junior Team: D. Metsos, B. Wethmar, N. Roberts, P. Morgan

Girls' Team: J. McDonald, M. de Villiers, S. Brittain, K. Scott
Z. Brocklehurst

After running a Shooting Club during the first term, to train pupils in shooting, there were sixty four candidates who had mastered the required skills to make them eligible for the teams. Finally, sixteen pupils were chosen to represent the school - five Seniors, six Juniors and five girls. This is the first time that Bryanston has had girls participating in Shooting.

In the Second Term we entered our teams in the Central Rand Shooting League in which our Senior Boys came first and our Junior Boys took fourth place.

The Wits Cadet Bisley Competition kept our teams occupied during the Third Term. This involves 143 schools from the Southern, Eastern and Western Transvaal districts. Bryanston first competed in the Northrand Section of the competition, where our Senior Boys and Junior Boys came second and our new Girls' team came third. Peter Kempen (shooting 99%) came joint first and Stephen Murphy (shooting 98,75%) gained fifth place. Demitri Metsos was placed seventh in the Junior section, and Brett Wethmar, ninth. Jenny McDonald did our girls proud, shooting an average of 98% to be placed fourth. Peter, Steven and Jenny were awarded trophies by the Officer Commanding Witwatersrand, at a ceremony held at Randburg Hoër Skool.

Peter Kempen, Jenny McDonald and Martin van der Merwe were invited by the Transvaal selectors to participate in trials for the Transvaal Team. Peter and Martin made it to the Final Selection Round, narrowly missing provincial colours, which went to the top six shottists.

Special mention should be made of Martin, who came joint sixth, but was counted out on one of his previous scores earlier on in the competition. Our Senior Team came ninth out of the 143 schools which took them through to the Wits final.

There has been a marked increase in enthusiasm for the sport this year, judging by the numbers of pupils interested. We've done exceptionally well in all our competitions and with this training and experience next year should be even more exciting.

INTER-HIGH HORSE RIDING SHOW

Representatives: Lorian Siket, Kirsty Stafford, Carol Immorman, Abigail Olsen, Justine Paul, Marie Hadjiandriou, Debbi Hays, Jenni McKowen, Cindy Foggitt, Natalie Baird and Celia van den Oever

The Inter-High Riding Show was held on the 20th September. Although we were not placed overall, our riders did very well in the individual events. Celia was placed third in the 2ft 9 inch Individual Jumping Class on her horse, Adams Celebrity, and Marie was placed seventh in the same event on a borrowed pony, Handsome Is, who is 30 years old.

Jenni, Lorian, Kirsty and Celia came second in the difficult team event, Rescue Pairs.

Justine, Cindy, Kirsty and Abigail did very well in the Gamblers Stakes Individual Jumping. Thanks to the hard work of all the team members - we came sixth overall. All in all the day went well for the nineteen schools competing and everyone had GREAT FUN!

In what was a short but constructive season, the girls managed to develop the much-needed skills necessary for their outdoor hockey. It is a fun-filled, exciting game where all the girls are actively involved and, with practise, develop quick reactions as well as a great deal of skill. The season was enjoyed by all, with a number of the Juniors showing great potential for future years.

STUDENTS' CHRISTIAN ASSOCIATION

The purpose and function of the SCA is to provide the pupils of Bryanston High with the opportunity to become more acquainted with the Person of the Lord Jesus Christ, to learn more about God's Word and how to apply Biblical principles to everyday life situations. The SCA is also there to meet the needs that any pupil may have and to help build strong friendships and relationships in a caring and friendly manner. It is an inter-denominational association and all pupils from different religious backgrounds are invited to attend. The SCA is headed by Miss Pretorius, Miss Traviss and Mrs Hall and thanks should go to these great ladies for the role they play within the SCA.

Our meetings are normally held on a Monday and Thursday, at second break in Miss Traviss's classroom. Early morning prayer meetings are also held. This year, the Monday meetings normally consist either of guest speakers or the showing of Christian videos in the auditorium. These videos deal primarily with relevant Bible-based messages for today's teenagers. On Thursdays, guest speakers are normally invited to the school and a special word of thanks should go to Barry Bramley and Ian Buchan for their tremendous input in this area. Our pupils have benefitted tremendously from their participation.

Many of the pupils in the SCA have learnt the power of effective testimony regarding the things that God has done in their lives, especially when faced with adversity. It is so true what the Scriptures say: "No one can argue with you about what God has done in your life, because it happened to you, and nothing can change that". Rev.12:11.

This year a stay-awake was organised. We watched videos, had great fellowship, prayed intensely for our school and particularly for Mr Paige and asked the Lord to continue blessing him with divine guidance and wisdom in the running of our school. Great appreciation and thanks are also extended

to Mr and Mrs Blomkamp, who have given up so much of their time this year to come and pray at the school with Miss Pretorius every Friday afternoon. Their dynamic, active participation, complete willingness to become involved, dedication and enthusiasm is tremendously appreciated. We extend an invitation to all Christian parents to join us in our prayers for the school, our community and our nation.

Above all, thanks be to our Lord and Saviour, the Lord Jesus Christ and for all He and the Holy Spirit have done in our school and in our lives this year. Thank you, Lord, for all the lives You've touched and changed. We give all the honour and glory to you. May Your blessing and power continue to work in us and in our school in greater measure next year.

DEBUTANTES' BALL

Staff Responsible: Mrs V. Chiappini, Miss J. Saayman and Mrs B. Weir

On Friday 19 June the Sandton Sun Hotel was once again the venue for the 1992 Bryanston High School Debutantes' Ball.

The glittering decor in the ballroom of silver and white subtly prefigured the school's 25th Anniversary which will take place next year.

Ninety-five debutantes and four squires were presented to the Mayor of Sandton, Councillor Bruce Burns.

A total amount of R60,000 was collected, a large proportion of which will be donated to the sixteen charities supported by the school.

The top fund-raisers were:

1. Catherine Eaton R3280,00
2. Shirley da Luz R2015,00
3. Karyn Bevan R1850,00
4. Jill-Anne Prior R1024,00
5. Lauren Irvine-Smith R 925,00

Lauren van Heerden

Once again the charming Lorna Potgieter, a Bryanston High School old girl and ex-Miss South Africa judged the contestants. She chose the following girls as Top Debs in the order:

1. Robyn Ferrar
2. Cheryl Graham
3. Amanda Krause

The most elegant couple were *Role Beeby* and *Marc Beuthe*.

The winner of the Persian Carpet was Mrs Anderson and Mr Ed Ford won the golf clubs.

CHARITY REPORT

Staff Responsible : Miss J. Saayman

Last year I wrote concerning the annual knitting competition: ".....and we collected at least 70 blankets, the biggest collection since I have been at Bryanston High School". Famous last words! This year our total is 92.

The recipients have covered a wide spectrum, including the unemployed, an Old Age Home in Soweto, the Avril Elizabeth Home, Hospice and most importantly the destitutes of the streets, whose numbers all sadly increase daily.

My sincere thanks go to all classes who rallied so well but particularly to 7C who contributed 19 bought blankets and to 7F who supplied 4 bought ones and 11 magnificent hand-knitted works of art!

Once again the collection of old clothes has been much appreciated and an amount of R3 000,00 from the "Debs" Ball will assist our 16 charities.

