Our experience is working for you

Over 100 years of experience

Since 1924 we have been working with passion, dynamics, confidence and courage. It all started with our **Metalbohrdreher** (metal drill), our namesake. From the world's first impact drill to our innovative Metabo Ultra-M battery pack technology: Metabo power tools set standards in terms of productivity, robustness, safety and service.

Systemised innovation

In all Metabo machines there are technologies delivering special features: From the Metabo Ultra-M battery technology to the Autobalancer in angle grinders, or the Metabo Quick System, which allows you a tool free change of application and enables you to work quickly and efficiently.

Productivity

Our tools feature convincing technical solutions, offering you plenty of benefits. Minimal processing times yield maximum results. This helps you to save valuable time and reduce your costs.

Safety

The less time lost due to work related illness, the higher your productivity. Our products offer utmost safety and protection for the user – with this we are setting new standards in the market.

Robustness

Metabo's machines and accessories guarantee best quality, absolute reliability and unparalleled service life – for uncompromising high performance even in the harshest of conditions.

Service

From application analysis to individual product and system solutions, fast spare parts and repair service: Your workflow is our commitment.

Tools, accessories and service from Nürtingen, Germany

In every Metabo tool there is traditional German engineering ingenuity. Since 1924 we have been developing innovative ideas in our Nürtigen plant and have been implementing them into pioneering tools and perfect accessories for professional users directly on site. Our service, tailor-made to your requirements, also makes us a strong partner for the industrial sector.

Compact power.

POWERMAXX BS BASIC 12V Cordless Drill/Screwdriver

- Easy to use, compact power: small and lightweight drill with plenty of power for a variety of drilling and screwdriving tasks
- The 12 Volt class with push-in battery packs, extremely compact and handy
- Spindle with magnetic hexagon recess for screwdriver bits for working without chuck
- Integrated working light to illuminate the contact area
- Handy belt hook can be fixed either on the right or left side without tools

Battery pack voltage	12 V Push Stick
Maximum torque: Soft / Hard	17 Nm / 34 Nm
Drill Ø soft wood	18 mm
Weight excl. battery pack	0.75 kg

PowerMaxx BS Basic Scope of delivery

Keyless chuck, Belt hook,
2 LiPOWER Push-in Battery Packs (12 V/2.0 Ah),
Charger LC 24

Battery options	Order No.
2 x 2.0Ah Li-Power batteries + LC 12 Charger (Plastic case)	600984500
2 x 2.0Ah Li-Power batteries + LC 12 Charger (Cardboard box)	600984000

POWERMAXX BS BASIC SET 12V Cordless Drill/Screwdriver

- Easy to use, compact power: small and lightweight drill with plenty of power for a variety of drilling and screwdriving tasks
- Mobile workshop (41 pieces): 5 wood drill bits (4/5/6/8/10mm), 14 HSS drill bits (1.5/1.5/2/2/2.5/3/3/3.5/4/4.5/5/5.5/6/6.5mm), 20 screwdriver bits length 25mm (PH1/PH2/PH2/PH3/PZ1/PZ2/PZ2/PZ2/PZ3/H3/H4/H5/H6/T15/T20/T25/T30/S4/S5/S6), bit holder (60mm), cutter knife with 2 spare blades
- The 12 Volt class with push-in battery packs, extremely compact and handy
- Spindle with magnetic hexagon recess for screwdriver bits for working without chuck
- Integrated working light to illuminate the contact area
- Handy belt hook can be fixed either on the right or left side without tools

Battery pack voltage	12 V Push Stick
Maximum torque: Soft / Hard	17 Nm / 34 Nm
Drill Ø soft wood	18 mm
Weight excl. battery pack	0.75 kg

PowerMaxx BS Basic Set Scope of delivery

Keyless chuck, Belt hook, 2 LiPOWER Push-in Battery Packs (12 V/2.0 Ah), Charger LC 40, Plastic carry case, Accessory set

Battery options	Order No.
2 x 2.0Ah Li-Power batteries + LC 40 Charger	600080710

Brushless compact power.

POWERMAXX BS BL Q 12V Cordless Drill/Screwdriver

- Brushless, compact power: Metabo's smallest and lightest drill with plenty of power for a variety of drilling and screwdriving tasks
- The 12 Volt class with push-in battery packs, extremely compact and handy
- Metabo quick system: quick exchange of chucks, bit holders, angle adapters and more for flexible work
- Integrated working light to illuminate the contact area
- Handy belt hook can be fixed either on the right or left side without tools
- Practical capacity display for checking the charge status

Battery pack voltage	12 V Push Stick
Maximum torque: Soft / Hard	20 Nm / 38 Nm
Drill Ø soft wood	20 mm
Weight excl. battery pack	0.7 kg

The right **18V Battery** for the right application

LIHD - HIGH-POWERED, WITHOUT THE CABLE.

The powerful cells in Metabo LiHD battery packs deliver enough power for handling even the toughest applications with no cables.

Thanks to LiHD technology, Metabo is the world's only manufacturer to cover the entire power range up to 3,200 watts.

Maximum power, available for an extremely long time – for any application.

CAS

Cordless Alliance System

100% compatibility for over 400 machines in the 18V class!

The Cordless Alliance System (CAS) makes you independent from the wall socket! Profit from problem-free compatibility for machines, battery packs and chargers of different manufacturers. This permits a number of professional applications also with cordless tools – from standard to special tasks.

40 brands - 400 machines - 1 battery pack

One battery, many solutions. Cross-brand. 100% Compatibility.

One battery interface - more than 400 machines. From different manufacturers. With CAS, professionals can switch between the manufacturers without having to purchase a new battery pack or charger. To find out more visit: www.cordless-alliance-system.com

CAS assembles the various companies with very different target groups under one roof. The press machines from Rothenberger, for example, are the ideal tool for the work of fitters, heating engineers, refrigeration and air-conditioning technicians or service technicians.

A system with great user benefit

Developed for ultimate performance.

Li HDX

NEW

Designed for heavy duty: LiHDX batteries with tabless technology.

With our new 18 volt LiHDX battery packs, we are bringing power to the ultimate level. After all, we know intense work demands maximum power for perfect results. We make it possible by using revolutionary tabless technology.

Stronger

Thanks to the extremely good performance values offered by LiHDX battery packs, you can complete tough work easier and faster by hand – from grinding to drilling and sawing.

Longer

Up to 85% longer battery runtimes compared to LiHD battery packs in the toughest applications ensure you keep working and achieve your goals quicker – without a lot of interruptions. The tabless technology used in the LiHDX battery packs also gives them the longest service life in their class.

Faster

Make more progress, faster – the new ASC 290 quick charger charges your LiHDX battery packs in around 30 minutes

LiHD – The most powerful battery pack technology in the world!

Thanks to **LiHD** technology, Metabo is the only manufacturer in the world to cover the entire power range – from 400 to 3,200 Watt – from standard machines to unique system solutions. Applications previously reserved for only the most powerful mains powered machines can now be handled cordlessly. It is the combination of many different components that offer added power, service life, and runtime.

The LiHD battery packs are available in 18V with 4.0 Ah, 5.5 Ah, 8.0 Ah and 10.0 Ah. The new LiHDX Tabless are available in 4.0 Ah and 8.0 Ah.

Powerful

The combination of new high-performance battery cells and completely re-developed components within the LiHD battery pack ensures maximum power availability over an extremely long run time.

18V

4.0 Ah
Compact and strong

5.5 Ah
Maximum performance

8.0 Ah / 10.0 Ah
Maximum performance
maximum runtime

Leading technology.

More power

with LiHD cell technology in combination with a newly developed battery pack

- Enlarged power rails and contacts capable of handling high currents
- 3x better conductivity with cell connectors made of a specialized copper alloy

More runtime

- More active material in the cell
- Use of high quality materials (silver and copper)

Longer service life

and extreme robustness:

- Optimal protection against internal contamination with fully encapsulated cast design and full protective coating of electronics, as well as optimal gasket in the cover structure
- Protection of the cells with rubber pads
- Less frequent charging due to more usable cell energy
- Exterior rubber coating on the battery pack provides a secure, non-slip grip and also serves as shock protection

Efficient and flexible working with the quick-change system »Quick« and »QuickPlus«

- ✓ Versatile and comfortable
- ✓ Change from drilling to screwdriving in a matter of seconds
- ✓ Tool-free

The »Quick« system for all L, LT, and LTX drills/screwdrivers and hammer drills with the addition »quick«. The bit retainers are designed for the performance classes and application areas of the respective machines.

