**Making the
Impossible
Possible**

Elevate is obvious, but we take this approach on designs brand-wide.

69

**Rediscover
Your Joy for
Furniture**

Non-functional furniture is stylish and high quality.

93

**Heels Over
Heart in Love**

Enjoy the rejuvenating posture of zero gravity relaxation.

A Partnership Rooted in Quality, Craftsmanship & Sustainability

Family-owned Finnish manufacturer delivering high-quality, fair-priced furniture with environmental responsibility at our core.

Handcrafted sleeper sofas and multifunctional furniture, individually built by experienced Finnish craftsmen. Clean lines and minimalist design meet practical functionality for modern living spaces.

Each piece is built to last 10+ years with reparability in mind, significantly reducing waste.

- Locally sourced raw materials
- Cushions made from recycled bottles
- Wood dust converted to heating pellets
- Minimal waste, reduced emissions

We offer furniture that delivers style, function, quality, and environmental responsibility—with an authentic sustainability story that resonates with conscious consumers.

**The
Luonto
Difference**

Authentic Craftsmanship
Crafted with traditional techniques and genuine attention to detail.

Quality You Can Trust

Transparent quality details and strong warranty support on every product.

Responsibly Made

Sustainably built with care for the environment & made to stand the test of time.

Lasting Investment

Designed for durability means you buy once and enjoy for years, not seasons.

Where We Come From

An Overview of Our Story

Humble Family Beginnings

(1964-1975)

Pentti Viitala started reupholstering used sofas in a hay barn, selling door-to-door in rural Finland. The family business transitioned to manufacturing new furniture from an old village schoolhouse, built on one simple idea: high-quality furniture at fair prices.

Strategic Growth

(Late 1970s-1980s)

Rising demand pushed the family to warehouse materials, acquire land, and purchase delivery trucks. A local sawmill was acquired, the Kurikka factory was constructed, and the team grew to 20 employees. Pentti and Viola named their children business partners.

Resilience Through Challenge

(1990s-2000s)

Timo Viitala became CEO as Scandinavia faced recession. Recognizing opportunity in Western Asia's reconstruction, he expanded into new markets—shielding the business from economic downturn. A second production line with state-of-the-art equipment was completed, sustaining growth through uncertainty.

Global Reach

(2010s-Present)

Two additional production lines expanded capacity to more than 400 employees, serving retailers across 15 countries. Luonto Furniture, Inc established North American headquarters in Charleston. Today, 60 years later, the company serves 550+ authorized retailers worldwide—adding more each week.

Quality & Sustainability

“it’s who we are and where we come from”

Comprehensive Quality Process

Rigorous testing across design, packaging, and delivery with inspections to validate all products down to their component.

Culture of Excellence

Performance-based incentives reward quality over quantity, valuing workers and attention to detail to deliver high-quality furniture.

Certified Standards & Materials

FSC plywood, PEFC wood, CertiPUR-EU foam, Oeko-Tex fabrics, PFC-free Performance. 10-year warranty included.

Advanced Fabric Technologies

AquaClean water-only cleaning removes all stains. SafeFront kills 99.9% bacteria, 91% viruses. PFC-free, PFOA-free.

Safety & Chemical Standards

CertiPUR-EU foam. Oeko-Tex ensures safety standards. REACH regulates chemicals protecting health environment.

Sustainable Sourcing

FSC & PEFC certifications ensure responsibility. GRS verifies recycled content, responsible environmental practices in 50+ countries.

Our Quality Standard

Quality permeates all processes from design to delivery with rigorous testing. Performance-based incentives foster excellence, promoting high-quality production and occupational wellbeing while offering furniture at fair prices.

Furniture designed for intended uses. Materials selected for longevity. CNC precision production. Quality inspections at every step.

Our 10-year warranty is a guarantee built on these foundational principles.

But, Don't Take Our Word for It.

European certification bodies independently verify every component.

Capri is a modular design featuring an array of modules to create a finished design that achieves your room goals.

Heels Over Heart,
Rest and Restore.

Benefits of Zero Gravity

Elevating your feet above your heart promotes healthy circulation and reduces leg swelling by assisting blood flow back to the heart. This position distributes body weight evenly, taking pressure off your spine and easing lower back tension—a naturally restorative posture that supports your body’s recovery.

Zero Zero-Gravity Recliner in Zaro 72 with Wenge legs

Tailored for Your Life

Customize our Designs for Your Home
