# ABOUT US

**IMPROVE STREET APPEAL  
INCREASE PROPERTY VALUE**

Strukta began in 2013 in Hamilton, VIC, when Isaac milled timber with an old-style machine to create a post and rail fence for his parents' home.

The next thing he knew the neighbours wanted one too, and before long this hobby turned into a full-time business.

Strukta is now run by Isaac and his brother Vince. Rather than be all things to all people, they focus on first impression fencing and gates, and are fiercely passionate about products that look seriously good and last a lifetime.

What sets Strukta apart is their vested interest in improving properties, and the care and service they give every client.

# NIGRETTA

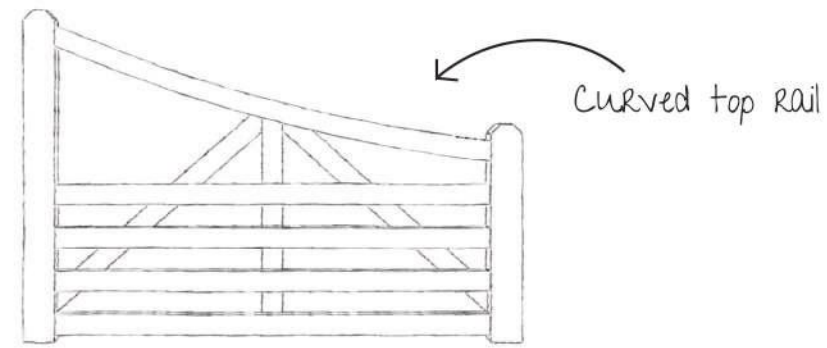

## SPECIFICATIONS

Max gate width: 6m double, 3m single

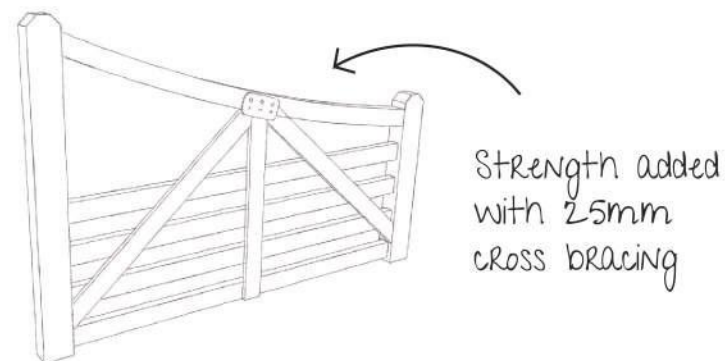

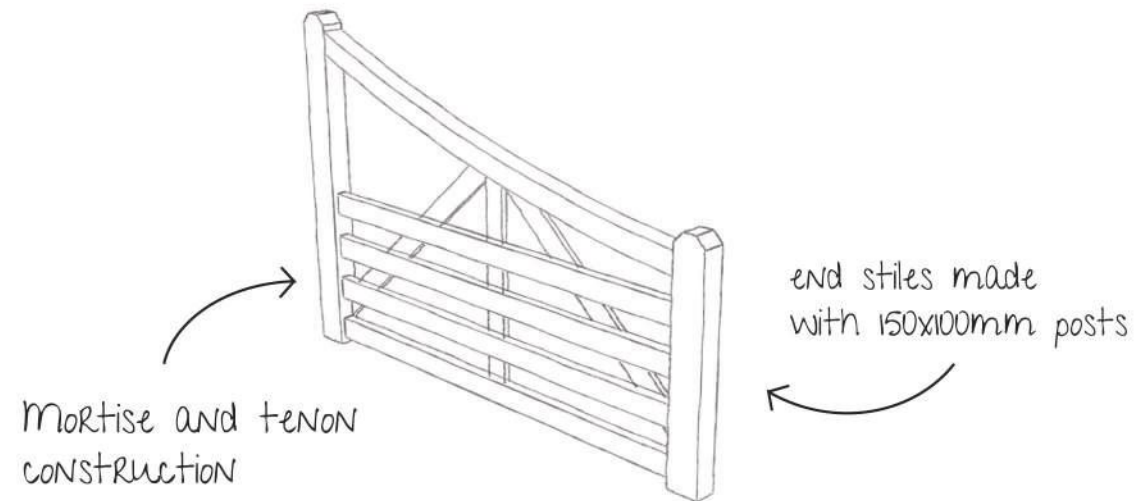

Standard Rail: 100 x 50mm

Standard End Stile: 150 x 100mm

The Nigretta is one of our most popular gates. It's a classic timber **ranch style** gate designed to make a grand entrance. The curved upper rail makes a statement that looks right at home in rural settings.

