LUONTO

Founded in Finland, Since 1964

LUONTO
FINE FUNCTIONAL FURNITURE

A Letter from our President

It is with great joy and a deep sense of gratitude that I write to you on Luonto Furniture's 60th anniversary. Since the beginning, our family business has been built on core principles that define our identity. These principles, including quality, honesty, and integrity, consistently influence our decisions. Six decades of dedication, innovation, and unwavering commitment to quality have shaped Luonto into the reputable brand it is today. As we reflect on our journey, we cherish the enduring principles that have been our compass and eagerly anticipate the incredible opportunities that await.

Our product quality has and will always be of utmost importance. We encourage you to go deeper into the quality of our raw materials, understand their certified standards, and discover how we produce our furniture. Our extensive production experience, combined with sourcing certified raw materials, emphasizes our dedication to the highest quality and accountability standards.

In an ever-evolving business landscape, we understand the importance of adaptability, all the while staying true to our core values. We've faced challenges head-on, transforming them into opportunities for growth and innovation. Our devoted team, with an average tenure exceeding two decades, is truly the heart and soul of Luonto. Their passion, expertise, and commitment drive our pursuit of excellence.

Our achievements are a testament to the support and loyalty of our cherished customers and partners. Your belief in us spurs our passion and pursuit of excellence. As we celebrate this momentous journey, our heartfelt thanks go out to each one of you.

As we embark on a new chapter, filled with possibilities, our promise for the next 60 years is an absolute commitment to quality, responsibility, transparency, and unparalleled customer service. With a legacy of innovation and a vision for a brighter future, we move forward with gratitude, humility, and a resolute determination to lead and inspire.

We're excited to present our latest collection, beautifully crafted with a design philosophy that perfectly melds form and function. These pieces are sure to enhance your living spaces and simplify your daily experiences.

Chad Potter
President, CEO

Where We Come From

1964 The Beginning

Founded in Finland by Pentti Viitala, who started by reupholstering used sofas in a hay barn on his family farm and selling them door-to-door in his small town of Kurikka.

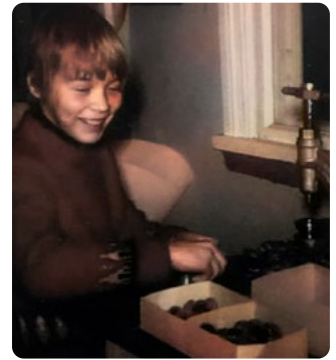

Built on the idea to make high quality furniture available at fair prices.

Late 1960s Family Affair

The business became a family affair with Pentti's family assisting in the production process.

Below is Timo, Pentti's son, now Chair of the Board, helping by pressing buttons.

1970s Schoolhouse Days

The Viitala family lived and operated a factory from an old village schoolhouse. During this time, the transition was made to manufacturing new sofas.

1970s cont'd

To reduce lead times and meet the rising demand, the family began to warehouse the raw materials required for the expanding production line.

Trucks were purchased & delivery services expanded all over Finland.

1980s Finnish Growth Years

Operations expanded after acquiring a local sawmill, which allowed the inclusion of the frame-building step. A B2B sales model was initiated, and 20 full-time employees were hired for production and sales.

Construction of the Kurikka factory began (pictured). And to highlight the significance of this time, Pentti and Viola named their children as partners in the business.

1990s Globalization

Timo Viitala, a born leader and visionary with an intimate understanding of the business was named CEO. Today, Timo remains an active member of our team as Chairman of the Board where he continues to mentor and share his vision for the future.

1990s cont'd

Just in time when Western Asia started reconstruction, Timo saw the opportunity to sell furniture to the new market. In fact, this decision shielded the business from much of the effects of the recession that gripped Scandinavia during that same time.

This period also saw the completion of the second production line equipped with state-of-the-art equipment.

2000s Further Expansion

The business continued to expand, acquiring a third production line and 400 full-time employees.

The new output capability supported the export market and the supply of furniture to roughly 550 retailer locations across 15 countries.

2010s A New Chapter

Luonto Furniture, Inc. established a strong footing in North America in 2012.

By 2019, the headquarters and warehousing were brought together by opening the Luonto Distribution Center with close access to the ports of Charleston, SC.

2020s Setting the Pace

Despite market disruptions in 2020, planning ahead and preparing for recovery was possible due to strong relationships with vendors.

Investment in advanced manufacturing methods was made for future functionality.

Today After 60 Years

Upholding the original vision of offering high-quality furniture at fair prices, we continue to grow with a network of 400 authorized retailers, adding more each week.