The new »QuickPlus« system for the new LTX-3-speed drills/screwdrivers and hammer drills with the addition »quick«. The bit retainers are designed for extremely demanding applications with particularly high torques.

- Metabo Quick System: quick change of bit retainer and bits, for flexible working
- Selectable „impuls“ mode for removal of stubborn screws and for spot-drilling on smooth surfaces
- Unique Metabo brushless motor for quick work progress and highest efficiency when drilling and screwdriving
- Precision Stop: electronic torque control with increased precision for precise, delicate working
- High-performance impact mechanism for optimum drilling performance
- Integrated working light to illuminate the contact area
- Robust die cast aluminium gear housing for optimum heat dissipation and long service life
- With handy belt hook and bit case which can be fixed either on the right or left side

Quick-change hexagonal bit holder 1/4" (see page 29)

1/4" hexagonal recess in spindle

PowerX3 torque adaptor enables the torque of the machine to be tripled (see page 29)

METABOX 118 Organizer

Dimensions	396 x 296 x 118 mm
Case volume	8.4 l
Max. load cover	125 kg
Weight	1.3 kg
Material	ABS

Order No. 626897000

- Intelligent transport and storage system for small parts and accessories
- Maximum overview thanks to the twelve Sortimo insertion boxes in different sizes that can be positioned freely
- Safe plug-in connection of each insertion box in the base of the organiser, which permits the use of individual boxes
- With twelve labels for individual identification of the contents
- Extremely robust and break-proof due to the material and design for maximum resilience
- Optimum protection of accessories and small parts against dirt and moisture (IP43)
- Fast and easy stacking and coupling of the boxes in all system widths
- One box in the stack can easily be opened without having to decouple it
- Set consisting of 4 of each insertion boxes 1x1 H63 (52 mm x 52 mm x 63 mm); 5x insertion boxes 1x2 H63 (104 mm x 52 mm x 63 mm); 2x insertion boxes 2x2 H63 (104 mm x 104 mm x 63 mm); 1x insertion boxes 2x3 H63 (157 mm x 104 mm x 63 mm)

ESA MAX Extraction Set

- For drilling and chiselling - with different attachments drill bits from Ø 16-52 mm, pointed and flat chisel up to 25 mm
- Tool-free installation - drill bit and chisel can be removed without detaching the extraction system
- Compatible with all new Metabo SDS-max hammers in connection with all Metabo M- and H-vacuum cleaners
- External dust extraction

Order No. 623271000

DDE 72 Vacuum Cleaner Adapter

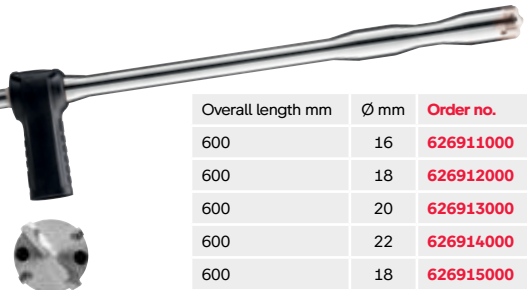

- Vacuum cleaner adapter for extracting drilling dust at the hole entry point
- For drill bits and core bits from ø 6 - 72 mm. Connection ø 37 mm outside / ø 32 mm inside
- By virtue of the 2-chamber system and the foam rubber gasket it stays attached to almost all (even uneven) surfaces, such as plaster, natural stone and woodchip wallpaper.
- Minimal drill dust residue at walls and wallpapers
- The adapter is put on the existing suction hose.
- The negative pressure of the vacuum cleaner keeps the adapter to the respective subsurface

Order No. 631343000

SDS-Max Extraction Drill Bits

- Drilling and cleaning in one work step reduces the dust exposure and reworking
- Greatest reinforcement compatibility, no sagging or clogging thanks to 4-blade-geometry with extra large dust outlets
- Noticeably fast drilling progress thanks to optimal drill dust removal
- Innovative head design with greatest concentricity for precise dowel holes
- Active drill bit cooling for long service life
- Dust-free drilling for compliance with legal provisions on user safety. Up to 98% less dust in the bore
- Universal vacuum cleaner adapter fits all standard industrial M and H class vacuum cleaners
- Kindly observe the installation instructions of the manufacturer when using the chemical installations

Overall length mm	Ø mm	Order no.

	Description	Order No.
	SAW BLADE "CORDLESS CUT WOOD - CLASSIC", 216X30 Z40 WZ 5° Maximum runtime for cordless saws thanks to extra thin steel blade thickness and cutting width Significantly more cuts per battery pack charge compared to standard saw blades with the same long tool life	628065000
	SAW BLADE "CORDLESS CUT WOOD - PROFESSIONAL", 216X30 Z48 WZ 5° NEG Maximum runtime for cordless saws thanks to extra thin steel blade thickness and cutting width Significantly more cuts per battery pack charge compared to standard saw blades with the same long tool life Particularly long tool life thanks to best carbide quality and finely-ground teeth Precise, low-noise and vibration-minimised cuts thanks to lasered expansion slots (and partially laser ornaments) as well as lasered steel blades made from sintered steel Secondary holder for circular saw blades with Ø 216	628445000
	SAW BLADE "POWER CUT WOOD - PROFESSIONAL", 254X30, Z24 WZ 5° NEG. For coarse and semi-fine cuts with continuous feed. Ideal for high feed rate / low power consumption machines Good cutting results for straight cuts in solid wood Partially suitable for construction wood with nails and concrete residue Particularly long tool life thanks to best carbide quality and finely-ground teeth Precise, low-noise and vibration-minimised cuts thanks to lasered expansion slots (and partially laser ornaments) as well as lasered steel blades made from sintered steel	628220000
	SAW BLADE "PRECISION CUT WOOD - CLASSIC", 254X30, Z48 WZ 5° NEG. For clean cutting results for ripping or cross cutting in softwood and hardwood Suitable for hard wood and plywood, untreated chipboards, coated or veneered, MDF, composite materials High power consumption so the saw must have a high performance motor	628061000
	SAW BLADE "PRECISION CUT WOOD", CLASSIC QUALITY, 305 x 30 Z56 WZ 5° NEG. For clean cutting results for ripping or cross cutting in softwood and hardwood Suitable for hard wood and plywood, untreated chipboards, coated or veneered, MDF, composite materials High power consumption so the saw must have a high performance motor	628064000
	SAW BLADE "PRECISION CUT WOOD", 305 x 30 Z60 WZ 5° NEG. For very good, clean cutting results for longitudinal or cross-cuts in softwood and hardwood Perfectly suited for hard wood and plywood, untreated chipboards, coated or veneered, MDF, composite materials Particularly long tool life thanks to best carbide quality and finely-ground teeth	628228000

UMS Universal Machine Stand

- For ideal working height and stability
- Can be folded up compactly
- Compensation in height with adjustable stand
- Ready mounted

UMS Scope of delivery

Unit only **Order No. 631317000**

KSU 100 Mitre Saw Stand

- Light and robust stand for mitre saw
- Quickly ready to use thanks to lockable folding legs
- Extendable workpiece supports with rollers and stop fence for precise repetitive cuts (available as accessory)
- Machine carrier (installation without tools) makes it suitable for all the conventional mitre saws of well-known manufacturers

KSU 100 Scope of delivery

Unit only **Order No. 629004000**

KSU 251 / KSU 401 Mitre Saw Stand

- Machine stand with extendable and robust table width extension
- Universal end profile makes it suitable for all the conventional crosscut saws of well-known manufacturers
- Sturdy legs with height adjustment
- Adjustable rollers
- Length stop
- Transportation wheel
- Extensive range of accessories
- Maximum extension: 2.5 m / 4 m

Scope of delivery

KSU 251 - Unit only **Order No. 629005000**

KSU 401 - Unit only **Order No. 629006000**

KSU 251 Mobile Mitre Saw Stand

- Particularly robust stand for mitre saws with trolley function for mobile use also with mounted saw
- Extendable workpiece supports with rollers and folding guide for precise cutting in series
- Double supported table width extension for heavy workpieces
- Compensation in height with adjustable feet
- Simple folding mechanism; can be folded even with the saw in place
- Space-saving storage position

KSU 251 Mobile Scope of delivery

Unit only **Order No. 629007000**

Cordless plunge cut circular saw for powerful plunge cutting.

