Racing is our passion

At HRX we specialise in the design and manufacture of high quality racewear apparel, bringing innovative and performance-driven solutions to athletes and teams worldwide.

Founded on a passion for speed and innovation, our company accelerates the world of racing by designing and creating cutting edge products around the globe. We are passionate about racing and committed to delivering high performance apparel that empowers our customers to achieve their goals.

HRX is what you need: if you ever wondered how to actualise the racing gear you always desired, HRX is the answer. Together we can design your ideas and make them come to life! How? Thanks to our technical knowledge, Italian craftsmanship and innovative technologies, we can create your bespoke kit as fast as you need. As the founder Ago Alberghino always says: **OUR PASSION IS RACING.**

PASSION

MADE IN ITALY

ADVANCED TECHNOLOGY

TIME TO MARKET

GREEN PROJECT

All HRX products are unique pieces.

- *Created with our designers to develop your ideal suit that represents the best image of you*
- *Developed by our pattern-makers to give you the best fit and comfort depending on each situation*
- *Entirely handmade*

Every single HRX product is a focus of industrial attitude with an extra trademark of Italian craftsmanship.

All projects can be considered as a real masterpiece.

HRX cares about materials and the planet. Waste from suit fabrics is collected and used to give life to other fabrics. Two of our suits are composed in part of recycled materials.

PASSION FOR THE PLANET.

HRX TECHNOLOGY

2 PRINTING TECHNIQUES

SUBLIMATION

EMBROIDERY

HRX TECHNOLOGY

HRX TECHNOLOGY

EMBROIDERY

Old but gold. Embroidery remains one of our cornerstones of suit personalisation. Whether it is the initials of your name or the reproduction of your logos and designs, there are no limits for HRX designs.

PRINTING TECHNIQUES

At HRX, in addition to the classic transfer printing technique, we have implemented the DTF printing system that allows greater definition and the highest level of customisation.

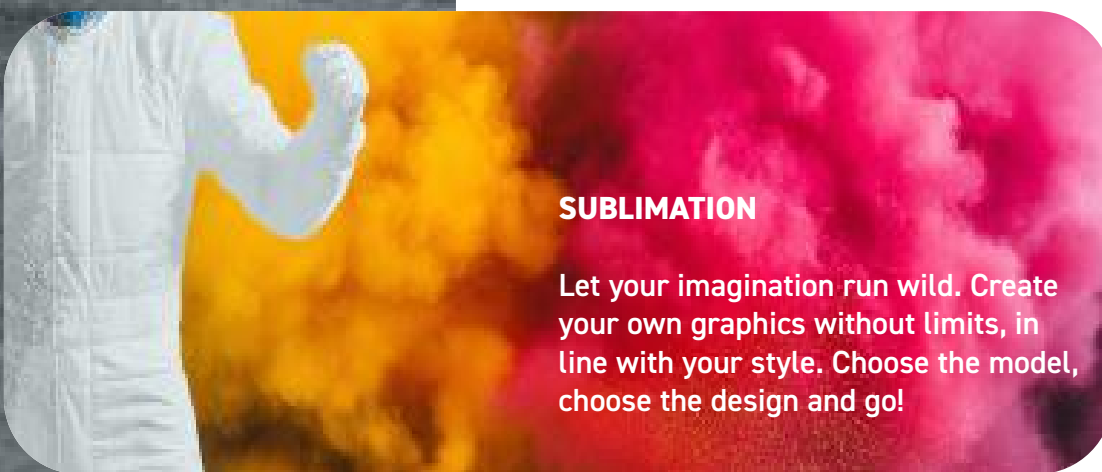

TRANSFER

DTF

SUBLIMATION

Let your imagination run wild. Create your own graphics without limits, in line with your style. Choose the model, choose the design and go!

J.Button | Jota Sport BESPOKE

HRX DESIGN OPTIONS

HRX wants to help its customers find the right combination for their racewear. That's why we offer 3 different buying styles.

BESPOKE

BESPOKE: Unique gear tailored to your imagination. Our bespoke experience offers the highest level of customisation thanks to the work of our design and graphics team. Select the fabrics and colours that best represent you, place your logos, embroidered or printed, wherever you like. Then sit back and watch your design come to life as our pattern-makers use your measurements to make a product that fits you perfectly.

ICS

ICS: A lighter customisation option that lets you add logos and extra colours to pre-selected designs. You may even add a made-to-measure option for a fit that is designed specifically for your body.

With 5 simple steps:

1. Choose the model
2. Choose the design
3. Pick the colours
4. Add your own logos
5. Add extras

READY TO WEAR

READY TO WEAR: Ready, steady, race with our ready-to-wear products, standard racewear that shares the great quality of our bespoke products to help you live your racing passion with style.

HRX is proud to be the supplier for your crew race wear. Many important teams have chosen us for our high quality products and our motorsport dedicated service. All our products are in continuous evolution thanks to the attention and dedication of our R&D department, always looking for innovative raw materials.

These suits are available in different levels and can be customised to the user's own personal preferences.

You can also find a range of mechanics items. Outfit your crew with the finest mechanic suits adding both protection and professional appearance to your race team.