FIRST AID

Staff Responsible: Mr M. Bowie

The First Aid Team has had an interesting year in 1992. Many changes have been made and we have seen a great improvement in the skills and competence of its members. We have enjoyed a fairly quiet year with few emergency situations. We survived another hectic and successful Rugby season without any serious injuries! We would like to thank the team for their commitment and willingness to give up their Wednesdays and Saturdays to do First Aid for Hockey, Athletics and Rugby.

We were sad to say goodbye to Mr Froud this year. He has been a great asset to First Aid and we are sorry to lose him. However, we are lucky to be under the leadership of Mr Bowie and we would like to thank him for all the work he has put into the team. Our thanks also go to Mrs Adie Kop for giving up her time to take us for the First Aid Course, held on Tuesdays and Sundays. As we leave we wish the best of luck to the Juniors. Keep our flag flying high!

INTER-HIGH MOVEMENT COMPETITION

Staff Responsible: Ms L. Wilkinson, Mr J. Rautenbach

The 1992 Inter-High Movement Competition was hosted by Bryanston this year on Tuesday evening, the first of September. The emphasis in the competition is on movement rather than exclusively dance.

The schools invited to participate included Bryanston, Fourways, Greenside, Queens and Wendywood. Each school presented a sequence in each section, and the marks from the two sections made up the overall mark, thus determining the winner.

The sequences were adjudicated by Mandy Steiner, a lecturer from Wits Physical Education Department and dancer for Sun International; Paula Preller, a professional dancer and choreographer from the Johannesburg Dance Foundation, and Shelley Rickson, a B.Phys.Ed graduate and professional dancer.

The movement involved proved to be of a very high standard, led by Greenside's outstanding performances. They won both sections and were obvious winners. Queens, the winners of the past two years had to settle for second place. Bryanston produced a commendable performance, even beating Queens in the first section. We were placed third overall, with Wendywood fourth and Fourways fifth.

The diverse genre of dance provided an entertaining evening for all people in the audience, as well as acknowledging the educational aspects involved in movement. Thank you to all those involved in making the evening a success and to the girls - well done!

Although our season only really started in the Second Term we had a fairly active First Term. Our chess side was involved in the Five-a-side tournament played at Parktown Boys and fared very well. We lost in the second-last round. Our annual 'kick-off' tournament at Sundown Ranch, which involves twelve schools, was a great success in general, although our team did not do very well.

Two leagues were played in the Second Term and with the help of a very enthusiastic Standard six contingent we fared even better than anticipated. A friendly match was played against Sandown and we beat them convincingly.

For a number of years the blue CitiGolds bearing the names of participating schools on their doors, have been seen on roads throughout the country. Bryanston High joined this most worthwhile programme in 1988. The programme comprises a series of lessons for Standard Nine pupils, based on a handbook, compiled by the Cape Town traffic police. This relates to almost every facet of road use, from theory, for example, the influence of gravity or friction on the vehicle, to more practical aspects such as how to negotiate a busy intersection. During this part of the programme regular tests are administered by the Sandton Traffic Department, and successful participants are rewarded with a certificate.

Once in possession of a valid learner's licence, the pupil can tackle the practical part of the course, usually early in the matric year. First of all, mastery of the car's basic controls, namely clutch, brakes and steering, is taught on the school premises; mainly the netball fields. Once the pupil has gained confidence and expertise at the wheel, we venture onto the roads to teach the defensive tactics required for the "real world". On occasion this can be nerve-racking - for teacher and pupil!

The K53 system, which forms the basis for all driver testing in South Africa, assessed the driver's awareness of potentially dangerous situations and the use of defensive driving tactics. Although coaching for the licencing test is not the primary aim, the SDEP follows this method so that pupils will be equipped for it even without further driver training.

Bryanston High runs an internal competition, comprising a pre-trip interior and exterior check, a yard test and a road test, to select the school's three most promising drivers, who receive further intensive training with a view to taking part in the regional inter-school SDEP competition which was held in Krugersdorp this year. The Bryanston team acquitted themselves well in the face of stiff competition, and although they did not win, they are to be congratulated on their efforts.

The members of the 1992 Business Game learnt a very important lesson, namely that

investment on the Stock Exchange does not automatically guarantee millionaire-status to the investor. Our portfolio recorded the vagaries of the present uncertain political and economic climate. However, in spite of this, we all enjoyed the challenge and the excitement of buying and selling shares, consulting brokers and financial experts for advice and those important "tips", and generally getting financial experience that will prove invaluable in the future.

This year saw the launching of the drama society with a completely structured programme, concentrating on stage techniques. A large enrolment of seventy enthusiastic pupils caused us to hold classes on Monday and Tuesday evenings, the most popular evening being Tuesday.

The pupils worked industriously and creatively during the First Term towards a cultural evening. The audience was most favourably impressed by the variety of skills and techniques displayed so enthusiastically by the pupils.

During the Second Term the majority of the drama pupils took part in the Major Production of *Seven Brides for Seven Brothers*. The remaining pupils prepared for the House Plays and the Cultural Evening in the Third Term.

The Inter-House Plays Festival provided an opportunity for the pupils in the drama society to use the techniques acquired with their own initiative. The outcome of their creativity was extremely satisfying and showed much potential. The Third Term's Cultural evening provided a final opportunity in the year for the pupils to display and make use of their knowledge for their own enjoyment.

Rehearsals, Action, Pandemonium, Success - but best of all is the most fun you'll have whilst keeping within the "norms" of society! We were fortunate enough to experience all of this during the merry month of May this year. "We" refers to Andrea Huggett, Cathy Eaton, Claire Houghton, Gareth Algie, Harlen Henderson, Innocent Ngoma, Janine Everett, Judy van Nieuwkerk, Michael Anderson, Nadine Smith, Peter Roeters-van Lennep, Robin Ferrar, Role Beebe and Sharon Chapman.

We were backed up by a superb crew who made our production run as smoothly as clockwork. On the night of the 29th May "The Smile" brought many confused stares and equally many outbreaks of raucous laughter from the judges and audience at the Wits Theatre. We are proud of our achievements and also of our director - Janine Everett, who managed to - in the words of the judges - "keep the thread of confusion running throughout the play". A hearty "thank you" to everyone involved and we hope to see your name in lights along with the rest of us next year.

RAND YOUTH CHOIR

This year Bryanston High is represented by members of the fairer sex. With three hour rehearsals every Monday and extra rehearsals prior to performances, the work was long and hard. However, it was all worthwhile in the end. We had wonderful performances all year round.

One of the highlights was the massed choir at the Linder Auditorium in Johannesburg, when over 400 pupils from different choirs combined. Another very special performance took place in August. The Rand Youth Choir and the Soweto Teachers Training College Choir combined to sing together in rather a tear-jerking concert, which was thoroughly enjoyed.

We hope to have an exciting year in 1993 as the choir is now fully multi-racial and we have gained many valuable new members. More hard work will follow, however, as we will be appearing on television early next year. The year has been exceptionally successful, and enjoyed by all.

The Photographic Club offers aspirant young photographers the opportunity to develop their creative and technical skills. Students learn how to take photographs as well as how to develop the film and print the photographs. Many of the photographs in this magazine are the result of the presence of the Photographic Club members at Bryanston's numerous activities, and of hours spent printing and developing in the darkroom. Since the members are always on the lookout for an interesting picture, the trip to the Witwatersrand Botanical Gardens was one of the year's highlights. Here students had an opportunity to film the Black Eagle in flight.

