Brookfield

Renewed Elegance

One of our most popular collections, the Brookfield's traditional sensibility has been refreshed to offer new finishes, refined styling, and expanded storage, lending a contemporary air to this long-standing favorite.

our most popular collections

The Breckenridge linen cabinet provides practical storage and features ample room for linens and other bathroom essentials, all while maintaining a contemporary look in two finish options - Light Natural Oak and Whitewashed Oak.

Breckenridge

With its clean lines and classic Shaker styling, we didn't think the Breckenridge Collection could get any better – until now! With a fresh new finish, new sizes, and new accessories, this collection has it all. Breckenridge vanities are the first collection in our lineup to feature our brand new finish color: Serenity Blue. Completing the lineup of standard vanity sizes, the classic console-style Breckenridge is now offered in two new configurations: a 60" Single Vanity and a 60" Double Vanity.

Fresh and contemporary, our new Serenity Blue finish offers a serene and calming aesthetic to your bathroom. This soft, versatile hue was inspired by Sherwin-Williams® 2024 Color of the Year, and is perfect for creating a tranquil retreat.

and Malibu

Timeless Style

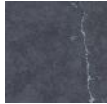

Staying true to its California Mission style, the Malibu Collection has been updated for 2025 with a warm Amber Birch finish and contemporary Matte Black hardware. Thoughtfully crafted, this gorgeous collection fuses classic charm with ample storage, creating a timeless aesthetic.

The Breckenridge Collection

A fresh take on traditional Mission furniture, the Breckenridge Collection easily transitions to Modern Farmhouse style with an air of understated sophistication. Appointed with coordinating Champagne Brass, Matte Black, or Satin Nickel knobs and neatly inset door and drawer fronts, this clean-lined, yet chic vanity is destined to become a classic.

Often Imitated, Never Duplicated

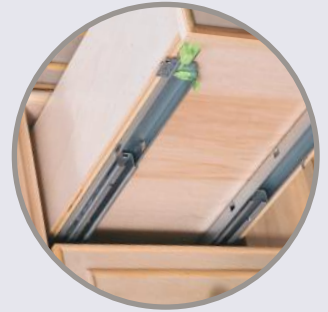

Several of our models include a decorative wood backsplash, treated with moisture and UV resistant finishes.

Solid wood vertical supports distribute countertop weight evenly.

All James Martin Vanities cabinets ship with full back panels so that allowances can be designed to align with the final rough-in location.

Interior shelves, cabinet sides, and bottoms are constructed with 12mm, 15mm, or 18mm thick MDF or plywood with finish-matched veneers.

All cabinet interiors and exteriors are sealed with moisture and UV resistant finishes.

James Martin Vanities cabinet drawers feature full-extension, soft-close, undermount slides with quick release clips for ease of drawer removal.

Wood corner braces reinforce the strength of the cabinet and distribute the weight of the countertop. These braces are secured with both wood glue and specialized nails.

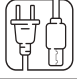

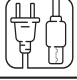

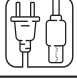

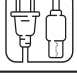

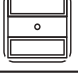

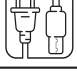

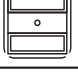

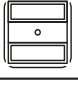

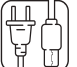

All drawer boxes are constructed using either 13mm plywood or 15mm solid White Poplar, and feature English Dovetail joinery and aluminum laminate drawer bottoms.

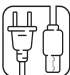

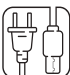

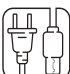

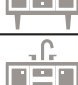

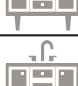

Our cabinets feature premium European, soft-close hinges with dual adjustments to allow for alignment after the cabinets are installed.
