# WELCOME

## TO THE SUMMER 2024 EDITION!

What is that giant yellow ball in the sky?! Oh wait it's the sun - hooray! Finally we can get outdoors and enjoy the warmer weather and this issue has not one but two features to help you with ideas and great places to go. Make sure you check out the great outdoor events that we have found for you on p.12 as well as a Summer Fun ideas checklist on p.14 that you can tear out, stick on the fridge and tick off where you've been. Plus discover some new regular groups or classes near you in our Daily Activity Planner from p.23.

### Leave a Review and See Our New Top of the Tots!

Ever found a great-looking activity or product for your little one and hesitated before buying because, well, you just weren't *sure*? Well, you needn't hesitate much longer! All businesses listed on the Toddle About website now have a review facility, so you can see how other parents rate them. Handy, eh? BUT, for this to be useful, we need your reviews!

### How to Help Your Fellow Parents

Visit [toddleabout.co.uk/search](http://toddleabout.co.uk/search) and pop in your postcode. Select any providers that you have bought from or experienced and add a review to their listing. That's it! We will then select the top 10 and feature them on our NEW Top of the Tots page found on p.22.

Leave a review at [toddleabout.co.uk/search](http://toddleabout.co.uk/search)

So head out, enjoy the sunshine (or inevitably rain) and share what you love about your local businesses.

Loving life with little ones,

*Steph & Matt*

# TRAVELLING WITH CHILDREN

by Tom Kreffer

I love to travel. I've been lucky enough to see and experience many wonders of our planet. And when my wife fell pregnant with Arlo, I was determined not to let parenthood rob me of collecting passport stamps. And I haven't.

I've travelled a lot with my family: camping, caravan holidays, and abroad to Cyprus, Jordan, Iceland and the US.

And sure, I've had to rethink my approach to travelling; bar crawls and three-day hikes have been traded in for early nights in the hotel watching Disney films, but I couldn't hack a bar crawl now anyway. And what parent is turning their nose up at an early night? Certainly not me!

Travelling with children does require some adjustments. But it's entirely possible to have a fantastic family holiday. Here are five tips for travelling with children:

- What's the purpose of your trip? Is it to kill time during the holidays? If so, a caravan park by the seaside might be your BFF. Maybe a holiday with friends and their children so the kids can all play together while you reconnect with the lost art of reading a book (remember those?). What about a road trip? There's no wrong answer here, but whatever you decide to do, think about everyone's experience, the parents' and the children's. What do you all want to get out of this holiday? Considering everyone's interests will ensure the trip is a success.
- It doesn't matter where you go or what you do as long as you prioritise play. One of Arlo's highlights in Iceland was playing with rocks, acting out scenes from his favourite movie. Whether we're in the pool or midway along a hiking trail (Arlo is

usually on my shoulders) – every activity we enjoy

together is enjoyed through the lens of play.

- Pack plenty of snacks. In fact, pack all of the snacks! Whether for the aeroplane, for the car during a road trip or as backup in restaurants. Having familiar snacks on hand can be a lifesaver. Arlo did not enjoy the food in Jordan, but home-bought snacks prevented any mealtime meltdowns.
- Buy them something new for the journey: a toy, a book, a colouring book, etc. My wife shops around on Facebook Marketplace. This will delay the arrival of that question. You know the one: 'Are we there yet?' Pro tip: get them something for the journey back as well.
- Work together so that everyone gets time to do something for themselves. Arlo loves time in the pool, and I like to hike. Often, I'll get up early and go hiking alone, but then I ensure I spend some time in the pool with Arlo later in the day while my wife chills out. We work as a team so everyone can do things they enjoy.

Fantastic family holidays are possible. You just need the right mindset. Try it. Pack a bag (or ten) and go and have an awesome family trip. Just don't forget those snacks! Oh, and passports. But especially snacks! Those gold-plated holiday memories are waiting for you. And they're worth every bit of effort.

VIP CLUB READER REVIEW:

# Voxblock Starter Pack

★★★★★ Written by Rachael Finlayson, Toddle About Subscriber

**Voxblock is the screen-free, easy-to-use audiobook player, that makes learning and listening fun and engaging. No need for apps, downloads, or setups. Just play and go. Anytime, anywhere. From £59.99: [www.voxblock.co.uk](http://www.voxblock.co.uk)**

We wasted no time unpacking the Voxblock as soon as it arrived and put the first story on: The Gruffalo! The quality of the story is great and gives a good atmosphere. The books themselves are so easy to place on to player. I loved how the audio books look like actual little books and on the back they say how long each story is. My son (2 years old) found it so easy to change the books that were playing.

The player itself is so user friendly for kids: one large play/power button which lights up (blue for pause/green or playing). You have the option to skip chapters and adjust the volume. I love the option to be able to have it on loudspeaker or plug in

headphones making it great for travel! We took the Voxblock on a trip out and it was so easy for little hands to hold whilst in the buggy or the car seat, and it can be conveniently packed in a bag or put in the bottom of the buggy.