50mm thick  
rails

# DARLO

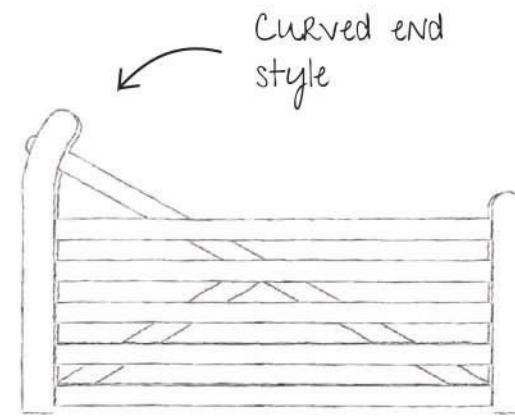

## SPECIFICATIONS

Max gate width: 6m double, 3m single

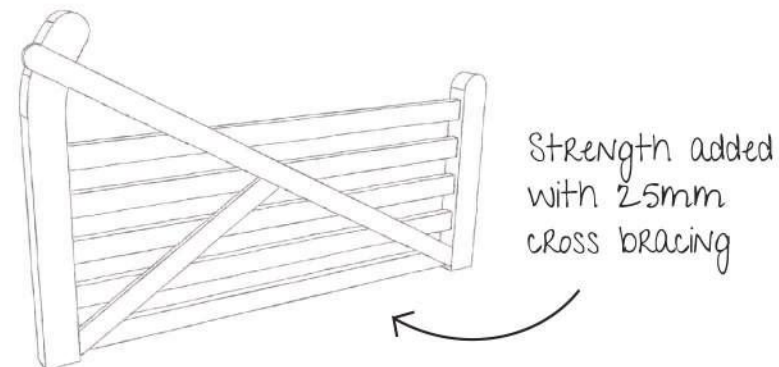

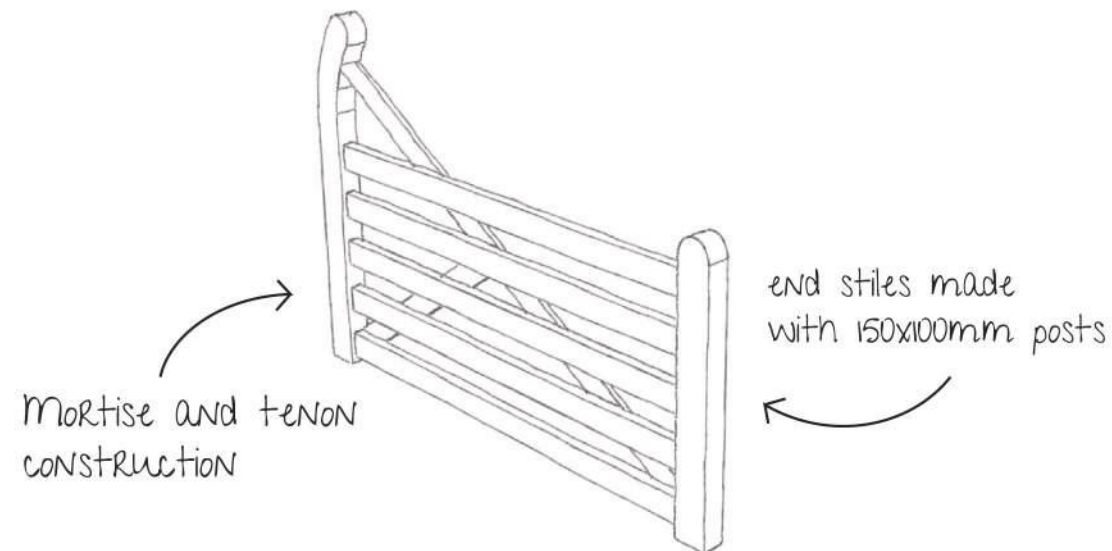

Standard Rail: 100x50mm

Standard End Stile: 150x100mm

This European style gate is known as the Darlo. Its curved heel and **elegant style** makes any house look stately. We can also customize it with different bracing types to add a custom flair on larger gates!

