A vibrant blue sunburst or starburst pattern radiates from the center of the image, creating a dynamic and energetic background. The rays are composed of numerous fine, overlapping lines of varying shades of blue, ranging from deep navy to bright, almost white highlights at the center. The overall effect is one of intense light and movement, with some rays appearing slightly blurred or streaked, giving it a sense of speed and brilliance. The pattern is symmetrical, with rays extending outwards in all directions, filling the entire frame.