Sustainability

Quality and Longevity

Luonto Furniture crafts high-quality furniture designed to last more than 10 years. The focus is on reparability in both materials and assembly methodology, significantly reducing product waste.

Zero Wood Waste

The company practices zero wood waste. Wood dust collected at the sawmill is pressed into pellets, which are used to heat production lines during Finland's harsh winters.

High-Quality Raw Materials

Luonto Furniture sources only the highest quality raw materials. These materials have world-renowned certifications for wood, foam, and upholstery.

Recycled Materials

The fibers used in cushions are made with recycled PET water bottles. The R-PES upholstery collection contains 100% polyester from recycled bottles.

“it’s done simply because it’s who we are and where we come from”

Years Before Harvests

70%

Timber Exported

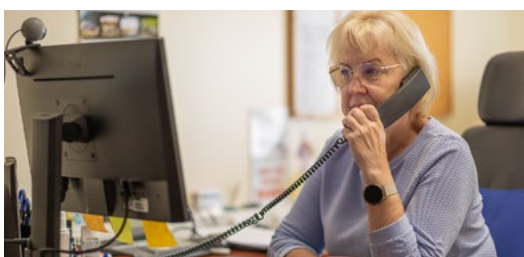

Sustainable Manufacturing Practices

Sustainability is built into the manufacturing practices. This includes re-purposing wood dust and partnering with local artisans to use scraps, rather than considering them waste.

Forestry Management

Forests in Finland are typically harvested once per generation, roughly every eighty years. The emphasis is on sustainable yields, ensuring growth is always more than yield.

Partnerships and Future Goals

Luonto Furniture strives to partner with vendors who support these sustainability efforts. The goal is to minimize the carbon footprint, secure longevity, and deliver fine functional furniture for many more years to come.

Our Quality Standard

Quality is the cornerstone of the business, permeating all processes from design to delivery, with rigorous testing at each stage. A culture of excellence is fostered through performance-based incentives, promoting high-quality production and occupational wellbeing, all while upholding the vision of offering high-quality furniture at fair prices.

Maintaining Our Quality

Product Design

Furniture is designed for intended uses

Materials

Selection is based on longevity needs

Production

CNC means precision every time.

Inspection

Quality checks occur at every step

Warranty

Trusted and guaranteed for at least 10 years

Certifications and Labels

On Solid Wood

Promotes sustainable forest management.

On Plywood

Upholds biodiversity and improves local economies.

All Cushion Foam

Voluntary testing for environmental, health, and safety standards.

Oeko-Tex

A standard for consumer safety in decision-making.

In filling materials and some upholsteries.

REACH

An E.U. regulation for protection against harmful chemicals.

In filling materials and some upholsteries.

Performance

Advanced technology for stain protection, cleanable with water.

A special collection of performance fabrics.

All AquaClean

AquaClean technology that protects against viruses and bacteria.

All AquaClean

Performance without harmful PFCs, ensuring safety.

R-PES

Promotes environment free from harmful chemicals.

A certification for recycled fabrics.

Raw Materials

Birch Plywood

Interior-grade Birch plywood is strong, rigid, and resistant to warping, splitting, and moisture. Its durability, stability, and resistance to environmental changes make it an ideal choice for long-lasting, high-quality furniture.

Nordic Spruce Solid Wood

Grown in northern Europe, Nordic Spruce combines strength, flexibility, and sustainable management, making it ideal for durable, environmentally-friendly furniture frames.

No-Sag Seat Suspension

Known as sinuous springs, are often used in due to their durability and comfort. The “no-sag” name comes from their ability to maintain their spring and bounce. We use a minimum of 4 per seat, spaced 4.25 inches on center for uniform comfort.

Foam, Fiber and Filling

All comfort can be credited to Cold Cured High Resilience foam, it's the premier choice due to its superior durability, resilience, and pressure distribution. Every cushion is chamber-filled, by weight for consistent comfort.

Packaging and Shipping

Prioritizing both sustainability and product safety, recycled poly sheets and re-purposed foam scraps for padding are used in packaging. Each item is hand-wrapped with double bubble wrap and uncoated carton bottoms establish a safe, eco-friendly delivery.

Our Functions

Level Function

This single motion sleeper function features assisted opening and soft close operation

Hybrid Deluxe Function

This single motion sleeper function features deep seat comfort and auto-folding back to make the bed.

Slide Function

This power sofa sleeper easily converts into a Full size bed, and is adjustable to a variety of seat depths before opening to its bed.

