Our experienced events team are here to help and can support with a range of services, activities and resources for staff development sessions, training away-days or external meetings.

We're also on hand to help you inject some fun into your business, with a range of sporting and event spaces for staff rewards or team building days including theatre trips, sporting tournaments or restaurant and bar hire!

Our support services include:

- Dedicated events coordinator
- IT and AV support
- On-site parking available
- Free WiFi
- Theatre productions, including our annual Christmas pantomime – perfect for a team Christmas night out!

"I decided to treat my staff to a pantomime production of Dick Whittington at Middlesbrough College theatre. Upon arrival we were looked after with lovely mince pies, teas and coffees in their well-presented Waterside Brasserie, once we were finished we were nicely escorted and seated in the theatre on the College campus.

To say that the show was exceptional would be an understatement! The show was unbelievably well scripted and at times had us all in absolute hysterics."

Offer a student a work placement

T Levels are new Level 3 courses which have been developed in collaboration with employers and businesses so that young people can learn skills that prepare them for industry and work. T Levels offer students a mix of classroom learning and 'on-the-job' experience during an industry placement of 45 days.

By offering a T Level placement, your organisation will be building the next generation of workers, who can help generate new ideas to develop and grow your business. You will only work with students who are training and are interested in your line of business. Our students will bring you new skills and fresh ideas along with up to date technology that they will learn on their college course.

Our dedicated work placement team will connect you with the right young person and you also get early sight of the new talent coming into the industry.

Employer Benefits:

- No cost to the employer
- Generate a pipeline of talent
- Create a loyal and valued team
- Achieve greater diversity among your workforce
- Play an important role in skills development in the area
- Improve partnerships with education providers and influence learning pathways
