---

INTERNATIONAL HOUSEHOLD

## The Perfect Blend of Power and Versatility *with* Quality That Lasts.

---

Vitamix machines are engineered with one thing in mind—you. They're easy to use and versatile enough to create hundreds of recipes, from hot soups to cold desserts and everything in between. Engineered for power and performance, our blenders pulverise the toughest ingredients and produce smooth blends, **day after day, year after year**. And, as the brand chefs trust, our high-performance blending products are found in homes and restaurant kitchens around the world.

# Precision Designed *with* You in Mind

---

Each Vitamix machine is engineered to create exceptional blends **day after day, year after year.**

---

## TIDY BLENDS

Every angle of the Vitamix container is designed to create our uniquely controlled vortex, systematically folding ingredients back to the blades for faster, smoother blends.

---

## HARDENED STAINLESS-STEEL BLADES

Our aircraft-grade stainless steel blades are designed to handle the toughest ingredients, so from the first blend to the last, you get the same quality results.

---

## METAL DRIVE SYSTEM

Vitamix uses a metal drive system to connect the container to the motor base—allowing better blends and a longer lifespan.

---

## COOL-RUNNING MOTOR

Our motor maintains even torque and cool temperature to consistently deliver the power you need to process any ingredient.

# Vitamix *Advantage*

The unmatched performance of every Vitamix machine inspires professional chefs and home cooks to explore new flavour experiences, from healthy juice blends to savoury and dessert sauces. **It's all possible with Vitamix.**

*Our comprehensive approach to engineering causes every component to work together to create the best blends in the business.*

## POWER

Vitamix blenders have the power to pulverise ingredients, releasing flavours and marrying them together to create better-tasting, whole-food blends.

## EASE OF USE

Vitamix blenders are designed to be easy to use and easy to clean. Every thing from creation to clean-up happens right in the Vitamix container.

## CONSISTENCY

From the container to the motor base, Vitamix blenders are designed to produce the same incredible results day after day, and year after year.

## DURABILITY

We're in the business of designing dependable, not disposable products - and it starts with our careful selection of high quality, durable materials. Vitamix Ascent and Explorian Series blenders are built by hand in the USA to last, featuring limited warranties up to 10 years.

# Smoothies are Just the Beginning

We've perfected turning whole fruits and vegetables into creamy blends with no chunks in sight. But that's only part of the story.

There's a whole range of textures to explore between chunky and smooth, and every Vitamix blender can take you there.

## CHOPPING

A few quick bursts of power easily rough chop ingredients to create chunky dips, soups, and sauces without knife work.

## PURÉEING

Chefs love Vitamix for its smooth purées. Simply blend whole-food ingredients with a bit of water or cooking liquid to silky perfection.

## GRINDING

With the smooth turn of a dial, transform roasted nuts into homemade nut butter and whole grains into gluten-free flours.

## FOOD JUICING

Whole-food juice blends the entire ingredient, retaining all of its nutritious fibre and health benefits.

# The *Versatility* of Vitamix®

Explore all the amazing things Vitamix can make.

## SMOOTHIES AND JUICES

Effortlessly blend fibrous or frozen-solid ingredients into a perfectly sippable smoothie.

## HOT SOUPS

Did you know that you can make hot soup right in your Vitamix, no stove needed? The spinning blades generate enough heat to turn cold ingredients into hot soup in minutes.

## FROZEN DESSERTS

Turn frozen fruit into a tasty whole-food treat the whole family will love.

## DRESSINGS AND SAUCES

Awaken your salads with silky, flavourful dressings that can double as marinades when your entrées need a kick. Or try making pesto, tomato sauce, or apple sauce in seconds.

## FOOD PREP

Learn how to mince garlic, chop carrots, shred potatoes, and grate hard cheeses without tedious knife work. Your Vitamix blender can do the work for you.

# 1.4 L Interlock Containers

---

3-YEAR WARRANTY

# All 1.4 L *Interlock* Containers feature:

## SELF-DETECT® TECHNOLOGY

The blender base instantly recognizes containers

# Personal Cup Adapter

---

  
3

3-YEAR WARRANTY

# Transform your Vitamix into a PERSONAL BLENDER

The Personal Cup Adapter comes with two 600 ml individual cups with spill-proof lids for on-the-go convenience.

*Compatible with all Vitamix blenders except Ascent and Venturist Series*

**1. ADD INGREDIENTS**

**2. PLACE ON MOTOR BASE**

**3. FLIP AND ADD SPILL-PROOF LID**

## Blends Single Servings

Add the convenience of a personal blender to your full-size machine and blend just the right amount to avoid food waste.

## Laser-Cut Blades

Crafted from the same hardened stainless steel as Vitamix® full-size containers, these durable blades deliver better performance and longer life.

## Dual-Purpose 600 ml Blending Container

The blending container doubles as a travel cup with spill-proof lid, making it easy to take blends on the go.

## Leak-Proof Seals

Two interchangeable seals work with the flip-top lid & base to prevent leaks and spills.

## Dishwasher-Safe Components

The cups, lids, adapter, and seals are top rack dishwasher safe, making clean-up quick and easy.

## BPA-Free, Double Insulated Material

The BPA-Free, double insulated material maintains your blend's cold temperature for maximum enjoyment.

# Ascent<sup>®</sup> Series

Every Ascent Series blender offers the same blending power, durability, and **SELF-DETECT** technology, so select the controls that you prefer.

# Professional *Performance*

Enjoy premium design, user-friendly controls, and iconic performance.

## INTERLOCK LID TECHNOLOGY

Prevents blending if the lid is not secured.

## SELF-DETECT TECHNOLOGY

Reads the container size you've chosen and automatically adjusts program settings and maximum blending times accordingly.

**Item Number: 071194**

## ASCENT® SERIES ACCESSORIES

Ascent Series Tamper Holder

**Item Number: 064585**

The tamper presses ingredients into the blades, allowing you to process thick and frozen mixtures with ease.

Low Profile Long-Reach Tamper

**Item Number: 065632**

# Explorian<sup>®</sup> Series

---

# Iconic Power + Simple Controls

## 10 VARIABLE SPEEDS

Create every texture and refine every blend with culinary precision, from the smoothest purées to the most wholesome of soups.

## PULSE FEATURE

Makes it easy to layer coarse chops over smooth purées for heartier recipes, such as chunky salsas or thick vegetable soups.

## HIGH-PERFORMANCE MOTOR

Can handle even tough ingredients to create high-quality blends.

## EASY CLEANING

Just add a drop of dish soap and warm water, your Vitamix® machine can clean itself in 30 to 60 seconds—no disassembly required.