Metabo Uk

KT 18 LTX 66 BL Cordless Plunge Cut Saw

- Cordless plunge cut saw with brushless motor for powerful plunge cuts and precise cuts up to a depth of 66 mm (!)
- Adjustable fit without play on the guide rails from Metabo and other manufacturers for precise cutting results.
- LIHD high-performance battery packs and the Metabo brushless motor guarantee maximum power and enduring sawing
- Versatile application thanks to variable speed for different materials
- Double guide for precise setting of the cutting depth with and without guide rail
- Sawing close to the wall possible down to 14 mm

Battery pack voltage	18 V
Adjustable cutting depth	0 - 66 mm
Maximum cutting depth at 90°	66 mm
Saw blade Ø x bore	165 x 20 mm
Max. cutting speed	43 m/s

**For cold sawing
of metals.**

MKS 18 LTX BL 58 Cordless Metal Cutting Circular Saw

- Powerful Brushless motor for quick work progress and highest efficiency
- Powerful cordless metal cutting circular saw with chip collection box for cold sawing of metals. Compatible with guide rails.
- Fast and precise cutting of tubes, profiles, channels, metal grids and sheets, free from sparks and burrs.
- With chip collection box for a clean working environment
- Robust saw with guard made from die-cast aluminium and stainless steel base plate
- Lower weight and compact, ergonomic design
- Viewing window in the guard for precise cutting guidance
- Cutting depth control, steplessly adjustable and without tools according to mm and inch scale
- Comfortable saw blade change with spindle lock
- Fast brake for highest safety with quick saw blade stop (< 1 sec)
- Precise straight cuts of metal grids, steel and profile sheets thanks to guide rail (accessory)
- Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com

Recommended circular saw blades Ø 165 mm

- Easy, competent, clear
- Extensive new range of circular saw blades for all applications
- In "professional" and "classic" qualities
- Uniform differentiation thanks to colour coding system

	Description	Order No.
	Application area: Multi cut - classic → Universal use for demanding materials → For high standards in cutting quality, e.g. for laminate, thin-walled plastic, aluminium, copper and brass materials Ø 165 x 2.2 x 20 mm Number of teeth: 42 Tooth shape: FZ/TZ Rake angle: 5°	628661000
	Application area: Cordless cut wood → Maximum runtime for cordless saws thanks to extra thin steel blade thickness and cutting width → Significantly more cuts per battery pack charge compared to standard saw blades with the same long tool life Ø 165 x 1.6 x 20 mm Number of teeth: 18 Tooth shape: WZ Rake angle: 20°	628294000
	Application area: Cordless cut wood → Maximum runtime for cordless saws thanks to extra thin steel blade thickness and cutting width → Significantly more cuts per battery pack charge compared to standard saw blades with the same long tool life Ø 165 x 1.6 x 20 mm Number of teeth: 36 Tooth shape: WZ Rake angle: 15°	628295000
	Application area: Precision cut wood → Very wide range of uses in wood processing → For clean cutting results for ripping or cross cutting in softwood and hardwood Ø 165 x 1.8 x 20 mm Number of teeth: 42 Tooth shape: WZ Rake angle: 5°	628026000
	Application area: Fibre cement cut → Especially for use in cement and gypsum-bound chipboards and fibreboards Ø 165 x 2.2 x 20 mm Number of teeth: 4 Tooth shape: FZ Rake angle: 5°	628289000
	Application area: Aluminium cut → Perfect cuts in aluminium thanks to special tooth geometry Ø 165 x 1.6 x 20 mm Number of teeth: 48 Tooth shape: FZ/TZ Rake angle: 5° neg.	628276000
	Application area: Steel cut - classic → Universal use for cold cuts in metals → Particularly suited for use in sheet steel, steel profiles and sandwich materials Ø 165 x 1.6 x 20 mm Number of teeth: 40 Tooth shape: FZFA/FSFA Rake angle: 4°	628273000

The Metabo guide rail system: precise and safe working

- Splinter protection reduces breakout when sawing
- Safe, non-slip hold as well as protection of the workpiece surface by means of adhesive coating
- Safe fixing with holes to fix the rail to the workpiece and for hanging storage

Guide Rails	Order No.
FS 80: 800 mm Guide Rail	629010000

FS 250: 2500 mm Guide Rail	629013000
FS 310: 3100 mm Guide Rail	629014000

	Accessories	Order No.
	Metabo FSKIT 2 x FS 160 guide rails, FS bag, FS connector + 2 x Screw clamps	UK629011002
	Guide Rail Carry Bag (FS BAG) Handy carry bag for safe storage and transport of the guide rail up to 160 cm Suitable for Metabo guide rails FS 160	629020000
	Fix Clamp for FS For quick and safe fixing of guide rails from Metabo and other manufacturers Solid hold even in case of vibrations 160 mm clamping height	629021000
	Set of 2 Screw Clamps For safe fixing of guide rails from Metabo and other manufacturers 120 mm clamping height	631031000
	Connector FSV For the tool-free connection of two guide rails for particularly long cuts Can be pushed into the guide rail for storage Suitable for the Metabo guide rails FS	629022000
	Splinter Protection for FS 350 cm Reduces tears in the workpiece Roll with 3.5 m (as replacement) Suitable for the Metabo guide rails FS	629023000
	Sliding Pad for FS 700 cm For easy gliding on the guide rail Roll with 7 m (as replacement)	629024000
	Antislip Strap for FS 700 cm For safe, non-slip hold as well as protection of the workpiece surface Roll with 7 m (as replacement) Suitable for the Metabo guide rails FS	629025000
	Mitre Fence for FS For precise alignment of the guide rail on the workpiece Angle adjustable from -60° to +60° Suitable for the Metabo guide rails FS	629026000

The Cross-cutting rails: quick and precise angled cuts.

- Mobile, compact solution for angle-precise cross cuts directly at the application site, ideal on the roof or on mounted workpieces
- Can be coupled with the Metabo circular saws KS 18 LTX 66 BL and KS 18 LTX 57
- Angle cuts up to 60° click positions at standard angles
- The integrated return mechanism brings the saw back into the starting position after the cut
- Easy coupling with the circular saw thanks to quick closure
- Splinter protection reduces breakout when sawing
- Adhesive coating for safe, non-slip surface contact as well as protection of the workpiece surface

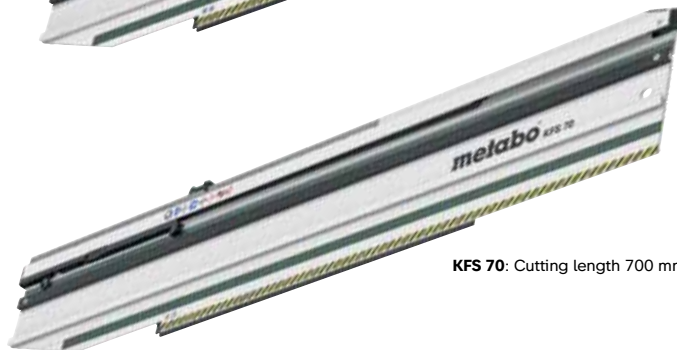

Cross-cut Rails	Order No.