Hybrid Function

This dual motion sleeper function is easy to operate and offers a conventional sleeping direction

Nest Function

This dual motion sleeper function features a two section bed, allowing you to sit, sleep, or both at once.

Flip Function

This single motion sleeper function features arm-to-arm bed orientation great for narrow spaces

Move Function

This multi-functional sleeper function features a seat depth adjustment and arm-to-arm narrow bed orientation.

Easy Deluxe Function

This dual motion sleeper function features arm-to-arm bed orientation, under-seat storage, perfect in narrow spaces

Bunk Bed Function

This one-of-a-kind sleeper easily transforms from a sofa into a GCC Compliant bunk bed, in seconds.

Loungers

This swivel glider is a lovely companion to our sleeper designs. These designs offer great non-sleeper seating.

Drawer Function

This dual motion sleeper function features a drawer mechanism, just pull out and place the cushion on top.

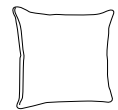

Mattress Protector

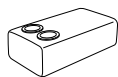

Universal Headrest

Bedding Sheet Set

Decoration Cushion

Cup Holder Armrest

Add Practicality to Function

Add an array of Accessories to our functions to improve function, add protection, or increase practicality in your home.

Use this demonstration SKU for Reference

The hyphen divides the SKU components to present the item in an organized fashion.

- A SKU begins with the 4 letter collection abbreviation.
- Then the size is defined, use plus (+) to add various modules (see drop-down on right). Function abbreviations are always appended to the size of the seat
- Define upholstery and color code. Upholstery collection codes are abbreviated to first 4 letters.
- Define leg style and the color code.

- K1L+DNT76+H+E+K1R - Configure a modular piece with plus (+) like this

Module

Modules Complete with Arms

- A _____ Chair
 B _____ Loveseat
 C _____ Loveseat
 D _____ 2-Seat Sofa
 E _____ 3-Seat Sofa

Modules without Arms

Modules without arms follow the same rules, but add a width dimension appended to the end. (Sleeper SKUs should include function codes between the module code and width dimension.)
 e.g. A24, ANT30, B55, CHY60, D76, etc.

Modules with Fixed Direction

Modules can have a left (L) or right (R) identifier, e.g. FL, FR, AGL, AGR

- F (L/R) _____ Chaise
 FO _____ Openable Chaise
 FOU _____ Reversible Openable Chaise
 AG(L/R) _____ Side Chaise

GOU _____ Reversible Openable Chaise End

- H _____ Square Corner
 HAG _____ Corner Chaise
 J _____ Wedge Corner

Arm Modules

Arms are sequenced with a number, this number represents its style, and also carry a left (L) or right (R) identifier, e.g. K1L, K1R, K2L, K2R, etc.

K _____ Arm

Ottoman Modules

- Q _____ Ottoman
 QO _____ Openable Ottoman

Accessories

The letters define the style, while the appended numbers identify dimension, e.g. Y22, Y30, YY22, YY30, X15, X17, etc.

- Y _____ Universal Headrest (Thin)
 YY _____ Universal Headrest (Thick)
 X _____ Decoration Cushion
 W _____ Cup Holder Armrest

Function

- BK _____ Bunk Bed
 DW _____ Drawer
 ED _____ Easy Deluxe
 FP _____ Flip
 HD _____ Hybrid Deluxe
 HY _____ Hybrid
 LV _____ Level
 MV _____ Move

Wired Remote

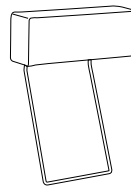

Upgrade for Power Level Function

Add a wired remote to your power sleeper. Connects directly to the control box to operate seamlessly. This remote can be used in addition to the standard wireless remote.

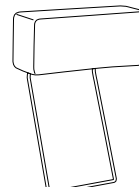

Do not attempt to use the wired remote and wireless remote simultaneously, it may damage the motors and void any warranty on the power system.

Universal Headrest

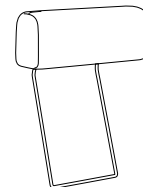

Track Thin

Track Thick

YY22, YY30

Round

Z22, Z30

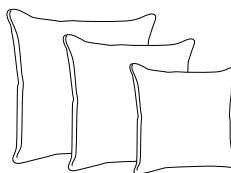

Upgrade for Compatible Designs

These headrests are easy to add or remove, and do not interfere with the operation of our functional furniture. We suggest choosing a matching upholstery to the furniture.