50mm thick rails

# FITZROY

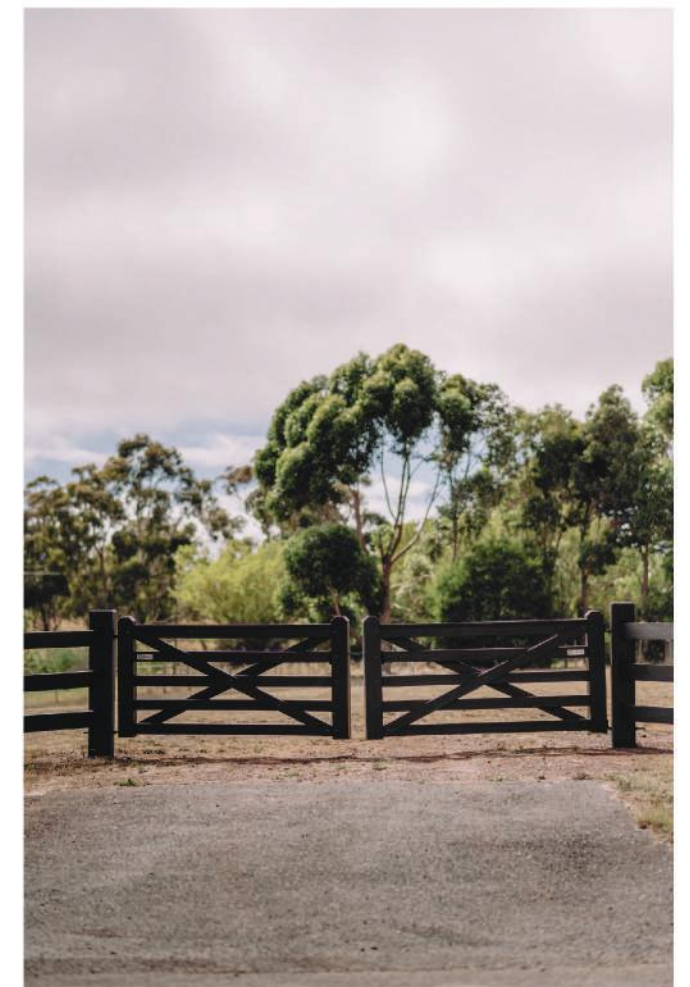

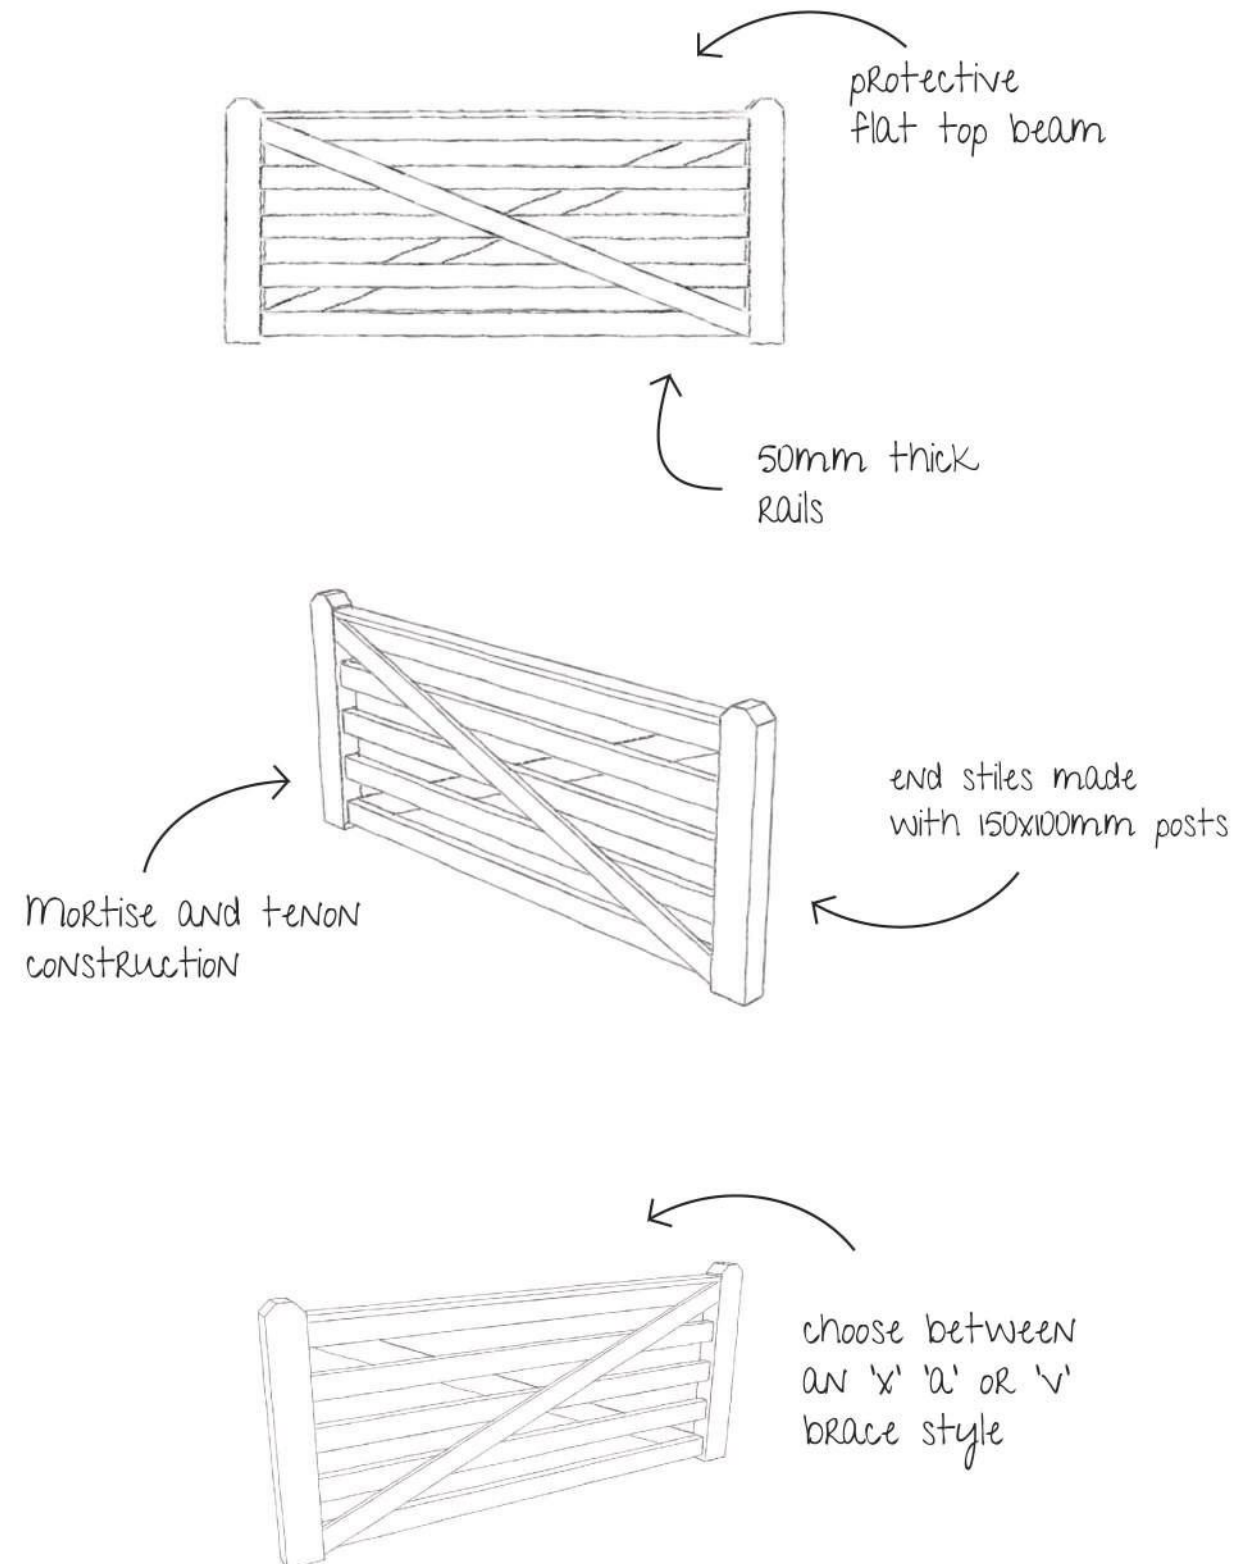

## SPECIFICATIONS

Max gate width: 6m double, 3m single

Standard Rail: 100x50mm

Standard End Stile: 150x100mm

If you are looking for a **traditional** wooden driveway gate, the Fitzroy is a great option. It is a flat top gate made with mortised timber in an X brace design by default. We can switch it up with V or A configurations to suit your style, and they look great as single or double gates.

# CUSTOM GATES

Your gates should be an extension of your property and style, and we understand the desire to have something unique that stands out from the other properties on the street. So we can work with you to firstly understand what you love, then design and craft a bespoke gate for you.

that sets your  
property apart

great for containing stock

# CUSTOM FENCING

Have you got a custom idea in mind, or want something unique? We love bringing unique ideas to life, so let us hear it! We believe that having the right entrance is incredibly important; it immediately adds value to your property and therefore net worth, it's the first thing that greets visitors as they arrive, and most importantly, it is a beautiful symbol of your home and your style. The right fence and gate can make you feel happier every time you leave and arrive at your property, and that's powerful!