The Photographic Club was dealt a blow this year with the departure of Mr Froud. His experience and creative enthusiasm is missed by all. Nonetheless both the staff and students of the Photographic Club have done an admirable job of putting their training, by Mr Froud, to good use. Special thanks must go to Mrs Mills for her support and for the excellent photographs she took of sporting events, staff and pupils.

As President of the Bryanston High Interact Club, I would like to begin by thanking all the dedicated members of Interact for their support and help as well as their hard work throughout the year.

The purpose of Interact is to make the lives of others a little easier, be it by emotional comfort, financial aid or simply reaching out a helping hand to those who need it.

Our year began on a successful note with Bryanston winning third prize amongst thirty clubs for our community service.

From there on we have been kept busy with many projects, such as our Mother's Day visit to Jabula Old Age Home, our food collection for Bertrams Junior School as well as visiting and collecting food for the twilight children. We also attended a

very "eye-opening" disability workshop and aided the 'save the children fund' in their fund-raising projects, amongst many others.

Our international project this year comprised of a trip to Gazankulu, where we donated sewing machines and fabrics to the community, began furnishing the Natural History Museum for teaching purposes and painted two of Giyani's creches, which proved to be a challenging task!

Many thanks to the support of Bryanston High School and all the teachers involved for making this year so successful. I am indeed very proud to have headed such a worthwhile club.

WILDLIFE SOCIETY

Although the Wildlife Society has kept reasonably busy this year, at the first meeting of they year, the members elected a committee of four members: *Richard Weinmann, Nicky Flint, Grant Cronje and Rachel Feliciano.*

The Society undertook activities ranging from weekly meetings and guest speakers to camping trips and weekends away.

First row, left to right: G. Cronje, B. Kuc, Mr M. Bowie, R. Weinmann, Mrs von Ludwig, N. Flint, L. Mallet-Veale.

Second row: L. Shabalala, J. Reed, U. van Vuuren, A. Munro-Cameron, R. Feliciano, M. Mdluli, C. Dell.

CULTURE

During our weekly meetings we invited guest speakers, watched videos, fixed and maintained equipment and contacted many specialists and other organisations. The society went on two trips during the course of the year. The first was a camping trip to the Pilansberg National Park and the second was a hike to the Wolkberg Wilderness Area.

The society also began a paper-recycling campaign at the school and helped to bring about environmental awareness among the pupils.

Next year we hope to be more active and just as successful as this year.

Fourth row: S. Facq, M. Siebert, J. Rapp, N. Stephens, M. Beuthe, G. Kruuse, M. Medcalfe, J. Clack, S. Haskell.

Staff Responsible: Mrs A. Caron (teacher in charge), Miss C. MacQuilkan, Mrs D. Meikle, Miss D. Mace
Chairman: G. Jones
Chairlady: S. Chapman

The matric dance committee of 1992 has worked extremely hard this year to achieve our goal of raising rather a large sum of money for the matric dance. One of the major events of the year which brought in just under half our gross annual funds, was that of the traditional Miss Elegance and Miss Pizzaz contests.

MISS ELEGANCE

The themes for this year were, "An evening with James Bond" for the Seniors and "Pretty Woman" for the Juniors. The themes were wide open to all sorts of dress and were especially suitable since the Debutante's Ball was prior to the combined competitions. A lot of hard work went into organising the competition and we were rewarded with a record number of participants. The prizes were certainly alluring and we are all extremely grateful to our sponsors for their generosity. The members of the dance committee certainly learnt much about diplomacy, persuasion and selling abilities when asking for donations in a recession! The entrants all looked gorgeous and glamour was added with Diana Tilden-Davis (Miss South Africa 1991) being present to judge on the final night. A fashion show by the dance committee also added to the glitz and atmosphere.

The results were as follows:

Miss Pizzaz: Natalie Aristides
First Princess: Sandy Gardyne
Second Princess: ... Michaela Gebhard

Miss Elegance: Jenny Acutt
First Princess: Samantha Vos
Second Princess: ... Robyn Ferrar

The members of the dance committee were also kept extremely busy with other activities which included discos, raffles, selling refreshments at rugby matches and swimming galas, cake sales, second hand book sales, a jumble sale, car washing, Mother's Day and Valentine's Day, chocolate sales and a video evening as well as the successful talent show. Special thanks must go to Mrs Caron for all her help, support and advice, as well as to Miss Mace, Miss MacQuilkan and Mrs Meikle for lending a helping hand.

The dance committee of 1992 would like to thank everyone who supported us this year in our challenging endeavour to make the matric dance a memorable occasion for the matric body who have led the school this year. Good luck to the 1993 committee!

Sharon Chapman

TALENT SHOW

The talent show of 1992 can only be described as an enormous success for everyone involved.

The competition was divided into three categories: instrumental, dance and vocal. Enormous talent was shown throughout the evening, with a touch of comedy being displayed by our "RAP" Group (D.J.P. and Dr Stud, alias Patrick Rolland and Brian Reid!)

Thanks must be given to everyone involved in the organisation as well as to the huge audience, without whom the evening would not have been possible.

The winners of the various categories were as follows:

Instrumental: Andrew Williams
Vocal: Melody De Braux and Candice Thornhill
Dance: Hayley Liddiard and Cathy Giattas

It was an evening thoroughly enjoyed by everyone. Hopefully the Talent Show will become a regular feature on the school calendar and eventually grow to become a tradition at Bryanston High.

20. Certificates of Merit:

Bible Education

For his selfless devotion and unstinting dedication to the SCA over a period of 5 years, this award goes to David Morgan.

For his timeless efforts and loyal dedication to the SCA, this certificate is awarded to Clifford Cargeege.

Attendance

There is another achievement that deserves special mention. A pupil has achieved a 100% attendance record at school since she started Grade One. The Transvaal Education Department has a special certificate for such an achievement. We congratulate Andrea Huggett on her sense of responsibility to education and present her with a special award from Bryanston High School.

24. **Round Table No. 128 - Service - Girl's Trophy:** This award goes to a young lady who, through the years, has earned a great deal of respect from her peers and her teachers. She has always been a pillar of strength to others, giving selflessly of her time. She has been an outstanding class captain, been involved in public speaking, hockey, the matric dance committee and has been a faithful supporter of many school activities. Congratulations to Dayleen Allan.

25. **Lion's International - Service - Boy's Medallion:** This award goes to an extremely dedicated young man. In the classroom he has always been cheerful, well-mannered and hardworking. Extra-murally, over the years he represented the school at cricket, rugby, swimming, cross-country and athletics, where he was school Captain. He has also been involved in a large number of cultural activities, working tirelessly on the matric dance committee, backstage and in the lighting box. Well done to Bryan Kruise.

30. **Sportswoman of the Year Award :** The recipient played Second team tennis, was captain of the B swimming team and has completed three Midmar Miles. In athletics she is the team captain, the top Standard 10 sprinter and represented Bryanston at the Prestige meeting. This year's sportswoman of the year also played first team Hockey, was chosen for the Nuggets provincial side and attended the inter-provincial tournament for B teams in Nelspruit. She was also chosen as an umpire for Nuggets and received an S.A. School III grade. The sportswoman of the year for 1992 is Janet Tanner.