I was slightly concerned that my son would be a little too young for this, but actually it's so great for any age - he can easily pick which story he wants to listen to himself and can play/pause at any point. The stories hold their place as well so if we turned it off and came back to it, it would restart at the same place which I thought was fantastic.

*Review has been edited.*

# RAINBOW TOASTIES

I dare you to blow the kids' minds with these cheese toasties that stretch and ooze the colours of the rainbow!

## YOU'LL NEED:

- 2 slices of bread
- A handful of grated mozzarella (or a mix of mozzarella and Cheddar)
- 4 different food colouring gels
- Butter or spreadable butter

## WHAT TO DO:

1. Butter both slices of bread then stack them, buttered sides together, on a board.
2. Split your grated cheese into 4 small dishes, add a squirt of the different food colouring to each dish and mix with a spoon to coat all of the cheese.
3. Add the cheese to the non-buttered side of the bread, from top to bottom in rows of each colour.
4. Lift the top slice of bread off its partner and put it into a hot frying pan on a medium-high heat.
5. Top with the other slice of bread, buttered side up.
6. After a couple of minutes, lift the corner of the sandwich to see if it's golden-brown underneath, then flip over and toast the other side too.
7. Once cooked, tip onto a cooling rack for a couple of minutes so the cheese isn't too piping hot but keeping the bread from going soggy while waiting.
8. Cut diagonally into two triangles\* and serve to mightily impressed kids!

\* Cutting across diagonally reveals all the colours of your rainbow toastie.

# PLAY POWER

Turn simple household items into educational toys and give your child's creativity, imagination and social skills a boost.

by Dr Alistair Bryce-Clegg

Do you find yourself struggling for new ways to play with your little one? Or looking for ways to make their playtime more educational?

Good news: playing is learning!

Play, in all its forms, truly is important for development. We know from research that play has huge benefits for children, especially in their early years.

## We know that play:

- Builds and strengthens connections in the brain.
- Supports babies and children to learn about their body, build strength and control (building foundations for physical skills including using tools, handwriting and sport).
- Helps children learn about themselves, other people and the society in which they live.
- Supports development of understanding of objects and how they behave.
- Supports creative thinking and imagination.
- Supports wellbeing - through providing autonomy and engagement which in turn has a positive impact on motivation.

Play gives you both positive feelings – so it's good for wellbeing too!

Play releases four feel-good hormones: dopamine, serotonin, endorphins and oxytocin, and these make both you and your toddler feel good.

These four hormones collectively help us to bond with others and to feel good and happy. They are released when we do things that make us happy; for your toddler that would include when you play with them, and the same for you when having fun together.

**At My First Five Years™ we firmly believe that "Play is the superpower we all possess!"**

It's not as difficult as it can seem to weave meaningful play into your day. Look at the skills your toddler is working towards – you can use playful games to develop them together.

Our books, as well as our free app, contain loads of ideas for learning through play all based on what stage of learning your baby, toddler or child are mastering. (And they're all simple, using household items, so no special art supplies or expensive toys needed!)

Just for *Toddle About* readers, here's a preview from *My First Five Years Toddler*:

## TASTE-SAFE PAINT SQUEEZY BOTTLE PAINTING

### What you need:

- A mixing bowl and large spoon
- Empty squeeze bottles, such as washing up liquid bottles or ketchup bottles
- Small bowls or plastic containers and a teaspoon
- A large sheet of paper (perhaps an old roll of wall paper) or a wide tray
- **For the paint:**
  - \* 250ml of corn flour
  - \* 250ml of cold water
  - \* 750ml of hot water
  - \* Food colouring – natural varieties are available

*Always make sure your toddler is safe when you are using or pouring hot water!*

### THE STEPS:

- Encourage your toddler to help you to mix the cornflour with cold water in the mixing bowl to form a paste.
- Carefully add the hot water to the paste and stir.
- Divide up the mixture into the small bowls or plastic containers and add drops of a different food colour to each portion. Encourage your toddler to help choose the colours and to stir the food colouring into each mixture using the teaspoon.
- Allow your mixtures to cool and then spoon them into the empty squeeze bottles.
- Encourage your toddler to use both hands to squeeze the bottles. Adjust the consistency of the

paint by adding more water if your toddler finds it difficult to squeeze hard enough for the mixture to flow out.

- Let your toddler get creative, squeezing the paint onto the paper or into the tray.

### Benefits for your toddler:

- Mixing the paint encourages bilateral coordination as your toddler holds the bowl with one hand whilst mixing with the other.
- Using both hands to squeeze the mixture out of the bottle develops strength in the palm arches and fingers, whilst also using larger muscles of the arm and shoulder to guide the paint around the paper or tray.

### Building on:

- Try the same activity outside with a squeeze bottle filled with water.

*Dr Alistair Bryce-Clegg is a renowned childcare expert and co-founder of My First Five Years, the popular parent support app, as well as an award-winning author and Early Childhood consultant.*

*Each book in the My First Five Years series explains the why behind different types of play and provides 60 activities designed to support your child's physical, social and emotional development.*