Medium Width (22") Size W 22x6x5

Large Width (30") Size W 30x6x5

Decoration Cushion

Upgrade for any Design

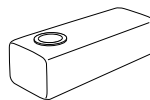

Add a Decoration Cushion to any design to add specific style to any design. Choose matching or complementary upholstery. Select one or more sizes to increase the comfort of your furniture.

Large (X22) W 22x22x6

Our Specialty Fabrics

We source our fabric collection offerings from the best fabric mills across Europe. Our fabric is separated into Grades A to E, and represent cost difference, not quality. All of our fabric is high performing, highly resistive against rubbing, fading and pilling. **Below are a few of our specialty collections.**

Recycled Polyester (R-PES)

Introducing our Ocean Collection: a **sustainable alternative to traditional polyester**. This fabric is soft, durable, and retains all the properties that made polyester popular. It offers high performance,

long-lasting goods while reducing greenhouse gas emissions and preventing plastic waste.

Experience quality without the carbon footprint.

SMART Fabric

SMART Fabrics are designed with a special protective coating that **resists the absorption of spilled liquids**. Instead of soaking in, liquids condense on the fabric's

surface, enabling easy clean-up. This water-repellent feature makes SMART Fabrics ideal for preventing rapid fluid seepage.

AquaClean

Aquaclean® Technology, a revolutionary fabric treatment that's **PFC-free** and integrated into the fabric's fiber, enables **stain removal using just water**. It's not a surface application, but a part of the fabric itself. Additionally, the fabric features **SAFE FRONT®**,

an intrinsic barrier that provides over **91% protection against viruses and bacteria**. This technology ensures safety and high performance without the need for harmful PFCs.

Cleaning AquaClean is Easy as 1, 2, 3

Cleaning Instructions

1. Clear any leftover residue from the upholstery.
2. Dampen the stain with water, wait briefly.
3. Gently rub the stain in circular motions with a damp cloth.

Repeat if necessary.

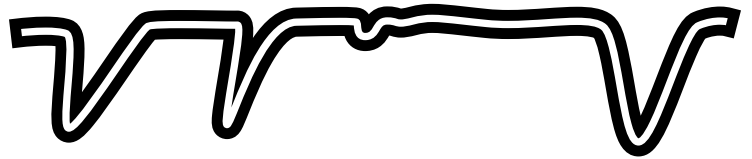

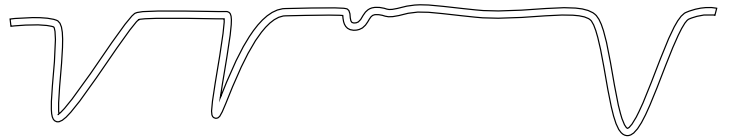

Our Leather

Basis of Leather

Aniline leather (Wild) is the highest quality leather type. It is made using the most suitable bovine hides. Aniline leather is dyed with translucent water-soluble dye and characterized by the appearance of natural irregularities, such as scars and color hues. The leather's surface is not sanded, repaired or pigmented. Due to its thin finish, the aniline leather is more sensitive to external wear than other types of leather and patinas with use.

Semi-Aniline leather (Nature, Labrador) differs slightly from full aniline leather with light sanding, and light use of water-insoluble pigmentation. The surface of the semi-aniline natural features of leather remain visible. Semi-aniline leather has a light finishing layer and a wax or varnish layer that protects the leather during use.

Cover-dyed Corrected leather (Soft Antique, Natural Soft) surface is sanded and repaired before its final staining. After dyeing, a protective lacquer finishing layer and mechanical graining (printing) are usually applied to the surface of the leather. This way a protective layer is created on the surface of the leather, which reduces the need for maintenance and protection of the leather during use and improves the wear resistance of the leather.

5 Grades of Leather

Select from our plentiful offering of leathers. Our leathers are all from European hides, processed at esteemed Italian tanneries. Explore our website to browse our selection of grades and colors. Any design in our collection may be ordered in Leather, as Made to Order.