KFS 70: Cutting length 700 mm Overall length 1094 mm

Working Trestle Set MAB 82

- Robust and stable steel trestles with powder-coated, galvanised surfaces
- Height-adjustable legs for an optimum working height
- Compact transport dimensions and simple assembly in seconds
- Adjustable, lateral squared timber supports to connect two trestles with each other
- Openings for clamps or screw clamps and for fixing semi-stationary machines such as a cross-cut saw
- Additional support brackets on the legs
- Swivel feet for levelling uneven surfaces
- Carrying handle for easy transport

Weight	10.2 kg
Max. Load capacity, single	590 kg
Height	615 - 820 mm
Dimensions assembled	1160 x 980 x 820 mm
Dimensions folded	110 x 995 x 142 mm

Order No. 626990000

Multifunctional workbench MWB 100

- Mobile workbench with many possible uses
- Quick assembly and disassembly thanks to folding mechanism
- Height-adjustable legs for an optimum working height
- Levelling foot to compensate for uneven surfaces
- All-round T-slot for lateral clamping with suitable clamps
- Robust MDF table top (replaceable) with 20 mm hole pattern and angle indicator hole grid and angle indicator
- Several tables can be connected using the corner connectors supplied corner connectors
- Numerous mounting options for semi-stationary machines
- Easy to transport thanks to lightweight aluminium frame and transport handles
- All-round groove for attaching suitable open-fronted storage bins

Weight	22.1 kg
Max. Load capacity, single	120 kg
Height	800 - 1000 mm
Table top material	MDF
Table top material thickness	20 mm
Drill holes diameter	20 mm
Table dimensions	710 x 960 mm
Dimensions assembled	750 x 1000 x 1000 mm
Dimensions folded	750 x 1000 x 88.5 mm

Order No. 626991000

Scope of delivery

Multifunctional table
 2 x One-handed clamps
 4 x Bench hooks
 2 x Corner connectors

**Powerful cordless nailer with
pneumatic impact technology
for nails up to 90 mm length.**

Metabo Uk

NFR 18 LTX 90 BL Cordless First Fix Framing Nailer

- Powerful cordless nailer with pneumatic impact technology for nails up to 90 mm length
- Fast work progress thanks to fire sequence of two nails per second
- Maximum freedom of movement when driving in nails without compressed air hose or cable
- Economical, safe operation without gas cartridge and addition service effort
- Efficient Brushless motor for up to 550 shots per battery pack charge (LiHD 4.0 Ah)
- Selection possible between single shot mode and contact triggering for fast nailing in series
- Tool-free adjustment of the driving-in depth for precise working
- Blank shot protection protects from unnecessary wear and tear and increases the service life of the nailer
- Energy-saving safety shutdown after 30 minutes of inactivity
- Multi-position handle to protect the battery pack, as attachment point for tool safety equipment and to suspend the nailer
- Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com

30 METERS OF CUTTING

PER LIHD 8.0 AH BATTERY PACK
WITH 10 MM STRAIGHT BIT IN SPRUCE

OFV 18 LTX BL 12 Cordless Router

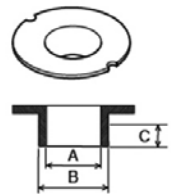

- Powerful cordless router featuring a substantial 50 mm plunge depth, suitable for a wide range of routing applications.
- Powerful Brushless motor for excellent cutting speed in wood and woodlike materials
- Millimeter-precise adjustment of the cutting depth utilizing a three-step stop mechanism and additional fine-tuning facilitated by the calibrated scale.
- Robust and torsion-resistant 2-column guide for highest precision
- Variable speed control for speeds adapted to the materials for any application
- Hardened and ground interchangeable collet chuck for precise concentricity of router bits
- Spindle lock for easy router bit change
- Restart protection: prevents unintentional start-up after power supply interruption
- Overload protection: protects the motor from overheating
- Equipped for many applications: Parallel guide / rip fence, template follower and suction adapter

SXA 18 LTX 125 BL Cordless Random Orbital Sander

- Flat cordless random orbital sander with ergonomic design and low weight for low-fatigue working
- Comfortable guidance of the sander close to the surface thanks to the low overall height
- Low-vibration working thanks to smooth running operation
- Grip area with non-slip soft-grip surface
- Soft start minimises surface damage when placing the machine on the work surface
- Unique Metabo brushless motor highest efficiency when grinding, also in continuous mode
- Orbit diameter 2.0 mm for highest surface quality with good material removal
- Infinitely variable speed control for working with different materials
- Multi-hole sanding pad for effective extraction and a longer service life of the sanding medium
- With easy to empty textile dust bag for working without extraction facilities
- Can be connected to an all-purpose vacuum cleaner with the coupling bush 630798000
- Motor and plate brake permits quick placing down of the machine after use
- Removable protector protects adjacent surfaces and increases the service life of the sanding pad
- With metaBOX, the intelligent solution for transport and storage

**New cordless vacuum
cleaners.**

**Certified for low-dust
working for every
application.**

AS 36-18 L 20 PC Cordless Wet/Dry Vacuum Cleaner

- Compact, versatile cordless vacuum cleaner of dust class L with integrated filter cleaning
- Wet/dry vacuum cleaner with commercial approval
- User protection: certified in accordance with EU standard for dust of dust class L
- PressClean: manual filter cleaning by means of strong air current when the switch on the vacuum cleaner is pressed during work breaks
- Eco mode for longer runtime per battery charge, Boost mode for maximum for maximum performance
- Automatic run-on for complete emptying of the suction hose
- Suction stop during wet vacuuming when the maximum fill level is reached
- Antistatic basic equipment prevents static charging when using the appropriate accessories

Battery pack voltage	2 x 18 V
Air output max.	3.300 l/min
Vacuum	140 hPa (mbar)
Container volume	20 L
Suction hose Ø	32 mm
Hose length	3.2 m
Weight without battery pack	9.2 kg

2x 18V CAS

AS 36-18 L 20 PC Scope of delivery

Antistatic suction hose Quick (Ø 32 mm / 3.2 m),
3 plastic suction tubes, fleece filter bag, suction nozzle (120 mm wide),
floor nozzle (300 mm wide), crevice nozzle, brush nozzle,
Quick connection socket Ø 28/35 mm,
Quick Professional handle adapter,
without battery pack, without charger

Vacuum cleaner accessories

AS 36-18 L 20 PC / AS 36-18 M 30 PC-CC / AS 36-18 H 30 PC-CC

	Description	Order No.
	5 FLEECE FILTER BAGS - 20/30 Litres Fleece filter bags are better and easy to open out than paper ones Well suited for applications where small amounts of fine dust are generated (e.g. grinding and removal of paint and lacquer coatings or short drilling jobs with small diameters). Ideal for use with wood processing machines, such as routers, planer thicknessers, small random orbital sanders and orbital sanders etc. Improved mechanical stability.	635424000
	SPECIAL FILTER BAG - DUST CLASS H - 30 Litres PE disposal bag transparent with firmly connected, interior nylon web filter bag. After removing the bag from the container, the outer PE bag encloses the nylon web filter bag and permits comfortable and dust-free disposal.	635427000
	WATER FILTER MADE FROM FOAM Suitable for vacuuming water and wet materials such as moist sawdust In case of dry materials, it is important to exchange the water filter with a pleated filter dust class M.	635422000
	SUCTION HOSE EXTENSION QUICK, Ø 32MM, ANTI-STATIC For joining two suction hoses with connector Ø 32 mm Including suction hose Quick, Ø 32mm, length 5.0 m, anti-static Including hose connection Quick system Ø 32 mm Including coupling bush Quick internal Ø 28 mm / external Ø 35 mm With bayonet fitting and rubber connector (internal Ø 30 mm, outside Ø 35 mm).	635411000
	PRE-FILTER FINE DUST 20/30 LITRES The pre-filter removes coarse particles and thus extends the service life of the main filter. Suitable for dry operation.	635428000
	COUPLING BUSH QUICK Ø 40 MM / Ø 45 MM Suitable for power tools with an extraction connection with inner diameter of 45 mm Suitable for power tools with an extraction connection with outer diameter of 40 mm Including hose connection Quick system Ø 32 mm and Ø 35 mm Particularly suited for coarse dirt, as well as tools with high generation of dust Anti-static	635408000

Cordless vacuum battery runtimes.

Cordless M-Class vacuum cleaner with CordlessControl.

