As shown \$27,600*

A versatile value

- 210 horsepower
- NACS Charge Port
- 11.3" diagonal touchscreen display
- 11" diagonal Driver Information Center
- Over 20 standard safety and driver assistance features*

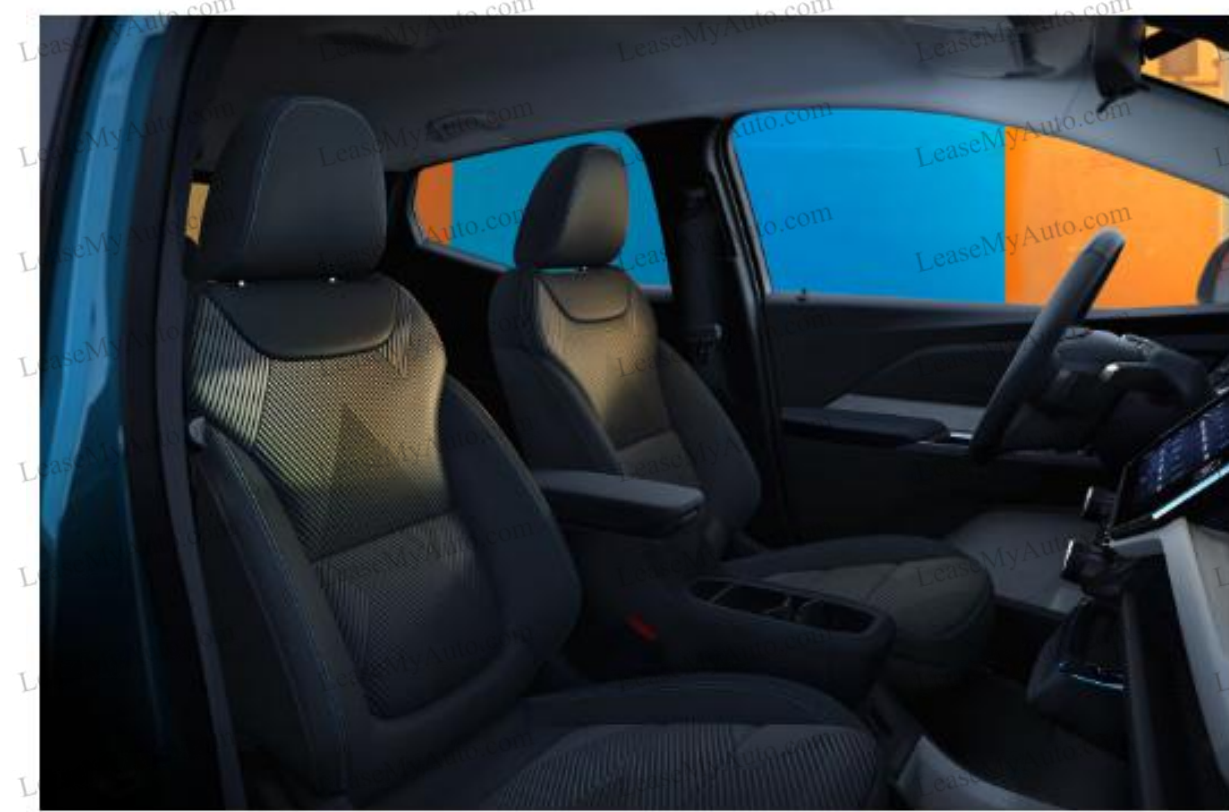

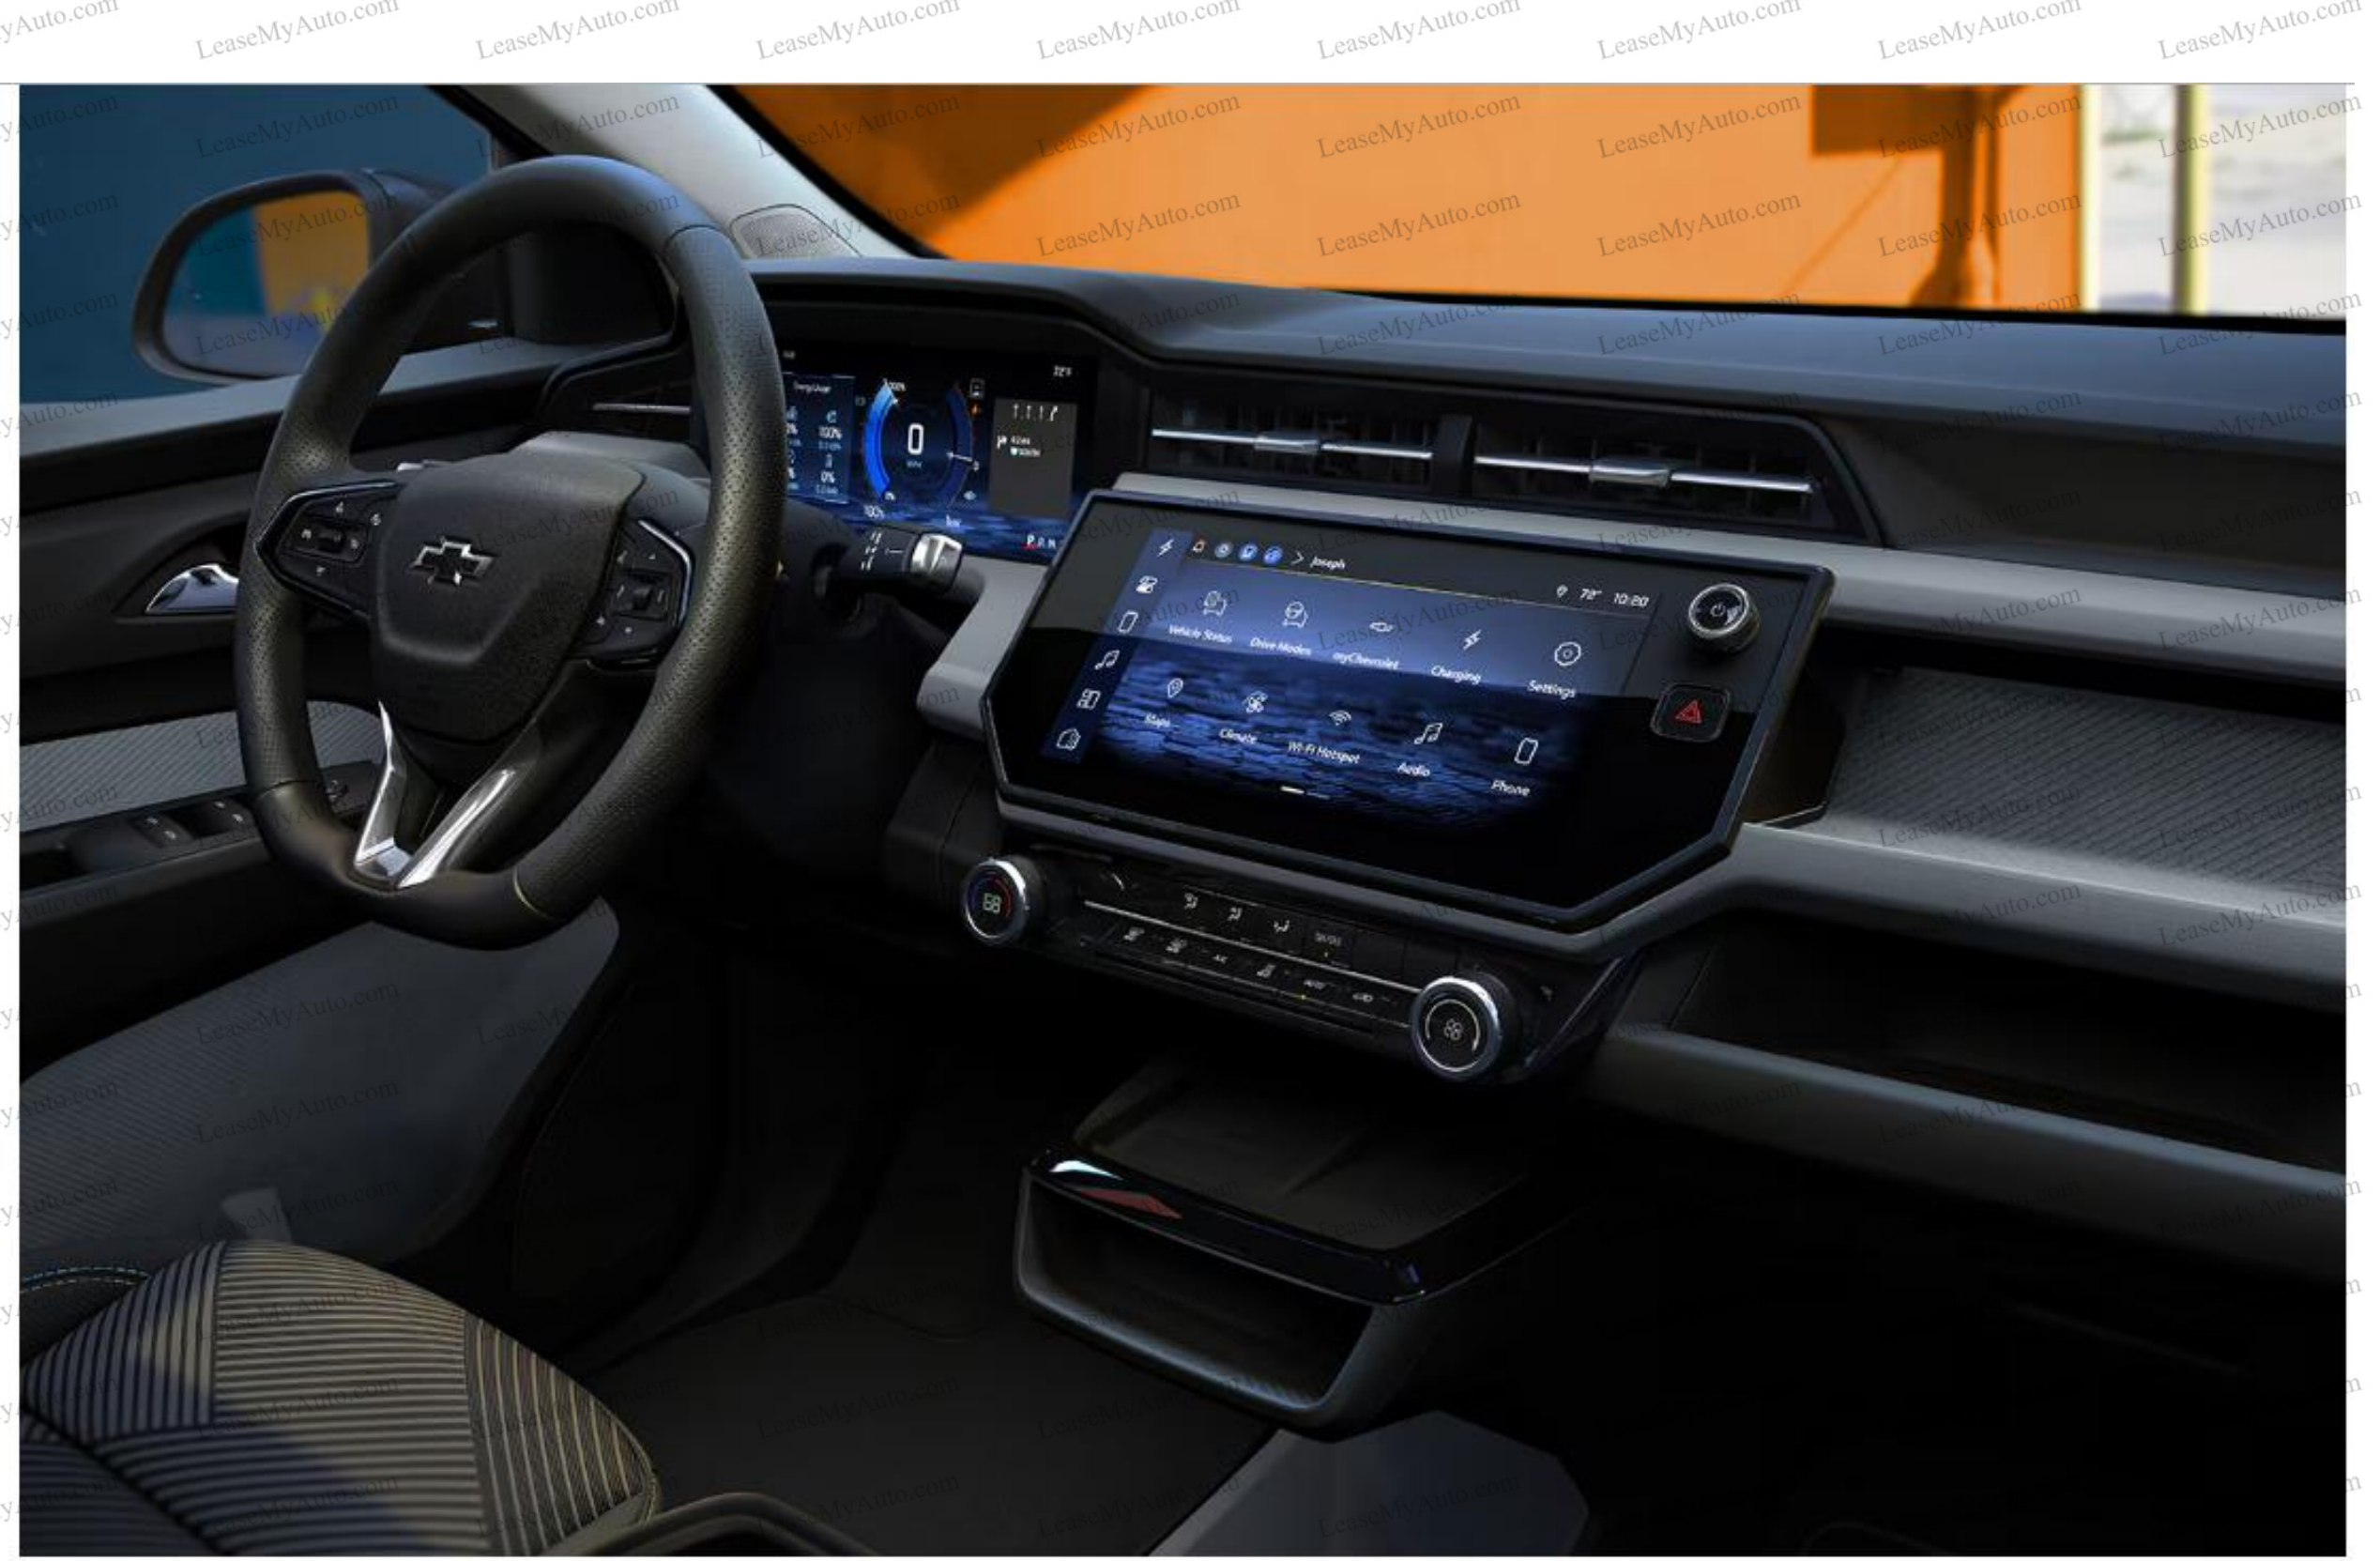

RS

Starting at \$31,600*
As shown \$31,600*

A fresh and affordable first

- Includes all LT features, plus:
- Unique front grille and RS badging
 - Gloss Black roof rails
 - 17" Black wheels
 - Black Evotex seating with Red stitching
 - Multi-color ambient lighting

Evotex: A nice touch
GM's leather alternative seating material is durable, stain-resistant, soft to the touch and gives seats a premium look. Standard on RS and available on LT.

A generous fit
A newly designed center console gives you plenty of room to maneuver. We even made sure the cup holders are big enough to accommodate your favorite insulated tumbler.