Dion Bate and Janet Tanner

31. **Sportsman of the Year Award :** On the cricket field the recipient represented the first team but played most of his cricket for the Second eleven. In athletics he is the School Victor Laudorum and ran 100 metres, 200 metres and relay for the school. In Badminton the recipient played number one for the school, is school captain and received full colours. This year's sportsman of the year in addition, played first team hockey in the

centre forward position, scoring 27 goals and receiving the Player of the Year trophy. In addition, he represented the Southern Transvaal B Team. The 1992 Sportsman of the year award goes to Dion Bate.

Andrea Huggett, Nadine Smith, Boris Sucevic and Dalein van Zyl.

32. **Cum Laude Awards -** The criterion for receiving this award is the achievement of academic colours for five successive years: Andrea Huggett, Nadine Smith, Boris Sucevic and Dalein van Zyl.

33. **Special Awards**

Prefects' Trophy: This award goes to a person who, throughout the year, has shown excellent dedication, never turning a blind eye to any difficult situations, whether involving juniors or, fellow peers. We appreciate her loyalty, commitment and integrity and it is therefore our pleasure to present the award to Andrea Chapman.

Headmaster's Award: This award has no set criteria other than the recipient is usually selected on the basis of his or her embodiment of the values and character traits which are respected with the ethos of Bryanston High School. A full commitment to the school is a pre-requisite. By virtue of their office, the Head Prefects are not considered for this award. Invariably there are a number of contenders at this school for this type of award. After long consideration, two main candidates were apparent.

The first, a girl, has devoted herself to the school and its activities from her arrival at the school. She is an unselfish team member who asks not and gives all. She participated in athletics, swimming and hockey. The respect of her peers is evident in her election as Class Captain, a role in which she excelled. She is by nature and conduct a true lady. Her ability to persevere undaunted in the face of disappointment is the particular quality which distinguishes her from her fellows.

The second candidate, a boy, has similarly been a stalwart at the school for five years. He epitomises school spirit in his quiet unassuming dedication. Reliability and commitment are an intrinsic part of his nature. He was an important member of the backstage crew in dramatic productions. He helped organize cross-country courses on nearly a hundred occasions, besides being involved in running himself. He captained the hockey Second XI. Lacking the speed to win an official place in the athletics team, he nevertheless, ran the 1500m as an unofficial runner in every meeting over five years. His personal qualities, values and unshakeable integrity marks him as a young man of special worth. The Headmaster's Award is conferred on two admirable young people where superb contribution to the school is thus acknowledged.

Congratulations to Bronwyn Clarke and Andrew Tough.

Opening the Window

My bedroom is dark, full of blackness, without a hint of light. I'm supposed to be asleep, but I lie awake in bed, suffocating, in a way, from lack of light; the blankets getting heavier by the minute. The air is stuffy and the blackness constricting, empty. I should be getting up soon, to get dressed, to go to school. I lie waiting in anticipation. After about five minutes that seem like five hours, I decide to get up. I flick the switch of my bedside lamp. The bulb glows white, then goes to a deep orange, then goes out. Darn! Now I have to get up in the dark. I push aside the ton of blankets and am greeted by the cold of the South African winter. I get up and walk over to the window. As I draw back the curtains, a shaft of light pierces the impenetrable blackness and floods my room with warmth. Then I open my window, covered in moisture, and I see the first signs of Spring. I stand there, the open window shedding light on me, the subject, enjoying the warmth and the assurance that the winter has finally ended, and didn't last forever this year.

TUCKSHOP

*Running, sprinting, all their hearts pounding,
Out of the classroom at the bell's sounding.
Reaching the tuckshop is the boys' aim,
Getting their food's the name of the game.
Pushing and shoving, spilling with money,
The pupils all crushing, this ain't very funny!
Paying his money, receiving his food,
All of a sudden, he's in a good mood!
Pushing his way from that rowdy crowd,
He's got his food; of that he is proud.*

THE COLD WIND BLOWS

Swiftly, silently,
A flurry of furry feet
The she-fox runs out.

Out to search for food
Nourishment for helpless young
Sleeping in the den

A scent on the air
Wafts slowly, noiselessly down
Metallic and new.

Sensing no danger
She hurries on to her death
Pain and agony.

Snap! the jaws bite deep
Cutting, crushing, distorting
The leg is mangled

No man comes to her,
No man knows of the torture
The pain of that death.

Twice the sun rises
Two days of agony pass
Twice the sun sets.

From sunset to dawn
Amidst each low, mournful howl
Her end draws nearer.

At last the trappers come
To release the solid corpse
Hard, stiff and frozen.

Just one single death
To give one fur, so they say
But six more will die.

Starving and freezing
The cubs wait for her return
But she will not come.

They yelp and they howl
But she will not, cannot come
Only the cold blows.

THE THREE SWINES OF DIMINUTIVE STATURE

At a period of time immersed in history, there existed a trio of distinguished domesticated hogs. At a certain point in their lives, they decided that they would no longer reside in a singular abode. Each one therefore set about constructing separate residences. The first hog's construction consisted of an organic animal fodder, purchased at 23 cents per ton from an ageing contractor. The second hog's construction also consisted of an organic compound, however, it differed from that of the first hog's in that its structural tendencies were of greater resilience. The third hog, being a Harvard graduate, and of generally higher intelligence than his aforementioned brothers, built a fortification consisting of cubes of an artificial clay composite.

As it happened, there came prowling in the vicinity a carnivorous marauding canine. Contrary to popular belief, this animal was of no great amplitude, but rather an average-sized specimen, genetically engineered to possess hominid vocal chords, and abnormally pressurised respiratory organs. Proceeding to the first hog's domicile, he cried, "Oh swine of diminutive stature, permit me entrance to your pathetic establishment, or I shall be forced to liquidate it, by means of absolute respiratory power".

Replied the hog, "Nay by the follicle on my lower jaw".

The canine drew in a great amount of atmospheric particles, and forced them through his nasal cavity with enough pressure to demolish the edifice in question, and proceeded to devour the first hog. In the immediate area of the second hog's establishment, he cried the same line once again, to which the hog replied, (for lack of originality) in exactly the same way as the first hog. The only difference in the two incidents being that the canine made use of certain high explosives, to achieve the same effect.

This fate would have pertained to the third hog, had it not been for the fact that this canine could not gain proximity to the last hog, owing to the fact that the hog's habitation's structural integrity was unassailable. The animal itself, soon became disgruntled, and disregarding his contract, went on to star in another major fairy tale.

They collectively subsisted contentedly beyond that point, for eternity.

WHAT IS THIS LIFE?

The earth rotates like a spinning top. Oh, it seems to the human race that the earth moves slowly in the atmosphere. A minute becomes an hour, an hour a day, but that is Mother Nature's art of illusion. She is preparing herself for a magical production which today is a topic of controversy amongst scholars.

As the earth rotates, so the inhabitants of this homeland live by the minute. Time on earth is not like that in space. No-one can waste any precious time. It is too dear to mankind. If man could, he would stop time altogether. To combat the flight of time man has declared to conquer his foe by making his day full of appointments, schedules and itineraries. He refuses to give up his time for others. Man has his, and only his, life to live. He refuses to acknowledge his inferiority to time. Man has forgotten how to relax, to take some of that precious time and enjoy his surroundings and more importantly, man has forgotten about the meaning of life.

