## Who we are?

Tucano is a leader in aerial sightseeing and advertising services, offering unique perspectives and innovative marketing solutions. We provide customized aerial tours for breathtaking views and create impactful advertising campaigns using sky banners, aerial billboards, and more, ensuring your message reaches its audience with unmatched visibility and creativity.

## Mission

To offer unparalleled aerial sightseeing and advertising services that deliver unique perspectives and innovative marketing solutions, ensuring our clients' messages reach their audience with maximum impact and creativity.

## Vision

To be the leading provider of customized aerial experiences and creative advertising campaigns, recognized for our innovation, excellence, and ability to captivate audiences from the skies.

# Egypt's Majesty from the Sky

## Sightseeing Tour

Soar above the wonders of Egypt with Tucano Aerial Adventures, where your journey unfolds across iconic landscapes. Immerse yourself in the historical allure of Luxor, the coastal beauty of Hurghada, Alameen, North Coast and the vibrant charm of El Gouna—all from the luxurious comfort of our Air Taxi.

## Aircraft Type: Zlin

- **Passenger Capacity:** 3 adults or 2 adults and 2 children
- **Altitude:** 1000 feet - Maximum combined weight for passengers 300 pounds
- **Maximum Weight per Passenger:** 120 kg
- **Transportation Service:** Convenient Airport Transfers Available between any Airports in Egypt.

# Tucano's Unique Advertising Services

Take Your Brand to New Heights with Advertising Solutions.

- **Aerial Banner Ads**

Our planes carry large banners featuring your company's advertisement, ensuring it is seen by millions as it descends to a specified location.

- **Gift Drops from Helicopters**

Tucano offers the unique service of throwing gifts from a helicopter, making a significant impact and attracting customers.

A red and white helicopter is shown in flight, viewed from a low angle. The helicopter's main rotor blades are blurred, suggesting motion. Below the helicopter, a cityscape with numerous palm trees and modern buildings is visible under a clear blue sky. The overall scene is bright and clear.
