As promised.

The world is changing and so are we. We aim to reduce the environmental footprint of our activities all along the supply chain. We are committed to phasing out all virgin fossil-based plastic products and packaging from our collection by 2030. We are transparent, share data and partner with third parties for proof & validation.

Rethinking Plastics 2030.

In pursuit of a more sustainable product media industry, our objective is to minimise the environmental impact throughout the entire supply chain. With our long-term strategy “Rethinking Plastics 2030”, we are committed to phasing out all virgin fossil-based plastics from our collection by 2030. We are changing how we design, use and reuse plastics. There are 3 actions we must take:

Innovate, Circulate and Eliminate (I.C.E.)

Innovate, by replacing virgin fossil-based plastics with bio-based plastics and by looking for new materials.

Circulate, by using recycled materials, but also by reusing, repairing and rethinking our business models and take-back systems.

Eliminate, by removing virgin fossil-based plastic from product and packaging.

As we value sustainability, we’re going all in to reduce our ecological footprint. And we are getting there. Recently EcoVadis has awarded our work with a Platinum rating, placing PF Concept in the top 1% of businesses in our market for their performance in the field of corporate social responsibility and sustainable business operations.

Want to know more about our commitment to sustainability? Delve into our Sustainability Report 2022 where we showcase our initiatives, accomplishments, and aspirations for a more sustainable product media industry.

Turning plastic waste into building blocks for schools.

PF Concept supports UNICEF the Netherlands.

We have initiated a multi-year partnership with UNICEF the Netherlands to help fund their 'Plastic Bricks' program. As part of our long-term strategy, 'Rethinking Plastics 2030', we are providing funding for the program which converts plastic waste into building blocks for classrooms and schools while providing fair remuneration for plastic collection and training in entrepreneurship. Today, this program has established over 284 classrooms and over 14,200 children have gained access to education.

**Gifts
selected
with care.**

As promised.

We select products that last, and that people love to use. A broad collection of quality products and premium brands, with many customisation options. A more sustainable collection, selected with care for the End of Year season, and perfectly suited to put the end customers' brand in the spotlight. Brands that enable you to communicate your message, as the brand values speak for themselves. Also, have a look at our more sustainable bestsellers specially selected to help you communicate your sustainability goals.

Let our brands help to make a lasting impression.

Whenever your customer is looking for the perfect gift, make sure to include our extended brand portfolio in your offer. Brands are known to bring a sense of trust, emotional value, and a consistently positive experience. They create a strong connection between two parties. This is why we offer an extended brand portfolio of well-known brands. Brands you can rely on, brands that you can trust.

Americano[®], the perfect replacement for disposable cups.

Single-Use Plastic (SUP) items often find their way into our oceans instead of reusable alternatives. The European Union is taking a lead in the global fight against marine litter and plastic pollution. In this context, the Americano[®] takes a big role in replacing disposable cups with reusable ones. The Americano[®] Collection offers a mix and match approach for every campaign, colour scheme and budget. All crafted in Europe and fully customisable to promote your brand, while staying true to your sustainable values.

- Made in Europe
- Recycled and more sustainable choices
- Mix and match colours to create your ideal mug
- Available sizes: 250 ml, 300 ml, 350 ml