Caring, trusting and human kindness is replaced by man's fear of time. Man does not have time to stand and listen to an old man's stories of the days gone past. He has a business appointment. Man does not have time to view Nature's wonders. He has to be at the airport. Man does not have time for God. Why must man waste time on Sunday mornings when he could sleep? Isn't that what the Sabbath is all about? Man does not have time to help others unless it benefits man's own progress and self-esteem.

The true meaning of life has been replaced by a perverted definition of self-righteousness and selfishness. The meaning of life can only be re-discovered by each and every man's worth and what life really means to him without his being influenced by the ways of the world. The true meaning of life is spiritual. The answer has been given to us. Most of us are ignorant and find ourselves still searching, trying to find the answer before time knocks us unconscious. We fail miserably.

If man learned to ignore time, all his worries, fears and frustrations would disintegrate. The fears would be like water left out in the open on a scorchingly hot day. 'Ifs' and 'buts' would not be needed. They never get anyone anywhere. Man would learn to stop and stare at the wonders around him.

Man would stand and listen to an old man. Man would stand and view Nature's wonders. Man would have time for God. Man would have time just to stand and stare.

Parody By 7a :

The Heartless Shepherd To His Maid

Come live with me and be my maid,
Don't worry dear, you shalln't be paid.
The cellar wall, the kitchen floor
And all the dirt and gunk and gore.

There you can sit upon your stool
mixing mealies, rice and gruel.
Attending to my beck and call
Until you're ready to faint and fall.

And you will make a bed of straw
for my donkey in the stall
And while I work outside and plough
you shall sit and milk my cow.

Gowns made of the finest lace
will only be looked on by your face,
For you shall stand out in the cold
In rags all torn that can't be sold.

I'll work your fingers to the bones;
Your only sounds will be grunts and groans
As you clean my house till it's spick and span,
Until you've polished every pot and pan.

Don't be worried you shall see
What a fine life it will be!
So come live with me and be my maid
Don't worry dear you shalln't be paid....

Ek het nog genoeg kos vir 'n maand, genoeg water vir twee maande, en genoeg om te doen vir die volgende paar jaar. Ek het vanmôre opgestaan en my radio aangeskakel, maar die batterye is pap, nou weet ek nie eens hoe die wêreld buite lyk nie. Ek begin desperaat oor die bloedrooi en potblou vloeistowwe (begin navorsing doen). Hulle is die resultaat van vier jaar se navorsing. Toe skiet dit blitsvinnig deur my kop, ek moet die potblou stof verhit, dan altwee stowwe meng, en dan distilleer. Hoekom het ek nie vroeër daaraan gedink nie. Ek meng, verhit en distilleer, en dit dan in 'n haas, wat met kanker besmet is, hulle spuit. Na drie dae is daar geen teken van kanker in die haas nie! Ek het 'n middel om kanker te beveg!

Ek is so bly dat ek spring en dans, maar ek staan skielik stil. Ek het 'n manier ontwerp wat duisende lewens kan red, maar wie sal ooit weet!

La Télévision Chez Moi

Mon frère Sizwe, est le fanatique de la télévision chez moi. Ma mère ne regarde pas la télévision très souvent, elle la regarde par occasion quand il y a un programme qui s'intéresse. Mes deux soeurs regardent la télé quand mon frère la regarde et ça, c'est toujours. On peut dire que je ne regarde jamais la télévision. Je ne regarde que "Telly Fun Quiz", "Family Matters" et "Carte Blanche". Il y a deux postes de télévision et deux magnétoscopes, l'un est "VHS" et l'autre est Beta, chez moi. M-Net est la chaîne préférée dans la maison, parce qu'il y a beaucoup de bons films à regarder.

La première chose que mon frère fait quand il retourne de l'école, c'est qu'il joue avec son télé-jeu. Quand il finit de jouer avec le télé-jeu, il regarde "K-TV" après qu'il regarde "M-Net" jusqu'à très tard. Sizwe ne fait jamais ses devoirs au moins qu'on le remémore. Il a une cinquantaine de vidéos qu'il regarde tous les week-ends. Il connaît ses vidéos comme sa poche parce qu'il les regarde aux plusieurs reprises et il sait rien que ses vidéos. On n'a pas besoin d'un programme de télévision, chez moi, car mon frère sait tous les programmes de la semaine.

.... MAAR, WIE SAL OOIT WEET!

Die derde wêreldoorlog het drie dae gelede begin. Hoe dit alles begin het, weet niemand nie. Ek is 'n ondergrondse vesting, omdat alles bo die grond radioaktief is. My enigste verbinding met die buitewêreld is my klein radiofjie. Elke uur skakel ek dit aan om te hoor of dit veilig is om weer buitentoe te gaan.

Ek is 'n wetenskaplike, ek werk nou al jare lank aan 'n manier hoe om kanker te beveg. Ek het tot nou al my werk hier in die ondergrondse vesting gedoen, omdat dit die enigste stil plek is waar ek kan werk. Die huis waarin ek woon is gedurende die tweede wêreldoorlog gebou. Toe ek die huis gekoop het, was dit bo my vuurmaakplek hoekom dit 'n ondergrondse bomskuiling gehad het, maar later het ek aanvaar dat die mense dit gebou het, toe daar elke nag bomme geval het.

"IF ONLY" REFLECTIONS

If only. If only I could be something else besides this bewildered, confused little person, whose life lies before her like a sheet of newly-fallen snow, just waiting to record her every metabolic process I wish to be on that newly-fallen snow, "bravely to go where no one has ever gone before", to stamp out my individuality with pride, knowing that I can do and be and think whatever I want. But I can't be on that newly fallen snow. I can't, for the simple reason that there is no snow! Now do you see why I want to be something else, that has snow lying in front of it - a direction and purpose?

Perhaps I want to be a brainless, unthinking, unreasoning blob - not that it would mean much of a difference; all I would have to change is my physical appearance. Matric has already reduced me to a brainless, unthinking workaholic, complete with a stress-related spotty skin (to the delight of my younger sibling, who has yet to discover the wondrous world of coversticks, base and, best of all, the "Clearasil Routine". A blob, imagine that, to be a blob. I would, preferably, be a blob with a television but then, I suppose I wouldn't know how to operate a TV, being an unthinking organism. I also wouldn't know if there was snow before me - being unreasoning I would not be able to deduce that white, icy-cold "stuff" meant snow. On second thoughts, I will revise my "if only" wish.

If only, if only, if only. If only I could be a Fish Eagle. I would throw my head back and let my beautiful cry resound from one side of the rocky, steep gorge to the other, bouncing from one angular rock to the next like a microwave bounces off and intrudes into roast chicken that goes round and round and round on the turntable of a microwave oven. Fish would tremble and shiver in their scales, as my throaty cry invaded their watery world. They would know that I was hungry! "Oh yes", I would think as my eyes probed the turbulent stream for my silver supper. "Oh yes, we'll (I am royal) have crumbed fish tonight, baked to perfection under the grill of my Defy". Defy? Oh dear! I don't enjoy raw fish, whatever you may fashionably call it. Oh, all right, um - I think we'll take a raincheck on the Fish Eagle. He might have snow but raw fish is too big a price to pay.

Re-think. If only I could be a...a...a Polar Bear. They have snow. Yes, that is it, I will be a cute, cuddly, lovable Polar Bear - that is, if I survive to adulthood, what with all this baby-bear clubbing. Oh, to combat this and to be close to my beloved family. I will be a zoo-dwelling Polar Bear, not an Arctic-dwelling Polar Bear. My name will be Claire, the cuddly Polar Bear (or is that baire?) Yes, a Polar Bear.