Volleyball Game

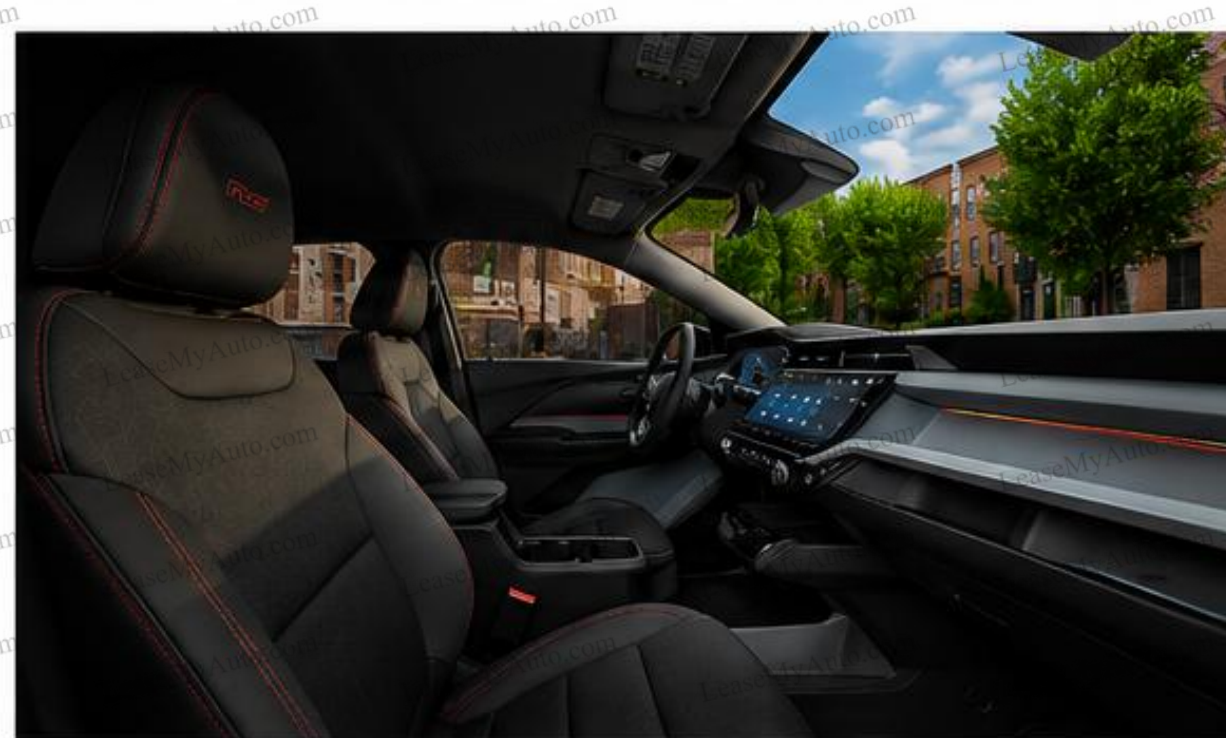

Local Art Fair

A folding chair and cooler
Stay relaxed and refreshed

Two volleyballs
Inflated and ready for game time

Duffel bag
Plus the rest of your volleyball gear

First-ever Bolt RS

- Unique front grille
- Gloss Black roof rails
- RS badging
- 17" Black wheels
- Evotex seats with Red stitching
- Multi-color ambient lighting

TECHNOLOGY

Smart tech on tap

Bolt has a collection of intuitive technology designed to help you easily access music, information and controls on large screens. Add innovative features like available Super CruiseSM driver assistance technology and available HD Surround VisionSM to make every drive even more enjoyable.

Technology [➔](#)

Available wireless phone charging

Lose the wires and conveniently charge your devices on the charging padSM while you're on the go.

Google built-inSM

With Google built-in compatibility, every drive is more personalized. Just say, "Hey Google," and your Google AssistantSM can provide hands-free help with real-time travel and entertainment needs.