Grades of Leather : 1000, 2000, 3000, 4000, 5000, and Prescott Leather, which is Semi-Aniline and offers 105 specialty colors

Leather Grade 1000

Leather Grade 2000

Leather Grade 3000

Leather Grade 4000

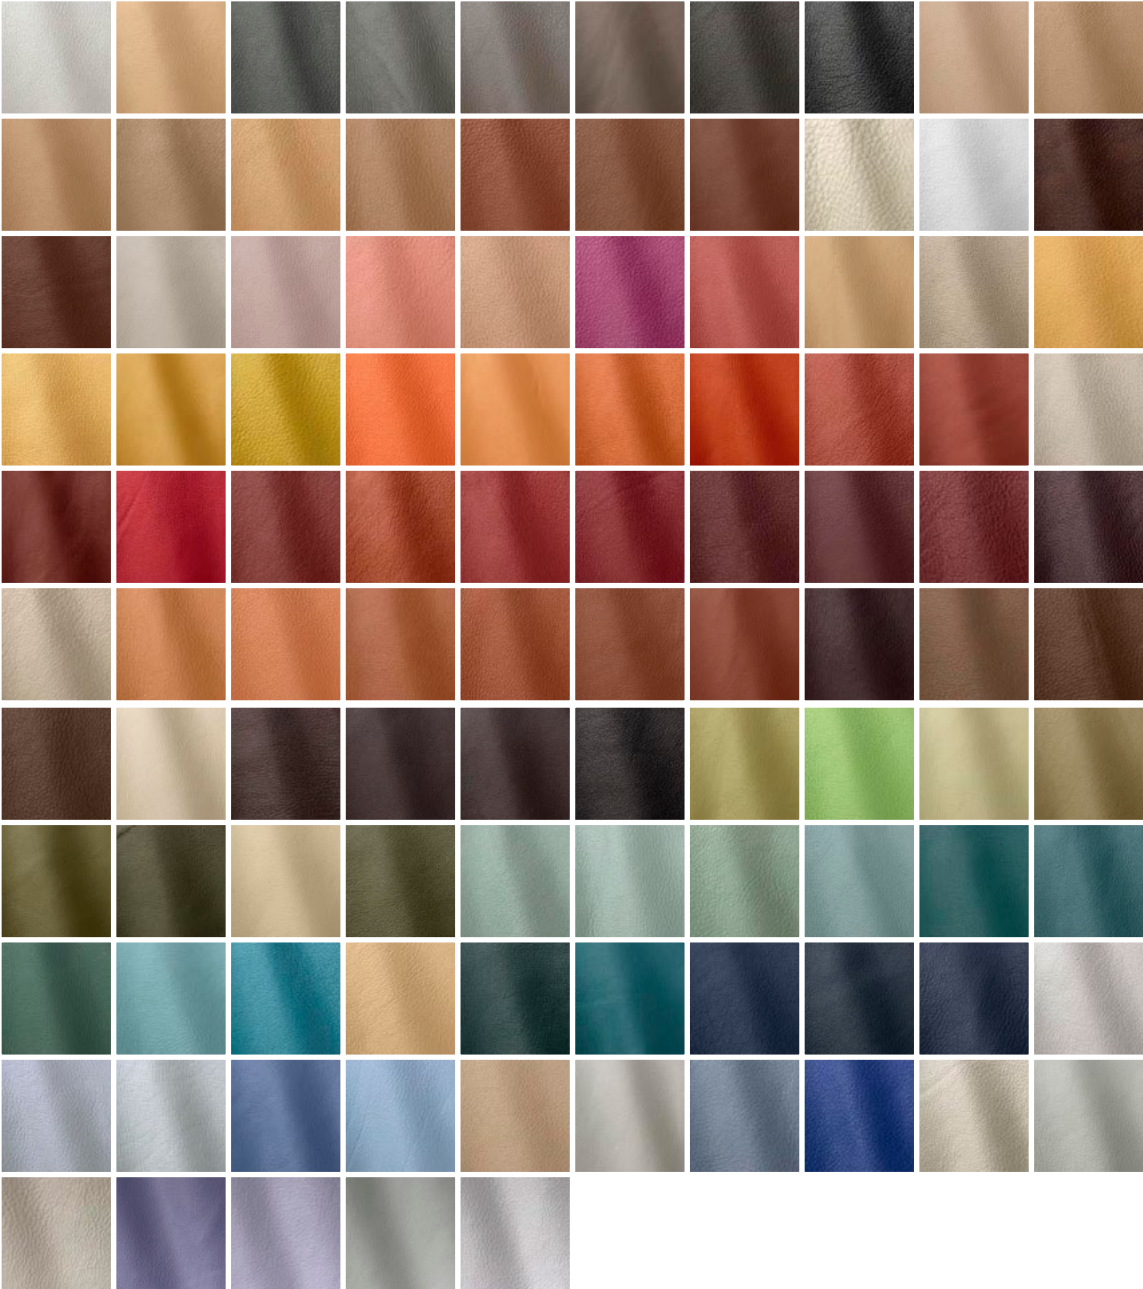

Leather Grade 5000

Prescott Grade Leather

Prescott Collection

Our Prescott Collection includes 105 specialty colors of Italian top grain leathers. Represented to the right, this collection offers just about any color needed for a statement or design piece to highlight your personality.