I wish : if only I could see a SHRINK!

BESOEDILING

Ek dink dat dit so treurig is om te sien hoeveel mense hul bottels en papiere op die grond gooi. Ek wens dat polisiemanne daardie mense kan vang!

Ek is 'n prefek by my skool en ek moet sê dat dit baie moeilik is om die skool skoon te hou. Mense gee nie om as die plek waar hulle sit, nie skoon is nie. Hulle dink koeldranke en eet lekkers en dan gooi hulle die papiere neer. Ek kan dit nit glo nie! Hoekom kan mense nie hulle goed in die asblik gooi nie! Is dit so moeilik?

Ons strate en velde is in 'n groot gemors en ons moet dit regmaak, anders sal die natuur sterwe. Besoedeling is sleg. Ek hou nie daarvan om 'n vuil land te sien nie.

Ek praat met almal in die wêreld. Hou Suid-Afrika skoon. Maak ons land 'n beter land vir ons kinders!

UN ARBRE GÉNÉALOGIQUE

Voici l'arbre généalogique de la famille Staszczuk.

Voici le papa Staszczuk. Il a quarante et un ans. Papa va à la pêche. Il a la canne à pêche. Papa est un homme sévère quelquefois mais il est souriant quand il va à la pêche.

Voici la maman Staszczuk. Elle aime les jolies fleurs et les arbres verts. Elle travaille dans la maison, la mère prépare les repas pour la famille et elle lave les casseroles sales. Maman a quarante et un ans.

Et qui est-ce? C'est moi-même, Olimpia. J'ai quatorze ans. J'aime les chiens et je vais au cinéma. J'habite dans la maison avec la famille à Lonehill, Sandton. Je déteste Christopher car il est très méchant.

Voici Christopher, le fils de Mme. et M. Staszczuk. Il est intelligent mais il est aussi méchant. Il a neuf ans. Christopher aime jouer avec les avions et les ballons.

Voici Booby et Dina. Elles sont les chiens de la famille. Elles aiment les ballons. Je joue avec elles avec le ballon. Booby est le vieux chien mais Dina est jeune. Elles sont les amies de la famille.

P.T.

The sun is beating down,
heat waves rise lazily
off the green of the courts.
There is a desert in my mouth;
The sweat is running down my
back
in small but fast moving rivers
Our legs are pumping
in rhythm with the beating
of thirty-five individual hearts
as one.
The whistle blows so shrilly
it hurst my ears.
The coolness of the water
as we dive in and swim like fish.
Our reward.

EIN BESUCH ZUM ZAHNARZT

So ist es: Man hat wochenlang Zahnschmerzen, und endlich hat der Zahnarzt zeit. Man kommt ohne Zahnschmerzen da an. Man sitzt dann und weiß nicht warum man überhaupt da ist. Jetzt tut der Zahn ja nicht mehr weh und zum Arzt will kein gesunder Mensch!

Jedenfalls, jetzt ist man schon mal da, und meint man muß bleiben um zu sehen ob wirklich was fehlt oder ob der wehe Zahn ein Hirngespinnst war. Vom Nachbarzimmer hört man schreckliche Geräusche: Bohrer die Löcher so groß wie Münzen in irgendein armes Kiefer stoßen, Zangen die Zähne heraus, reißen und schleifmaschinen die sich anhören wie die in Papis Werkstatt, grauhaft!

Ich probiere die Geräusche zu ignorieren aber sie dringen laut und klar durch den dünnen Papkartonwänden. Ich halt es nicht aus. Der Lärm bildet Halluzinationen in meinem Kopf in denen man nur Blut, Metall und den Zahnarzt grinzend hinter seiner Maske sieht. Ich denke an den armen Kerl der im "Totenstuhl" und sich zermetzeln lässt, und ich merke plötzlich das ich auch dorthin muß.

Verzweifelt fang ich an Zeitschriften zu durchblättern: "Der Stern" und "Car" und alle anderen haben keinen einzigen Artikel der mich interessiert. Ich blättere weiter in der Hoffnung daB eine Zeitschrift doch einen gewünschten Artikel enthält. Obwohl es mir langweilen sollte hier so nichtstuhend rumzusitzen, habe ich nur einen Gedanken: Angst.

Endlich hört den Lärm auf und ich finde im gleichen Moment einen schönen Artikel. Ich lese über den neuen Porsche und es wird gerade spannend. Die Türe geht auf und ein erschöpfter Patient wird vom Doktor Schmied gefolgt. Er wird vom Doktor Schmied gefolgt. Er grüßt und sagt ich soll ihm folgen. Ich bin doch nicht verrückt! Der Schmerz den der Arzt mir verleihen will, brauch ich nicht, dafür hätte ich noch bezahlen müsse.

Ich greife meine Jacke und eile davon, ehe der Zahnarzt mich in seinem Stuhl "sperrt".

MY FIRST LOVE

He looked at me with a look of hunger, begging, pleading for some admiration. Those hungry eyes never ceased to amaze me. His desire to be loved overwhelmed me. He always wanted to be held and he loved me rubbing his stomach. And those endless nights I tickled his ears

Rotten, my first love, my first pet, my first rat. I'll never forget the first time I saw Rotten. His ugly little body was huddled against the glass cage in the unfriendly atmosphere of the pet shop. The rest of his brothers and sisters were cuddling with an even uglier mother. She looked up at me with those mean eyes that rats are meant to have. She reminded me of Killer Rat I had watched in a movie previously. I half expected her to change into a cartoon character and start shooting arrows at me, with red eyes glinting through the glass cage, like Killer Rat. Naturally she remained living.

I managed to rip my stare away from the mother and directed my glance to Rotten. I tapped the glass against which he huddled and his shaky little head looked up at me. Half of his body was hidden under sawdust and he pulled it out to look me straight in the eye. He couldn't have been more than four weeks old. His pink eyes blinked at me and I smiled, yelled across to my mother who was looking at the puppies: "I found the pet I want!" She noticed me squatting beside a rat cage, glanced at the puppies and shook her head. She walked over towards me and Rotten looked at her. "You want that ugly thing?" her voice squeaked. I ignored her insulting remark and lowered my hand into the cage and attempted to pick the baby rat up. Its head spun around at lightning speed and bit me. I knew it was love at first sight.

We paid for the rat and headed for home - Rotten's new home. We had also purchased a big glass cage, sawdust, food and a water bowl and a squeaky toy. The pet shop owner warned us that the food and water bowl might not be used. I'll never forget that it was on the way home that Rotten first started smelling. My mother then named him Rotten.

Six months had passed and Rotten and I had become best friends. At the age of seven I didn't have many close friends, so I asked Rotten if he would be my best friend; he didn't answer me; I took it as a "yes". I told him all my deep dark secrets, all the dreams I had at night and when I got scolded I came to him. He always listened to me. He lay in my arms while I spoke and when I once cried to him he crawled onto my shoulder. I made sure that his cage never smelt too bad (something you just can't help) and he always had sufficient food and water. I made sure that Rotten got all the love that he deserved and wanted.

