## NEXT GENERATION RECYCLERS

### RECYCLING

- ✓ Deposited cash can be dispensed to the customer
- ✓ Efficiently offer more denominations
- ✓ Increase availability due to better performance and fewer replenishment events

### INTUITIVE DESIGN

- ✓ Intuitive display and device position to help aid an easy transaction
- ✓ Infinity display: multi-touch full glass interface
- ✓ Video banking and palm vein identification options available

### ENHANCED CUSTOMER EXPERIENCES

- ✓ LED label aids and guides consumers through the transactions
- ✓ Overhead illuminations provide a safe and comfortable environment

### FLEXIBILITY

- ✓ The Hyosung ATM Platform is completely configurable to meet any Financial Institution's needs
- ✓ Can be configured as cash dispensers, full-function ATMs, or recycling ATMs
- ✓ The flexible platform provides an upgrade path as a Financial Institution's needs evolve

# SETTING THE PERFORMANCE STANDARD

Hyosung leads the industry in recycling solutions offering the only complete family of recycling ATMs.

## MX8800

### EXPERIENCE THE POWER OF CHANGE

#### MAXIMIZE PRODUCTIVITY

- ✓ Ability to extend beyond traditional ATM transactions with a variety of peripheral devices
- ✓ Video banking enabled with ID scanner and coin dispenser for easy check cashing
- ✓ High capacity/high-performance technology

#### EXCEED CUSTOMER EXPECTATIONS

- ✓ Two-screen kiosk design provides for a high degree of customer privacy
- ✓ High capacity recycler and check acceptor provide extended self-service support
- ✓ Interactive assistance capabilities allow for in-person customer assistance or remote video interaction

#### DUAL MONITOR INTERACTION

- ✓ 24" vertical screen – marketing/education while waiting for a transaction
- ✓ 15" horizontal screen – shields transaction information and personal details

## MS-500, MS-500S

- ✓ Productivity for the branch - ATM compatible, transit cassette, sit-down version
- ✓ Higher-performance - reliable recycling technology
- ✓ Secure Windows 10 Core System

# MX8100, MX8100T

## NEW VERSATILITY IN LOBBY & OFF-PREMISE ATMS

### SMALL SIZE WITH MODULAR DESIGN

- ✔ Perfect for replacing large traditional lobby ATMs and high volume legacy cash dispense sites
- ✔ Allows for reduced branch size or off-premise expansion

### FULL FUNCTION ATM WITH FULL RECYCLING TECHNOLOGY

- ✔ Cash recycling provides a better customer experience by using one slot for cash handling
- ✔ The pocket style recycler provides a quick & secure experience
- ✔ Single check acceptor allows for easy check deposit transactions

### HIGH PERFORMANCE WITH RELIABILITY

- ✔ Cash handling with one cash recycling module is more reliable vs. (dispense & cash and check deposit)
- ✔ Long edge cash handling provides for more reliability during transportation in the recycling module

# MX8200QTN

## HIGH VOLUME LOBBY LOCATION

### FULL FUNCTION ATM WITH RECYCLING TECHNOLOGY

- ✔ Cash recycling provides a better customer experience by using one slot for cash handling
- ✔ Bundle check acceptor allows for easy check deposit transactions

### HIGH CAPACITY AND AVAILABILITY

- ✔ Four recycling cassettes and one overflow cassette provide capacity for up to 15,000 notes
- ✔ Recycling technology reduces cash handling service events, creating higher uptime

### 21.5" DISPLAY WITH TOUCH SCREEN

- ✔ The large screen creates a dynamic space for a welcome / attract loop
- ✔ Marketing materials can be displayed without imposing on transaction area
- ✔ A 19" option is available

### MORE FUNCTION WITH MODULAR SIDECAR

- ✔ Modular sidecars can provide higher check capacity and/or coin solutions
- ✔ Provide flexibility for various bank branch environments
