LITE

WALL MOUNTED SPLIT SYSTEM

R32

R32 REFRIGERANT

R32 is the next generation in refrigerants with 66% lower 'Global Warming Potential Factor' than R410A, providing less risk of harm to the environment.

ECONOMICAL COMFORT

The Lite Series features up to 4.5 Star Rating energy performance (2.5kW model) in both cooling and heating operations.

WHISPER QUIET

Daikin's Lite Series is not just compact in size but also quiet in operations, featuring an Indoor Unit Quiet mode that reduces the indoor unit operational noise level down to 19dBA* to maintain room acoustics.

LIFESTYLE CONVENIENCE

Features a simplified backlit wireless remote controller with precision temperature set point adjustment in 0.5°C increments and a built-in count up-down ON/OFF timer for convenient set and forget operations.

COMPACT SIZE

Utilising a range of new technologies including R32 as a refrigerant, a redesigned indoor heat exchanger with Ø5mm piping and a new large rotor cross-flow indoor fan has resulted in a more compact design for both the indoor and outdoor machines.

COANDA AIRFLOW

Discharge louvres are specially designed to stream air upwards along the ceiling for longer throws and delivering rapid cooling and even temperature distribution in the occupied space.

TECHNOLOGY

NEW CROSS FLOW FAN

Large diameter rotor with aerofoil blade design delivers larger volumes of air more quietly than ever before

REDESIGNED HEAT EXCHANGER

Slit type fin design with Ø5mm piping increases heat exchange area for improved capacity output and energy performance

NEW ODM MOTOR

Compact 10 pole DC outer rotor motor delivers higher torque more efficiently

V-CUT WING FAN

With a larger diameter fan and a new V-Cut fan blade design, air volume is increased by up to 18% whilst turbulence is reduced across the surface of the fan for a quiet, more efficient operation

TWIST GRILLE

Grille fins are angled to match the airflow path from the outdoor unit's fan, reducing airflow resistance for quieter operations.

DESIGN EVOLUTION

Incorporating the latest cutting-edge technologies, the Lite Series features a compact modern design, delivering air conditioned comfort more quietly than ever before.

L SERIES: 50 CLASS

SP: 32dBA 340x1050x248

LITE SERIES: 50 CLASS

SP: 28dBA 285x770x223

Note: Dimensions are HxWxD in mm, SP refers to indoor sound pressure in cooling operations

(OPTIONAL)

WIRED CONTROLLER

COMFORT AT YOUR FINGERTIPS

Daikin's wired controller provides ultimate control of your indoor unit to suit your lifestyle needs. Featuring an intuitive interface for easy operation and a clean minimalistic design, it is able to blend seamlessly into your home's decor.

FEATURES

1. Clear, backlit display with easy-to-read text
2. Weekly schedule timer with maximum 5 actions per day
3. Holiday function select the days for which the schedule will be disabled
4. Set temperature limit, to predefine a temperature range for cooling or heating cycle, helping you reduce your energy consumption
5. Off Timer, programmable in 10 minute increments from 30 minutes to 180 minutes

CONTROLLER MODEL NO: BRC073A4

Note:

- i. Additional wiring adaptor required for compatibility with BRC073A4 (25-50 Class: BRP067A42 & 60-71 Class: BRP980B42)
- ii. Wireless LAN Adaptor (Mobile Controller, BRP072C42) CANNOT be used in conjunction with BRC073A4

(OPTIONAL)

MOBILE CONTROLLER

WI-FI CONTROL FOR YOUR DAIKIN WALL MOUNTED SPLIT

Mobile Controller puts your air conditioner's frequently used functions at your fingertips with an easy to use app.

In conjunction with Daikin's BRP072C42 wireless LAN adaptor, the easy to use Mobile Controller app lets you use your smartphone or tablet to operate your Daikin wall mounted air conditioning unit via Wi-Fi or the internet.

ADAPTOR MODEL NO: BRP072C42

FEATURES

1. Start/stop operation
2. Set operation mode: Auto/Cool/Heat/Fan/Dry
3. Set temperature operation
4. Show room temperature
5. Show outdoor temperature
6. Error notification
7. Set weekly schedule

The Mobile Controller app is available for download, free from the Apple App Store or Google Play.

Note:

- i. Additional wiring adaptor required for compatibility with BRP072C42 (25-50 Class: BRP067A42 & 60-71 Class: BRP980B42)
- ii. Mobile Controller CANNOT be used in conjunction with BRC073A4 (Wired Controller)

If you're after air conditioning for two separate rooms, Daikin Multi Lite is the smart choice. It takes only one outdoor unit to maintain comfort in both rooms.

MULTI LITE

2-PORT MULTI SPLIT SYSTEM

R32 REFRIGERANT

R32 is the next generation in refrigerants with 66% lower 'Global Warming Potential Factor' than R410A, providing less risk of harm to the environment.

CONNECTABILITY

Up to two wall mounted indoor units can be connected to Multi Lite with a maximum combination of 25 + 50 Class.

LITE SERIES INDOORS

Indoor unit design is based on the Lite Series split system, harnessing all features and specifications and available in 20, 25, 35 and 50 Class models.

INDIVIDUAL COMFORT

Each indoor unit can be individually controlled, scheduled and set to the desired room temperature ensuring optimal comfort for all occupants in the household at anytime.*

ENERGY EFFICIENT

With simultaneous operation of both indoor units, Multi Lite is still able to achieve EERs of up to 3.72 & COPs of up to 4.67 (25 & 50 Class indoor unit combination).

OPTIONAL WI-FI CONTROL

Each indoor unit can be fitted with Daikin's optional Mobile Controller (BRP072C42) allowing you to control your system from anywhere, anytime.

*User can select the unit to operate in either cooling or heating mode, not both cooling and heating simultaneously

CAPACITY BOOST FEATURE

If only one indoor unit is in operation, a boost in capacity (50 Class: up to 7%) will automatically be concentrated into the operating indoor unit allowing for rapid cooling/heating of the zone.

Lite Series Notes (Page 8, 9):

- The Rated Capacity, Power Input and Running Current are determined under conditions T1 (cooling) or H1 (heating) of AS/NZS 3823.1.1
Cooling: Indoor temp: 27°CDB/19°CWB, Outdoor temp: 35°CDB/24°CWB
Heating: Indoor temp: 20°CDB/15°CWB, Outdoor temp: 7°CDB/6°CWB
- Indoor and outdoor unit sound levels are determined in an anechoic chamber at a distance of 1 metre from the front of the unit.
They are normally higher during actual operation due to ambient conditions.

ASSUMPTIONS

All representations made in Daikin marketing and promotional material are based on the assumptions that the correct equipment has been selected, appropriately sized and installed in accordance with Daikin's installation instructions and standard industry practices.

QUALITY CERTIFICATIONS

Daikin Industries Limited was the first air conditioning equipment manufacturer in Japan to receive ISO 9001 certification. All Daikin manufacturing facilities have been certified to ISO 9001 Quality Management System requirements. ISO 9001 is a certificate for quality assurance concerning 'design, development, manufacturing, installation and related service' of products manufactured at that factory.

ENVIRONMENTAL CERTIFICATIONS

Daikin Industries Limited has received ISO 14001 Environmental Certification for the Daikin production facilities listed below. ISO 14001 is an international standard specifying requirement for an environmental management system, enabling an organisation to formulate policy and objectives, taking into account legislative requirements and information about significant environmental impacts. It applies to those environmental aspects within the organisation's control and over which it can be expected to have an influence.

The certification relates only to the environmental management system and does not constitute any endorsement of the products shipped from the facility by the International Organisation for Standardisation.