Metabo Uk

ASR 36-18 BL 25 M SC Cordless Wet/Dry Vacuum Cleaner

- Best in class cordless wet/dry vacuum cleaner with cordless control function for intelligent extraction without cable connection
- CordlessControl: the vacuum cleaner starts/stops automatically when the cordless tool from Metabo or other brands, which is connected to the hose, is switched on/off.
- Manual starting of the vacuum cleaner is also possible with the remote button at the coupling bush of the hose
- Commercially approved cordless vacuum cleaner, certified for dusts of dust class M

Battery pack voltage	1 x 36 V / 2 x 18 V
Air output max.	4,000 l/min

Vacuum cleaner accessories

AS 18 L PC		Description 5 FLEECE FILTER BAGS - 7.5L, AS 18 L PC Fleece filter bags are better and easy to open out than paper ones Well suited for applications where small amounts of fine dust are generated (e.g. grinding and removal of paint and lacquer coatings or short drilling jobs with small diameters)	Order No. 630173000
		PLEATED FILTER FOR AS 18 L PC, DUST CLASS L Corresponds to dust class L	630172000
AS 18 HEPA PC COMPACT		5 FLEECE FILTER BAGS - 6 L, AS 18 HEPA PC COMPACT Fleece filter bags are better and easy to open out than paper ones Well suited for applications where small amounts of fine dust are generated (e.g. grinding and removal of paint and lacquer coatings or short drilling jobs with small diameters) Ideal for use with wood processing machines, such as routers, planer thicknessers, small random orbital sanders and orbital sanders etc. Improved mechanical stability.	630164000
		PLEATED FILTER FOR AS 18 HEPA PC COMPACT HEPA filter with reduction efficiency >99.95%	630213000
ASR 36-18 BL 25 M SC		5 FLEECE (M-CLASS) FILTER BAGS - 25/35L, ASR 36-18 BL 25 M SC Fleece filter bags are better and easy to open out than paper ones Well suited for applications where small amounts of fine dust are generated (e.g. grinding and removal of paint and lacquer coatings or short drilling jobs with small diameters) Ideal for use with wood processing machines, such as routers, planer thicknesser, small random orbital sanders and orbital sanders etc. Suitable for all all-purpose and special suction units with a maximum container volume of 25/35 l	630343000
		5 PE (M-CLASS) FILTER BAGS - 25L, ASR 36-18 BL 25 M SC 20 times the volume of paper filter bags No clogging with fine dust (especially quartz dust) Well suited for applications where large amounts of fine dust are generated (e.g. removal of plaster from surfaces, grinding and removal of screed etc.) Meet the requirements for M and H class vacuums Ideal when using machines for processing concrete and masonry, such as: renovation milling machines, renovation grinder, long-neck sanders, wall chasers etc. Clean, simple and fast removal and disposal	630275000
		2 FILTER CASSETTES, POLYESTER, DUST CLASS M Corresponds to dust class M Also suitable for absorbing graphite/toner and vacuuming liquids	631934000

Angle Grinders & Metal Processing

WPB 36-18 LTX BL 24-230 QUICK Cordless Angle Grinder

- Second generation of the World's first large angle grinder (Ø 230 mm), with battery pack operation for powerful cutting and grinding independent from the mains power
- 100% compatibility with the 18 Volt class: powerful 36 Volt operation with two 18 Volt battery packs from Metabo
- Widest range of application thanks to extremely large cutting depth of 77 mm
- Unique encapsulated Metabo brushless motor with optimum protection from dust provides quick work progress and the highest efficiency
- Deadman's switch for high user safety
- Fast brake system for highest user safety stops the disc within a matter of seconds after switching off
- Rotating main handle: high safety and better handling when cutting
- Metabo VibraTech (MVT) side handle for vibration damping to protect the user's health
- Side handle can be mounted in three positions
- Electronic safety shutdown: reduces kickback if the disc stops unexpectedly - for high user safety
- Overload protection, soft start and restart protection

	Description	Order No.
	CUTTING GUARD CLIP 115 MM	630351000
	CUTTING GUARD CLIP 125 MM	630352000
	CUTTING GUARD CLIP 150 MM	630353000
	For working with fibre-reinforced, resin-bonded cutting discs. The cut-off clip guard is simply attached to the existing guard of the angle grinder. EN/EC 60745.. Material: plastic. Suitable for Metabo cordless angle grinders: W 18 LTX; made in 2008 onwards	
	EXTRACTION HOOD CLIP CED 125 CLIP Extraction guard clip for angle grinders with Ø 125 mm for low-dust dry cuts up to 30 mm in mineral materials. Connection for dust extraction Ø 35 / 41 mm Suitable for Metabo W 18 LTX 125; WB 18 LTX BL 125; WP 18 LTX 125; WPB 18 LTX BL 125 (made in 2008 onwards)	630401000
	CUTTING DUST EXTRACTION SHROUD CED 125 PLUS Extraction shroud with plunge function and optimised flow channel for particularly low-dust cutting both indoors and outdoors. Cutting depth can be adjusted without tools. Max. cutting depth for freehand cuts is 27 mm, with table 25 mm, with precision guide rail 20 mm. Suitable for Metabo W...18 LT 11... Scope of delivery incl. nut with two holes 5/8" and M14.	626731000
	GRINDING DUST EXTRACTION SHROUD GED 125 Quick, tool-free installation of the extraction shroud on a compatible angle grinder. Integrated sliding segment for quick, tool-free access even when wearing gloves, for working close to walls. Extraction hood with flexible brush rim and optimised extraction channel for particularly low-dust in surface preparation. Suitable for Metabo W...18 LT 11...	626732000
	TOOL SAFETY BELT, UP TO 5KG Robust securing strap to avoid or dampen impacts when the secured tool falls No unintentional loosening of the secure connection thanks to carabiner with twist lock system High degree of free movement without twisting or jamming thanks to integrated swivel joint Clear marking of the maximum securing weight Certified in accordance with international safety standard ANSI/ISEA 121-2018	628960000
	TOOL SAFETY BELT: QUICK CONNECT, UP TO 5KG Robust securing strap to avoid or dampen impacts when the secured tool falls Quick connect: Ready for use in a matter of seconds thanks to carabiner with safe twist-lock system on both ends High degree of free movement without twisting or jamming thanks to integrated swivel joint Clear marking of the maximum securing weight Certified in accordance with international safety standard ANSI/ISEA 121-2018	628961000

CC 18 LTX BL 76mm Cordless angle grinder

- Very handy tool with maximum working comfort for many applications
- Always the right accessories: large selection of discs to process metal, wood, stone, tiles and plastic.
- Powerful brushless motor for quick work progress and highest efficiency
- Overload protection: protects the motor from overheating
- Restart protection: prevents unintentional start-up after battery pack change

Battery pack voltage	18 V
Grinding wheel Ø	76 mm
No load speed	20,000 / min
Spindle thread	M5
Weight (without battery pack)	0.64 kg

18V CAS

CC 18 LTX BL Scope of delivery

Clip for cut-off guard, 2 Cutting discs Flexiarapid Super Inox, 2 Cutting discs Flexiarapid Super Universal, Cutting and grinding disc Combinator Inox, Allen key, metaBOX 165 L, without battery pack, without charger

Battery options	Order No.
Body only + metaBOX 165 L	600349840

Always the right accessories.

For processing metal, stainless steel, wood, stone, tiles and plastic.

Starter Set

Cutting disc "Flexiarapid Super" Inox
Cutting and grinding disc "Combinator" Inox
Diamond Cutting Disc "professional" – UP
Order no. 626879000

5x Cutting disc "Flexiarapid Super" Inox

Especially for processing stainless steel
76 x 1.0 x 10 mm, Inox
Order no. 626870000

1x Diamond cutting disc "professional", TP

For all types of tiles, fine stoneware
76 x 10 mm, TP
Order no. 626874000

1x Flap disc "ZK Flexiamant"

For rough and intermediate grinding in the entire metal sector
76 mm, P60, F-ZK
Order no. 626875000

3x Cutting and grinding disc "Combinator" Inox

For quick cutting and easy deburring/sanding
76 x 2.5 x 10 mm, Inox
Order no. 626872000

5x Cutting disc "Flexiarapid Super" universal

Universal use
76 x 1.0 x 10 mm
Order no. 626871000

1x Diamond cutting disc "professional", UP

For universal use
76 x 1.2/2.2 x 10 mm, UP
Order no. 626873000

1x Flap disc "ZK Flexiamant"

For rough and intermediate grinding in the entire metal sector
76 mm, P80, F-ZK
Order no. 626876000

Cordless Metal Nibblers

Metabo Uk

NIV 18 LTX BL 1.6 Cordless Nibblers

- Handy, powerful cordless nibblers for effortless cutting of flat and shaped sheets
- Good cornering ability for notches and interior cut-outs of a radius of 40 mm or more
- Fast, tool-free adjustment of cutting direction by up to 360°, in 45° steps
- High feed rate for faster working, thanks to an efficient brushless motor
- Infinitely adjustable cutting speed for individual customisation to the given material and task at hand

Battery pack voltage	18 V
Max. sheet thickness for steel: 400 N/mm ²	1.6 mm
Strokes in idle	660 - 2360 rpm
Cutting speed	1.2 - 2.6 m/min

Cordless Tube Belt Sander.