Charcoal Drawing by Jackie McKee 10B

It was a stormy night on June the eighteenth. I heard our cat, Chutney, meowing and the sound of smashing glass followed. Immediately I knew what had happened. I raced to the kitchen and saw a broken glass cage, scattered sawdust and a still rat lying on the kitchen floor. Tears started to roll down my cheek as I bent down to pick Rotten up. His eyes were open, so I knew he was still alive, but he wasn't moving. My parents came rushing into the kitchen, stopped when they saw what had happened. Then, suddenly, Rotten's tail moved slightly and I smiled. I knew he would be alright, but that's all he did for the next hour. I fell asleep with Rotten on my chest and woke up with him gone.

I didn't ask my parents what happened that night and I never will. I don't think I want to know what they did with him. I will never forget Rotten, my first pet, my first love.

NÊRENS OM UIT TE GAAN NIE

Ek is 'n sewentienjarige dogter en nes alle tieners hou ek daarvan om saam met my vriende en vriendinne naweke uit te gaan. Daar is net een probleem - 'n mens kan nêrens heengaan nie.

As kinders nog jonk is (ongeveer twaalf of dertien jaar oud), hou hulle daarvan om bioskoop toe te gaan of na mekaar se huise toe vir verjaarsdagpartytjies. Maar as hulle ouer word, hou hulle nie van klein partytjies of bioskoop nie - dit verveel hulle. Ouer tieners wil graag klubs toe gaan, maar dit is vanselfsprekend dat tensy hulle agtien jaar of ouer is, dit nie moontlik is nie.

Wat moet ons doen? As ons klubs toe gaan, beland ons in die moeilikheid, as ons nie nagklubs toe gaan nie, is ons heeltmaal verveeld.

Volgens my opinie moet die stadsraad 'n tipe van vermaak vir die ouer tieners, onder agtien jaar, organiseer. Dan sal minder tieners onwettig optree.

Chère Genée

Merci de ta lettre que j'ai reçue la semaine dernière. Je t'ai écrit parce que je viens de retourner des bonnes vacances que j'ai passées au bord de la mer.

Nous sommes allés à Wilderness, Wilderness est près de Plettenburg Bay et Knysna. Wilderness est jolie avec les plages blanches et la belle mer bleue. Nous sommes allés à la mer et c'était joli. Nous avons joué sur la plage et nous avons construit un château de sable. Le château de sable a été grand mais il a eu encore les petites fenêtres et portes. Je suis allée avec ma famille à la mer et nous avons nagé dans la mer. Nous avons fait beaucoup de choses. J'ai vu des amis à Wilderness. J'ai passé de bonnes vacances avec ma famille à la mer. C'était fantastique.

J'espère recevoir de tes nouvelles bientôt!

"Nothing that actually occurs is of the smallest importance"

With the words "Let there be light", the universe began. Time was of no importance and therefore, whether fruit from a forbidden tree got eaten, whether a dinosaur lived or died, whether this mountain or that ocean rose or fell - all was of no importance.

A lifetime of one man, an eighty-year span, is also of no importance when one thinks of how a river will devote millions of years to wearing down a single rock into sand, except that a life of eighty years was a life and it seemed important to him. He had many challenges in his eighty years, he had to learn to walk, to talk and to love. He had to learn how to sacrifice, how to cry, how to cope with death. He had to learn about the whole world and how he should make it a better place. But nothing that occurred was of any importance, because when he died, everything he learnt went with him and a new-born baby's cry heralded the start of the whole learning process again.

A mother loses her son and husband in a car crash. She cries out to the stars, to God, to Fate and demands why they did this to her. She learnt to love and the objects of her loving were wrenched away from her and were newly settled in a grave. She wails in her despair and her wails echo off eternal mountains that have heard so many wails throughout the centuries. They rebound the sound off their rocky fortresses and the woman's wail was no different from the other - her cry is of no importance in the face of eternity.

A cyclone, unleashed with the power of the universe, lashes America. It kills people and animals, it leaves people homeless - who had little to call home in the first place - and it floods and destroys property and sentimental objects. And yet, when seen on a satellite photograph, it is a mere white spiral of cloud, like candy floss twirled round a child's finger. And the earth itself hardly raises an eyebrow at such a trivial disturbance. To some people it is the end of everything. Some people have nothing left, nowhere to go and no-one to go to, but to the fierce sun and the distant stars, it is of little importance. The stars have seen more than just a spiral of clouds, they have seen a whole eternity.

Nothing that occurs is of any importance. Oceans have formed and disappeared, continents have flourished and fallen, empires and states have conquered and lost, but it is all of little importance because even time is irrelevant to the one who said "Let there be light".

Geluk met jou nuwe baba!

Vandag is een van die grootste dae in jou lewe. Ek weet nie hoe dit voel om 'n baba vir die eerste keer te hê nie, maar ek dink (en vir jou hoop ek) dat dit die beste gevoel in die wêreld is.

Ek weet dat dit 'n groot verligting is dat niks verkeerd gegaan het, en dat jou baba goed vaar.

Dit is nou die begin van 'n nuwe lewe vol vreugde. Jou baba is nou baie klein, maar, voor jy dit weet, sal hy 'n groot seun wees, wat skool toe moet gaan.

Ek hoop dat jy 'n goeie lewe met jou baba sal hê, en dat jy gou terug skool toe sal kom.

EXAM

Like solitary confinement,

The door is locked

To the outside world while I'm

By countless subjects mocked!

The outside world is calling me.

The surreptitious convict, now I flee.

Tomorrow morning's my exam,

I am prepared - I say I am!

The morning's here and I am pale,

I start to think, "What if I fail?"

But like those cons who always shirk,

I lie to myself: I know my work!

Sea of Thoughts

Pale beauty of the moon does shine
Upon this world that's yours and mine.
Softly now, the wind does blow,
And us to rocky seas make go.

The lapping shores that in our mind
Dwell in our thoughts of many kind.
Rocking gently in our mind's craft,
Brought back to now by lonely draught.

And lone my solitary light
Does shine out against the dark midnight.
With only the moon to comfort me,
Alone on the sea of my thoughts, I'm free.

She's seen so many such as I,
As they cry and laugh and live and die.
Each, under the moon, for eternity,
Inwards must look and themselves must see.

Hier Soir, Quelle Histoire

Hier soir, je suis arrivée à la maison des Bertillon (nos voisins) à sept heures. Madame Bertillon m'avait demandé de soigner ses enfants. Ils ont semblé de très bons petits enfants. Ils ont embrassé doucement leurs parents au revoir et j'ai pensé que Monsieur et Madame Bertillon avaient vraiment de la chance d'avoir de tels enfants charmants. Cependant, c'était seulement un rêve.

Aussitôt que leurs parents étaient partis, toutes les actions ont commencé. Je leur ai dit de prendre un bain. J'ai ouvert l'eau, mais j'étais distraite quand le téléphone a sonné, donc j'ai oublié l'eau. Quand, je suis retournée à la salle de bains, j'ai été choquée quand j'ai remarqué le bain. Il avait débordé et le plancher était plein d'eau. Je ne savais pas où étaient les enfants, donc j'ai fermé l'eau vite et j'ai cherché Marie et Pierre.

Je les ai trouvés dans la cuisine. Tout était un désordre. Il y avait beaucoup de sol partout parce qu'une plante était tombée de la tablette de fenêtre. Il y avait aussi du café partout sur le plancher de la cuisine comme Pierre, le petit garçon qui avait cinq ans, l'avait répandu. Marie s'est occupée à courir autour de la table de la cuisine et avec les bras a cogné la table et un bol de verre (avec deux poissons) est tombé. Ils n'ont pas arrêté leur mauvaise conduite pendant que j'ai essayé de saisir les poissons et les ai mises dans l'eau.

