GROUP PURCHASING

from **ISCC**

ISCC Group Purchasing

Food prices spiralling out of control?

When was the last time that you formally benchmarked your food costs?

... or even more importantly, the last time you formally tendered them?

Our services

With the cost of food probably being the second highest overhead within your catering budget, it is vital that you regularly review your purchasing strategy or purchase prices. You wouldn't renew your car insurance year on year with the same company without comparing prices!

ISCC Group Purchasing provides an increasingly popular comprehensive food procurement service. Our support provides 'no compromise' on quality, improved pricing, traceability reassurance, legislation reassurance, fixed price periods and technical support for your catering team. We offer several support options to suit individual needs.

DOVETAIL

FOODSERVICE DESIGN

Dovetail Foodservice Design is a specialised, dedicated design consultancy to the foodservice industry, specialising in commercial catering environments. We are experienced in different project approaches, whether as a direct appointment or as part of a wider design team, and aim to provide the levels of service needed to ensure a fantastic end result.

Energy audits

Information we provide can inform the decisions you take and reduce the cost of running your facility.

Lifecycle reports & phased replacement plans

Our review of equipment and lifecycle assessments help plan major capital investments and invite consideration of alternative equipment which may otherwise be unknown to you.

Price benchmarking

Dovetail Foodservice Design can provide independent benchmarking to ensure you are getting best value for money.

Traditional design service

We provide the expertise to design your foodservice facilities as well as communicate these to your key stakeholders.

Equipment usage & training

Often more in depth than manufacturer training, we will show your team how to get the most from their equipment.

3D visualisations, walk-throughs & 360 degree panoramic

Transport yourself to your planned space before the build; help understand the look and feel whilst standing in the planned area.

Looking for something new?

Our Accreditation forms part of a working journey allowing businesses to self-assess themselves against nine areas of development. Our Accreditation Programme helps future-proof your catering offer, differentiates you from competitors, and assists in enhancing your employee well-being and retention.

Food safety & hygiene standards

Fresh, locally sourced ingredients

Responsible sourcing

Menu development & nutritional value

Employee mental health & wellbeing

Marketing & promotion

Employee engagement & customer service

Quality control & continuous improvement

Environmental impact

Bidiful 
Tendering made easy

Bidiful is the simple procurement portal with all the tools you need for self managed tenders, an easy to follow interface and some essential tools to support the process.

Stop searching through your emails for long lost information and give your purchasing function a space of its own to thrive.

Visit our website:
www.bidiful.com

Each area considers best practice from our partners & experts. This allows a clear criteria for businesses to review, reflect and consider how they operate and what considerations may be needed to future proof their operation.

We aim to help businesses grow sustainably, whilst supporting their local environment and most importantly their team.

Why not take the first step today.