RBVB 18 LTX BL 180 Cordless Tube Belt Sander

NEW

- Easy to handle cordless tube belt sander with brushless motor for grinding and reworking metal tubes
- Compact grinding attachment that can be adjusted without tools; perfect for reworking mounted handrails
- Large wrap angle of 270° for smooth surfaces and quick work progress
- Powerful brushless motor for quick work progress and highest efficiency
- Variable speed setting with thumbwheel for working on materials requiring customised speeds, and at speeds which remain constant under load
- Fast Break: fast brake for increased safety with fast stopping of the tool used.

Battery pack voltage	18 V
Belt speed at idle	5 -18 m/s
Dimensions of grinding belt	40 x 760 mm
Max. pipe diameter	180 mm
Wrap angle	270 °
Weight without battery	3.4 kg

POWER 160-5 18 LTX BL OF

18V Cordless Compressor

Metabo Uk

- Light and powerful cordless compressor with brushless motor for use in interior development and on construction sites
- Oil-free piston compressor: simple transportation and reduced service requirements
- Instrument panel with easy to read manometers for tank and working pressure
- 10 year tank warranty against rust

Battery options	Order No.
Body only	601521850

* See page 207 for Battery Set options

Suction Rate	120 l/min (4.2 cfm)
Filling capacity	60 l/min (2.1 cfm)
Rated input power	700 W
Effective delivery volume (at 80% max. pressure)	45 l/min (1.6 cfm)
Maximum pressure	8 bar / 116 psi
Tank capacity	5 l
Weight (inc. battery pack)	9.1 kg

18V CAS

Manometers:

For tank & working pressure

Protected operator panel:

manometers, coupling and regulator are protected against damage by the pipe frame

Rubber suction feet:

- Prevents movement during operation
- Prevents marking of work surface

BRUSHLESS

Fast refilling: of tank thanks to 700 W input power

Extra battery storage: spare battery pack can be stored at the compressor

More efficiency: the brushless motor offers great performance with low energy consumption for longer runtime

Easy transportation: thanks to low weight of 8,5 kg (with battery 9,4 kg) and compact size

FOR OUR EXTENSIVE RANGE OF AIR TOOLS, SEE METABO.COM/UK

AK 18 MULTI Cordless Compressor / Inflator

- Multifunctional cordless compressor, versatile use for inflating tyres, balls, air mattresses and more
- High-pressure function for comfortable inflating of car tyres and bicycle tyres
- Volume function for fast filling and deflating of inflatable products such as guest beds, air mattresses and pool accessories
- Large, high-contrast display shows selected function, current pressure and set target pressure
- The pressure can be shown in the units of bar, psi and kPa
- Automatic deactivation when the set target pressure is reached
- Bright LED light to illuminate the application area in darkness or if visibility is poor

18V **CAS**

Battery voltage	18V
Filling capacity	16 l/min
Maximum pressure	11 bar
Length of high pressure hose	1200 mm
Length of high volume hose	490 mm
Dimensions	328 x 185 x 256 mm
Weight (inc. battery pack)	3.6 kg

NP 18 LTX BL 5.0 Cordless Blind Rivet Gun

- Cordless rivet gun for extremely fast riveting, comparable to compressed air devices
- 100% compatible with all Metabo 18 Volt battery packs
- Long service life thanks to brushless motor and robust precision gearbox
- With holding nozzles for one-hand operation - inserted rivet holds in any position
- Transparent collecting container for simple emptying of the remaining rivet mandrels
- Quick change of nozzle for different rivet diameters, via integrated tool
- Safety in the workplace thanks to robust knuckle guards
- LED light for optimum illumination when riveting; can be switched off for reflective surfaces
- Ergonomic design for comfortable working also in corners
- Robust eyelet for energy-saving work with balancer / spring tension
- Handy belt hook, can be fixed either on the right or left side
- Battery packs with capacity display for checking the charge status
- Ultra-M technology for highest performance, gentle efficient charging, optimum energy utilisation and long service life

Battery pack voltage	18 V
Rivet Ø all materials	2.4 - 5 mm
Max. rivet Ø all aluminium	6 mm

Compact mobile charger & power bank

NEW

PC 18-65 Mobile Charger and Power Bank

NEW

- The perfect companion on the go: charger in a pocket format for 18V battery packs with integrated LED light and power bank function
- Quickly ready for use: push on the battery pack, connect the power source using the power plug and/or USB-C cable, and start the charging process
- With a battery pack, the power charger becomes a power bank with PD control (power delivery) for smartphones, tablets or laptops

CHARGER

The perfect companion on tour: pocket-sized charger for 18 V battery packs with integrated LED light and power bank function

High-quality accessories suitable for the construction site included in the scope of delivery: mains adapter and USB-C cable

Bright LED light for close range - ideal for on the go

Beltclip

Keyhole, belt hook and eyelet on the housing for versatile mounting options

POWER BANK

With the battery pack, the power charger becomes a power bank with PD control (power delivery) for smartphones, tablets or laptops

Up to 2 devices can be charged in parallel or one while the battery pack is charging

MULTIFUNCTIONAL

Quickly ready for use: slide onto the battery pack, connect the power source with the mains plug or USB-C cable and start charging

18V CAS

Battery voltage	18V
Max. charging current in/out	65 watt
Weight (inc. battery pack)	0.14 kg
Power charger dimensions (bare tool w/o battery)	95×78×44mm
Charging time for 18 V/4.0 Ah	70 min
Charging time for 18 V/8.0 Ah	145 min
LED Light (Lumen)	130 l

Powerful for fast cuts.

Metabo UK

MS 36-18 LTX BL 40 Cordless Chain Saw

- Powerful cordless motor saw for fast, uniform cuts when felling, delimbing trees, cutting and building with wood
- Maintenance-free, powerful Brushless motor with direct drive for maximum battery pack runtimes and a high chain speed up to 22 m/s
- Flexible working thanks to stepless speed control
- Low kickback chain for easy, safe cuts and low vibrations
- Maximum user safety thanks to chain quick stop during kickback and releasing of the switch
- Safety switch for protection against accidental start up
- High working comfort thanks to rubberised handle, compact design and low weight compared to petrol-powered chain saws
- Automatic chain lubrication for highest cutting output with minimum service requirements
- Easy re-tensioning and replacement of the saw chain
- Semi-transparent oil tank with quick closure for comfortable controlling and refilling of the chain oil
- Robust pronged stop made from metal for optimal guidance and low-fatigue sawing
- Felling hinge strip for targeted location of the felling direction
- Environmentally-friendly and quiet thanks to battery operation, therefore usable also in areas sensitive to noise
- 100% compatibility with the 18 Volt class: powerful 36 Volt operation with two 18 Volt battery packs from Metabo
- Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com

BRUSHLESS

2x 18V CAS

Battery pack voltage / type	18 V / LiHD / Li-ion
Track length	40 cm
Cutting length	36 cm
Max. chain speed	22 m/s
Saw chain tooth shape	semi-chisel / low profile
Drive link thickness	1,1 mm
Oil container volume	200 ml
Weight with battery pack	4.6 kg

MS 36-18 LTX BL 40 Scope of delivery

Oregon sawing rail 40 cm, Oregon saw chain 40 cm (3/8" LP / 1.1 mm), Sawing chain protection, Combo spanner, without battery pack, without charger

Battery options	Order No.
Body only (Cardboard box)	601613850

* See page 207 for Battery Set options

metabo

The solution for many garden jobs:
The Metabo garden
multifunction system.

