## BOOK OF CHAMPIONS (SUPPLEMENT 1993-2024)

## INTRODUCTION

## JOHN RF RICHARDSON ( REEBERRICH)

" And behold ! Here is the *sui generis* compendium; the second part compilation of the pedigrees of every English Toy Terrier (Black and Tan) Champion since 1993. It stands complementary to the 1st edition, which covered the years 1884-1992. When I compiled the first edition on behalf of The English Toy Terrier (Black and Tan) Club, I nurtured the hope that, in time, a companion edition would stand alongside it. An update covering the period up to 1999 was published later, but in a breakaway format which, unfortunately, fractured continuity. That is remedied here, with the breakaway format absorbed into this edition, thus bringing the span of Breed Champions from 1884 right through to June 2025.

ETT Club Archivist Dr Steve Inch OBE, has taken the lead in collating information from several sources to produce the book, and has excelled here in his devotion to making this happen. In my time collecting and collating information was a pretty lugubrious exercise as the Internet was not in fully fledged existence and I relied on people answering questions on Champions via correspondence, or in me physically travelling to many parts of the UK to sort through paperwork and photographs that most people seemed to be safekeeping in shoe boxes. Today contact with people nationwide is much simplified, but the work involved is still as intense as it was back then in the sifting, sorting, cross referencing, and double-checking. I'm happy to have been able to 'walk alongside' Steve in the compilation of this edition. Discreetly, I have remained in the shadows, and so this is all his own creation.

I am in no doubt that those who enjoy dipping into breed history will find this a remarkable benchmark in the breed archive. It arrives before us 30 years after the first edition. Too long a wait, of course, but we have it now.

*John RF Richardson,*

*Patron, English Toy Terrier (Black & Tan) Club*

## **TECHNICAL NOTE**

The photos in the Book Of Champions have been sourced from owners/breeders, the ETT Club Archive and canine journals and magazines. In broad terms the choice of photos available is greater for more recent champions due to advances in digital photography. While not all photos are ideal I have proceeded on the basis that as this publication is part of the ETT Club archive any photo is better than none. This gives a complete set of photos except for one single dog where no photo can be found. There also one photo where there is uncertainty over whether the dog shown is the actual dog named (although its definitely the correct owner and breeder). Photographers have been given a credit where I have the photographers name.

I have chosen to use the most detailed pedigree which can be fitted into each page, accepting that the value of the detail is an acceptable trade-off for the consequent small size of print and for the final word in some of the longer registered names being cut off. The pedigrees have been sourced from the breed archive compiled largely by Amanda Kelly of the Canadian Manchester Terrier Club and Carolyn Inch of the English Toy Terrier (Black & Tan) Club. Much fuller details of every dog can be found on the breed archive website at [www.https://manchesterterrier.breedarchive.com](https://manchesterterrier.breedarchive.com) Much of the detail in the text box for each dog comes from the records compiled by Graeme Dixon (Lasagesse) of the English Toy Terrier (Black & Tan) Club, from my own databases, from the ETT Club Archive, and from copies of the ETT Club Thumbprints magazine going back to the the 1990'S .

Thanks to everyone who provided information, and particularly to ETT (Black & Tan) Club Patron John Richardson who compiled the original Book Of Champions in 1995 and provided the inspiration to me to actually sit down and get this update done !

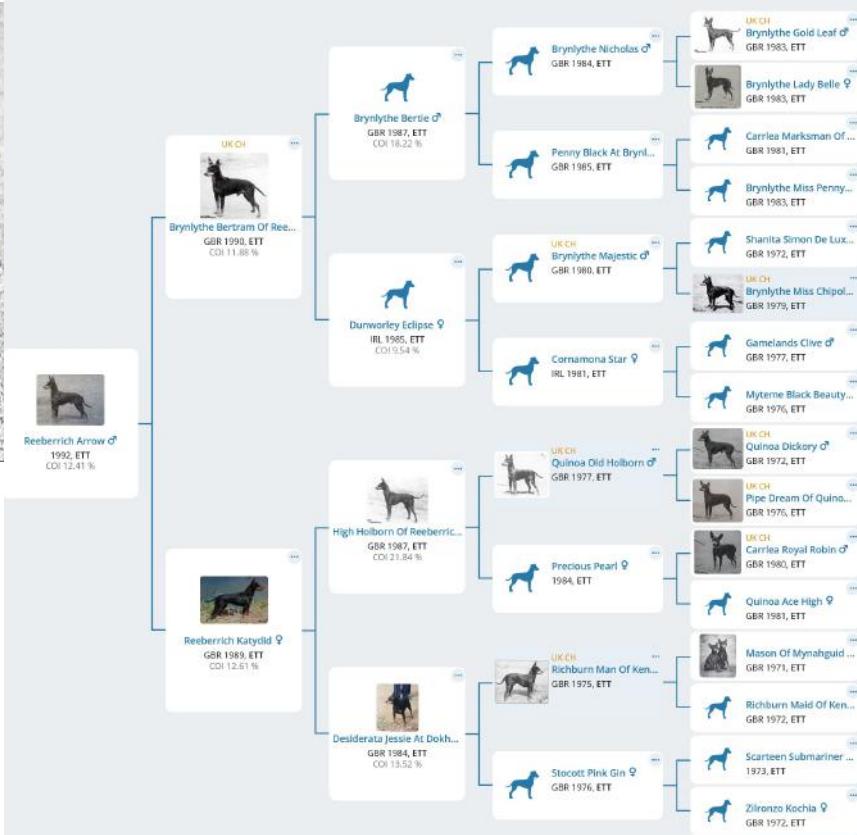

**Steve Inch**
