Work Experience

KGC DESIGN AND BUILD
JUNIOR ARCHITECT
2018 - 2023

PERFECT SOLUTION
JUNIOR ARCHITECT
2023 - 2024

Design and Project Management

- Utilized the most recent eco-friendly materials and design methodologies to create creative, environmentally sustainable residential buildings.
- Supervised the management of residential and commercial projects from inception to completion.
- Throughout the project, partnerships were built with clients to guarantee that each completed project satisfied their needs and wishes.
- Throughout the project, partnerships were built with clients to guarantee that each completed project satisfied their needs and wishes.
- Work with team to develop economically sustainable commercial projects, including preparing drawings, specifications, budgets and construction documents (BLDNG PERMITS etc.)

Architectural Interiors

- Formulated designs that combine practical, aesthetic, indeed purposes and functions.
- Estimate material and requirements and costs.
- Presented design for client approval and made revisions to unattainable requests by clients.
- Selected wall mountings, purchased furnishings, artworks, and accessories to complement the furniture design theme.