Metabo UK

MA 36-18 LTX BL Q Cordless Multi-function Drive

- Powerful 2x18 Volt cordless drive for the attachments of the Metabo multifunction system, the all-in-one solution for many garden applications
- Powerful Brushless motor for high performance and long battery pack runtime
- Variable working speed thanks to two selectable speed ranges and infinitely variable speed control trigger
- Metabo „Quick“ quick coupling system for tool-free attachment replacement
- Healthy position and balanced weight thanks to individually adjustable loop handle and shoulder strap
- Safe working thanks to rubberised grip areas and additional safety switch against unintentional starting
- Environmentally-friendly and quiet thanks to battery operations, therefore usable also in areas sensitive to noise
- Practical protection and support bracket on the battery packs
- Space-saving storage at the wall by means of practical suspension eye
- 100% compatibility with the 18 Volt class: powerful 36 Volt operation with two 18 Volt battery packs from Metabo
- Many brands, one battery pack system: This product can be combined with all 18V battery packs and chargers of the CAS brands: www.cordless-alliance-systems.com

BRUSHLESS

2x 18V CAS

Battery pack voltage / type	18 V
No load speed	0-7,000 / 0-8,200 rpm
Cutting length	36 cm
Length	1,052 mm
Weight without battery pack	3 kg
Weight with battery pack	3.9 kg

Battery options	Order No.
Body only (cardboard box)	601725850

* See page 207 for Battery Set options

Full Service price group **FS4**

MA 36-18 LTX BL Q Scope of delivery

Loop handle, Hexagonal wrench, Shoulder strap, without battery pack, without charger

Please note: Attachments are not included

Hedge trimmer attachment MA-HS 50

See page 194

Pole pruner attachment MA-MS 25

See page 195

Brush cutter attachment MA-FS 40

See page 196

Hedge trimmer attachment MA-HS 50

- Cutting of high hedges and shrubs with the hedge trimmer attachment of the Metabo multifunction system, the all-in-one solution for many garden applications
- Together with the cordless multifunction drive MA 36-18 LTX BL Q an environmentally-friendly, quiet system, ideal for areas sensitive to noise
- Metabo „Quick“ quick coupling system for tool-free attachment replacement
- Highly efficient, precise dual cutting system thanks to diamond ground blade teeth on both sides
- Cutter bars can be swivelled by 215° in 13 steps without tools for the optimal angle depending on the working situation
- Trigger guard protects user and gearing when working near walls and the ground

Blade length	50 cm
Cutting length	48 cm
Max. cutting thickness	22 mm
No of strokes (No Load)	0 - 2,600 / 0 - 3,100 rpm
Length / Length with drive	1,645 mm / 2,620 mm
Weight	2.8 kg

M-HS 50 Scope of delivery

Blade protection cover

Order No. 601726850

Pole pruner attachment MA-MS 25

- Safe tree maintenance with the pole pruner attachment of the Metabo multifunction system, the all-in-one solution for many garden applications
- Together with the cordless multifunction drive MA 36-18 LTX BL Q an environmentally-friendly, quiet system, ideal for areas sensitive to noise
- Metabo „Quick“ quick coupling system for tool-free attachment replacement
- Shaft extension to increase the range by 88 cm available as accessory
- Low kickback chain for easy, safe cuts and low vibrations
- Integrated hook for the removal of cut branches from the treetop
- Semi-transparent oil tank for comfortable controlling and refilling of the chain oil

Track length	25 cm
Cutting length	24 cm
Max. chain speed level 1 / 2	16 m/s / 18 m/s
Saw chain tooth shape	Semi-chisel / low profile
Length / Length with drive	1,230 mm / 2,005 mm
Weight	1.7 kg

MA -MS 25 Scope of delivery

Saw chain 25 cm (3/8" LP / 1.3 mm), Saw rail 25 cm,
Sawing chain protection, Combo-spanner

Order No. 601727850

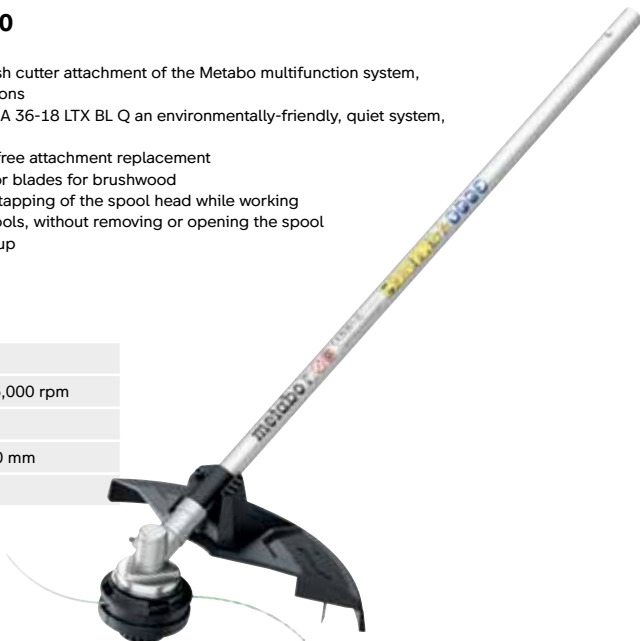

Brush cutter attachment MA-FS 40

- Mowing, trimming and clearing out with the brush cutter attachment of the Metabo multifunction system, the all-in-one solution for many garden applications
- Together with the cordless multifunction drive MA 36-18 LTX BL Q an environmentally-friendly, quiet system, ideal for areas sensitive to noise
- Metabo „Quick“ quick coupling system for tool-free attachment replacement
- Versatile use with twin line spool for grass cuts or blades for brushwood
- Easy readjustment of the line by means of short tapping of the spool head while working
- Metabo quick thread change: fast and without tools, without removing or opening the spool
- Fast work initiation thanks to fast, powerful startup
- Robust use thanks to durable metal gear unit

Cutting diameter	40 cm
No load speed	0 - 5,300 / 0 - 6,000 rpm
Thread diameter	2 mm
Length / Length with drive	935 mm / 1,960 mm
Weight	1.6 kg

MA-FS 40 Scope of delivery

Guard, Twin line spool (line Ø 2 mm, 4 m), Brush cutter with 3 blades, Adapter for blades, Combo-spanner, Hexagonal wrench

Order No. 601728850

RSG 18 LTX 15 Cordless Back-pack Sprayer

- Constant spray pattern, ideal for the even spraying of plant strengthening and pesticides
- High spray volume per battery charge
- High wearing comfort, through ergonomic tank shape and padded shoulder straps with click closure
- Stepless working pressure adjustment
- Precise and application-oriented
- Dosage of the spray quantity
- 4 hours runtime per battery pack (Li-ion 2.0 Ah at 1.5 bar)

Battery pack voltage	18 V
Working pressure	1-3 bar
Spray volume (at 1.5 bar / 2.0 Ah)	90 L
Weight (excl. battery pack)	4 kg

RSG 18 LTX 15 Scope of delivery

Manual valve, Hose line, Spray pipe
Regulating nozzle (1.7 mm),
without battery pack, without charger

Battery options	Order No.
Body only (Cardboard box)	602038850

* See page 207 for Battery Set options

Full Service price group **FS4**

TPF 18 LTX 2200 Cordless Submersible Pump

- Flexible cordless pump with 2 functions: can be used always and everywhere as immersion pump or rain barrel pump
- For environmentally-friendly garden irrigation with rain water or pumping out of clear water from containers, water basins and flooded cellars
- Fast retrofitting from rain barrel pump to clear water immersion pump thanks to tool-free removal of the pump base
- Low-intake level up to a residual water level of 1-2 mm
- External battery pack box for protection of the battery pack from moisture, can easily be fixed to the wall or containers
- Easy operation and control of the pump thanks to uncluttered control panel on the battery pack box
- Timer function with three runtimes from start, perfect when using garden sprinklers
- Flexible dosing of pressure and water quantity thanks to three performance levels and regulating valve
- Suitable for a number of containers thanks to slim design (Ø142 mm) and long cable to the battery pack box
- Metabo pump protection: automatic dry-run protection with LED display to protect the pump and high user safety
- Durable thanks to double sealing system and overload protection of the motor
- Washable filter protects the pump from contaminations
- Robust housing made of impact-proof plastic with integrated cable winder and carry handle