Prescott Leather is lightly buffed natural grain, and is a protected leather minimizing the required maintenance compared to unprotected top grain leather options.

Maintenance Tips

Cleaning the Upholstery

Use a damp cloth with mild soap for cleaning stains, then wipe with water to remove residual moisture. Avoid over saturation to prevent damage. Always refer to the upholstery care guide for cleaning codes and certificates. **Use appropriate solutions and methods for cleaning based on care instructions.**

“Spot” Cleaning

Clean desired area seam to seam with a damp cloth, mild detergent (no bleach). Clean seams to prevent water-ringing and spot discoloration. **For stubborn stains, use gentle upholstery cleaner spray.**

Cleaning the Cushions

Vacuum pillows regularly and spot clean with a damp cloth or sponge. Use a soft cloth, not abrasive scrubbers, to avoid damaging fabric. **For leather upholstery, avoid alcohol-based cleaners.**

Deep Cleaning

Brush fabric with a soft-bristled brush to remove dirt and debris. Brush before vacuuming or using cleaning solutions to loosen embedded particles. **Vacuum upholstery weekly to remove trapped dirt and particles.** Use upholstery cleaning attachment for optimal results.

Dusting

Dust upholstery regularly to remove surface dirt and grime. Use damp soft cloth for stubborn dust on leather; dry with a microfiber cloth.

Fluffing the Back Cushions

Regularly fluff back cushions to redistribute filling. This helps to maintain cushion shape and support.

Seat Cushion Smoothing

Smooth seat cushions by gently pulling from center outward. Remove wrinkles and puddles caused by use.

Back Cushion Rotating

Rotate back cushions for even wear. Re-position left to right for longer lifespan.

Checking and Tightening Frame Bolts

Periodically check and tighten frame bolts. Use a hex-tool or wrench for secure connections. Replace severely damaged bolts with professional assistance.

LUONTO WARRANTY

Register Your Purchase at www.luonto.com/warranty

The exclusive Luonto Furniture Inc. warranty becomes effective upon the delivery date of furniture and is non-transferable. Luonto Furniture Inc. will repair or replace at our discretion any piece of furniture that is defective in material or workmanship under the terms and conditions outlined here. If Luonto Furniture Inc. determines that a repair is impractical, you will be furnished a substitute of the same or similar color, design, and quality.

THE REPAIR OR REPLACEMENT OF DEFECTIVE GOODS CONSTITUTES LUONTO FURNITURE INC. ENTIRE OBLIGATION. THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING ANY WARRANTY OR MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

Please register your purchase at www.luonto.com/warranty

How to proceed if you observe a defect:

First and foremost, should you notice a manufacturing defect, **it is important that you promptly notify the Authorized Retailer where your purchase was made.** To exercise your rights under this warrant, Authorized Retailers must submit the original sales receipt and delivery ticket when making a claim. Authorized Retailers initiate all claims on behalf of the customer. If it is impossible to notify your local retailer, please submit your claim to Luonto Furniture Customer Service.

For your convenience, we have a Toll Free number: (888) 255 2951 or email our Customer Service department: customerservice@luontofurniture.com

CATEGORY	Period	Details of Coverage
Frames & Springs	10 Years	¹ Warranted against loss of resilience under normal conditions. All cushions and pillows will naturally soften with normal use. This is not a material or manufacturing defect. Warranty does not cover any normal softening of cushion core, flattening of a fiber top or loss of loft.
Mechanisms	2 Years	
Cushion Cores, Pillow Inserts, Back Cushions, Back Pillows and Padding	2 Years ¹	² Warranted against seam slippage, fraying, and dye transfer. Except where intrinsic to natural characteristics of fabric (i.e., velvets, silks), warranted against nap loss and marking. All COM (customer's Own Material) and merchandise subject to after-market protective treatments are excluded from warranty.
Sleeper Mechanisms	2 Years	
Sleeper Mattresses.....	1 Year	³ Warranted against splitting, seam slippage, and dye transfer. Nature's own characteristics such as wrinkling, marking and variations in grain or color are not covered.
Electrical Components, Motors, and Controls	1 Year	
Covering Fabric	1 Year ²	
Covering Leather.....	1 Year ³