Maintenant, il y avait beaucoup de morceaux de verre (du bol) partout, donc je leur ai dit d'aller au salon et nettoyait le sol, le café et les morceaux de verre dans la cuisine.

Après quelques minutes, je suis allée au salon. Ils ont couru autour du salon et ils ont sauté d'un divan à un autre divan. Ils ont heurté les têtes. C'était un soulagement comme ils ont enfin tranquillé. J'ai mis chaque chose à sa place et aussitôt que j'avais fini, les Bertillon sont retournés. Ils ont dit comment les enfants ont semblé doux. Je suis partie aussitôt que possible et je leur ai dit que s'ils en ont besoin encore, d'obtenir une gardienne d'enfant expérimentée.

PARODY : SNOW WHITE

There once was a girl whose name was Snow White,
She was a rebel both day and night.
Her stepmother hated her with a passion,
Because she always wore the latest fashion.
One day to Snow White's boyfriend her step-mother said,
"Go take Snow to a party and make sure she's dead.
If you do as I wish I'll make you rich son,
And your career with me will just have begun.
Then bring me her heart all boiled and stewed,
Tender and juicy, so it can be chewed".
Her boyfriend couldn't do it so he dumped her and split,
And found another heart that her size would fit.
Snow White, being sexy, easily caught a lift.
And soon found herself amongst the City drift
She landed herself in a deserted house,
With seven beds, seven chairs and everything else.
Later came home seven Chippendales -
All of them being the hunkiest males.
She explained her story with lies from afar,
Then they took her to town to a cocktail bar.
There she got drunk and was almost unconscious
Dreaming she saw the Queen looking horribly monstrous.
The hunks thought she was dead,
So they laid her in bed,
Along came a wimp, kissed her on the cheek,
To the Chippendales' disgust she married the freak.
Now divorced, with no money in her hands,
On the pavement in rags she forlornly stands.
The moral of the story is don't get too fond
Of an extremely sexy young "dumb blonde"!

.... MAAR WIE SAL OOIET WEET!

Daar is geen woord wat hom beter beskryf nie en Morné kan aan geeneen dink nie. Lelik. Paul was lelik en Morné het hom gehaat. Hy het snags wakker gelê en oor Paul gedink, hy het altyd gewonder hoe aangenaam 'n wêreld sonder Paul sou wees, hy het heerlik lugkastele gebou.

Die rede waarom Morné Paul so vreeslike gehaat het, weet ek nie. Maar ek weet dat saans het klein plannetjies, soos miere oor soetkoek, in sy kop rondgekruip en hoe meer hy daarvoor dink, hoe meer het Morné geweet dat hy Paul moes doodmaak.

Moord. Morné wou nie in die tronk beland nie en dus moes hierdie die perfekte misdaad wees - hy sou nie moord pleeg nie, dit sou nes 'n ongeluk lyk. En na maande se wakkerlê en planmakery het Morné die perfekte misdaad beplan.

Paul het in konstruksie gewerk en daaglik hoog op halfklaar geboue rondgestap. Morné was van plan om Paul net netjies oor die kop te slaan en dan sy bewustelose liggaam oor die kant van een van hierdie geboue te gooi - dus sou niemand Paul hoor skree nie.

Morné het soos 'n trapsuitjies agter Paul aangekruip, maar net toe hy Paul wou slaan, het Paul omgedraai en Morné bewusteloos geslaan. Dit het blitsinnig gebeur en geeneen van die ander konstruksiewerkers het dit gesien nie. Toe neem Paul Morné se liggaam en gooi dit netjies oor die kant van die gebou. Paul draai toe om, loop by die trappe af en hy verlaat die gebou.

By die huis pak Paul al sy besittings in tasse en hy stap na Morné se huis toe. Daar neem hy al Morné se besittings en hy vat dit na sy huis toe. Paul lewe vandag nog steeds as Morné Pieterse, want hy en Morné was 'n identiese tweeling - maar wie sal ooit weet!

The Three Lank Small Porkies

Yonks back, three lank small porkies rebelled up against their ol' folks. Their old man said, "Ja, chinas get lost, here's some padkos".

The three bro's replied, "We're outta here."

Their ma schemed, "Kids, watch ya backs for the awesome wolf".

The porkies were cruisin' when they decided that they weren't gettin' anywhere together so they said, "Chow bro's let's check out life on our own".

The scalyest porkie checked out a dude. This dude was selling lank cool straw in tons. This porkie couldn't cough up the dough so he scaled some straw when the fella wasn't lookin'. He chucked together a shack with the straw on the top of a hill. This scaly porkie reckoned that the awesome wolf surely couldn't get him.

The smoothest porky make a kief house out of sticks. He thought he was really tuff and lekker. He reasoned that the awesome wolf surely couldn't get him.

The coolest porky rocked up at a building site and stuck up the builder. He said, "Chill out babe, don't hassel, don't fret. Gimme the bricks and I won't get ya yet". With the bricks the hip pig made a real neat place to crash. He thought that the awesome wolf surely couldn't get him.

The awesome wolf checked out the scalyest porkie's straw house. He asked to come in but the porkie said, "No way, man". So he huffed and he puffed and he blew the house down. The wolf pigged out, 'coz he really digged pork chops.

He was cruisin' when he schemed his belly was a rumblin'. He found the stick house. So, he huffed and puffed and blew the house down. The smoothest pig slid down well coz the wolf really digged pork bangers.

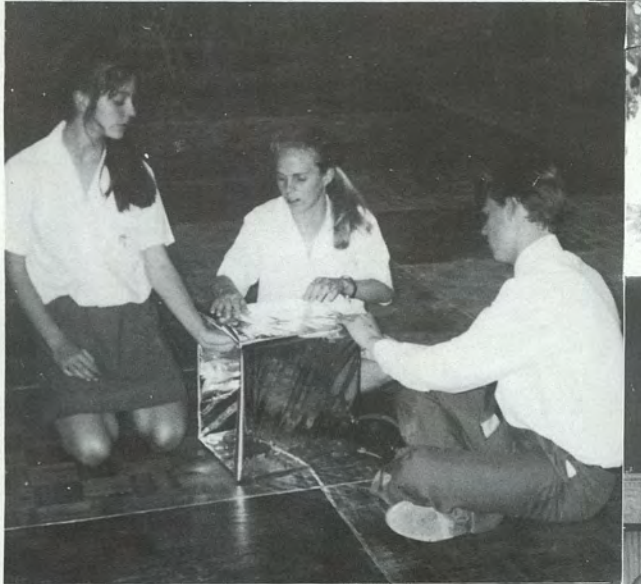

He chilled out and caught forty winks. Later he stumbled across a real neat place where the coolest pig crashed. He asked to come in but the porky replied, "Not on your life, dude!"

So the wolf said, "Cowabungo, it'll be on your life soon". So he huffed and he puffed, and he huffed and he puffed, and he huffed and he puffed but couldn't blow the house down. He went red in the face, lost all energy, fell head over heels and pegged.

The porky said, "Real, cool! I'm the best, the awesome wolf is dead and I'm better than the rest! Whoopii!"