18V **CAS**

Battery pack voltage	18 V
Max. delivery rate	2.200 l/h
Max. delivery height	22 m
Max. pressure	2.2 bar
Max. immersion depth	2 m
Discharge port	1" male thread
Protection type IP	IP X8
Weight with battery pack	2.5 kg

Battery options	Order No.
Body only (Cardboard box)	601729850

* See page 207 for Battery Set options

TPF 18 LTX 2200 Scope of delivery

Multi-adapter, 1/2" hose (1.5 m) with quick-action couplings, Control valve / shut-off valve, Cock connector, Hose guide, Mounting hook, without battery pack, without charger

TPF 18 LTX 7000 Cordless Submersible Pump

- Powerful cordless submersible pump for pumping clear water from containers, water basins and flooded basements cellars
- Shallow suction down to a residual water level of 1-2 mm
- External battery box to protect the battery from moisture, can be easily fixed to the wall or container
- Easy operation and control of the pump thanks to the clearly laid out control panel on the battery box
- Flexible dosing of pressure and water volume thanks to three power levels and regulating valve
- Suitable for a wide range of containers thanks to slim design (Ø 142 mm) and long cable to the battery box
- Metabo Pump Protection: automatic dry-running protection with LED display to protect the pump and for high user safety
- Durable thanks to double sealing system and overload protection of the motor
- Washable filter protects the pump from soiling
- Robust housing made of impact-resistant plastic with integrated cable winder and carrying handle
- Many brands, one battery system: This product can be combined with all 18V battery packs and chargers from CAS Brands: www.cordless-alliance-system.com

18V **CAS**

Battery pack voltage	18 V
Max. delivery rate	7.000 l/h
Max. delivery height	9 m
Max. pressure	0.9 bar
Max. immersion depth	6 m
Discharge port	1" male thread
Protection type IP	IP X8
Weight with battery pack	2.8 kg

Battery options	Order No.
Body only (Cardboard box)	601748850

* See page 207 for Battery Set options

TPF 18 LTX 7000 Scope of delivery

Multi-adapter, fixing hook, without battery pack, without charger, protection class IP battery box, cable length Battery box

Full Service price group **FS1**

Which machine achieves the best runtime with which battery pack?
In this overview you find everything at a glance:
Machine, application, battery pack and runtime.

Application		Machine	Accessories
Cutting hedges		Hedge trimmers / shrub shears	
Trimming cut / easy application		SGS 18 LTX Q	Shrub blade
		HS 18 LTX 45 / HS 18 LTX 55 / HS 18 LTX 65

18V Battery Packs

A decision for the future: The Metabo battery pack system

The correct choice of the battery pack system is a decision with long-term effect. The battery pack systems of different manufacturers are not compatible with each other. And who does not want to carry around an entire collection of battery packs and chargers, should rather decide for a uniform battery pack system right from the beginning. Therefore, so many professionals with high and very high demands for their tools trust in Metabo. We produce any relevant power tool, where it is technically sensible and feasible, also as cordless variant - powerful, innovative and in top quality.

Our vision - your ultimate independence thanks to innovative battery pack system

As leader in battery pack technology, Metabo consequently follows the vision of a cordless construction site to make you even more independent and mobile in your work. When deciding for our cordless interface, you are ideally equipped for the challenges of the future. With our innovations we are continuously setting new standards in the battery pack area.

They ensure limitless compatibility: The Metabo cordless systems

With our 100% compatibility within the battery pack system, you are always on the safe side - today and in the future! Since 2009, all Metabo battery packs, machines and chargers in a volt class can be flexibly combined with each other. This is possible by our powerful Metabo Ultra-M technology. It stands for the optimal coordination and perfect communication between machine, battery pack and charger. Like this, battery packs are charged in an efficient and gentle manner and are quickly ready to be used again thanks to patented AIR COOLED technology. When working, the energy is optimally used. At the same time our battery packs are particularly durable, and come with a 3 year warranty as standard.

	Battery type	Ah	Order No.
	Li-ion CAS	2.0	625026000
	Li-ion CAS	4.0	625027000
	Li-ion CAS	5.2	625028000
	Li HD CAS	4.0	625367000
	Li HD CAS	5.5	625368000
	Li HD CAS	8.0	625369000

	Battery type	Ah	Order No.
	Li HD CAS	10.0	625549000
	Li HDX CAS	4.0	624974000
	Li HDX CAS	8.0	624975000

Tip: Calculate charging times.

Take the battery voltage x battery Ah = watt hour
then divide by charger watt hour x 60

i.e. 18V x 8.0Ah / 145 x 60 = 59.58 mins (1 hr)

The Metabo 3-year tool warranty

At Metabo we design our power tools for a long service life, but to give you additional piece of mind for your investment we offer the XXL warranty. After registration, your normal warranty is simply extended to 3 years from the date of purchase.

What is the XXL warranty?

The XXL warranty extends Metabo's normal one year power tool warranty to three years, and is acquired free of charge by registering online at <https://portal.metabo-service.com/en-GB/>. The warranty is available only for tools purchased from April 1, 2004.

What is covered by the XXL warranty?

The XXL warranty covers defects in materials and workmanship. Simply return the tool to your point of sale or your nearest Metabo Repair Centre. See Metabo's warranty statement for full details.

Will all machines purchased come with the XXL warranty?

The XXL warranty is an extension that you receive free of cost only after online registration provided you purchased your machine anytime from April 1, 2004 onwards.

How does the registration work?

On our homepage, complete the XXL warranty form and print out the receipt and you will receive a confirmation via Email. Then, should you make a warranty claim, send this receipt along with the original sales receipt and the faulty machine to your point of sale or warranty agent.

Am I entitled to a warranty claim without an online receipt?

Yes, you are entitled to the normal one year warranty period. The online receipt is meant exclusively for extension of the warranty period to the XXL warranty (three years). If your tool is not registered, the normal one year warranty applies.

How can I register if I have no internet connection?

You can register your machine at <https://portal.metabo-service.com/en-GB/> from any place with access to internet. On purchasing a new machine, your dealer can also register your machine online immediately, as long as the dealer has an internet connection.

How soon after the purchase date must I complete the registration?

The machine must be registered with four weeks after the purchase date. For more information, visit the Metabo web site: <https://portal.metabo-service.com/en-GB/>

! On-line registration required for extended warranty to take effect.

! Class 9 dangerous goods and are not suitable for air freight as delivered. Should you need to arrange collection of faulty goods please contact Metabo UK Ltd for details.

3-year battery and charger warranty

Metabo 18V Lithium-Ion and LiHD battery packs and chargers are warranted to the original purchaser for 3 years from the date of purchase against defects in materials and workmanship.

If a listed battery fails to take a charge, or if the charger fails, due to a defect in the first 3 years of ownership, return the battery or charger, along with proof of purchase to your dealer or warranty agent.

Metabo Service: Easy, safe, fair.

The advantages

- ✓ Free repairs of wear and tear
- ✓ Free theft protection
- ✓ Free collection and delivery

FULL SERVICE: Theft protection:

- If an authorized device is stolen, a machine of the same type (basic device, no sets) can be purchased from the Metabo dealer with a 50% discount from the manufactures RRP Incl VAT.
- The replacement unit can take over the remaining time of the Full Service contract.
- To make use of the theft protection, the theft must be reported immediately to the police. The notification with the proof of registration must be submitted within 5 working days after the theft to Metabo.
- After successful testing, the new device is delivered to the dealer against payment of the purchase price.

Our full service: so easy – so fair

The Metabo FULL SERVICE is an optional extra which can be purchased at the same time as your machine purchase. Simply purchase a service card directly from your dealer, the full service price group can be found in the Metabo cordless catalogue and website.

When registering your machine within four weeks of purchase for the standard XXL warranty, simply enter the FULL SERVICE code as found on the service card and this will automatically upgrade your warranty to the FULL SERVICE.

The service flatrates are available in the 4 tightly calculated price categories.
