# EXPLORE OZARK MOUNTAIN REGION

## Harrison... Ride... Explore... Eat... Sleep! And Tomorrow, Do it All Again!

An important part of planning an excursion to a fantastic region like the Ozarks is where to base your trip. Ideally, it should be a location that allows the best riding and touring opportunities within easy reach. Also, those roads should take you to interesting places with great spots to explore and allow you to enjoy the area's ambiance.

Besides the convenient cruising, your base has certain requirements that most riders expect. That would be a wide variety of places to eat, with variety of comfortable accommodations to pick from, and places to unwind after a long day on the

road. And over the years, Harrison has grown into just that type of city, a place that motorcycle riders and sports car drivers appreciate. And the town has willingly embraced that role.

Harrison sits in an expanse of Ozarks prairie smack in the middle of the great roads you want and has all those other amenities you expect. Plus, the fantastic riding you are looking for is within easy reach. So, you can see that Harrison can be your base in the Heart of the Ozarks.

Many of the great Ozarks roads you want to ride are just a short ride from Harrison.

- Motorcycle Hauler & Big Rig Friendly
- 30/50-amp
- Paved Roads Throughout
- Large Level Sites
- Full Hook-up RV Sites
- Pavilion w/ Grand Fire Pit and Grill
- Great for groups, events, and family vacations
- Deluxe Cabins, Tent Sites

## Scenic rides to Jasper...

### "Where the Buffalo Begins"

Scenic AR 7 is an outstanding serpentine ride out of Harrison featuring all the fantastic scenery a rider should expect from a tour in the Heart of the Ozarks. Every section has a different personality that will not fail to please.

The wonderful free-flowing rivers and streams of the area have sculpted the crooked pathways forming the magnificent highways visitors relish.

In the '70s 'back to the earthers' (aka hippies) moved to Newton County and found kindred spirits among the local hill folk. Both groups enjoyed the natural

beauty of the mountains of the county.

In days-gone-by, elk and buffalo freely roamed the valleys and mountains of Newton County. Though the buffalo and elk were hunted out, elk were reintroduced in the mid-1980s.

Today, residents embrace motorcycle tourism as part of the area's economic engine. Thanks to the riders who enjoy the winding roads and scenic beauty, motorcycle-friendly Jasper is thriving.

Enjoy what Jasper and Newton County have to offer: a glimpse into a culture of another era plus fantastic roads.

## Scenic Rides in Searcy County...

### “Always In Season”

Searcy County, Arkansas, is a must-visit for motorcycle enthusiasts, offering two scenic routes: the 57-mile Bear Creek Growl and the 64-mile Leslie Lasso. These can be combined into the 121-mile Growl-Lasso, which takes riders through the stunning Ozark Mountains and the historic towns of Marshall and Leslie.

A group of riders enter Searcy County AR 27, a route rivaling AR 23.

sites like the Searcy County Courthouse. The Leslie Lasso features scenic roads and a challenging 11 percent grade climb on State Highway 66, adding excitement to the journey. Riders can explore local culture in charming towns along the way. This unique combination route provides a unique adventure for those looking to experience the natural beauty of Searcy County on two wheels.

The Bear Creek Growl is famous for its beautiful views, thrilling curves, and historic

## Top 5 motorcycle safety tips when riding in the Ozark Mountains.

### 1. Check Your Gear and Bike Before Riding

Before hitting the road, ensure that your bike and riding gear is in top condition. Check tire pressure, brakes, lights, and fluid levels.

### 2. Watch Out for Wildlife and Road Debris

The Ozark Mountains are home to various wildlife and animals like deer, that can suddenly appear on the road. Hazards, like gravel, can suddenly appear, even where there was none two weeks ago.

### 3. Be Prepared for Changing Weather Conditions

As in many parts of the country if you don't like the weather wait 10 minutes. Likewise in the Ozarks, changes can come on suddenly.

### 4. Take It Slow on Twists and Turns

The Ozarks are known for their scenic and often winding roads with sharp curves. Don't be afraid to take a familiarization run first.

### 5. Plan Your Route and Know Your Limits

Map out your ride in advance and be aware of the distance, road conditions, and available amenities like gas stops and rest areas.

*These tips will help ensure a safe and enjoyable ride through the beautiful Ozark Mountains!*
