Dear Climbing Comrade,

It's time to bring our summer dreams out of the tropical greenhouses and into the open air. Summer needs room to breathe, because it's more than a season – it's a feeling, a celebration of pure joy and the thrill of being alive. And that very joy is reflected in this extraordinary collection.

With Luis Trenker, you don't just feel comfortable – you truly flourish!

We hope you enjoy this collection as much as we do!
